Rev. Dr. Murray announced the sad intelligence of the decease of Rev. D. Bowers, an esteemed member of the Conference, and late pastor of Chatsworth Church, Baltimore, Md., who passed away Sunday last at 5 A. M. A committee was appointed by the Chair to prepare a suitable paper in reference to the deceased, viz; Dr. J. K. Nichols, Dr. S. B. Southerland, J. W. Herring, M. D.

Dr. Murray, the Conference, by a rising vote, returned thanks to the various families of Chestertown for the hearty welcome its members had received and for the hospitable manner in which they had been entertained. The following resolution was adopted:

Resolved, That the Conference has heard with great pleasure the addresses of D. L. Greenfield before the Superannuated Fund Society, and George Frame, Esq, before the Home Missionary Society, and respectfully request these brethren to furnish copies of the same to the *Methodist Protestant* for publication.

Rev. J. R. Nichols, as chairman of the committee on the obituary of Rev. Christian Eversole, read before the Conference a very appropriate eulogy on the memory of the deceased brother.

The name of Lower Sussex mission was changed to Sussex mission.

Rev. D. W. Bates, chairman of the committee on itinerancy and orders, further reported the following items, which were adopted: 1. That Rev. Sam'l Clawson be employed by the President. 2. That James G. Sullivan and J. B. Butler be received into the itinerancy.

Rev. J. K. Nichols, D. D., chairman of the committee to draft resolutions expressive of the profound sorrow of the Conference occasioned by the death of Rev. Daniel Bowers, reported as follows:

Whereas it has pleased the Great Head of the Church in His wise but inscrutable providence, to remove from among us by death our dear and much-beloved brother, Rev. Daniel Bowers, in the midst of his years and his usefulness; therefore be it

Resolved by this Annual Conference, That while we reverently bow in humble submission to the Divine will in this great bereavement, we do, nevertheless, deeply mourn, and are bowed down with sorrow on account of the death of our brother.

Resolved, That in his removal from our midst the Methodist Protestant Church has lost one of her best and most effective ministers, and the Maryland Annual Conference one of the brightest and most beloved of its members.

Resolved, That as ministerial members of this body, we do recognize in this sad event the solemn admonition "be ye, therefore, also ready, for the Son of Man cometh at an hour when ye think not," and that we will take heed thereto.

On motion of Rev. W. M. Strayer, the president was authorized to appoint a committee of three ministers and two laymen, all of Baltimore, to designate some plan for a church extension society, and to report progress at the next session of the Conference. Dr. Murray, Dr. Webster, Dr. Southerland, George Frame and B. H Richardson were constituted said committee.

A RAID OF THE NEW YORK GAMBLERS.—On Saturday night the police in New York, by direction of Superintendent Kelso, made a raid on several "keno" establishments in that city, and arrested all the proprietors, with several hundred others, including merchants, lawyers, clerks and others, engaged in gambling. They were all marched off to different stations, and imprisoned until Sunday morning, when some were held for court, and others fined or discharged. The New York *Times* says:

"As the net result of the great raid of Saturday night, fifteen saloons, where the game of keno was played, have been summarily closed, and 438 persons have fallen into the hands of the police, because of their indulgence in the game. It is too soon to say that this dangerous species of gambling has been permanently ended by this energetic action of Superintendent Kelso, as it may happen, as it has before, that some, if not all the places, will reopen as soon as the fright of Saturday has subsided. But it is intended that the game shall be entirely suppressed, and as a means to that end it is announced that Superintendent Kelso will obtain indictments against the owners of all houses in which it is hereafter played. Every other means will also be used until the city is no longer disgraced by the cry of 'Keno—correct.'"

Cheering Facts for the Bilious.

