THE FRENCH CRISIS.

The contest between M. Thiers and the conservatives (who include the monarchism) of the French Assembly has culminated in the success of the latter upon the question of public policy at issue, the resignation of M. Thiers as President of the government, and the election of Marshal MacMahon to the vacancy. The event illustrates the rapid growth of the influence of the conservative party. This party, which for a long time dallied hopefully with the government, has more than once receded from the advanced positions under the treats and scenic protestations of M. Thires, and the alternative had virtually come down to the stereotyped proposition from the French President, "If you persist in interfering with my mode of procedure I will press the declaration of a definitive republic, the dissolution of the Assembly, the remission of the new representation to the people, or resign."—This proposition was precipitated by the recent reconstruction of the cabinet, in which M. Thires failed to recognize, as perhaps he might have done, the claims of the conservatives. So they declared that they should call him to account.—On Friday last M. Thiers attempted to address the Assembly, but was suppressed by a scene of disorder and confusion only known in French political bodies. On Saturday he was permitted to speak, and in his address he urged definitive establishment of the republic. The conservatives were silent; the republicans applauded. Then the conservatives submitted and carried, by 360 to 344, an order of the day declaring that the form of government was not under discussion, "and regretting that the reconstruction of the ministry did not afford conservative guarantees." There upon the ministry sent their resignitions to M. Thiers, who accepted them, and a message was transmitted by him to the Assembly resigning the office of President. The republicans, amidst great uproar, urged that it be not accepted: but this was rejected by 368 to 369; the resignation was accepted, and Marshal MacMahon was elected by 390 votes to assume the office of the veteran. The effect of this movement has been to produce considerable excitement, but, notwithstanding the identity of MacMahon with the fortunes of the Empire, his election is probably the most popular choice, not to be in the immediate interest of the republicans, that could have been made.

In less then eighty years France has had no less than twelve revolutions—republican, imperial, royal and religious—revolutions of the street, the barracks or the palace, and now the climax is capped with a parliamentary revolution, which has summarily put out one President and put in another. The dispatches complacently tell us that after the first excitement the people accepted the situation, all France was peace. It is well that the French have learned to adapt themselves to circumstances; but perhaps the change of circumstances in the case is not much after all. The radicals of course denounce the parliamentary coup d'etat as an outrage; they sympathize with M. Thiers, though but a few weeks ago they would gladly have deposed him to put the brilliant extremist, Gambetta, in his place; who would do it now, in fact, if they could.—In MacMahon the monarchists have a good hater of French republics, but a true conservative on the monarchical question, a faithful officer and a brave man.—Even the communists, who encountered his strong arm in the last revolution, admired him as a hero. The monarchists, since they could not instal a king, did well to select a man having the confidence of the country and the affection of the army. Whether the elevation of MacMahon is but temporary expeident; whether circumstances may lead to a dictatorship, the re-establishement of royalty, and what would be sure to follow, another and a bloody revolution, are questions for the future to solve.

Thiers now takes his place in the Assembly, accompanied by his late ministers, Dufaure, Periere and Leon Say. The whole republican element of the left having decided on a policy of constitunal opposition to the new government, MacMahon is evidently destined to a difficult experience.

THE CHOLERA IN NEW ORLEANS.—The Cincinnati *Enquirer* of Wednesday publishes the official announcement of Dr. William Clendenin, health officer of that city, that epidemic cholera of the unmistakable Asiatic type has appeared in New Orleans. This statement was verified by an official transcript of the mortuary report of New Orleans for the week ending May 10, showing the number of deaths from that cause to be eleven. The Cincinnati health officer warns the citizens to use every precaution of cleanliness of person and dwelling to guard against the disease, reminding them that the great epidemic of 1849 was transmitted to that city from New Orleans by passengers on the steamboats.

HORSE DISEASE.—In several parts of Sussex county there are indications of an epidemic among the horses, even more fatal than the epizooty, and thought by many to be the result of the deprived condition of the blood left by the latter desease. Mr John T. Loug, Mr. Wm. Hickmon, and others, in the vicinity of Frankford, have lost valuable animal within the last few days. The disease is sudden and violent in its attacks, the head swells up enormously, the eyes inflame and odtrude, and the animal rapidly sinks and dies.—Post m ortem examination show the brain and lungs to be much inflaimed.—*Milford News.*

A NEW ORLEANS GRAND JURY.—The New Orleans *Picayune* of the 14th publishes a list of the grand jury made up for the United States District Court. Seventeen of its members are colored people of radical politics. Two of the whites are not known, and the rest are of the political stripe already mentioned. A correspondent says that last year the grand jury was composed of the best citizens, while this year it does not embrace a single respectable man.

The Mexican minister in Washington, according to announcements made from that city, is said to express the opinion that no trouble will ensue between the two countries in consequence of Col. Mackenzie's recent invasion of Mexico in pursuit of the cattle-thieving Kickapoos.

