DROWNING OF THREE PERSONS IN BUSH RIVER.—Messrs. Harry Lee, James M. Sewell and Septimus Sewell, the two latter uncles of the former, were accidentally drowned in Bush river, in Harford county, on Thursday afternoon of last week. It appears that a party, consisting of fourteen persons, left the Philadelphia Boat Club House, on the river, in a sloop-rigged yacht. The wind was blowing quite fresh at the time, and parties on shore endeavored to persuade the gentlemen not to go on board, but without success. When just above the Philadelphia railroad bridge the boat capsized. The whole party clung to the sides of the vessel, some of them at times being entirely submerged, and after a considerable time, and when some of them had become nearly exhausted, a boat went out to their rescue.

Mr. James M. Sewell and two others, as if to relieve the burden on the almost sunken sloop, let go their hold and endeavored to swim to the boat, but in the attempt Mr. Sewell sunk and was drowned. The two others, however, reached the boat and were rescued in a very exhausted condition. The boat was then headed towards the capsized sloop, which was reached as soon as possible, but before the entire party could be rescued, Messrs. Harry Lee and Septimus Sewell sank from exhaustion and were drowned. The body of James M. Sewell was recovered early on Saturday morning, but those of the other two have not been found.

REMARKABLE RAILROAD ESCAPES.—There was a narrow escape from a horrible accident at the crossing of the Camden and Atlantic and Camden and Amboy roads, at Camden, one day last week.—As a large excursion train on the Atlantic road neared the crossing the flagman signalled that all was right, and the heavily loaded train kept on. When it was near the crossing a special train on the Amboy road came in sight around the curve, approaching at high speed. The flagman instantly displayed the red flag, but neither train could stop. Most fortunately one of the brakemen on the excursion train had the remarkable presence of mind to cut the train and put the brakes down on the cars cut off, which so slowed them that a gap in the train was formed just at the crossing, and the Amboy train dashed through, and no injury was done. But for this the loss of life and mangling of bodies that must have occurred would have been fearful beyond description.—There were two thousand persons on the excursion train.

On Friday, as the noon express train on the New Haven road bound east was nearing Westbrook, the engineer discovered a cow on the track. He instantly blew the whistle for brakes, upon the sound of which a dozen cattle rushed upon the track from the adjacent bushes. It being impossible to stop the train, the engine dashed among the animals, killing five outright, cutting one into halves.—Fortunately no one was injured, but the shock to the train must have been terrific. A passenger says that the locomotive leaped several feet into the air.

REMARKABLE PHENOMENON.—On Monday the town of Stockport, Columbia county, N. Y., was the scene of a remarkable phenomenon. Five acres of land situated on the Old Post road, near the confluence of the Kinderhook and Claverock creeks, caved to a depth of eighty feet, and the surface moved to a distance of over six hundred feet. The movement of the land was gradual, occupying half an hour, and the few fortunate ones who witnessed the sight describe it as wonderful in the extreme. The surface of the ground undulated like the waves of the sea, and the land carried with it in its descent an oak tree which has stood by the roadside for many years, and a section of the fence, to the bottom, of the ravine, a distance of six hundred feet, where the tree and fence now stand as erect and firm as before.—Weaker trees, such as pine and hemlock, were broken and twisted like wire. The land is clay with quicksand beneath, with a soil surface of about two feet. It appears that this quicksand has been gradually washed away into the stream. The surface of the ground was a mere shell, owing to the plentiful showers of last spring, and the dry weather immediately after caused the shell to crack, with the above result. On the land adjoining, a crevice several inches wide, fifty feet long, and of unfathomable depth, has since appeared and caused alarm concerning its safety.

LIFE INSURANCE SUIT.—Suit has been instituted in the Superior Court of this city by Harriet M. Wise, widow of the late Rev. Henry A. Wise, rector of Christ Church, against the Mutual Benefit Life Insurance Company of New Jersey, to recover twenty thousand dollars on a life insurance policy issued to Mr. Wise May 17th, 1867. Mr. Wise having died before May 17th, 1869. The claim is resisted on the ground of the alleged ill health of Mr. Wise at the time the policy was issued.—*Balt. Sun.*

THE POLITICAL REACTION.—The New York Commercial Advertiser, republican, is becoming interrogative. In Friday's issue it asks: "Doesn't it sound rather funny to talk of a General *allowing* the Legislature of Virginia to do this, that and the other thing? There used to be a principle (now defunct and musty) that in times of peace the military was subordinate to the civil power. Is this a time of war?"

