msa_sc2901_scm1621-1054 copyright Maryland State Archives

The Negro Constitution for South Carolina.

We spread before our readers this morning, in full, the result, to accomplish which one hundred and twenty negroes, mulattoes and low whites have been knocking their skulls together for two blessed months, at an expense to the State of over $100,000. They call this thing, begotten in illegitimacy, a Constitution, and have the impudence to ask white men to vote for it. A like combination of folly, fraud and licentiousness was never before submitted to the judgment of a civilized people. They propose to inaugurate a government on a triangular foundation of ignorance, repudiation and miscegenation. The political power of the State is to be thrown into the hands of the uneducated and depraved. *Bona fide* sales are to be repudiated, debts denied, and property stolen is to be property lost. White children, boys and girls, are to be huddled together in the school-room with young negroes, and there is to be no law against the intermarriage of whites and blacks.—The consequences of the adoption and enforcement of such a constitution are inevitable. All the negroes having the power to vote, while many of the white men are disfranchised, the negroes can put whom they please in office, and there can be no doubt that their choice will fall on those of their own race. It is true that the Convention, to avoid offending the prejudices of white Radicals at the North, has nominated only white men to Congress and to the principal State offices, but when it comes to the local offices it will be quite another affair. It is not to be supposed that the white Radicals can humbug the negroes into giving all of them offices, and even if they did, their number is so small that every white Radical in the State might have an office and yet there be many places left to be filled by negroes. There will be negro legislators, negro sheriffs, negro constables, negro tax collectors, negro ordinaries, negro judges, negro mayors, negro aldermen, negro police. In short every petty office in the State will be filled by negroes. And it is just in those offices, that they will come most in collision with the white people.—A negro Congressman, a negro Governor, a negro legislator may be only a good subject of ridicule, but a negro judge to decree away life or property, a negro policeman with a club in his hand, and a negro mayor, with the power of fine and imprisonment, are much more serious affairs.—We mistake the character and temper of our white population, if they will long submit with patience to the annoyances, insults and oppressions to which these things will give rise.—*Charleston Mercury, March, 19.*

Congress and the People.

As we look out upon the *quiet* of the people, suffering from the results of misrule, and disregard of law, of a Congress unfaithful and infamous, we cannot help entertaining the thought, that it must be the dreadful calm that precedes the storm. It has been always thus. The mute appeal, the meek petition for redress; the calm remonstrance; the indignant protest; are but the efforts of the body politic, to stave off the necessity of a resort to violence, in defence of right. All history teaches us that

"The patient watch, and vigil long
Of him who treasures up a wrong,"

but intensifies the fury of the avenger when his hour be come. What to-day, may be an orderly community, passively bearing wrong, and obedient to tyranical laws, may, to-morrow, by the persistence of its enemies in such wrong, become a tumultuous army, the very destruction of its oppressors. It is but human nature after all, to bear great evils, rather than to resort to violence for their abatement; but as it is "the last straw that breaks the camel's back," so will cumulative wrongs at last provoke vengeance.

Our rulers—perjurers, usurpers and tyrants, are building scaffolds, sharpening swords, which may soon, very soon, be used in meeting out justice to themselves. They boast of having made a shroud for the Constitution—that much revered work of our Patriot Fathers, murdered by their hands; but let them take heed, lest it prove the winding-sheet of their unholy ambition. "A cloud no bigger than a hand," yet a *cloud*, is even now apparent. Let traitors beware of the storm it presages.

They may sneer at, and ridicule the murmurs of the people; so did the bloody out-throats, their prototypes, of the French Revolution. But Justice found them out, they were crushed in their infamy, and so will be the traitors to the Constitution of the United States, or we much mistake the character of the American people.—*Columbia Herald.*

NEGRO EQUALITY IN THE NORTH.—We have never doubted that fanatical radicalism would go to the same extreme in the Northern States it has done in the Southern, whenever the power existed. If negro equality is right for ten States, why is it not equally so for thirty? The Pittsburg *Post*, speaking on the subject, very properly attributes all restraint to fear, and says: "What hinders the Radicals in Congress from thrusting negro equality upon us in the North precisely as they do with the aid of the army in the South? Fear. Nothing else. They encounter no danger at present, in the South, with the Southern whites disarmed and military and negro power guided by Radical cunning, holding down and preventing all attempts of white men to free themselves from a hated thralldom. Give these radicals an inch they will take an ell. Give them the apparent support of Northern people in favor of their extreme measures and they will do precisely the same in the North as they are now doing in the South. The remedy is in the hands of the people of the North. Let our reprehension of this vile unconstitutional tyranny go on as it has commenced, and the cowardice of Radical tyrants will soon show itself, and the cure for the present misrule begin, and never ce se till Radicalism is buried."

