THE MEDITATED WRONG UPON VIRGINIA.—We learn that a brother of Governor Walker, of Virginia, now in this city, recently had an interview with Gen. Canby, in which the latter distinctly declared his purpose to enforce the test oath against the members of the Legislature. The object of Mr. Walker's call upon Gen. Canby was to ascertain his real intentions, concerning which many conflicts have appeared in print. Gen. Canby told his visitor that Virginia could not be regarded as a State *de facto* until after her Senators were elected and admitted to Congress Therefore, the new constitution which abrogates the test oath was not now in force, and members of the General Assembly (although elected under it) could not be exempted from taking the oath. Beyond this important point, the military ruler of Virginia did not chose to be very communicative.—It is evident that he is waiting for more precise instructions from Washington; and it may be that he will have to wait for some time yet. The cabinet seems to be split up on the subject. The more conservative portion, such as Gov. Fish and Generals Rawlins and Cox, are said to oppose the test oath tyranny, but are overawed by such fiery radicals as Boutwell and Hoar, and the outside pressure of radical Senators and Congressmen.—President Grant is represented as on the fence, ready to try either way according to the preponderance of advice, but we cannot lend full credence to that statement. There is no doubt, however, that a plot is meditated by which all the fruits of the late Virginia elections will be destroyed, and that the present delay is only the hesitation natural to men possessing some degree of conscience as they stand on the brook of intended wrong-doing.—*N. Y Jour. of Com.*

QUARRELING OVER A CORPSE.—Saturday morning last Mrs. Ann Sutton, sixty years of age, died suddenly at her residence in New York, of dysentery, but, as no physician has been in attendance, Coroner Flynn was notified, and, an inquest having been held, a burial permit was granted and given to William Kennedy, an undertaker. Here a new phase was given the case, which is thus explained by the Times of Monday:

"Up to this time the deceased appeared to have been utterly friendless, no one manifesting the slightest interest in the disposal of the remains, but the coroner discovering her bank book, which showed that she had died possessed of about $800, friends, and even relatives, sprung up with the rapidity of mushrooms.—Not only that, but the revelation stirred up one Reed, another undertaker, to activity, and when Kennedy reached the house he found his rival in possession.—A wrangle ensued between the two claimants of the emoluments accruing from burying the body, and was kept up with such vigor and persistency that some of the friends appealed to Inspector Walling at the central police office, to interfere, so that the body might be disposed of.—That officer, however, had no right to interfere, and up to a late hour yesterday the quarrel continued, to the scandal and annoyance of the neighborhood."

THRILLING INCIDENT—*A Jersey Heroine.*—The New York Tribune relates the following thrilling incident of the heroism of a Jersey girl:

"Yesterday afternoon a young lady of eighteen, while proceeding along the Morris and Essex railroad track, between Orange and Orange Junction, saw a gentleman who was walking a few paces ahead of her stagger and fall. At the same time she saw the down express for New York approaching. The unfortunate man fell on the line by which the train was coming, and his destruction appeared inevitable. The courageous girl with all speed ran to the prostrate man, and by great exertion succeeded in rolling him off the track, not before the locomotive had passed and cut off a portion of her dress.—The driver brought his engine to a stop immediately, and a doctor descended from the train and found that the unconscious man was suffering from an epileptic attack. The passengers loudly cheered the heroic action. On recovering consciousness the gentleman who had so nearly lost his life expressed the deepest gratitude. The young lady persistently refused to give her name, when some New York merchants mentioned their desire of presenting her with a testimonial. Amid deafening cheering and the waving of pocket-handkerchiefs the train pursued its way to New York."

A MISSISSIPPI school teacher in writing to a friend, says that a sad casualty happened near her school in Tippah county. "The eagles have been very troublesome in the neighborhood for some time past, carrying off pigs, lambs, etc. No children; but on Thursday, at recess, the little boys were out some distance from the house, playing marbles, when their sport was disturbed by a large eagle swooping down and picking up little Jemmie Kennedy, a boy of eight years, and flying away with him. The children cried out, and when I got out of the house the eagle was so high that I could just hear the child screaming. The alarm was given, and from screaming, shouting, etc., the eagle was induced to drop his victim; but his talons had been buried in him so deeply, and the fall was so great that he was dead when found.

THE proposition to modify the income tax law is being put into shape by influential members of Congress now in Washington. It is shown that all the necessary expense of the government, with the exception of interest on the public debt, can be raised by the taxes on whiskey, tobacco, licenses and a greatly modified income tax.

