THE COURSE TO BE PURSUED IN VIRGINIA.—The New York Tribune of yesterday, in a somewhat lengthy editorial on the course about to be pursued by Gen. Canby in Virginia, says:

It is now given out that the result will soon be officially announced, the new Legislature thereupon summoned to meet, the iron-clad oath administered, all who cannot take it excluded from seats, and their defeated antagonists installed in their stead. The new profit of the operation is to be the choice of two Wells republicans to the United States Senate.

We protest against this programme as involving perfidy, iniquity, and a most stupendous blunder. The only party that can be harmed by it is that which conceived and executes it. We have an overwhelming republican majority in the Senate, so that there is not even the poor, rascally excuse of necessity for perpetrating it. It is calculated to alienate the Walker republicans permanently from the national party and give the democrats an advantage everywhere. It is a resort prompted by the mortification of defeat; but the republicans of the whole country cannot afford to sacrifice themselves on the altar of Wells' discomfiture.

THE CHASE MOVEMENT IN MARYLAND.—A correspondent of the New York Post (republican) telegraphs to that journal as follows:

"Trustworthy information from Maryland is to the effect that great activity prevails among the republicans headed by Judge Bond, in view of the approaching primary elections, at which the Republican State Central Committee will be reorganized. They have strong hopes of carrying these elections against the regular republicans by obtaining a majority of the members of the new central committee. The Chase movement, headed by Bond in Maryland, has, its friends claim, developed more strength than the most sanguine anticipated; but the early exposing of the scheme will, it is believed, prevent it assuming a very serious aspect."

FEARFUL DEATH BY LIGHTNING.—A terrible calamity occurred in the town of Caldwell, N. J., on Sunday evening last, the particulars of which is given by the New York Times as follows:

"A young man named Stephen Pierce was walking home from the Methodist Episcopal Church in company with a young lady, when they were overtaken by a violent storm, which was preceeded and accompanied by thunder and lightning. The village was suddenly illuminated with an intense light, and Pierce and his companion fell to the ground.—The lady was stunned, but she soon recovered and screamed for help. When help arrived nothing was found of the young man who had accompanied her but mangled remains. His boots were stripped from his feet, his limbs were severed and lacerated, and the features were not recognizable by those who had known him in life. The unfortunate young man is said to be the fourth of his family who have lost their lives by the same cause."

A SELF-DENYING OFFICIAL.—While the President and several of the Cabinet officers and prominent officials are rampaging around the country in search of sport, fifty acre lots, or anything else they can pick up, it is a source of gratification to know that at least one of these trusted servants of the people is sacrificing himself to the demands of business. Postmaster General Creswell being solicited recently to address the colored citizens of Harford county, replied by letter that he was "*constrained to deny himself the gratification* of attending, because of the constant pressure of official engagements." All honor to the man who can deny himself the gratification of mingling with his colored fellow citizens in the sunlight of an August day, to employ himself with such an uncongenial business as official duty.

THE FRACTIONAL CURRENCY SUPPLY AND DEMAND—*Amount in Circulation.*—The scarcity of fractional currency is the subject of complaint from all parts of the country. Treasurer Spinner has received a letter from Gen. Butterfield, the assistant treasurer at New York, stating that he had but $3,215 of all denominations at his disposal. The amount in the treasury here was $31,600.

The bank-note printing companies at New York are very much behind in the work of supplying the department with the printed sheets, and as yet none of the twenty-five cent notes have been received. The old currency is received at the rate of $75,000 per day for redemption, and (as the original plates have been destroyed) the only recourse is through the bank note companies having the printing. Superintendent Mr. Carter, of the bureau of engraving and printing contracts, to-day expected favorable advices from New York, but not a word was received. The amount of fractional currency actually in circulation is not over $25,000.

AFFAIRS IN CUBA.—Advices received at Washington from Cuba to the 9th inst. represent a more hopeful feeling among the revolutionists. The recent general conscription has largely increased the revolutionary forces. The slaves are showing great discontent, demanding their freedom, and many are arming to join the Cubans. Several contests are reported to have taken place between the negroes and the Spanish troops, in which the former are said to have defended themselves successfully.

GENERAL JOHN A. DIX, late Minister to France, was arrested in New York on Tuesday at the instance of John Mitchell, "the Irish Patriot," who charges him with illegal imprisonment. Mitchell, it will be remembered, was arrested in that city and imprisoned at Fortress Monroe by General Dix in the summer of 1862, and upon this fact he brings suit for $25,000 damages. Gen. Dix gave security in the amount of $25,000 to answer the charge.

HON. JUDAH P. BENJAMIN, late of the Confederate Cabinet, but now of England, has, after two years appearance at the British bar, been made Queen's Counsel, an honor almost without precedent in the promptitude of its bestowal. Aside from making him senior counsel in whatever cases he may be employed, the promotion will considerably add to his emoluments.

HOW TO ERADICATE SASSAFRAS BUSHES.—It has been a frequent inquiry as to how they could be got rid of, and we therefore append the following, which we find communicated to the Balt. *American:*

"I see that you have invited your subscribers to contribute to your Agricultural column. I am not in the habit of writing, but feeling well assured that this communication will be beneficial to many, I feel it my duty to make it known. It is a well known fact that many farmers are infested with sassafras bushes, and that many plans have been adopted for their destruction with little success, the trouble being that when they are grubbed up every small root left in the ground will in the ensuing spring produce a separate root, and thus the numbers increase. Thirty years ago a practical farmer, who had seen four-score years, told me that if the bushes are grubbed a day before and the day after the full of the moon in July, and the day before and the day after the full of the moon in August, the small roots left in the ground will never germinate again. After thirty years experience, I am prepared to say to all who are troubled with them, suspend all other work, embrace the opportunity offered during the five days I have named, and in the coming spring you may see one in a thousand; but follow the same course next summer and you will see your enemy no more. I speak from experience. I shall leave others to philosophize and theorize upon it. GEORGE LEARY,
Near Rees' Corner, Kent Co., Md.