THE WORKING PEOPLE.—Great depression among the working classes is reported from Boston. A dispatch from there states that some twelve hundred mechanics, who had managed to get through the winter, hoping for a spring revival of business, have become thoroughly discouraged and will leave for California this week. The late discharges of workmen from the navy-yard at Boston are said to have caused considerable suffering, and a great number of those bound for California are among the mechanics once employed by the government.

A CHURCH DIFFICULTY.—*Contest Between a Minister and an Organist.*—The Philadelphia Press of Monday says:

A circumstance took place yesterday at the Eleventh Baptist Church, in this city. Rev. R. S. Tharin, who is from the South, has performed the duties of pastor during the past fifteen months. A large number of the congregation have been dissatisfied with him for some time, and the trustees have upon two occasions invited him to resign, but he has refused to accede to their request. Yesterday morning the pastor read an address referring to the action of the trustees in a manner which was considered by a large number of the congregation as being very discourteous. A trustee arose in the midst of the delivery of the address and directed the organist to play upon the organ, which was done. During a while the pastor elevated his voice to the highest pitch, but the organist elevated the tones of his instrument, sounding the trumpet and clarion and completely overwhelming the human voice. An intense excitement was occasioned. The pastor finally ceased his endeavors to obtain a hearing, and the services came to an abrupt conclusion. The trustees ordered the church to be closed.

The pastor delivered a sermon yesterday afternoon at Concert Hall, and in the evening proceeded to his church, where an immense number of persons were congregated in the street. He tried the doors of the church several times, but finding them locked, turned to the crowd and addressed them, saying that he would appeal for redress to a higher tribunal than the trustees, and enjoined those present to go home in peace.

A correspondent of the Cecil Democrat says:—The piers of the bridge at Havre-de Grace, were not affected in any manner. The ice rushed against their iron casings with great force, but separated as water does before the prow of a boat. The piers have received a sharp test, and certainly the company now should have no fears of their ability to withstand any force that the Susquehanna can bring to bear on them.

HOW TO STAMP LETTERS.—An exchange has the following article on stamping letters:—Many persons instead of wetting postage stamps wet the letter, but it is a bad plan, as the saliva is a powerful solvent, and in the act of dampening it with the tongue, the size is softened or wholly or partly removed from the paper. At once the moisture begins to sink into the absorbent surface, which in three seconds becomes so dry that a stamp will not stick firmly and completely to it.

SAD CASE OF DROWNING.—The Easton (Md.) Star states that by the upsetting of a canoe near Cedar Point, in that county, on Sunday last, two men named Franklin M. Tomlinson and Alfred L. White, were drowned. The latter lost his life in an effort to rescue the former. They were from the North, and employed as laborers by W. Cooper, of New Jersey, and Joseph H. White, of Felton, Del., who were about starting a brick yard near Easton Point.

LIBEL SUITS against newspaper publishers are no longer profitable as a means of obtaining a few paltry dollars. Judges and juries imbued with common sense, begin to recognize the fact that without the outspoken independent action of the press, rascals cannot be uncovered preparatory to being brought to justice.—Hence it is that in different courts of the country, by a singular coincidence, many prosecutors for libel are being non-suited.

A DINNER party was given in New York last week which was waited on by waiters dressed in "the English style—crimson coats, knee-breeches, silk stockings and powdered wigs," and the table cloth was of "white velveteen, edged with gilt fringe." The only redeeming feature of this superlative tomfoolery is that the lady who gave the party desired the reporter not to mention her name.

TO FARMERS and PLANTERS.

WE would call the attention of Farmers and Planters to our

Double Refined Poudrette.

It is composed of Night Soil, from which the impurities have been strained and extracted, after which it is dried, pulverized into a fine substance, and for Corn is the cheapest Fertilizer in the market. It is used in the hill, a small handful being sufficient to insure a good crop, and it will force the crop earlier, by two weeks, than any other Fertilizer. Hear what a few of the Farmers and planters say of the effect of it on Corn.

