TO WHEAT GROWERS.

"EXCELSIOR."

Containing Ammonia - - - - 6 per cent.
Super-Phosphate equivalent to Bone Phosphate of Lime - - - - 57 per cent.
Potash and Soda - - - - - 5 " "

We again call the attention of the farmers of Maryland and Virginia to our EXCELSIOR, composed of 700 pounds of No. 1 Peruvian Guano, and 1,300 pounds of Soluble Phosphat of Lime (bones dissolved in sulphuric acid,) potash and soda, forming the most concentrated, universal and durable fertilizer ever offered to the farmer—combining all the stimulating properties of Peruvian Guano, and the ever durable fertilizing properties of Ground Bones.

Excelsior is in fine dry powder, prepared expressly for drilling, and can be applied in any quantity per acre, however small; and it is the opinion of many close calculating Farmers, after ELEVEN years experience in testing it side by side with other popular fertilizers that an application of 100 pounds of Excelsior is equal to 200 to 200 pounds of any other fertilizer or guano offered for sale, therefore is fully 100 to 200 per cent. cheaper.

The very best evidence we can offer of the value of our Excelsior as a crop grower and fertilizer, is the fact of its being imitated and counterfeited in this and other cities.

Farmers should see that the ANALYSIS and name of J. J. TURNER & CO., are branded on every bag in *RED LETTERS*. All others are counterfeits.

PRICE $70 PER TON.

RUTH'S CHALLENGE

Soluble Phosphate!

The Most ACTIVE and DURABLE Fertilizer ever offered to the Farmer.

This article is made expressly to supply the place of A No. 1 Peruvian Guano and will be found as active as Guano and much more durable in its effects. It is made upon the principle that the measure of our prosperity is the prosperity of the farmer, and every farmer who uses it may confidently rely upon large crops, unless injured by providential acts.

It is indeed the "CHALLENGE" Fertilizer of the times, and in order that it may always remain such we have engaged in its preparation the very best Chemical skill in this country. Give it a trial.

IMPORTANT TO FARMERS.

Super Phosphates.

THE MARYLAND

Fertilizing and Manufacturing Co.,

Incorporated January, 1867.

DIRECTORS:

WM. G. HARRISON, WILLIAM MUMSEN,
LAWRENCE SANGSTON, RICHARD J. BAKER,
ROBERT TURNER, WILLIAM TREGO.

WILLIAM TREGO, *Manufact'g Chemist.*
LAWRENCE SANGSTON, *Pres't.*

This Company, incorporated by the Legislature of Maryland for the Manufacture and Sale of Fertilizers, are now prepared to furnish the agricultural community with their products.

Deriving their supply of material from the richest of the recently discovered deposits of Bone Phosphates in South Carolina, they have established, and will inflexibly maintain, a higher standard of Fertilizing value than any similar productions hitherto in the market.

While the material they use contains 60 per cent. of Bone Phosphate of Lime, it is guaranteed to contain a larger percentage of *Soluble Phosphate* than any heretofore used.

Fine Ground Bone Phosphates,

Price $30 per Ton in Bags.

Containing by the average of the Analysis of Professors Piggot, Leibig and Poplein, 60.20 per cent. of Bone Phosphate of Lime.

The unusual per centage of *Soluble* Phosphate will make this form very desirable to Farmers who prefer to use it in its natural state or to manipulate for themselves.

ALKALINE SUPER PHOSPHATE

Price $50 per Ton in Bags.

This Preparation has special reference to the growth and development of the Seed or Grain, and is intended for the soils that produce large crops of Straw, and small crops of Grain.

Ammoniated Super Phosphate,

Price $55 per Ton in Bags.

Adapted to Lands that require a full development of the crop, both Straw and Grain.

The superiority of the South Carolina Phosphate is fully demonstrated by the fact that most of the leading Manufacturers of Artificial Fertilizers are now using, or making arrangements to use it, as the Phosphatic base of their Preparations, and large quantities are being shipped to Europe.

The various preparations of the Maryland Fertilizing and Manufacturing Company are made under the personal supervision of a Manufacturing Chemist of thirty Years' experience, and are confidently recommended to the Agricultural Community.

