

LOCAL INTEREST.

DENTON, MARYLAND.

Saturday Morning, November 1, 1884.

Items of news from all parts of the county solicited under this head.

To Sportsmen.—Read the cautions against gunning in this issue.

Lory Court Meeting.—The county commissioners will not again be in session until Tuesday, 18th inst.

Legal Holiday.—Election day being a legal holiday, the bank in Denton will be closed. All notes maturing on the 4th of November must be paid on the 3d.

Mitchell—Satterfield.—On Thursday last Mr. John S. Mitchell and Miss Ida T. Satterfield were married at the Church of the Holy Trinity, in Greensborough, by the Rev. Geo. F. Beavers. The happy couple received many costly presents.

Complaints are made against the Denton authorities for their inaction in enforcing the ordinance against filthy hog-pens and other nuisances in town. Let the commissioners look after this important sanitary measure at once.

The Baltimore Grain Market.—Southern wheat is offering in small lots, and selling at 80c to 82c for fair samples of bag and steamboat lots; 82c to 85c for fultz, and 92c to 95c for long-berry. Southern white corn in good condition brings 50c to 55c; yellow, 50c to 54c for new and 50c for old.

Delaware Justice.—Joseph Cornish was tried at the Dover court this week for stealing wheat from Richard J. Draper, living near Burrsville. He was found guilty and the court imposed a penalty of 30 days in jail and 12 lashes on the bare back in the pillory.

Election Returns.—The people of Denton, who have heretofore been deprived of the use of the telegraph, may now congratulate themselves that the telephone to the Ridgely office will afford all the news on Tuesday night. The telegraph office at Ridgely will be open all night, and all the news of the election will be wired to Denton as soon as received.

The Campaign Closes.—The last tilt of the campaign will be made by the Republicans in Denton Friday. Colored ones are in charge, and with a brass band and a Baltimore orator there will be little trouble in arousing enough enthusiasm to last them over Tuesday, after which their freedom will be assured for another year—provided they vote the right way.

Personal Items.—Miss Lizzie Wilks, of Milford, is visiting Miss Clara Vangessel.

Messrs. George E. Halaway, editor of the Eastern Ledger, and Ches. R. Wooters, of Cordova, attended the Democratic meeting in Denton on Thursday.

The Smyrna Record says that Mr. Aldred, whose trial before the investigating committee was reported last week, has gone to visit friends in Pennsylvania and mature plans for the future, the probability being that he will take up his abode in some Western State in secular business.

Templeville Items.—Corn is in splendid condition. Some of the farmers are done husking.

The young baseballists of this place went over to Sudlersville and played a match game Saturday. The Sudlersville boys won the victory.

The late rains have arrested the forest fires in the havoc of timber. A fire near Anderson's Corner, at the Delaware line, has burned over about 200 acres of timber.

Federalsburg Items.—Mrs. Mary A. Noble, widow of the late Dr. Noble, fell down stairs on Tuesday morning and received severe bruises about the head and wrist, and it is feared, dangerous internal injuries.

The M. E. church was reopened on Sunday last week after thorough repairs. Rev. George F. Bristol of Baltimore preached in the morning and evening. Sunday school services were conducted by Revs. T. O. Ayers and George F. Hopkins. The church is now one of the handsomest on the Peninsula. The cost of the improvement was \$1,248, which has all been paid.

Prof. Ford, the popular elocutionist, is booked for an entertainment at the Academy at an early day.

Anniversary Service.—On October 23d, 1859, Rev. Henry Champlin Lay was consecrated Missionary Bishop of the Southwest, embracing Arkansas, Indian Territory, Arizona, and New Mexico. Ten years later he was translated to the newly erected Diocese of Easton. Last Thursday being the twenty-fifth anniversary of his consecration to the Episcopate, a commemorative service was held in Trinity Chapel, Easton. The Bishop delivered an address in which he rapidly sketched the changes which had occurred in the nation and church in the last quarter of a century, and paid most graceful tributes to those members of the College of Bishops who had passed away since he had been associated with that body.

