

Thursday Morning Feb. 4, 1875.

The Orphans' Court of Caroline county will meet on Tuesday, 9th of Feb., 1875.

The Union will not be sent to any subscriber living outside the county unless paid for in advance.

The Editor's Hash.

— Valentine's day comes on Sunday this year.  
— Scarlet fever is prevalent at New Castle, Del.

— Hooping Cough is prevailing to some extent at Milford, Del.

— Don't invest in the Japanese Penny—they are a cheat and a swindle.

— This is the season of religious revivals in the M. E. Churches throughout the peninsula.

— The total number of Sunday Schools in Baltimore city is 207, teachers 4,773, scholars 54,353.

— A joint stock company is about to be formed at Harrington, Del., for canning and drying fruit.

— The Choptank at this place is now flowing from ice and vessels may pass up and down the river without obstruction.

— Miss Maggie, daughter of Hon. Willard Salisbury, of Dover, died of pulmonary consumption last week. She was 13 years of age.

— The Delaware Legislature last week elected Thos. B. Giles, of Laurel, Speaker, and Dr. Nathan Pratt, of Milford, State Auditor.

— Mr. Robert Gilmore, Sr., father of Harry Gilmore, of rebel fame, died in Baltimore city on Saturday afternoon last of paralysis, aged 77 years.

— The protracted services at the M. E. Church in this place are still progressing. Several persons have professed conversion and the interest in the meetings still continue.

— Mr. Marcus Denison, an aged, wealthy and influential citizen of Baltimore and the father of Gen. M. A. Denison postmaster of that city, died at his residence one day last week.

— At the residence of his brother, Robt. H. Wilson, in Florida, on the 16th ultimo of consumption, Dr. Willard H. Wilson, son of Mr. George W. Wilson, formerly of this county, aged 27 years.

— The wife of Mr. Robert H. Wilson, formerly of this town, died in Alachua Co., Florida, on the 8th of last month, aged 33 years. She had been for months past a sufferer from that slow and fatal disease, consumption.

— The dwelling house on the farm belonging to Rev. J. A. Chapin, in the occupancy of Wm. W. Gootee, in Poplar Neck, near Preston in this county was destroyed by fire last week. Mr. Gootee saved all his personal effects.

— The Smith, son of Samuel G. Smith, formerly of this town, and well known to many of our citizens, who was so badly burned by the explosion of a coal oil lamp on Christmas eve at Georgetown, Del., is improving and it is now expected he will get well.

— Mr. Jas. Anderson an aged and prominent citizen of Georgetown, Del., died at his residence in that place on the 30th ult. He was for many years cashier of the Georgetown branch of the Farmer's Bank, and was regarded as an upright and worthy citizen.

— A religious revival is in progress at St. Georges, Del., and some sixty or seventy, some of them the leading citizens of the place, have united with the church. Prominent among the converts is the hotel keeper, who has not only joined church, but has abandoned the sale of liquors.

— An old book was purchased by a rag dealer of Wilmington last week entitled the "Notes and proceedings of the House of Representatives of the Province of Pennsylvania on the 4th day of December, 1782." It is a folio of 200 pages, printed by Benjamin Franklin in 1782.

— A lawyer named Potts Seymour was convicted in the Circuit Court at Towson last week for obtaining a watch under false pretenses and sentenced to confinement in Baltimore city jail for one year. The court first sentenced him to the penitentiary for two years and four months but afterwards revoked the sentence and sent him to jail for one year.

— We have never received a copy of the Denton Union so badly printed as the copy of Thursday.—*Easton Gazette.*

— It is a rare occurrence to hear complaints of the typographical execution of our paper. The copy we received last week, brother Council, was about the only sheet spoiled in our whole edition. It is the first time we have given you a bad copy and you should not take the matter so closely to heart.

— Andy Johnson who has rose from alderman to be accidental president of the United States, was last week, elected United States Senator from Tennessee for the term of six years from the 4th of March next. The contest in the Legislature was a square fight between Johnson and Walker, one a Union man and the other a known secessionist and a General in the Confederate service. Though the battle was long and desperate Andy came out on the winning side.

— The name of A. P. Jump, formerly of Easton, but for several years past a practicing attorney in Baltimore, was struck from the roll of attorneys in Towson town Court last week. The charge against Mr. Jump was that he represented certain John Lynch to be the owner of a lot in Baltimore city for the use of having him taken as surety on a bond. It has since been shown that J. Lynch has no such property. Mr. Jump made an appeal from the decision of Yellott to a full bench.