Every day demonstrates more clearly that liver complaint, in all its distressing forms, can be controlled and cured without difficulty or inconvenience. It is an obstinate disease, but its obstinacy is not proof against the pertinacious, remedial and restorative operation of Hostetter's Stomach Bitters. That genial corrective *compels the organ to do its duty*. It *must* secrete regularly and healthfully under the influence of the Bitters. Their action brings it back from a state of rebellion into perfect harmony with the laws of health. If there is costiveness, it disappears; if there is side-ache or back-ache, it ceases; if the skin and the whites of the eyes are tinged with superfluous bile, they recover their natural hue; if the appetite is gone, it returns; if the digestion is impaired it is restored; in brief, whatever the symptoms of the complaint may be, and whatever phase it has assumed, *a cure is certain*. Such are the uniform effects of this preparation where bilious disease has been already developed; but in cases where there is merely a constitutional tendency to liver complaint, it may be prevented throughout life by the regular use, in small quantities, of this palatable antidote. These are proven facts, and should be seriously pondered—or, rather, they should be promptly acted upon—by all persons of bilious habit.

Clear and Harmless as Water!

NATTANS' CRYSTAL DISCOVERY

FOR THE HAIR!

A PERFECTLY clear preparation in one bottle, as easily applied as water, for restoring to gray hair its natural color and youthful appearance, to eradicate and prevent dandruff, to promote the growth of the hair and stop its falling. It is perfectly harmless and entirely free from any poisonous substance and will therefore take the place of all the dirty and unpleasant preparations now in use. In everything in which the articles now in use are objectionable, CRYSTAL DISCOVERY is perfect. It is warranted to contain neither Sugar of Lead, Sulphur, Litharage, or Nitrate of Silver. Bear this in mind when you want anything for your hair.

Clear and clean as water, it does not soil the scalp or clothes, is agreeably perfumed, and makes one of the best dressings for the hair in use. It restores the color of the hair more perfect and uniformly than any other preparation, and always does so in from 3 to 10 days. Virtually feeding the roots of the hair with all the nourishing qualities necessary to its growth and healthy condition, it restores the decayed and induces a new growth of the hair more positively than anything else. The application of this wonderful discovery also induces a pleasant and cooling effect on the scalp and gives the hair a glossy appearance.

We call especial attention to the fact that a limited number of trial bottles will be given away gratuitously to those desiring to try it. You will notice that in pursuing this course our aim is to convince by the actual merits of the article. ARTHUR NATTANS, Inventor and Proprietor, Washington, D. C., to whom all orders must be addressed.

WASHINGTON, D. C., Aug. 5, 1870.

Mr. Arthur Nattans:

Dear Sir—I do not hesitate to say that your Crystal Discovery deserves to supercede all other preparations claiming to restore the growth and color of the hair. I have used it a week now, and my hair has already returned to its natural color, and has ceased falling almost entirely. I cheerfully recommend it.

Respectfully,
feb1y. MRS. ANNIE MORRAIN.

BLACKSMITHING

—AND—

WHEELWRIGHTING.

WE take this method of informing our friends and the public that we have connected Wheelwrighting with our former business, believing it will be better for ourselves and our customers too, as we will be able to work much lower where there is but one profit.

We have Good Seasoned Stock

And Good Workmen in our employ.

We intend to have the Wood work done as we have had our Blacksmithing—that is to say, IN THE VERY BEST MANNER; and we are willing for the public to be the judges. Our experience is that "the best is the cheapest."

We will have

Plows, Cultivators,

AND HARROWS, FOR SALE.

We shall also put up New CARTS,

Wagons, Dearborns, Express Wagons,

&c., in good style.

ALL KINDS OF REPAIRING DONE AT SHORT NOTICE.

Our work will be done as low as at any other establishment here or elsewhere in the State, or outside of it. We are determined to leave no excuse in the way of those who have heretofore been sending their money out of our own community—where it is so sadly needed—to build up manufacturers at a distance.—We challenge a comparison of our work with that done any where else, as to price, material, workmanship, style, finish, or any other essential.