Preserved Fruits.—For the proper preserving of all kinds of preserved fruits a dry or cool closet is indispensable; it is also of great importance that the tops of the jars should be perfectly air-tight. The old-fashioned way of spreading paper dipped in brandy on the top of the jar and jelly is worse than useless, as the spirit will evaporate and leave the fruit unprotected. The best methods of closing is first to lay over the top of jars, a piece of clean tissue or thin paper (which is sold for the purpose), and cut out pieces half an inch larger all round than the top of the jars, well beat-up white of an egg and a little flour, spread the mixture with a brush over the paper, and place it with the edge side downward over the jars. It will adhere closely to the edge, and will need no tying, and the egg and flour will fill the pores of the paper, and render it completely impervious to air.

Christ Church Items.—Bishop Lay will officiate in Christ Church, Denton, Sunday evening, November 9th. —The Ladies of Christ Church Guild, contemplate having their usual supper on Thanksgiving night.

Property Sales.—Josiah White will sell a large lot of farming stock, farm machinery, etc., on Monday, Nov. 19th.

John R. McNash will sell 123 acres of valuable land near Harmony on Saturday, November 15th.

The sale by Wm. J. Clark, which was advertised to take place last Tuesday, has been postponed to December 2d.

The Prohibitionists' Ticket.—At the request of Rev. A. D. Davis we publish below the National Prohibition ticket: For President—Hon. John P. St. John; for Vice-President—Hon. Wm. Daniel; for Electors—Large—Robert D. Morrison, Edwin Higgins; for Congressional District Electors—First District—Lawrence Hastings; Second—Henry Taylor; Third—Robert McLaughlin; Fourth—James Polard; Fifth—Rufus Robey; Sixth—Oliver H. Bruce.

Crop Reports.—The Department of Agriculture reports that the October returns of corn average higher for condition than in the past five years, but not so high as in any of the remarkable corn years from 1875 to 1879 inclusively. The general average is 93, and indicates about 26 bushels per acre on a breadth approximating 70,000,000 acres. The wheat crop will exceed that of last year by about one hundred million bushels. The yield per acre will average about 131 bushels.

Cold Winter Predicted.—All the "signs" according to those versed in such lore point to a severe winter. Country exchanges note the fact that grapes, persimmons, acorns, etc., were never known to be more abundant than this fall, and according to our forefathers this indicates very cold weather. How the horns build their nests is another infallible indication, and this year they have chosen the tops of the tallest trees. They do this, it is said, in obedience to some instinctive foreknowledge of the approach of a severe temperature; but why it would not be just as comfortable down below, is not explained.

Tobacco as a Curative Agent.—Gen. T. L. Cline, of Ashville, North Carolina, claims to have discovered that tobacco is excellent for the cure of bruises, sprains, wounds, bunions, corns, sore throat, erysipelas of the head and face, sores eyes, etc. The way it is applied is to wet the tobacco leaf and apply it to the affected part. A case is on record where this application has restored the sight to an eye that had been temporarily destroyed from inflammation. The application was made on going to bed on a rising the eye was sufficiently restored to see, and on being repeated the next night an entire cure was effected. A gentleman suffering from tubercular laryngitis was induced to try this remedy. Besides the tubercular in his throat, there were large swellings on the outside. His throat was so bad that he could scarcely swallow milk, but after applying damp tobacco leaves to his throat for some hours he was so much improved as to eat beef-steak. This is a simple remedy and if any of our readers ever try it, we would be pleased to know the result.