Peninsular Waifs.

CRUEL COUNTY.

John H. Pryor, of Elkton, has been promoted from a \$1200 clerkship at Washington to \$1500 salary.

Mr. Othey, of Andora, lost a valuable horse last week from a fall on the ice, breaking his leg and injuring him so badly that the animal was shot to end his sufferings.

Mr. Reuben Haines, a prominent lawyer of Elkton is seriously ill, superinduced by close attention to office labors.

The grist mill and 153 acres of land, belonging to the estate of Eli Hurford, deceased, has been sold to Robert Trimble, residing near Zion, for \$4,800. R. Haines England has sold his grist, saw, and set mills, four acres of land, and two dwelling houses, to Joseph Pyle, of the same neighborhood, for \$7,000.

Three Germans visited Elkton last week and with their pinback watches, swindled a Mr. Reitzle out of \$220. They made off with the money but were overtaken at Wilmington, the money recovered, but the swindlers were allowed to go scott free.

Revival meetings at all the churches in Elkton are in full blast. Even the Episcopal church at that place has made a departure from the old beaten track and the minister has published a programme of services to be continued eight days.

WEST COUNTY.

Bishop Becker, of the Roman Catholic Church of Wilmington, Del., lectured at Chestertown last week on the hobby of that church, the infallibility dogma.

The Union Telegraph company have extended their line into Chestertown and opened an office there.

Mr. T. W. Russell deputy Register of Wills has retired from the position and has been succeeded by Henry Dekey.

A tenant house, on the farm of Sheriff Plummer, was destroyed by fire one day last week. Loss about \$300.

The corporation finances of Chestertown are said to be good. After the payment of all claims about \$60 have been deposited in the Kent National Bank.

QUEEN ANNE'S COUNTY.

It is said that Queen Anne's is afflicted with mad dogs. It is also afflicted with mad men, too, if time has not wrought a reformation with only a few people.

Mrs. Ann Nicholson, of Centerville, fell down stairs last week and dislocated one of the bones of one of her arms. The injury is not serious.

Two colored children being left alone in the house by their parents last week, took it into their head to play with their father's gun, when the youngest was shot in the neck and killed instantly.

A half-witted colored man named Elijah Thigman struck at Mr. Thomas Anderson last week near Church Hill with an open knife inflicting an ugly wound in the cheek. The wound is not dangerous and the negro has evaded the officers of the law.

The Grangers of Wye Mills had a sumptuous dinner last Thursday night.

TALBOT COUNTY.

The February term of the Circuit Court for Talbot county has been postponed from the 2d to the 9th inst., next Tuesday.

Mr. Shannahan, the ice man at Easton, has gathered 450 tons of ice for next summer's use.

The death warrant of George Wheeler has been read to him in his cell and he is said to have been considerably affected. He will be executed at Easton on the 12th of March next.

Talbot county has 52 Road Supervisors and if there is any use for that number beside drawing pay, they ought to have mighty good roads in Talbot. Here is an army of officers if marched in a body upon the country treasury would be even as destructive as were the locusts in Kansas or Nebraska last year.

Messrs. Tenth & Avery have made great improvements recently, in their hardware store and have on hand everything that is needed by the farmer or housekeeper.

DORCHESTER COUNTY.

The Cambridge News says: The grave of Wm. H. McCotter was opened some time since, and it was discovered that his body was missing. A rumor prevailed that after his body was given to his friends life was resuscitated, and that to-day McCotter is living somewhere. The empty coffin has greatly strengthened the belief among many of his old associates, but undoubtedly some medical student or doctor procured his body to dissect. McCotter was hung in Cambridge on the 6th of February last.

Candidates for office are becoming plentiful in Dorchester.

For the first time in the last ten years persons have crossed the Choptank on the ice.

The President and Treasurer of the Dorchester and Delaware railroad have purchased on their own responsibility several freight and one mail car, thus making the rolling stock on that road independent of all other roads.

Rev. Dr. Guard, one of the greatest pulpit orators of the age, is expected to deliver a lecture in Cambridge about the 15th of the present month.

The officers of the D. & D. railroad have built a new wharf at Cambridge for the accommodation of the fishermen who ship over that road.

A gentleman who had commenced the building of a dwelling house at Preston in this county and had it raised and the doors and window frames all in has taken it down and shipped it over the railroad to Cambridge where he will complete it.

Committed for Court.