SCOUTS THE IDEA.—The Richmond Dispatch scouts the idea that Gov. Walker will resign if Gen. Canby insists upon forcing the test-oath upon Virginia. It says that since his election he has risen to a higher place in the esteem and respect of those who know him than he held before, and that he has no idea whatever of resigning.

CLOSING UP.—The day after the Tennessee State election, the newspaper organ of Mr. Stokes, at Nashville, discontinued business. The Radical party was also preparing to go into bankruptcy, with enormous liabilities and no assets, except worn-out carpet-bags of a peculiar odor, and overrun with various kinds of insects.

ANDY JOHNSON BEFORE THE MOB.—The Knoxville *Whig* draws the following picture of Andrew Johnson as he stood upon the stand at Marysville, threatened with death by the radical mob whom he held at bay:

"Amid the excitement he stood as calm as if no danger had menaced him.—The cries of "Take him down!" "Shoot him!" and others as violent, though couched in language too indecent for repetition, were met with glances of cold defiance. He was a man of marble, save that his eye flashed with unutterable resolve to maintain to the last the course he had marked out. His friends were determined to protect him at all hazards, and when the third effort at intimidation was thwarted, the enemy gave up the attempt in disgust and despair."

CATTLE DISEASE.—A cattle disease of a very rare character has appeared in the town of Shrewsbury, Maine. One of the animals killed developed a healthy external appearance of lungs, but on cutting, the bronchial tubes were found to be filled with minute thread-like worms, so numerous as to obstruct these tubes throughout their extent, and thus render respiration impossible. These worms resemble fine white threads cut in two lengths varying from 1 to 3 inches, invested with life, and forced promiscuously into the air passages of the lungs.

The Morning Star Bitters Co.,

HAVE determined to present their Bitters to the public, knowing that they will sustain the merits claimed for them. This is no novelty in the market, having been before the public for the last ten years, and has everywhere stood the test of the most searching scrutiny. This Medicine is accurately compounded from the purest ingredients by experienced chemists. Neither is it claimed that the ingredients were hitherto unknown to the medical profession, on the contrary the various component parts have for a long time (some for centuries) been used by the most skeptical and experienced Physicians as a Specific in cases of Dyspepsia, Poverty of the Blood, Nervous and Bilious Headache, and many diseases arising from derangement of the Digestive Apparatus. It is not claimed for this article that it will cure all diseases. In BILIOUS FEVER and CHILLS AND FEVER, its value not only as a relief, but as an actual cure, has been fully proved. It is especially recommended in all diseases resulting from an impoverished state of the Liver, such as Hepatic Congestion, Biliary Obstruction, excess of Bile, &c.

It is recommended by prominent Medical men, who though opposed in principle to all patent or proprietary Medicines, have been forced by the result of their experience with the M. S. BITTERS, to recommend its use to their patients and the general public. We append a few of their certificates:

CHURCH CREEK, Aug. 15, 1866.

Having been made acquainted with the composition of the "Morning Star Bitters," I have no hesitation in stating that they are well adapted to cases of debility of the digestive organs, in which a purely vegetable tonic is required. THOS. KING CARROLL, M. D.

NO. 230 BARRE ST., BALT., MD.

I hereby certify that for a number of years I was afflicted with Dyspepsia, it resisted all treatment and finally became so bad that I was compelled to abandon my business, regarding the case as hopeless. A persevering use of the M. S. Bitters completely removed the troubles.

THEY CURED YOUR
FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern preparation, or anything like one; but good, honest, reliable medicines. They are

ERUPTIONS OF THE SKIN,
and all Diseases arising from a Disordered Liver, Stomach, or
IMPURITY OF THE BLOOD.

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.

All these indicate disease of the Liver or Digestive Organs, combined with impure blood.

Hoofland's German Bitters

is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

Hoofland's German Tonic

is a combination of all the ingredients of the Bitters, with PURE Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in cases where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY.

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the weak stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

These Remedies are the best

Blood Purifiers

ever known, and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order; keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no disease will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything you must try these preparations.

FROM HON. GEO. W. WOODWARD,
Chief Justice of the Supreme Court of Pennsylvania.
PHILADELPHIA, March 16, 1867.

I find "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action, in the system.

Yours truly,
GEO. W. WOODWARD.

FROM HON. JAMES THOMPSON,
Judge of the Supreme Court of Pennsylvania.
PHILADELPHIA, April 28, 1868.

I consider "Hoofland's German Bitters" a valuable medicine in cases of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,
JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,
Pastor of the Tenth Baptist Church, Philadelphia.

DR. JACKSON—DEAR SIR:—*I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.*

Yours, very respectfully,
J. H. KENNARD,
Eighth, below Coates street.
