KIDNEYS MUST REMOVE EXCESS ACIDS
Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste
If you have an ache in your back, headache, pain in the joints, rheumatic pains, you may be suffering from a sluggish kidney condition. Your kidneys are your most important organs of elimination. They must remove from your blood stream the acids and other poisonous waste matter that are constantly being formed in your tissues. Unless these kidneys function properly, poisonous matter is retained in your system and may cause many disorders. Nature may warn you that your kidneys need help by such signs as nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness, under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.
Kidneys may need help the same as bowels, so ask your druggist for Doan's Pills, a diuretic diuretic, and successfully used by millions for over 40 years. Doan's give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

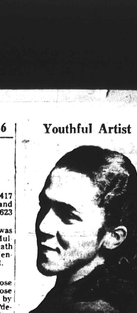
Youthful Artist



MAYME WILKINS SMITH, lyric soprano of Alexandria, Va., who was presented in recital at the First Baptist Church in Warrenton, Va., recently. Mrs. Smith is a lyric soprano and is a student at the Howard University College of Liberal Arts.

(Continued from Page 1)

Mrs. Edna Blackston, 30, of 417 Maple Lane, Turners' Station; and Mrs. Esther Strawder, 18, of 1623 McElderry St.

The falling wall victim was Joseph Cornish, 56, of 695 Mulberry St., while sudden death from natural causes claimed Henry Custer, 75, of 628 George St.

Charred Bodies Found

The latest deaths were those of the unidentified couple whose charred bodies were found by firemen digging through the Mebris several hours after a fire completely destroyed the one-story dwellings at 1508 and 10 Laurens St., and rated a third one at 1506.

An investigation by police disclosed the meager information that the woman was known as Anna and was believed to have lived on Woodbrook Avenue.

The man was known only as Leon of 1 Mount St. Their bodies were taken to the city morgue while the probe was continued.

Tenant Rescued

The couple had been visiting James Hicks, 70, of 1510 and were sleeping in his rear room. Hicks, who was asleep at the time, was rescued by Rawlings Hudnell, of 1316 Fulton Ave., who operates a produce business at 1508.

Hudnell told police he was prepared to leave his home around 4:30 a.m., when he was attracted by the sound of a loud explosion coming from 1510 followed by the roar of flames.

After pounding in the door, Hudnell saved the sleeping Hicks. Neighbors reported about the fire and hands for which he received treatment at Provident Hospital.

Hicks, receiving serious burns about the back, face and hands, was admitted to the hospital.

2 Shacks Destroyed

By the time firemen had arrived, a strong wind had fanned the flames which quickly ate up the shacks, but were brought under control before the third dwelling had been destroyed.

Police encountered additional difficulty in ascertaining the identity of the couple when it was learned that Hicks, who lived alone, quite frequently had male and female visitors. His condition would not permit extensive questioning, police said.

The arson squad was reported investigating the cause of the explosion.

Somerset County Man Killed in Accident

George D. Wright, of Somerset County, was killed instantly, Wednesday, when the car in which he was riding collided with a truck driven by Beenie Spady, of Townsend, Va.

State police, who investigated the accident, took Spady into custody on a technical charge of manslaughter pending further investigation.

Detectives Warn Merchants Against Bad D.C. Checks

Detectives on Tuesday issued a warning to local merchants to be on the lookout for a 30-year-old Washington man suspected of passing bogus checks.

Aliases noted to date on the vouchers, all drawn on the Hamilton National Bank, Washington, included the phoney names of Arthur J. Allen, James McDonald, James Hargrave and Henry Crawford.

Identifying Checks

Detectives said some of the checks have printed across the top: "The National Construction Co., 1220 Kenilworth Ave., N.E., Washington, D.C." while others have carried the name of "James E. Scott, Real Estate, Loans, Insurance, payable to Claude H. Perry," and signed Edward L. Kness.

The suspect, approximately 30 years of age is of a brown complexion, weighs approximately 165 pounds, and is about 6 feet 1 inch tall.

moved from the institution and placed in other appropriate State institutions.

5. That a school or classroom be erected;
6. That a flexible system of positive discipline be inaugurated to meet the needs of the classifications which should be made after a careful evaluation is made of each boy's assets, liabilities and needs.
7. That in the new setup proposed by the State, the provisions suggested by the Maryland Commission on Juvenile Delinquency be followed.

The inmate population of the institution as of Nov. 1 was 232, with 187 of that number being committed from Baltimore City. They ranged in age from 10 to 18.

Frequent Painting Needed

As to the sanitary conditions, the committee reported that the buildings are old, difficult to keep clean and in need of frequent painting. It pointed out further that with the exception of Carver, there is room for much improvement in each of the four cottages. The grounds were described as being deplorable.

Hospital Adequate

The report rated the hospital as adequate and commended the institution physician for his handling of minor cases.

It stated, however, that a station wagon or similar conveyance is needed to transport the more serious cases to a special hospital.

Some Supervised Recreation

While the committee found evidences of supervised recreation and athletics, it pointed out that some equipment found in storage should be placed in use. Further suggestion was also offered regarding some clothes-pressing machines found in a basement.

Although it expressed pleasure over the elimination of solitary confinement and severe corporal punishment, the body lamented an apparent laxness in discipline as evidenced by the escape of 700 inmates during the past fiscal year.

It pointed out that 31 vacancies exist on the staff because salaries offered are too low to draw the highest type personnel.

57% Below Normal

Concerning the mental status of the inmates, the report noted that 2[illegible]% are above normal, 18% normal, 22.7% borderline cases; 36% sub-normal, and 21.3% in the moronic group.