Our jail for sometime past has been without an occupant, save the Sheriff and his family, who have enjoyed the quiet of the domestic circle without interruption. On Monday last, however, Henry Patchett, colored, was committed for an attempted outrage upon a demented white woman at the Alms House and for abusive and threatening language to Mr. Druggist, the overseer of the poor. So far, we believe this is the only case of a criminal nature awaiting trial at the April term of our court.

A Good Financial Condition.

A gentleman, a resident of Baltimore city, and who is thoroughly conversant with the business affairs of the Eastern Shore and who does business for one of the largest houses in that city, remarked to us a few days ago that the financial condition of the merchants and business men of Caroline county is sound and more wholesome than that of any county this side of the Chesapeake. He further remarked they paid their bills more promptly and the merchants of the city lost less money in Caroline than in any other county. Another evidence may be noted in the fact that Caroline has less sales by the owners of the law than any other county. This speaks well for the public credit of our people and shows that they are living within their means.

Be sure and call for Dr. Bull's Cough Syrup, if you are troubled with a bad cough or cold. It will give you relief. For sale by every respectable Druggist. One bottle 25 cents; five bottles \$1.00.

DENTISTRY.

Dr. Abiel Bowen, Dentist, is at Denton Tuesday. Office in the building recently occupied as the Episcopal Church. Green-borough Saturdays. Office at R. Plummer residence. Persons wishing Dentistry other days can be waited on at his residence or at either of the above places by engagement.

READY MIXED PAINT.

We call special attention to the excellent testimonials of Mr. C. P. Knight, in reference to Ready-Made Paint. Not having used the paint we can't speak from experience, but we feel sure it is to the interest of all our customers, who desire painting, to test the same.

DYSPEPSIA.

Dyspepsia is the most discouraging and distressing disease man is heir to. Americans are particularly subject to that disease and its effects: such as sour stomach, sick headache, habitual costiveness, heart-burn, water-brash, gnawing and burning pains in the pit of the stomach, coming up in the food, coated tongue, disagreeable taste in the mouth, impaired blood, and all diseases of the Stomach and Liver. Two doses of Gass's Attract Flowers will relieve you at once, and there positively is not a case in the United States it will not cure. If you doubt this go to your Druggist, Chas. Stevens or Dr. Fisher, and get a sample bottle for 10 cents and try it. Regular size 75 cents.

WONDERFUL SUCCESS.

Three years ago Dr. Boschee's German Syrup was introduced in the United States from Germany for the cure of Coughs, severe Colds settled on the breast, Consumption and other diseases of the Throat and Lungs. No medicine ever had such a success, 200,000 sample bottles have been distributed every year for three years by Druggists in all parts of the United States, and nearly 10,000 letters from Druggists are now on our files, saying that no other preparation in their stores sells as well and gives such excellent satisfaction. All we ask is for you to go to your Druggist, Dr. Fisher or Chas. Stevens and get a sample bottle for 10 cents and try it. Regular size 75 cents.

Facts FOR THINKING PEOPLE

There are a few, perhaps half a dozen Sewing Machines

of real excellence, differing from one another more or less in principle, construction and adaptation: one being suitable for tailoring, another for bookwork, another for family use, &c., &c., the rest are inferior, and by far the greater number

ARE WORTHLESS.

It is not worthy that the sewing machine for which the highest premium was awarded at the World's Fair in New York in 1853, long since sunk into merited oblivion. The past fifteen years has seen numerous machines with high sounding pretensions, rise with a flourish, confound the simple and vanish. So will it be while credulity lasts.

Time Tries all Things.

Use only furnishes the final test. As the purchase of a Sewing Machine is, or may be, the act of a life-time, care should be taken to get what time and use have approved. During the past six years the Howe Machine Co. have made and sold over

600,000 SEWING MACHINES,

and to-day, though manufacturing at the rate of one per minute can hardly supply the demand. What better evidence is needed to prove that the public have decided that they are

THE BEST.

READ! GREAT DISCOVERY. READ!! READ!!!

NEW JERSEY ENAMEL PAINT CO., MANUFACTURERS OF LIQUID ENAMEL PAINT, (BRADLEY'S PATENT.)

Made from Pure White Lead, Linseed Oil and Zinc. Always Ready for Use.