CERTIFICATES:

Extract from a letter received from Professor MARTIN, of Hampden Sidney College, Virginia, dated July 1, 1867:

The Double Refined Poudrette is operating like a charm on my crop and attracting universal attention from all beholders. I am already satisfied that it is the cheapest and surest renovator for our worn-out lands.

Extract from a letter received from F. HOLCOMBE, Savannah, Ga., Sept. 25, 1867:

I used the Double Refined Poudrette, bought of you last spring, on Corn, I think it increased the yield one-half. I consider it an excellent manure.

We are unable to give any certificates from Maryland, as it has not been introduced fairly into this market, but we feel confident that it will give general satisfaction, and we only ask of you a trial.

We have also for sale Bone Dust, Baynes' Fertilizer, Guanos, Phosphates, Ground Plaster, Lime, and all kinds of Fertilizers.

Address all communications to, and any information desired will be given on application to THOS. BAYNES & SON, Agents, 139 McElderry's Wharf, Foot of Marsh Market, Baltimore, Md.

mr28-2m.

SPRING TRADE OF 1868.

THOMAS S. WICKES begs leave to inform his friends and customers, and buyers generally, that he will open during the early days of the coming week, a

Heavy Stock of General Household and Farm Goods,

which will be offered at the VERY LOWEST POSSIBLE MARKET RATES; having been purchased, all of them, under the most advantageous circumstances known to men of business.

Chestertown, March 21, 1868.

DARLING'S LIFE BITTERS,

For Loss of Appetite, Dyspepsia, General Debility, &c. An excellent Liver Invigorator. Price only 50 cts. a bottle.

For sale by SIMON WICKES, Chestertown.

Dec. 14, 1867—tf

"EXCELSIOR."

CONTAINING

AMMONIA - - - - - - - 6 per cent.
SUPER-PHOSPHATE equivalent to Bone Phosphate of Lime - 57 "
POTASH and SODA - - - - 5 "

COMPOSED of 700 pounds of No. 1 Peruvian Guano, and 1,300 pounds of *Soluble* Phosphate of Lime (bones dissolved in acid,) potash and soda, forming the most concentrated, universal and durable fertilizer ever offered to the farmer and planter—combining all the stimulating properties of Peruvian Guano, and the ever durable fertilizing properties of Ground Bones—supplying an abundance of Ammonia for any crop, and all soils, and in a perfectly fixed condition—not volatile and passing off with the first crop, as with Peruvian and other ammoniated guanoes, but stimulating the crop to which it is applied, and all succeeding ones, giving to poor, worn out and unproductive soils, new life and vigor, making them, in this respect, equal to the most highly cultivated lands, upon which much time and money have been expended.

We introduced Excelsior in 1858, and challenge the manufacturers and venders of fertilizers, natural or artificial guano, to show results so successful as can be shown from its use. One of our firm superintends in person every minutia of its manufacture. We therefore warrant every bag uniform, and to contain by analysis, the standard of fertilizing properties, giving that protection to the farmer which he does not have in the purchase of any other Guano or fertilizer sold.

Excelsior is in *fine dry powder*, prepared expressly for drilling, and can be applied in any quantity per acre, however small; and it is the opinion of the most prominent and calculating Planters, after Ten years experience in testing it side by side with other popular fertilizers, that an application of 100 pounds per acre of Excelsior is equal to from 200 to 300 pounds of any other fertilizer or guano offered for sale, therefore is fully 100 to 200 per cent. cheaper.

We are daily in receipt, from every quarter, of flattering encomiums from those who used it last spring and summer on cotton, corn and tobacco, and last fall on wheat, and had we the space could publish hundreds of testimonials, many from gentlemen who have continued its use year after year since its introduction.

The best evidence we can offer of the value of our Excelsior as a crop grower and fertilizer is the fact of its being imitated and counterfeited in this and other cities. Some unprincipled manufacturers have actually used our trade mark for the purpose of palming off their worthless compounds.

Farmers should see that every bag bears in *red letters*, the name of J. J. TURNER & CO. under the inspection mark, and thus secure the genuine article.

Send for Circular containing Testimonials. Price $70 per ton.

J. J. TURNER & CO., 42 Pratt Street, Baltimore.

mr23-6m.

NOTICE OF THE COMMISSIONER OF SLAVE STATISTICS.

THE subscriber having qualified as Commissioner of Slave Statistics for Kent county, is prepared to discharge the duties imposed upon him by the Act of Assembly relative thereto.