A report from the supervisor of education at the school disclosed that 86 of the 150 inmates examined do not belong there, and that mental defectives and the physically handicapped should be committed to special institutions.

On this point, the opinion of the committee was that sub-normal boys should remain under permanent custodial care rather than be returned to society.

Piano Queen Introduces New "Suite" in Recital

Young Artists and Musicians

By KURTIE HURTTE

With the coming of the new year, the music-loving public around these parts is becoming increasingly excited over the new public figure who is headed our way to open the "little season."

This artist, in the person of Aubrey Pankey, baritone, comes fresh from a good-will tour of South America, which was made with the approval of the Office of the Co-ordinator of Inter-American Affairs.

He traveled 15,000 miles, sang in 11 countries and was heard in 35 concerts. His is the distinction of having been the first American to make a concert tour of Palestine.

This artist is rapidly achieving an international reputation, and not only this, but he has given freely of his time to concerts for the members of the armed forces, and has appeared as soloist on many bond rallies during the war years that are happily now a thing of the past.

Mr. Pankey has studied under some of the recognized masters of the voice both in this country and in Europe. At the present time he is studying with John Alan Haughton of New York.

Surely, no member of the music colony would want to miss the appearance of this talented cultured singer, for he brings with him a polish that is rarely achieved, and a message in song that is really gratifying.

If I can manage to be out of the hospital in time (where I shall land in a day or so), and can get the word of my good doctor that I am fit to be out again in crowds, then I sail surely be there, for I, too, will want to hear this young artist, particularly his treatment of Schubert's group, my favorite composer.

NEW YORK—Mary Lou Williams Besides the regular brass and reams, boogie woogie piano queen of Cafe Society fame, featured the "Zodiac Suite," her latest composition, in the first half of her Town Hall recital here Sunday.

This was the first formal presentation of the new numbers since they have been heard only once previously on her broadcast series over Station WNEW.

Miss Williams took a most unorthodox grouping to bring out her new approach to jazz interpretation by using instruments heretofore associated only with symphony orchestras.

Used Varied Instruments

saxophones she used the oboe, French horn, cello bassoon and four violins to fully display the broad meaning and the ramifications of her latest astrological compositions in music.

For the younger "bobby sox" devotees of jazz music, she had done over entirely her specialty called "Roll 'em," and featured clarinetist Edmond Hall, leader of the Cafe Society Uptown band, and Joe Kahn.

She feels that jazz has become of age and can be expressed better by using any instrument that will give the desired effect for the fuller expression of the artists and composers combined efforts.

"There is as much music to be found in real and full jazz expression as there is in realistic art in Europe. All the present time has been mistress of the keyboard in discussing her innovation on using classical instruments on the concert.

pils, followed by a moving picture. The stage play was spoken, with a special introduction, headed by Mrs. Elaine Thompson of Edna School and Mrs. Hale of Baker, both elementary schools.

There's a long list of attractive reenlistment privileges in the new Armed Forces Voluntary Reenlistment Act of 1945. The ability to keep your present grade is only one of them, but this privilege expires on January 31.
There are plenty of other reasons why many thousands of men have enlisted, and more thousands are enlisting every day. You'll certainly want to know all of the opportunities open to you. If you'll read them carefully, you'll know why a job in the new peacetime Regular Army is being regarded today as "The Best Job in the World."

5. The best pay scale, medical care, recreation and clothing in American history.
6. An increase in the reenlistment bonus to $90 for each year of active service since bonus was last paid, or since last entry into service.
7. Up to 30 days' paid furlough, depending on length of service, with further furlough time for reenlistment, for men now in Army who reenlist.
8. A 30-day furlough every year at full pay.

Locked Out After 29 Years, Husband Granted Divorce

After 29 years of marriage, the Charles Wards, of 1236 W. Lanvale St., were divorced, here, Friday.

The couple were married in 1912, and are parents of two grown sons, Bernard and Stanley.

Locked Out

In the testimony which gave the decree to the husband, he charged that Mrs. Mary Ward locked him out of their home in 1941 and had, up to two weeks ago, steadfastly refused to resume their marriage.

Mr. Ward said that he came home on May 15, 1941, to find that his wife had nailed a bolt on the door which prevented his key from opening it. To avoid an argument, he said, he went to the home of his mother that night and returned to his home next day.

After some persuasion, he said, Mrs. Ward admitted him to the house but told him that she didn't want him any more and advised him to take whatever he wanted and get out.

His testimony was corroborated by DeHaven Conway of 1229 N. Stricker St., who said he was with the husband when he tried to use his key to enter the home.

Second Husband Deserted

Also charging that he was deserted and adding that he was unable to say why his wife left, was Charles Walace of 517 Sanford Pl., who won a divorce from Mrs. Ruth Wallace.

The Wallaces were married in 1930 and lived together until April 15, 1935. Roy S. Bond was attorney for the husband.

Agreed to Separate

Mr. Bond also represented Mrs. Rebecca Wiggins, 1597 N. Fremont Ave., who was granted a divorce from Octavius Wiggins.

Mrs. Wiggins testified that they were married in 1910 and voluntarily parted in 1928. Her maiden name, Smith, was restored.

Wins Son's Custody

Mrs. Elenor Jones of 1312 W. Fraklin St. won custody of her 15-year-old son, James Jr., and $1 per day support for the child when she obtained a divorce from Janes Jones Sr. Thursday.

She said her husband left on February 14, 1944, because he wanted to avoid home responsibilities. William Ross was attorney for the wife.

Failed to Support Wife