RAILROAD COMPLETION.—The Cambridge and Seaford railroad will be completed, it is stated on the first of September. It will be thirty-three miles long, and pass through Newmarket and Federalsburg, Md., both thriving towns.—Cambridge is the capital of Dorchester county, and has a population of about two thousand. It is a beautiful town and does a large business with Baltimore.

AGRICULTURAL FAIR.—The Delaware State and Pennsylvania Agricultural Exhibition will be held at Wilmington, Delaware on the 15th, 16th and 17th of September. Premiums will be offered for the productions of the farm, dairy, workshop, &c., &c., the design being to make it a first class exhibition.

WITHDRAWAL OF THE TEN-DOLLAR GREENBACKS.—Orders have been given to the tellers in the Treasury Department at Washington to pay out no more ten-dollar greenbacks. The whole issue will be withdrawn and destroyed, and no new greenbacks of the denomination will be substituted.

THE LATE ECLIPSE.—A correspondent of a Philadelphia paper thus writes of a prolonged "totality:"

"Few people trouble themselves to think what the effect would be if the eclipse of Saturday were to last any length of time, and the sun were blotted from the heavens. Philosophy declares that not only would a horror of darkness cover the earth, but the moisture of the air would be precipitated in vast showers to the earth, and the temperature fall to a fearful point of cold, nothing less than 230 degrees below zero, Fahrenheit.—The earth would be the seat of darkness and more than Arctic desolation. Nothing could survive such freezing cold a moment, more than one could breathe in scalding water. In three days after the cooling process began, nothing created would be alive but the monsters that wallow in deep ocean, and the eyeless reptiles that make their haunts in caves which penetrate far underground."

TREASUTER Spinner continues to receive letters from all parts of the countay informing him of the circulation of the new counterfeit ten-dollar notes. A letter has been received in Washington from North Carolina, stating that the various sections of that State are flooded with the new counterfeit notes. Our readers should be on their guard against this counterfeit.

THE FIRE IN PHILADELPHIA.—It is estimated at the revenue bureau that there was more real fine whiskey destroyed by fire at Patterson's warehouse than there now is in the United States. It is expected that a large amount of adulterated whiskey will be sold for this class.

SOMETHING NEW FOR THE LADIES.—At Mr. J. W. Collins' store, in Chestertown a Sewing Machine that will work button holes, hemstitch, gather and sew on at the same time, hem any width, quilt and tuck, without any basting or marking with the hand. The agent from Baltimore will warrant the machine, give complete instructions at the house of the purchaser, and sell them on six months' time, or by monthly payments of ten dollars, remitted by mail. This Machine is represented by a responsible firm of Philadelphia and Baltimore, Messrs. Peterson & Carpenter. 2

The Morning Star Bitters Co.,

HAVE determined to present their Bitters to the public, knowing that they will sustain the merits claimed for them. This is no novelty in the market, having been before the public for the last ten years, and has everywhere stood the test of the most searching scrutiny. This Medicine is accurately compounded from the purest ingredients by experienced chemists. Neither is it claimed that the ingredients were hitherto unknown to the medical profession, on the contrary the various component parts have for a long time (some for centuries) been used by the most skeptical and experienced Physicians as a Specific in cases of Dyspepsia, Poverty of the Blood, Nervous and Billious Headache, and many diseases arising from derangement of the Digestive Apparatus. It is not claimed for this article that it will cure all diseases. In BILIOUS FEVER and CHILLS AND FEVER, its value not only as a relief, but as an actual cure, has been fully proved. It is especially recommended in all diseases resulting from an impoverished state of the Liver, such as Hepatic Congestion, Biliary Obstruction, excess of Bile, &c.