A CARD

To my Fellow-Citizens of Kent County:

I am induced by many considerations to announce myself to you as an INDEPENDENT CANDIDATE FOR THE HOUSE OF DELEGATES of Maryland. There is no reason why labor should not be represented in the State Legislature by one of her own sons and not always by a gentleman of property.—I am not ashamed to be the poor man's candidate. I am opposed to all cliques, rings and conventions, by means of which the few rule the many, taking care to provide office and emolument for themselves to the exclusion of the rank and file. I am against all party machinery and trickery, and am not a caucus candidate, but simply ask and hope for the support of all independent men.

I am your ob't servant,

ORDER OF PUBLICATION.

William T. Dove and others,
versus
C. G. Wood, Hyson Dill and others.

On the Equity Side of the Circuit Court for Kent County.

MAY 3rd, 1873.

THE object of this suit is to procure a Decree for the sale of certain Real Estate situate and lying in Kent county, Maryland.

The Bill states that heretofore a certain Philip Drugan, late of Kent County, deceased, was, in his life time seized and possessed of certain Real Estate, lying and being in said Kent county, consisting of a lot or tract of land at Belair, called and known as part of "St. Tanton's," containing two acres of land, more or less, it being the same lot of land which was conveyed to the said Philip Drugan by a certain Philip B. Travilla, late Collector, by Deed dated July 5th, 1839, duly recorded among the Land Records for Kent county, aforesaid, in Liber J. N. G., No. 6, folio 388, and being so thereof seized and possessed sometime in the year 1871, departed this life intestate, leaving Wm. T. Dove, Sarah J. Ford, Mary M. Entwisle, Martha Deale, and Sarah Ayers, and a certain Catharine Wood, formerly Catherine Lesenberry, his only heirs at law, and the Bill further states that since the death of the said Philip Drugan, the said Catharine Wood departed this life intestate, leaving Edmond Dill, Anna Araminta Wood, Fostina Dill, Mary Evelyn Wood, Ida Eugenia Wood, and Jane Catharine Wood, her only children and heirs at law; that Wm. T. Dove, Sarah J. Ford, Mary M. Entwisle, Martha Deal, and Sarah Ayers, are entitled to five undivided sixth parts of the Real Estate hereinbefore mentioned, and that the heirs at law of Catharine Wood, aforesaid, are entitled to the remaining one-sixth part thereof, and the Bill further states that your orators, the complainants in the within entitled cause, submit whether Charles Gilbert Wood, the husband of the said Catharine Wood, deceased, and father of the said Emma Dill, Anna Araminta Wood, Fostina Dill, Mary Evelyn Wood, Ida Eugenie Wood, and Jane Catharine Wood, heirs at law of the said Catharine Wood, dec'd, is entitled as tenant by the curtesy, to one-sixth part of the said Real Estate, and your orators charge that the said Real Estate is not susceptible of partition amongst the parties aforesaid, and that it would be to the advantage of all the parties aforesaid to have the said Real Estate sold, and the proceeds distributed amongst the parties in proportion to their respective interests; and your orators are informed that all the Defendants reside in the State of Maryland except Geo. Dill, who, your orators are advised, resides in the State of Delaware, and further your orators are advised that the said Anna Araminta Wood, Fostina Dill, Mary Evelyn Wood, Ida Eugenie Wood and Jane Catharine Wood, are infants under the age of twenty-one years.

It is thereupon adjudged and ordered, that the complainants, by causing a copy of this order to be inserted in some newspaper published in Kent county for one month prior to the 12th day of June next, give notice to the said absent Defendant of the object and substance of this bill, and warn him to appear in this Court in person or by solicitor, on or before the 12th day of August next, to answer the premises, and show cause if any he has why a Decree ought not to pass as prayed.

CHESTERTOWN, May 12, 1873.

Mr. C. P. Knight, Baltimore, Md.—I bought your Bradley's Patent Enamel Paint of Messrs. C. F. Stam & Bro., Chestertown, and found it to be all you recommend.

Respectfully, CHAS. G. RICAUD,
School Examiner, Kent Co., Md.

BALTIMORE, Dec. 10th, 1872.

Mr. C. P. KNIGHT—Dear Sir:—It affords me much pleasure to say to you that the Bradley's Patent Enamel Paint far exceeds my expectations in economy, beauty, and I have every reason to believe, in durability.

More than twelve months since I painted the roof of my Hotel (Mansion House) with the Bradley's Patent Enamel Paint, and I was so well pleased with it I determined to paint the outside of the Hotel, and am most happy to say it gives me perfect satisfaction. In conclusion I will say if this testimonial will be any advantage to you, you are at liberty to use it. Yours, most respectfully,

ISAAC ALBERTSON,
Mansion House Hotel, corner Fayette and St. Paul streets, Baltimore.

FROM HON. JOHN WETHERED.

Mr. C. P. Knight:—At the recommendation of a friend, I was induced to apply your patent "Bradley's" paint to my house. I have pleasure in stating that it has proved highly satisfactory, covering more surface than you promised, is more economical, carries better gloss than any other paint and is freer from disagreeable odor. Yours, respectfully,

JOHN WETHERED.

THE PLAINS, Fauquier County, Va., February 6th, 1873.