Persons whose slaves were emancipated by the Constitution of 1864 are hereby notified to appear before him with lists of their Negroes, containing the ages, condition and sex of the same; also, with such information as they may possess as to whether any of said former slaves had prior to or after that time entered the service of the United States.

HE WILL BE AT CHESTERTOWN during the April Term of the Circuit Court. This is the last opportunity that will be afforded, as the law requires the books to be CLOSED ON THE FIRST OF MAY NEXT.

PHILIP MEDDERS, Commis'r of Slave Statistics.

mr28-4t.

The Steamer Commerce,

WILL commence running on and after April 1st, inst., leaving Wilson's Point EVERY WEDNESDAY at 11 o'clock, A. M., leaving Georgetown at 1 o'clock, P. M., touching at all the Landings on the Sassafras and Elk river; leaving Betterton about 3½, P. M.

LEAVE PIER No. 9, between Arch and Race street, Philadelphia, EVERY FRIDAY at 3 o'clock, P. M.

All Freight must be prepaid, and the boat will not be responsible for freight after delivering it on the wharf where it is consigned.

All goods must have the name of the Landing marked on them, where they are to be landed, or it will not be receivable on the boat.

JOHN F. WILSON, Capt.

The Boat will stay at Betterton until daylight for passengers to get off.

March 28, 1868—5t.

Attention Farmers & Planters!

BAUGH'S COMMERCIAL BONE MANURES.

BALTIMORE AGENCY: Nos. 97 and 105 SMITH'S WHARF.

THESE valuable Manures can be had at regular market rates, freight added, at all accessable points.

PRICES IN BALTIMORE:

Baugh's Raw Bone Phosphate	$56 per ton.
Baugh's Chicago Bone Fertilizer	46 " "
Baugh's Chicago Blood Manure	50 " "

I have also on hand manufactured expressly for my own trade, the celebrated MARYLAND POWDER OF BONE, which has everywhere given such undoubted satisfaction. Price in Baltimore $46 per ton. Also the various grades of MEXICAN GUANO by the cargo or single ton, at lowest rates.

Send for samples and circulars.

You will find these manures adapted to every soil and crop. They are used in every part of the country and have given entire satisfaction. See full particulars in circulars.

For sale by GEORGE DUGDALE, Manufacturer's Agent, Nos. 97 & 105 Smith's Wharf, Baltimore, HINES & WOODALL, Chestertown, and JACOB HIGHLY, Kennedyville.

jan25 3m.

CAUTION.

I regret the necessity to forewarn all persons from trespassing on my enclosures, for the following reasons: Gunners have shot two of my cows, one of which I had to kill; and crippled one of my best colts for several months. My servants in the garden have several times *been struck* with shot, and myself twice. All my chickens have been killed and taken off. In fishing, persons take down my fencing to make bridges across my Race; obstruct my waste way with what they call darts, pots, etc., compelling me every year to expend fifty dollars or more in cleaning away the deposits of sand accumulated thereby.

All neglecting this notice will be proceeded against according to law, and obstructions removed at their cost. T. H. WHALAND,

March 21—3t. near Chestertown.

REMOVED!

OH! LOOK! DO LOOK HERE!

WE the subscribers have removed to the Store Room formerly occupied by Mr. J. V. Smith, opposite the M. E. Church, Chestertown, where we intend to keep on hand

Good Cigars of our own make,

and will be able to supply store keepers with Cigars as cheap as can be bought in the city. Any one wanting a good smoke can get it at our store from 2½ cts. upwards. And we have

Chewing Tobaccos,

of all grades both natural and sweet, and also FINE CUT. We also keep a good assortment of SMOKING TOBACCO, SNUFF and PIPES.

We feel thankful for past favors and would solicit a continuance of the same.

G. W. & R. B. RUSSELL.

Jan. 4, 1868.

NEW AND SEASONABLE GOODS.

WE invite the attention of our customers and buyers generally, to a large assortment of Seasonable Goods, which we will have opened on

MONDAY, March 16th.

They were bought at the *Lowest Market Rates*, and will be sold as

Low as they can be bought in any Retail Store on the Shore.

We invite an examination of our stock and will take pleasure in showing our goods.

T. W. ELIASON & SON.

March 14, 1868.

STILL CHEAPER!

MORE NEW GOODS!