It is, recommended by prominent Medical men, who though opposed in principle to all patent or proprietary Medicines, have been forced by the result of their experience with the M. S. BITTERS, to recommend its use to their patients and the general public. We append a few of their certificates:

CHURCH CREEK, Aug. 15, 1866.

Having been made acquainted with the composition of the "Morning Star Bitters," I have no hesitation in stating that they are well adapted to cases of debility of the digestive organs, in which a purely vegetable tonic is required. THOS. KING CARROLL, M. D.

No. 230 BARRE ST., BALT., MD.

I hereby certify that for a number of years I was afflicted with Dyspepsia, it resisted all treatment and finally became so bad that I was compelled to abandon my business, regarding the case as hopeless. A persevering use of the M. S. Bitters completely removed the troubles.

my22 6m. WM H. SMITH.

URIEVILLE GRIST AND SAW MILLS.

THE undersigned having rented the above well known Mills, takes this method of informing his friends and the public generally that he is now prepared to accommodate them in GRINDING and SAWING, having at both Mills competent and reliable men.

The Mills are in excellent condition for work, and all who favor him with their patronage may rely upon full justice in every respect being done them, and as good a turn-out for Grist as can be had at any Mill in the county. By giving his entire personal attention and a determination to leave nothing undone to give satisfaction to his customers he hopes to receive a liberal patronage.

my29 6m H. M. ROLLISON.

May 25th, 1869.

WE have this day completed extensive repairs on the MILL, which enables us to grind more than ten bushels of good Meal in one hour, and more than eight bushels Wheat. If any one doubts it, I invite him to call, and I promise to convince him. We can accommodate all that may find it convenient to send, in the best possible manner. We have also repaired the Mill for grinding Plaster, and Corn in the ear, etc.

N. B.—I have been compelled to expend quite a large amount of money in the repairs or incur great loss and the public much inconvenience; I would therefore take it as a great favor for any one owing me to call and pay their indebtedness, or any part of it. I have called where I thought it most likely to succeed and failed, and am discouraged from further attempts. This may find some prepared whom I least suspect. If so, I shall be spared the mortification of selling paper or borrowing money.

Most respectfully,
my29-tf. THOS. H. WHALAND.

To My Friends and the Public.

FEARING that I may not be able to undergo the arduous duties of my profession, I have this day associated with me Dr. J. A. PERKINS. From my knowledge of Dr. Perkins, I without hesitation recommend him to my patients. If any one should object to the services of either, they will so state when sending, that anything unpleasant may be avoided. The one preferred will give all or most attention. Consultations will be held without the consultation fee. Our charges will correspond with those who practise around us. We herewith offer our services and pledge our best efforts to discharge our duty.

T. H. WHALAND.

N. B.—I shall proceed to settle my old books, by legal process, upon all accounts remaining unsettled for more than two years.

YOU ALL

HAVE HEARD OF

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC,

Prepared by Dr. C. M. Jackson, Philadelphia. Their introduction into this country from Germany occurred in

1825.

THEY CURED YOUR

FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern preparation, or anything like one; but good, honest, reliable medicines. They are

The greatest known remedies for

Liver Complaint,
DYSPEPSIA,
Nervous Debility,
JAUNDICE,
Diseases of the Kidneys,
ERUPTIONS OF THE SKIN,

and all Diseases arising from a Disordered Liver, Stomach, or

IMPURITY OF THE BLOOD.

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.

All these indicate disease of the Liver or Digestive Organs, combined with impure blood.

Hoofland's German Bitters

is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

Hoofland's German Tonic

is a combination of all the ingredients of the Bitters, with rum, Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in cases where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY,

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

These Remedies are the best

Blood Purifiers

ever known, and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order; keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no disease will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything you must try these preparations.

FROM HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania.

PHILADELPHIA, March 16, 1867.

I find "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action, in the system.

Yours truly,
GEO. W. WOODWARD.

FROM HON. JAMES THOMPSON,

Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 28, 1866.

I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,

JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

DR. JACKSON—DEAR SIR:—*I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,*

J. H. KENNARD,
Eighth, below Coates street.
