To our Friends and the Public.

THERE appears to exist a determination with a certain party in this place to break down all opposition and monopolise the whole business, by not only renting our Store over our head, but also by attempting to rent every other available store which may answer our business. We therefore wish to state that we by no means intend to quit our business here, but shall persist in our so far successful endeavor to oppose extravagant prices, and enter our solemn and most effectual protest against monopoly, extortion and imposition.

For Sale or Rent.

THE subscriber offers at private sale, or for rent, the place on which he now resides, situated on Swan Creek, formerly called Page's Point, and now known as Humphrey's Point, containing *TEN ACRES,* more or less, of EXCELLENT LAND.

The Improvements consist of a substantial and commodious two-story

BRICK DWELLING,

containing six rooms, with a two-story back building, all in good repair, together with a good Stable and Shedding. The location is exceedingly beautiful and pleasant. Oysters and Fish may be had in abundance. There are on the premises small Apple, Peach, and English Walnut Orchards. It is a good stand for a store, and a profitable business might be done.

There is a large Granary and good WHARF on the premises, affording every facility for running grain and marketing of all kinds to the city of Baltimore, distant only about twenty-five miles.

It is an excellent location for a Canning Establishment, for either Oysters or Fruit, or both. There are many fine Peach Orchards in the vicinity, and fruit in abundance could be obtained at reasonable prices; and Oysters also, which can be delivered at the wharf. The advantages of the situation for a business of this kind cannot be too highly appreciated. Possession can be given at any time.

VALUABLE FARM FOR SALE.

THE undersigned will sell at private sale his FARM, situated near the I. U. Church, in Kent county, Maryland, within seven miles of Chestertown, called

"MOUNT PLEASANT,"

Containing TWO HUNDRED AND SEVENTY ACRES OF LAND. There have been ten thousand bushels of Schuylkill Lime applied to the land. One of the fields has been limed a second time over.

The Farm now is laid off in four fields, with a running stream of water through each, and there can be five or six acres of meadow land attached to each field. It could be laid off into five fields to great advantage. The fencing is in good condition.

THE DWELLING HOUSE

is small but very comfortable, in good repair, and the Out-Buildings in good order. The Water is as good as any man can wish for. There are from

900 TO 1,000 PEACH TREES

on the farm, in full bearing, five and six years old. Also, 100 APPLE TREES, three years old of different varieties of choice fruit, and 25 do., in bearing, six years old.

The Farm lies within three quarters of a mile of two Churches, Episcopal and Methodist; within a mile and a half of a school house; within a half mile of a saw mill, and within three quarters of a mile of a Grist Mill. It is also within one mile of a good Landing on Still Pond Creek, and within three miles of the Chesapeake Bay.