I have just returned from the city with a large stock of NEW GOODS, which we guarantee to sell cheaper than they can be bought at retail in the city at this time.

CALICOES 6¼ Cents and upward.
MUSLINS 6¼ cts. " "
BEST DELANE 18 and 20 cts.
Men's Coarse BOOTS at $3.00.
Good Slouch HATS 75 cts.
Splendid Tobacco at $1.00 per. lb.
All other goods in proportion.
GROCERIES very low.

All I ask is an examination of my stock and I am satisfied that the people will be convinced that mine is decidedly the CHEAPEST STORE in Chestertown.

JOHN SMITH.

Chestertown, Nov. 30, 1867.

NOW OPEN

A Large and Complete Assortment of

DRY GOODS, Groceries, Hardware,

QUEENSWARE, READY-MADE CLOTHING, &c.,

At Kennedyville.

Having just returned from the cities of Baltimore and Philadelphia, where my purchases were made on the decline of the market, I now offer to the citizens of Kent the largest stock I have ever had in store, of Dry Goods, Hardware, Queensware, Groceries, Boots and Shoes, Hats, Caps, Notions and Ready-made Clothing.

CALICOES 8 to 18 cents,
MUSLINS 10 to 30 cents,
Suits of Clothes $12.50 to $23,
Pants $2.50, Coats $3.75,

Confident that my stock of goods, and the prices, will give satisfaction, I respectfully ask an examination.

Country Produce taken at market prices.

oc26-tf. CHARLES W. WARREN.

SEWING AND SEWING MACHINES.

THE subscribers having secured the services of a Good

SEAMSTRESS,

they are now prepared to do all kinds of

Family Sewing and Stitching,

on the celebrated GROVER & BAKER MACHINE. The work done on this Machine is more durable than any other, because it is more elastic.

ALL KINDS OF CLOTHING

For Ladies and Children MADE TO ORDER.

The reasons why persons in want of a SEWING MACHINE should buy it of PERKINS & SON, are because it can be had no cheaper in the city, and it is more convenient for Ladies to visit the Machine room here and learn to use them, than it would be to go to the city.

LADIES will find in their MACHINE ROOM, which is under the charge of a lady, the following goods:

HOOP SKIRTS, CORSETS,

LADIES' VESTS, AND DRAWERS,

MUSLIN SKIRTS AND GARTERS,

and many other articles expressly for the Ladies. The assortment of such Goods will be much enlarged in the Spring.

A LADIES' DRESSING ROOM

has been fitted up for the accommodation of Ladies from the country, which is connected with the Machine room.

Jan. 18, 1868.

The Trotting Stallion ROAN CHIEF,

WILL make a Season at Chestertown commencing March 15th, and ending 30th June, 1868.

ROAN CHIEF was sired by Mr. Clay's Old Mambrino Chief; he by Mambrino Paymaster; he by Mambrino and he by Imported Messenger; out of Betty Morgan, by Billy McCracken. His grandam was Nellie Morgan, owned by the late R. A. Alexander of Woodford Co., Kentucky; has repeatedly trotted seventeen miles in an hour on the turnpike. ROAN CHIEF was bred by Richard West, Esq., of Scott county, Kentucky, and is a half brother of Ashland, Erricsson, Kentucky Chief, Mambrino Pilot, Lady Thorn, and other celebrated horses.

For full particulars see handbills.

feb29-3m. EDWARD WILKINS.

RODONDA ISLAND GUANO.

The CHEAPEST and BEST FERTILIZER in the Country.

THE RODONDA GUANO is not a mineral phosphate, requiring the action of Sulphuric Acid to render it soluble; its great power as a fertilizer is in its entire *solubility*, without the aid of acid. It is not a "Manipulation" or Compound of Fish or Flesh with Mineral Phosphates, the regularity of which is always uncertain and dependent upon, and controlled by the honesty of the manufacturer. The Rodonda is a *Pure Natural Guano*, (that term being understood to mean the excrement of fish-eating birds,) as the large per centage of organic matter sufficiently attests, and as found upon the ISLAND OF RODONDA, in the very state as imported and sold to consumers.

The regularity and uniformity of the fineness and condition of the various cargoes already imported by us into the United States, tested by the analysis of the most eminent Chemists of this country and Europe, is sufficient proof of its origin, and a guarantee of our ability to furnish this Guano of the quality and purity represented.