The Morning Star Bitters Co.,

HAVE determined to present their Bitters to the public, knowing that they will sustain the merits claimed for them. This is no novelty in the market, having been before the public for the last ten years, and has everywhere stood the test of the most searching scrutiny. This Medicine is accurately compounded from the purest ingredients by experienced chemists. Neither is it claimed that the ingredients were hitherto unknown to the medical profession, on the contrary the various component parts have for a long time (some for centuries) been used by the most skeptical and experienced Physicians as a Specific in cases of Dyspepsia, Poverty of the Blood, Nervous and Bilious Headache, and many diseases arising from derangement of the Digestive Apparatus. It is not claimed for this article that it will cure all diseases. In BILIOUS FEVER and CHILLS AND FEVER, its value not only as a relief, but as an actual cure, has been fully proved. It is especially recommended in all diseases resulting from an impoverished state of the Liver, such as Hepatic Congestion, Biliary Obstruction, excess of Bile, &c.

It is recommended by prominent Medical men, who though opposed in principle to all patent or proprietary Medicines, have been forced by the result of their experience with the M. S. BITTERS, to recommend its use to their patients and the general public. We append a few of their certificates:

CHURCH CREEK, Aug. 15, 1866.

Having been made acquainted with the composition of the "Morning Star Bitters," I have no hesitation in stating that they are well adapted to cases of debility of the digestive organs, in which a purely vegetable tonic is required. THOS. KING CARROLL, M. D.

No. 230 BARRE ST., BALT., MD.

I hereby certify that for a number of years I was afflicted with Dyspepsia, it resisted all treatment and finally became so bad that I was compelled to abandon my business, regarding the case as hopeless. A persevering use of the M. S. Bitters completely removed the troubles.
my22 6m. WM H. SMITH.

URIEVILLE GRIST AND SAW MILLS.

THE undersigned having rented the above well known Mills, takes this method of informing his friends and the public generally that he is now prepared to accommodate them in GRINDING and SAWING, having at both Mills competent and reliable men.

The Mills are in excellent condition for work, and all who favor him with their patronage may rely upon full justice in every respect being done them, and as good a turn-out for Grist as can be had at any Mill in the county. By giving his entire personal attention and a determination to leave nothing undone to give satisfaction to his customers he hopes to receive a liberal patronage.
m29-6m H. M. ROLLISON.

May 25th, 1869.

WE have this day completed extensive repairs on the MILL, which enables us to grind more than ten bushels of good Meal in one hour, and more than eight bushels Wheat. If any one doubts it, I invite him to call, and I promise to convince him. We can accommodate all that may find it convenient to send, in the best possible manner. We have also repaired the Mill for grinding Plaster, and Corn in the ear, etc.

N. B.—I have been compelled to expend quite a large amount of money in the repairs or incur great loss and the public much inconvenience; I would therefore take it as a great favor for any one owing me to call and pay their indebtedness, or any part of it. I have called where I thought it most likely to succeed and failed, and am discouraged from further attempts. This may find some prepared whom I least suspect. If so, I shall be spared the mortification of selling paper or borrowing money.
Most respectfully,
my29-tf. THOS. H. WHALAND.

To My Friends and the Public.

FEARING that I may not be able to undergo the arduous duties of my profession, I have this day associated with me Dr. J. A. PERKINS. From my knowledge of Dr. Perkins, I without hesitation recommend him to my patients. If any one should object to the services of either, they will so state when sending, that anything unpleasant may be avoided. The one preferred will give all or most attention. Consultations will be held without the consultation fee. Our charges will correspond with those who practise around us. We herewith offer our services and pledge our best efforts to discharge our duty.
T. H. WHALAND.

N. B.—I shall proceed to settle my old books, by legal process, upon all accounts remaining unsettled for more than two years.

HOOFLAND'S GERMAN BITTERS,

AND

HOOFLAND'S GERMAN TONIC,

Prepared by Dr. C. M. Jackson, Philadelphia. Their introduction into this country from Germany occurred in

1825.

THEY CURED YOUR

FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters & Tonics. They are no tavern preparation, or anything like one; but good, honest, reliable medicines. They are

The greatest known remedies for

Liver Complaint,
DYSPEPSIA,
Nervous Debility,
JAUNDICE,
Diseases of the Kidneys,
ERUPTIONS OF THE SKIN,

and all Diseases arising from a Disordered Liver, Stomach, or

IMPURITY OF THE BLOOD.

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.

All these indicate disease of the Liver or Digestive Organs, combined with impure blood.

Hoofland's German Bitters

is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

Hoofland's German Tonic

is a combination of all the ingredients of the Bitters, with rum, Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in cases where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY.

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

These Remedies are the best

Blood Purifiers

ever known, and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order; keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no disease will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything you must try these preparations.

FROM HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania.
PHILADELPHIA, March 16, 1867.

I find "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action, in the system.
Yours truly,
GEO. W. WOODWARD.

FROM HON. JAMES THOMPSON,

Judge of the Supreme Court of Pennsylvania.
PHILADELPHIA, April 28, 1866.

I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it.
Yours, with respect,
JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

DR. JACKSON—DEAR SIR:—*I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.*
Yours, very respectfully,
J. H KENNARD,
Eighth, below Coates street
