YOU'LL The very best that cash money and careful buying can find. We confine ourselves to no one maker or single market, but make up and buy whatever and wherever we find right in styles, price and quality. You run no risk in using Sixth and Market's goods. We do that for you; if they are not right we make them so, and this is why you hear people say that Mullin's have only one price, but they sell good goods. Those who buy and wear Sixth and Market Clothing, Hats, Shoes, Furnishing and Tailoring know by experience that they get as much and often more for the money than they ever did. How do we know? They tell us so and keep on com-
