During the last five years I have been in frequent consultation with Mr. George M. Woodward, manufacturer of Messrs. BERGER & BUTZ's artificial manures, in regard to the preparation of their Super Phosphate of Lime, etc. The materials used in these Fertilizers, are in all cases subjected to my examination and analysis before purchase. Being fully acquainted with their formula and methods of manufacture, I can assure those interested in the purchase and sale of Fertilizers, that their "EXCELSIOR" and "AMMONIATED" Super Phosphate of Lime are of such a character as must render them of great value to the farmer, and place them amongst the BEST FERTILIZERS now in the market. F. A. GENTH.

☞ *We Guarantee these Fertilizers to be UNADULTERATED.* ☜

By the introduction of new and improved machinery into our factory these articles will be much better prepared than formerly.
