NOTICE TO FARMERS.

Pennington's Improved Reaper

WE call the attention of the farmers of Kent and the adjoining counties to the fact that PENNINGTON & ELLIOTT having established a MACHINE SHOP AND FOUNDRY

At Galena, Kent county, Md.,

are manufacturing for the harvest of 1864,

Pennington's Improved Reaper.

This machine is very durable, runs light, has a central draft, and cuts with Sickle Knives a swath 6 feet 6 inches. It has a KEEL, and when required a MOWER can be attached—it is then a COMPLETE MOWER AND REAPER.

We refer to the following certificates from well known gentlemen of Kent and Cecil:

NEAR CHESTERVILLE, Kent Co., Md., April 30th, 1864.

Messrs. Pennington & Elliott:—Gentlemen—The Pennington Improved Reaper which I purchased of you was used at my last harvest with entire satisfaction. It cut cleaner, I think, than any Reaper I have ever used, runs light, and is easily managed. I cut 160 acres without a single breakage, which is to me sufficient evidence of the high character and durability of the machine. I have no hesitation in recommending it to farmers. Respectfully, yours,

C. W. SPRY.

This certifies that I have used the Pennington Improved Reaper, manufactured in Galena, by *Pennington & Elliott*, and am glad to say that it gave entire satisfaction, and recommend it to others. THOS. C. KENNARD,

Still Pond, Kent Co., Md., April 19, 1864.

This is to certify that I have used the kind of Reaper manufactured by Pennington & Elliott, at Galena, Kent Co., for several years, both as a Reaper and Mower, and that it has rendered entire satisfaction. It is centre draft, and I believe one-third lighter on horses than any Reaper I have ever used. I have been dealing with Messrs. Pennington & Elliott for several years, and have received entire satisfaction from them in every respect. WILLIAM KNIGHT,

Near Cecilton, Cecil Co., Apr. 13, 1864.

This is to certify that I have used Pennington & Elliott's Reaper for a number of years, with great satisfaction, and purchased it after inspecting many others. I can recommend it in good faith. C. H. B. MASSEY,

Masseys X Roads, Kent Co., Apr. 23, 1864.

This is to certify that I have used the Reaper manufactured by Messrs. Pennington & Elliott, of Galena, Kent Co., Md., and consider it one of the best machines of the kind I have ever used. I have had a number of business transactions with them, which have always proved perfectly satisfactory. JAS. W. VEAZEY,

Near Cecilton, Md., April 13, 1864.

This is to certify that I have used the *Pennington Reaper*, (one of the first put up,) and that I have had more satisfaction with it than any Reaper I have ever used for the same number of years. It has since been strengthened where it was required. I believe the Reaper now put up by Messrs. Pennington & Elliott, at Galena, one of the best in use. D. C. BLACKISTON.

April 25ih, 1864.

GALENA, Kent Co., Apr. 26, 1864.

I hereby certify that I purchased and used the Pennington Improved Reaper, manufactured by *Pennington & Elliott*, at this place, during last harvest, cutting more than one hundred acres of grain, in the best manner, and good time, without a single breakage, and with perfect satisfaction. It cut clean, fast and run light, and is, I think, very durable. It will cut with a good team and driver, 25 acres per day, cutting as it does, a swath of 6 feet or 6½ feet wide. It give me pleasure to recommend it.

J. M. ARMSTRONG.

I certify that I bought one of Messrs. Pennington & Elliott's Reapers for my last harvest, and used it for cutting my Wheat and Oats with entire satisfaction. It runs light, and cuts the grain better than any Reaper I ever used, and I take pleasure in recommending it as the best Reaper in use. I have done business with Mr. Elliott of that firm, for a number of years, and have always found him perfectly satisfactory and reliable. RICHARD C. JOHNSON,

Near Millington, April 25, 1864.

FOR THE HARVEST of 1864.

THOMAS NORRIS,

Dealer in Agricultural Implements, and Machinery of all kinds,

Warehouse 141 Pratt St., Baltimore,

Would respectfully call the attention of FARMERS to the following superior Machines:

WOODS' Self-Raking Reaper, worked by one man and two *good* horses.

Woods' Prize Mower, now recognized as the best Mower in this country or Europe.

Woods' Combined Reaper and Mower, a light two-horse Machine

MANNY'S Combined Reaper and Mower.

Westinghouse Horse Powers, Threshers and Cleaners, well known, and of high reputation.

In addition to the above, I have for sale other good Reaping and Mowing Machines, Horse Powers and Threshers, Implements and Machinery of every description. Please read below copy of a letter from a highly respectable gentleman of Kent Co., who purchased a Reaper of me in 1862.