The PRICE of the Rodonda Guano is not the least unimportant in these days of agricultural competition and pecuniary embarrassment.

The very low price at which it can be sold places it within the reach of every farmer, and avoids the risk of large loss frequently incurred by failures of the crops in the purchase of high priced fertilizers.

This Guano has met with Unprecedented Success.

The results of its use during the past year are most gratifying, as attested by the certificates of the most intelligent farmers of our State from which we select the following:

CEDAR HILL, Harford co., Sept. 27, 1867.

"I used three tons of Rodonda Guano on Corn last spring, side and side with pure bone dust, (costing forty five dollars per ton.)

The difference is so great no one would believe it unless they saw it. I have had farmers to come six and seven miles to see my crop on which I used the Rodonda Guano.

It surpassed all the corn in the neighborhood no matter what kind of fertilizers were used.

If it will make Wheat as it did Corn, you can sell a hundred tons here in the spring."

THOMAS SMITHSON.

BALTIMORE, Jan. 20, 1868.

"I used the RODONDA GUANO upon Corn, which I planted in the spring of 1867, with much success. The Guano was applied in the hill on the *poorest* portion of my farm, and yielded a better crop than the richest part did without Guano. I have used various fertilizers on my farm in Anne Arundel county, and consider the Rodona Guano equal to any costing double the money.

HENRY DUVALL, (Of Duvall & Iglehart.)

ANNE ARUNDEL Co., Md., Jan. 1, 1868.

"I received the Rodonda Guano shipped me last May, which I gave a fair trial on my Tobacco Crop, at the rate of about *two hundred and fifty pounds to the acre*, applied in the hill. In noting its effect, I found where the Guano was used the Tobacco made a quicker start, growing much faster, ripening about two weeks earlier, and producing at least twenty per cent. more to the acre than that planted alongside, on the same day where the land had been well manured with barn-yard manure. I am so well pleased with the result that I intend using it again."

HENRY OWINGS, OF S.

POPLAR GROVE, Queen Anne's Co., Sept. 25, 1867.

"I am much pleased with the six tons of Rodonda Guano purchased from you last season, and will use more this season. My experience by actual measure and weight, with the application of four hundred pounds to the acre upon Wheat, proves to me that this Guano will give a greater per centage on the cost upon my land than any Fertilizer I have ever experimented with."

J. R. EMORY.

BALTIMORE, Jan. 18, 1868.

"I used your Rodonda Guano on my farm in Harford county last year in the same proportion as Peruvian mixed with Ground Bone on my Potato ground side by side. I found that the Potatoes were equally as good a crop on the portion of ground where I used the Rodonda as where I used the Peruvian.

I take pleasure in recommending it to farmers as a good fertilizer.

JAMES WARDEN.

DENTON, Caroline co., Jan. 21, 1868.

"I used the Rodonda Guano mixed with one-third of Peruvian, and the result on Corn, by applying two hundred pounds broadcast to the acre, was beyond my expectations, for I raised eight barrels to the acre on land which had never paid before.

By applying the same quantity on Oats I raised a very fine crop, and the clover looked beautiful. I used at the same time two of the CRACK fertilizers of the Baltimore market, at the rate of five hundred pounds to the acre. The Corn though the land was better, could not be compared with that raised from the Rodonda."

P. O. CHERBONNIER, M. D.

Price $30 Per Ton in bags or barrels.

A liberal deduction made to dealers and purchasers of large quantities, or by the cargo in bulk.

WM. CRICHTON & SON, Bowly's Wharf, Baltimore,

f22-3m. General Agents for the United States.

Complete Manure,

MANUFACTURED BY HENRY BOWER, PHILADELPHIA,

Made from Super-Phosphate of Lime AMMONIA AND POTASH,

WARRANTED FREE FROM ADULTERATION.

Packed in Bags of 200 lbs. each.

Price $56 per ton 2,000 lbs.

Liberal discount to Dealers.

It has raised good crops of Wheat, Corn, Oats, Potatoes, Grass, Cotton, Tobacco and Vegetables of all kinds. *Farmers would do well to inquire of their nearest dealer in fertilizers as to the results obtained from the use of Complete Manure.* The growing crops of Wheat at this time, freely attest its virtues.

It is highly recommended by all who have used it up to this time.

We have numerous testimonials to the effect that it is an invaluable Fertilizer, *and we recommend it highly as a top dressing for Wheat and Grass.*

DIXON, SHARPLESS & CO., SOLE AGENTS, 39 South Water and 40 South Wharves, PHILADELPHIA.