MORO PHILIPS'

GENUINE IMPROVED

SUPER-PHOSPHATE OF LIME,

(Standard Guaranteed.)

For Sale at Manufacturers' Depots,
No. 27 N. Front Street, Philadelphia,
—AND—
No. 95 South Street, Baltimore,

And by Dealers in general throughout the Country.

THE SOMBRERO GUANO, of which MORO PHILIPS' PHOSPHATE is, and always has been manufactured, (and of which he has sole control for the United States,) contains *fifty per cent more Bone Phosphate than Raw Bone*, therefore it is more durable. A large per cent. is *Soluble*, and will immediately yield its nourishment.

The *Ammonia* it contains is pure and ready to yield its value—*not* animal matter, capable of yielding its ammonia after decomposition in the soil.

Nothing is spared in its manufacture to render it the most valuable Super-Phosphate and Crop Producer in the market.

Eight years' experience has proved to the farmer that it is *durable* and can always be relied on as *uniform in quality*; and the numerous unsolicited testimonials continually received of its use in competition with other Fertilizers, attests that it has not been excelled.

PRICE: $56 per ton of 2000 pounds. Discount to Dealers. MORO PHILIPS,

SHRINER'S BALSAMIC COUGH SYRUP

Will cure the ASTHMA, BRONCHITIS, BLOOD SPITTING, DIFFICULTY OF BREATHING, PAIN and WEAKNESS IN THE CHEST, TROUBLESOME COUGHING AT NIGHT, &c. It will effectually remove the Cough that frequently follows Measles, and any affection of the respiratory organs, no matter of how long standing, or whatever the age of the person. It acts as a specific, is purely vegetable, and is pleasant to the taste. Its effect is soothing, allaying the violence of the cough, facilitating expectoration, quieting the nerves and exhilirating the system.

Mothers, Save Your Children!

No child need die of CROUP, if this Syrup is used in time; *this is a fact demonstrated by experience.* No family should be without this Syrup, as that fatal disease, CROUP, comes like a thief in the night, to steal away your little ones, when regular medical aid cannot be obtained.

BALTIMORE, February 15, 1869

Messrs. Lieutaud & Co., Dear Sirs:—The "Antidote" which you sent me for examination, and aplication to any obstinate case of Intermittent Fever which might come under my notice, has been received. I have analyzed the contents, and after discovering the ingredients, and recognizing them as applicable to the disease in question, I determined to give it a trial. I did so, and found the therapeutic effects precisely in accordance with the character claimed for it by you; in no instance has it failed, frequently half a bottle being sufficient for the complete cure of cases of long standing; even those in which chronic enlargement of the Liver and Spleen had been superinduced. I regard it as a decidedly scientific discovery. I would recommend it to all sufferers of Chills and Fevers. WM. D. M. LARKIN, M. D.

URIEVILLE GRIST AND SAW MILLS.

THE undersigned having rented the above well known Mills, takes this method of informing his friends and the public generally that he is now prepared to accommodate them in GRINDING and SAWING, having at both Mills competent and reliable men.

The Mills are in excellent condition for work, and all who favor him with their patronage may rely upon full justice in every respect being done them, and as good a turn-out for Grist as can be had at any Mill in the county. By giving his entire personal attention and a determination to leave nothing undone to give satisfaction to his customers he hopes to receive a liberal patronage.

my29-6m. H. M. ROLLISON.

May 25th, 1869.

WE have this day completed extensive repairs on the MILL, which enables us to grind more than ten bushels of good Meal in one hour, and more than eight bushels Wheat. If any one doubts it, I invite him to call, and I promise to convince him. We can accommodate all that may find it convenient to send, in the best possible manner. We have also repaired the Mill for grinding Plaster, and Corn in the ear, etc.

N. B.—I have been compelled to expend quite a large amount of money in the repairs, or incur great loss and the public much inconvenience; I would therefore take it as a great favor for any one owing me to call and pay their indebtedness, or any part of it. I have called where I thought it most likely to succeed and failed, and am discouraged from further attempts. This may find some prepared whom I least suspect. If so, I shall be spared the mortification of selling paper or borrowing money.

Most respectfully,
my29-tf. THOS. H. WHALAND.