The Prohibitionists' Campaign.—The St. John and Daniel campaign was opened in Caroline on Tuesday afternoon at the Court House in Denton and the number in attendance at the meeting showed a considerable interest. Mr. Thomas A. Melvin was elected chairman. Large photographs of St. John and Daniel and posters bearing the words, "For God," "For Home," "For Country," were conspicuously displayed about the room. Rev. E. B. Newman, of Queen Anne county; Col. C. S. Mosher, of Baltimore, and Maj. George A. Hilton, of Washington, were the speakers. Mr. William Daniel, the candidate for Vice-President, disappointed the audience by his absence. Col. Mosher first made a brief address. Mr. Newman then addressed the audience. He stated that he had always been a Democrat, but could not continue his loyalty to that party against the principle of his present faith. The current campaign, he said had developed three characters, namely, a slave, a coward and a hero. Cleveland is slave to the liquor traffic; Blaine is a coward for evading and dodging the question, and St. John is a hero for his bold advocacy of the great moral reform. Maj. Hilton, who is an employee in the Treasury Department at Washington, is of course a deserter from the Republican party. He told of the shameful methods of the Republican party and its associates of poor deeds at the capital for vote-buying. This is one of the evils attacked by the Prohibition party—an evil which the Democrats would not redress should they assume control of the Government. Part of his speech was interspersed with statistics pointing out the many great crimes traceable to the rum shop. He said that the amount of money now spent yearly in Maryland for liquor was \$24 for each person in the State, while only \$1.76 per capita was expended for educational purposes. The miseries of the land caused by liquor were alluded to with pathetic eloquence, and its effect was noticeable in the audience. The meeting was continued in the evening, when Mr. John H. Emerson occupied the chair. The speakers again took the floor in the order of the afternoon. The court room was well filled, many ladies being present. A collection of about \$15 was made to help along the campaign work, and prohibition tickets were left in the hands of Rev. A. D. Davis for distribution. Mr. Davis said that as the temperance people had not nominated a Congressman the name of Gibson or Rousman, in the voter preferred, could be added. Meetings were held at Easton, Snow Hill, and Westminster during the week which closes the Prohibition campaign in Maryland. It is claimed that the ticket will receive over a hundred votes in Caroline county.

The Democratic Mass-Meeting Thursday.—The immense gathering of people in Denton Thursday to welcome our candidate for Congress, the Honorable Charles H. Gibson, at the closing meeting of his campaign, was as gratifying and encouraging to him as it was creditable to the young democracy of old Caroline. When Mr. Gibson had arrived in town, accompanied by Hon. James M. Wooters, the streets were thronged with people. A throng congregated about the Brick Hotel, where Mr. Gibson stopped. The candidate was called for when he appeared upon the veranda he was vociferously cheered. Before the time for the organization of the meeting the Court House was densely packed, and about 2 o'clock Col. Philip W. Downes called the meeting to order and made a few well-timed remarks. He also explained the absence of other invited speakers, reading letters from Gen. Bradley T. Johnson, Ex-Gov. Whyte, Ex-Comptroller Thomas J. Keating, Col. Henry Page and Hon. Henry Lloyd. Col. Downes then proposed the names of the following gentlemen as officers of the meeting, who were elected: President, Dr. George W. Goldsborough; vice presidents, John Y. Graham, John F. Dawson, Esq., John Stafford, J. H. Douglas, John Daly, John R. McNash, Elijah Hignett, E. C. Fields, R. C. Carter, Owen Lynch; secretaries, N. Alex. Hutson, Alex. Hardestie, Jr., A. A. Christian.

Dr. Goldsborough expressed to the meeting his thanks for the honor of being called to the chair, and spoke at some length upon the vital issues now before the American people, referring particularly to the tariff question and the two leading Presidential candidates. Chairman Goldsborough's handling of the tariff, though his speech was short, was decidedly clear. He showed in the plainest and most convincing manner that Democratic policy was for the benefit and in the interest of the people—especially farmers, while Republicanism meant that line of policy which makes the rich manufacturer and monopolist richer, and impoverishes the poor workingman. Doctor Goldsborough, on concluding, introduced Mr. Gib-