FOR SALE BY WILLIAM REYNOLDS, 79 South St., Baltimore, Md.

Important Discovery.

THE "Poulterers' Friend,"

A CERTAIN CURE FOR

Gapes in Chickens and Turkeys,

Will prevent and cure Chicken Cholera, and other Diseases common to Poultry, and will promote an increase of Fat.

Full Directions accompany each package.

Price 25 Cents.

The annexed are a few of the certificates we have received in proof of the great value and efficacy of the Poulterers' Friend:

CARROLLTON, Baltimore County, Md., December 16th, 1867.

Messrs. Clotworthy & Co.,—Gentlemen: I have used your "Poulterers' Friend" upon a brood of young chickens that had the gapes, and am happy to say, that by the use of a few doses they were entirely cured. It will certainly cure the gapes when used according to directions. Yours, &c., GEO. HARMAN.

ANNAPOLIS, MD., February 7, 1868.

Messrs. Clotworthy & Co.,—Gents: I have sold all the "Poulterers' Friend" I received from you last August. The poultry in the surrounding country was dying very fast with "Cholera." I recommended your "Poulterers' Friend," and as far as I could learn, it has proved a cure for the disease.

Respectfully, W. R. GOODMAN.

BALTIMORE, February 2d, 1868.

Messrs. Clotworthy & Co.:—My chickens were dying very fast with what my neighbors called "Chicken Cholera." I was induced to try your "Poulterers' Friend," and it worked like a charm. I gave it as directed, and it cured those that were then sick, and I have not seen any symptoms of the disease since.

Yours, &c., B. MECKEN, Cross and Warner streets.

Jefferson, Frederick Co., Md., July 22, '67.

Messrs. Clotworthy & Co., Baltimore.—*Gent.:* The wonderful cures which have been made by your Poulterer's Friend, cannot fail to interest all who raise poultry. A gentleman of this village has been experimenting on chickens with the gapes. He tried your Poulterer's Friend, according to the directions, and it had the desired effect in removing the worm, effectually relieving the chicken at once. Since then I have had many calls for it, and it has been used extensively with the same result. It is of incalculable value to all who raise Poultry. Respectfully, A. SPENCER.

FOR SALE BY SIMON WICKES & SON, CHESTERTOWN

MANUFACTURED ONLY BY

CLOTWORTHY & CO., 339 Baltimore Street.

A Liberal Discount allowed when purchased in large quantities. mr21-6m.

Eureka Fish Guano Company.

FISH GUANO.

THE *Best Fertilizer* ever offered to Farmers. A *pure* and *unadulterated article, producing* a heavier crop than any other Fertilizer with the *same quantity used per acre.*

The Animal matter contained in it, aside from the Phosphoric Acid and Ammonia, makes it better than any other, being more *Durable*, thereby saving to the Farmers 50 per cent. in manuring their farm, with a better yield than produced by any other article. *Call and examine before purchasing elsewhere.*

Astonishing but True,

THAT AT THE

GALENA TIN and STOVE STORE

THEY are selling STOVES and TIN WARE cheaper than can be bought anywhere else, and to those who are in want of such, we will say that it will be to their interest to call and examine before purchasing elsewhere.

Being very thankful to our friends and the public for their liberal patronage heretofore extended, we would cordially invite them to call and see our wares, which are of the best quality and superior finish, which we sell both wholesale and retail.

We would also call attention to our

Roofing and Spouting,

which we are prepared to do at short notice, and of the very best metals used for that purpose. Copper, Tin and Sheet iron Ware neatly repaired. Particular attention given to Job Work of all kinds, and satisfaction guaranteed. W. S. SPARKS & CO.

Galena, Md., March 21, 1868.

ERRORS OF YOUTH.

A GENTLEMAN who suffered for years from Nervous Debility, Premature Decay, and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the receipt and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN,

1y. 42 Cedar Street, New York.

TO CONSUMPTIVES.

THE advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection, and that dread disease Consumption, is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge,) with the directions for preparing and using the same, which they will find a *sure cure for Consumption, Asthma, Bronchitis, Coughs, Colds*, and all Throat and Lung Affections. The only object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, *free*, by return mail, will please address REV. EDWARD A. WILSON,

jely. Williamsburg, Kings co., New York.