C. P. KNIGHT—Dear Sir:—The Paint came safely to hand, as ordered, two kegs, five gallons each, and three buckets, one gallon each. As practice was slack I did the job myself.—Two weeks not constant work completed the house two coats, the last coat applied thick, and it is now generally conceded that for "Enamel" like hardness and body and harmony of colors there is not a handsomer job in the place. I saved sixty-five ($65) dollars by the operation, which is an item just now with Southern people." It should be generally adopted in this State; any country lad can apply it. I have never dabbled in such stock as Testimonials, but I feel so forcibly the great adaptability of your "Enamel Paint" to the wants of our people in excellency of material, in beauty of color, and the fact of its being "Ready Mixed," that I give you free permission (if it is desirable to you,) to make what use you think proper of this letter.

Very truly, S. McGILL, M. D.

Pleasantville, Harford Co., Md.

C. P. Knight—Dear Sir:—I am happy to inform you that your Patent Enamel Paint has given entire satisfaction. I prefer it to any paint I have ever seen used, and recommend it for durability and beauty as paramount to any other. Very respectfully,

R. DICKEY, M. D.

Belair, March 3d, 1873.

Mr. C. P. Knight—Dear Sir:—I have been using, since last Spring, Bradley's Patent Enamel Paint, and am happy to say that it gives entire satisfaction wherever I have used it, and to parties to whom I have furnished it for other painters to use. Mr. John I. Street, who I furnished with the paint last Fall, says if his name is of any use you can use it with pleasure in recommending so good a paint. S. H. Montague, Painter, agrees with me as to the durability of your most excellent Paint. I hope that those who have painting to do, will look to their advantage and apply Bradley's Patent Enamel Paint, which is the most durable Paint now in use. It holds its gloss longer than any other Paint that I have ever used.

Yours truly, E. C. GARRETTSON,
Belair, Harford county, Md.

Baltimore, Sept. 30th, 1872.

C. P. KNIGHT, Esq.—Dear Sir:—I have had the Bradley's Patent Enamel Paint, which I purchased from you, used inside and outside both at my dwelling and store for two seasons. It gives me great pleasure to be able to say it comes fully up to your recommendations in facility of use, economy, durability and beauty.

Yours, truly, THOS. J. IRVING,
of T. J. Irving & Co.,
58 West Baltimore St.

Chambersburg, December 10th, 1872.

Mr. C. P. Knight—Dear Sir:

The paints we received from you have been applied to several of our own buildings, and to those of our friends, and have given satisfaction in covering qualities, in gloss and in adaptability to all kinds of surface or material, and we cheerfully recommend it, especially to that class of consumers who have to depend upon unknown parties or painters to mix and furnish materials, wherein we have found the most deception.

Yours, truly,

WISTAR'S BALSAM OF WILD CHERRY

THE GREAT REMEDY FOR

CONSUMPTION

which can be cured by a timely resort to this standard preparation, as has been proved by the hundreds of testimonials received by the proprietors. It is acknowledged by many prominent physicians to be the most reliable preparation ever introduced for the relief and cure of all Lung complaints, and is offered to the public, sanctioned by the experience of over forty years. When resorted to in season it seldom fails to effect a speedy cure in the most severe cases of Coughs, Bronchitis, Croup, Whooping Cough, Influenza, Asthma, Colds, Sore Throat, Pains or Soreness in the Chest and Side, Liver Complaint, Bleeding at the Lungs, &c. Wistar's Balsam does not dry up a Cough, and leave the cause behind, as is the case with most preparations, but it loosens and cleanses the lungs, and allays irritation, thus removing the cause of the complaint.

PREPARED BY

SETH W. FOWLE & SONS, Boston, Mass.,

And sold by Druggists and Dealers generally.

THE

Howe Machine

COMPANY

Are now able from their increased facilities for manufacture to offer their

IMPROVED SEWING MACHINES,

ON THE MOST ADVANTAGEOUS TERMS.

They are now manufacturing

SIX HUNDRED DAILY.

During the past six years they have manufactured and sold

400,000

which attests the great popularity of this unequalled machine. Until the year 1865

ELIAS HOWE, Jr.

THE ORIGINAL INVENTOR OF

SEWING MACHINES,

Did not compete with Companies who were paying him royalty for the use of his patents. At that time he commenced manufacturing and put the genius which invented the Sewing Machine, the experience learned from the failures of other manufacturers, and the experience of a long life as a practical mechanic into the

HOWE MACHINE.

It is a noticeable fact that the

Howe Machine Co.

HAS

FOUR HUNDRED THOUSAND

of their Machines in use, although having existed but SIX YEARS, while the Company which claims to have the most in use, has only about twice that number, though having existed for TWENTY YEARS.

A. M. GUDGEN,

CHESTERTOWN,

Will sell on credit or lease on Monthly Payments, and offers such easy terms that every one can afford to have a

HOWE SEWING MACHINE.

He will spare neither pains nor expense to give his customers complete satisfaction.

He sells at New York prices and does not charge Fifteen Dollars in advance as some rival agents are doing.