Extras for the *Manny* and all the above named Machines kept on hand for repairs.

Descriptive Pamphlets and Circulars furnished upon application.

THOMAS NORRIS,

141 PRATT STREET, near LIGHT, Baltimore

CHESTERTOWN, MD., Mar. 15, 1864.

Mr. Thomas Norris.—Dear Sir: I now reply to your request to say how I liked Woods' Reaper. I have been using it two years with great satisfaction, and without the cost of a cent for repairs. As a Self-Raker I think it has no equal. I believe mine was worth one hundred dollars to me the first harvest, as the wheat was down and tangled the worst I ever saw.—Five hundred dollars in gold would not buy mine to-day, were I sure I could not get another. Very respectfully, yours,

apr16tf. JOHN F. MELVIN.

☞ Farmers are invited to examine the above Machines at the Farm of Mr. L. M. Strong.

The Buckeye Mower & Reaper.

The BEST MOWER in the Market!

THIS CELEBRATED MACHINE, manufactured by Bruster, Griffith & Benson, Baltimore, is offered to farmers for the Harvest of 1864.

It has proven itself an unequalled Reaper and Mower, winning many new laurels, and it now appears before the public unsurpassed by any that has ever been offered to Farmers.

Judge Chambers has used this Machine several seasons, and highly recommends it.

Farmers in want of Machines are invited to call and examine the Buckeye Reaper & Mower before purchasing. It can be seen at my store.

Warranty.—The Buckeye Reaper and Mower is warranted to cut, if properly managed, one acre per hour, or ten or twelves acres per day, either grain or grass, in a workmanlike manner, with one pair of horses. The purchaser is allowed to cut two acres of grass, and also two acres of grain, on trial, and in case anything proves defective, due notice must be given to us or our agent, and time allowed to send a person to put it in order. If it does not work after this, and the fault is in the Machine, it will be taken back, or that part of it which proves to be defective, and will be replaced, or the money paid for it refunded.

WM. SIMPSON, Chestertown,

apr30-3m. Agent for Kent county.

PREPARE FOR HARVEST.

THE "KIRBY REAPER."

THE undersigned having been appointed agent for the sale of the above Machine in the lower part of Kent county, takes this method of informing the Farmers of that part of the county, that he is prepared to furnish them at Manufacturer's prices, with a COMBINED REAPER AND MOWER, that cannot be excelled in the country, just such a machine as every Farmer needs at this time, when labor is so scarce.

It Reaps, It Mows, It Rakes!

A perfect Reaper, a perfect Mower, a perfect Self-Raker, and a perfect hand raker.

All Machines sold by him will be put in running order, and the following warranty given if required:

WARRANTY—That they are well built, of good material, and capable of cutting with one span of horses an acre of grass or grain per hour. The purchaser to have the privilege of cutting two acres of grass or grain as a trial of the Machine. If it should not work well he shall give notice to the agent, and allow him time to send a person to put it in order; if it cannot then be made to work satisfactorily it will be taken back and considered no sale.

Early orders solicited.

HARRISON'S PLANT FERTILIZER,

A PERFECT FOOD FOR EVERY VARIETY OF FARM & GARDEN CROP.

The invention of the compound bearing the foregoing title, was prompted by the conviction, that no means of fertilization, either natural or artificial, yet existed to meet the demands of Agriculture and its kindred interests, or re-supply the nutritive elements which present methods were constantly removing from the soil, and with the means of but partial and very limited restoration.

It contains all the elements of nutrition, for every plant, shrub and tree, and their seeds, grains and fruits, cultivated for the use or benefit of man or the lower animals. It will furnish every element requisite for the most rapid, equable and enlarged growth, the most perfect structure of every organ of each plant, the most mature development of their fruit, and consequently, the most healthy constitution possible to attain. It will give fertility to the most barren soils, and maintain the highest fertility in all soils. ☞ Descriptive Circulars, of its character, properties and uses, and testimonials of its great practical results—sent free by mail. *Price not advanced*—$50 per ton, of 2000 lbs., in bags of 200 lbs., each—net cash.

Dr. Jackson:—

Dear Sir:—I have been frequently requested to connect my name with commendations of different kinds of medicines but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly by my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that, *for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation* In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above cause.

Dr. Jackson:—Dear Sir:

I feel it due to your excellent preparation, Hoofland German Bitters, to add my testimony to the deserved reputation it has obtained. I have for years, at times, been troubled with great disorder in my head and nervous system. I was advised by a friend to try a bottle of your German Bitters. I did so, and have experienced great and unexpected relief; my health has been very materially benefitted. I confidently recommend the article where I meet with cases similar to my own, and have been assured by many of their good effects.