Read the following Testimonials.  
Testimonials from the Vestry of Mount Calvary Church, BALTIMORE, August 13th, 1874.  
Mr. C. P. KNIGHT:—We take pleasure in testifying to the excellent quality of the paint obtained from you, and applied to the exterior of Mount Calvary Church, in this city. It has now been nearly two years since it was put on, and for beauty of color, freshness of gloss and durability, it has fulfilled our largest expectations. Respectfully,  
BERNARD CARTER, S. C. CHEW, M. D., JAS. M. ANDERSON, BENJ. C. BARRELL.

From Mr. Isaac Albertson, BALTIMORE, December 10th, 1872.  
Mr. C. P. KNIGHT:—It affords me much pleasure to say to you that the Bradley Patent Enamel Paint far exceeds my expectations in economy, beauty, and I have every reason to believe in durability. More than twelve months since, I painted the roof of my house (Mansion House) with the Bradley Patent Enamel Paint, and I was so well pleased with it, I determined to paint the fronts of the "Hotel," and I am most happy to say that it gives me perfect satisfaction. In conclusion, I will say, if this testimonial will be of any advantage to you, you are at liberty to use it. Yours most respectfully,  
ISAAC ALBERTSON, Mansion House Hotel, cor. Fayette and St. Paul Sts., Baltimore.

From Hon. John Withers, ANNE ARUNDEL CO., Md., May 27, 1872.  
Mr. C. P. KNIGHT:—At the recommendation of a friend, I was induced to apply your patent "Bradley's Paint" to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, and carries better gloss than ordinary paint, and is free from disagreeable odor.  
Yours Respectfully, JOHN WITHERS.

From James Holt, Esq., MARYLAND LINE, Baltimore Co., Md., Sept. 24, 1872.  
C. P. KNIGHT, Esq., Agent for Bradley's Patent Enamel Paint, Baltimore:—The paint which I purchased from you has given entire satisfaction, so much so that all my neighbors intend to follow my example, and have their houses painted. It is not only durable and cheap, but it looks better after it is put on than any paint I ever saw. The painter I have employed is delighted with it. He says he can paint twice as fast, and at the same time do a better job with the Enamel Paint than any other he ever used. I can therefore, without hesitation, recommend it to the public as one of the very best articles of paint ever introduced.  
Yours very respectfully,  
JAMES HALL.

The following letter is strong and valuable:  
BALTIMORE, Md., Dec. 27, 1871.  
C. P. KNIGHT, Esq., Agent for Bradley's Patent Enamel Paint, Baltimore:—The paint we purchased from you will cheerfully endorse as the best of any kind we have ever used, its covering qualities is everything desired, drying promptly and with a hard gloss, which must, we think, resist the action of all kinds of weather.—This is our experience and we can recommend it with certainty, and intend to use it on all occasions where we desire a good job of work.  
Very Respectfully,  
EMMART & QUARTLEY, 276 W. Baltimore St., House, Sign and Fresco Painters.

Milford, September 24, 1872.  
Mr. C. P. KNIGHT:—As I have been using Bradley's Patent Enamel Paint, and not finding in one instance where it has failed to give satisfaction, I am therefore frank in recommending it to the public as the best paint in use. It dries promptly, and adheres firmly, and in beauty there is none excels.  
Yours Truly,  
JAMES H. TRUIT, House and Sign Painter, Milford, Delaware.

From Murray Addison, Esq., PRINCE GEORGE'S COUNTY, Oct. 24, 1872.  
C. P. KNIGHT, Esq., Baltimore:—Dear Sir—Having given your paint a test of six months, I take pleasure in saying that it comes fully up to your representation, and I think looks as well now as when first applied. It maintains its gloss and color perfectly, and I think will out last any other paint I have ever seen.  
Very Respectfully,  
MURRAY ADDISON.

Mr. C. P. KNIGHT:—The PLAINS, Fauquier Co., Va., Feb. 6 1873.  
The paint we purchased from you has been applied to two kegs, five gallons each, and three buckets one gallon each. As practice is slack, I did the job myself.—Two weeks not constant work completed the house two coats, the last coat applied thick, and it is now generally conceded that the Enamel is the handsomest body and harmony of colors there is not a handsomer job in the place. I saved sixty-five dollars by the operation, which is an item just now with "Southern People." It should be generally adopted in this State; any country lad can apply it. I have never doubted in such stock as Testimonials, but I feel forcibly the great adaptability of your Enamel Paint to the wants of our people in excellence of material, in beauty of color, and the fact of its being ready-mixed, that I give you full permission, if it is desirable, to make what use you think proper of this letter.  
Very respectfully,  
S. MCGILL, M. D.