son, whose appearance was greeted with hearty and prolonged applause. Always handsome, of commanding presence and pleasing manner, he never showed to better advantage or more effectively than in his present enthusiasm; nor did he ever make a more eloquent and effective campaign speech. After expressing in beautiful language his warm appreciation and regard for the people of Caroline county, he spoke at considerable length upon the tariff issue. He said Ohio could reverse her 9,000 majority next Tuesday. New York will give Cleveland 75,000 majority, and as goes New York so will New Jersey and Connecticut. Henceforth will take care of Indiana, California and Nevada are safe for the Democrats. He paid a handsome tribute to St. John and Daniel and said that should a first rate half way stopping place for honest Republicans who could not support Blaine. Mr. Gibson read from the Baltimore Sun of Wednesday last the correspondence reporting Mr. Rousman's speech in which the latter had charged that he "had positive proof of a bargain made between certain Republicans and Democrats in Talbot county, where a certain number of Republicans were to vote for Mr. Gibson for Congress in consideration of a certain number of Democratic votes for the Republican county ticket next fall, and that 300 tickets had been printed in Baltimore with his name left off." "This declaration," said Mr. Gibson, "is absolutely false, and a slander upon the Democrats of Talbot county. It is not so that there has been any bargain."

In closing his remarks Mr. Gibson thanked the State Central Committee for the kindly consideration he had received at their hands and referred particularly to his chairman, of whom he said: "Col. Downes, like the true party man he is, forgetting the past, has followed in the thickest of the fight, doing his whole duty."

Major Stewart went to Cambridge.—Major Wm. E. Stewart had an engagement to address the Cambridge Cleveland Club on Friday evening of last week. A friend took him to Dover Bridge, where he expected to take the ride on her down trip from Denton. He made Dover Bridge at 12 noon, and asked Mr. Rice when the boat would be down. "Down?" Why, she has not gone up yet. She is aground somewhere in the river below, and I don't think you'll get to Cambridge on the 15th today."

Meanest Sneak In Town.—Malarial gases sneaked up through the poorly constructed drains and made baby very sick with malarial fever. Baby would have died but for timely use of Brown's Iron Bitters. "There is nothing malarial in its way of coming, nor worse in its effects, than malarial fever from the underground regions. Mrs. McDonald, of New Haven, Conn., says, "For six years I suffered from its effects, but Brown's Iron Bitters cured me entirely." Try it when malaria steals in and undermines your constitution. It will give relief.

Samson's Legs and Locks.—When Delliah clipped off Samson's locks that mighty athlete at once became "as other men." If it could be proved that the possession of luxuriant hair enable men to tear open lions' jaws, Hixcox & Co. would be driven wild in the effort to supply enough PARKER'S HAIR BALM to meet the demand. As it is the Balm prevents your hair from falling out, and restores the original color and growth. Besides it is a great addition to the toilet table simply as a dressing.

AYER'S PILLS. A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. Ayer's Pills are a pure vegetable preparation, and are especially adapted to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these Pills by eminent physicians in regular practice, shows unambiguously the estimation in which they are held by the medical profession.

A Sufferer from Headache writes: "AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing that relieves me. One dose will quickly remove my headache, and I feel better than I have felt for many months. I have been taking AYER'S PILLS, and have had the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when I can. I have never had a headache since I began taking AYER'S PILLS. I have had the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when I can. I have never had a headache since I began taking AYER'S PILLS."

W. L. PAGE, of W. L. Page & Bro., Franklin, N. H., June 2, 1884. "I have used AYER'S PILLS in numerous instances as recommended by you, and have never failed to obtain relief from the distresses to which they are so well adapted. I have used them in cases of constipation, dyspepsia, and other ailments, and have always found them to be a most effective and reliable family medicine. I have never had a headache since I began taking AYER'S PILLS. I have had the most effective and the easiest physic I have ever found. It is a pleasure to me to speak in their praise, and I always do so when I can. I have never had a headache since I began taking AYER'S PILLS."
