The Kent News.

SATURDAY - - - - - SEPT. 15, 1877.

THE numerous readers of Frank Leslie's periodicals will be sorry to hear that he has been obliged to make an assignment for the benefit of his creditors. Although some of his publications were not profitable, it was his real estate speculations that brought him to bankruptcy. His liabilities are placed at $320,000. It is said that there will be no interruption of business at his publication office and that his numerous illustrated newspapers and magazines will appear as usual.

FISHING for drum in the surf at Ocean City has commenced in good earnest. Nineteen of these large and excellent fish were pulled ashore by hook and line on Tuesday.

IT is stated that John P. Tracy, the proprietor of the Atlantic Hotel, at Ocean City, has realized ten thousand dollars, above all expenses, this season.

Investigation.

It is not essential to believe all that people tell you, neither must your incredulity carry itself, to an extreme point, but investigate every matter for yourself and then decide. We encourage this method by suggesting that you obtain a bottle of Keller's Roman Liniment, and it will do all that is promised, as the proprietor guarantees the efficacy of his remedies.

Delays are Dangerous.—If this axiom is true respecting the ordinary affairs of life, still more obviously so as regards the exigencies o approaching disease. Unquestionably! Yet how many neglect to practically recognize this plain truth when health is in the balance. Of the many premonitory symptoms of disease a hacking cough is the most prophetic of peril. Arrest it at the outset with Dr. WISHART'S PINE TREE TAR CORDIAL, and so avoid Consumption. Bronchitis, Inflammation of the Lungs, Coughs, Colds, and, indeed, all Affections of the Respiratory Organs, are entirely cured by this sovereign remedy, which also eradicates Dyspepsia, Piles, Gravel, Nervous Debility, Torpidity of the Liver, Urinary Difficulties, Constipation, Palpitation of the Heart, Scrofulous Affections, and the infirmities peculiar to the gentler sex. This Cordial derives its virtues from the vegetable kingdom, and is infinitely to be preferred, both on account of its superior efficacy and freedom from nauseous and injurious properties to the officinal drugs so often administered with no other effect than to offend the palate and disorder the stomach. The *Pine Tree Cordial* can always be relied on to do what is claimed for it. Sold by all Druggists. Principal Depot, 916 Filbert street, Philadelphia. mr24.

To the Farmers of Kent Co.

$200 PREMIUM!

A PREMIUM of Two Hundred Dollars, or Five Tons of I. P. THOMAS' RAW BONE SUPER-PHOSPHATE, will be given for the best yield of Wheat produced in 1878 from Fifty Bushels seeding with the I. P. Thomas Fertilizer. Competition restricted to Kent county and that portion of Cecil county, Md., lying south of the Chesapeake and Delaware Canal.

The I. P. THOMAS FERTILIZERS have been more extensively used during the past two seasons by the farmers of Kent county than any other brand, and is to-day without a successful rival. Those whose interest is in the sale of other brands, have been made to praise the I. P. Thomas. Did space permit, the testimony of over one hundred of the leading Farmers of Kent could be added.

Testimony of Farmers:

Still Pond, Aug. 27, 1877.
Mr. Hickman—Dear Sir: I have used the I. P. Thomas Fertilizer for three successive crops. Results have been such as to continually increase my confidence in it. I made over 28 bush. of red wheat to the acre this season. I shall continue its use. Resp'y,
JNO. F. BEEKS.

Buck Neck, Kent co., Md., Aug. 20th, 1877.
Mr. Hickman—DEAR SIR:—In the fall of 1876 I planted some experimental plots in Wheat for the purpose of testing the relative value of fertilizers. On one plot I used the Lister Phosphate—on the adjoining plot the I. P. Thomas Raw Bone Super-Phosphate at the same rate per acre. The plots were harvested, threshed and weighed separately with the greatest care. The I. P. Thomas gave an excess of one hundred and forty pounds of wheat to the acre over the Lister. Before making the test I had no preference, and it was impartially made. The Lister gave rather the most straw, which led me for a time to over-estimate it. I shall use the I. P. Thomas this fall again.
Respectfully, JAMES SHUSTER.

Still Pond, Aug. 18, 1877.
Mr. Hickman—DEAR SIR: I have used the I. P. Thomas Raw Bone Super-Phosphate in competition with a number of the most popular brands for two seasons, and have found that it gave more wheat to the cost than any Fertilizer I have heretofore used. I shall use it this season again. Respectfully,
J. FRANK WILSON.

Still Pond, Aug. 20, 1877.
Mr. Hickman—DEAR SIR: I have always used the most popular brands of fertilizers. Have used the I. P. Thomas Raw Bone Super-Phosphate for two years, and can frankly say that I have never used any article that surpasses it. I shall continue the use of it. Resp'y,
R. T. JUMP.

Fairlee, Kent Co. Md., Aug. 22d, 1877.
Mr. Hickman—DEAR SIR:—The I. P. Thomas gave entire satisfaction for two seasons—I have confidence in it and will use it this season again. Resp'y
R. C. SMYTH.

Still Pond, Aug. 17, 1877.
Mr. Hickman—DEAR SIR: One Hundred and Eighty pounds of I. P. Thomas' Raw Bone Super-Phosphate to the acre gave me a perceptibly heavier yield of wheat than Two Hundred pounds of Lister to the acre, used side by side. I shall use the I. P. Thomas this season again.
Resp'y, J. R. STAVELY.

Lynch's, Md., Aug. 25, 1877.
Mr. Hickman—DEAR SIR: I have used I. P. Thomas' Raw Bone Super-Phosphate for two seasons. Have used Lister and most of leading kinds, but have never used any fertilizer that satisfies me better than the I. P. Thomas.
Resp'y, S. J. ROSEBERRY.

Still Pond, Md., Aug. 18, 1877.
Mr. Hickman—Dear Sir: I have used the I. P. Thomas Raw Bone Super-phosphate for the two past seasons—have used other popular brands at the same time.—Never used any article that gave better satisfaction for the money, or that I consider more worthy of confidence than the I. P. Thomas. Resp'y,
JOHN P. VANDYKE.

Still Pond, Md., Aug. 18, 1877.
Mr. Hickman—Dear Sir: I consider the I. P. Thomas Fertilizer the best and most reliable article I have ever used, and shall continue the use of it while results are so satisfactory. Resp'y,
THOS. RASIN, Jr.

Chestertown, Md., Aug. 20, 1877.
Mr. Hickman—Dear Sir: I regard the I. P. Thomas Raw Bone Super-Phosphate as the equal of any fertilizer sold in Kent county, and shall continue to use it.
Resp'y, T. C. PARSONS.

Chestertown, Md., Aug. 20, 1877.
Mr. Hickman—Dear Sir: I am so well pleased with the I. P. Thomas Raw Bone Super-phosphate that I shall use some of it this season again.
Resp'y, R. NICHOLSON.

Hanesville, Md., Aug. 20, 1877.
Mr. Hickman—Dear Sir: I have used the I. P. Thomas Raw Bone Super-phosphate for two years for both Corn and Wheat, with the most satisfactory results. Considering the permanent character of it as an improver of the soil, it is to my mind the best and cheapest Phosphate I have ever used. I shall use it this season again. Resp'y, J. W. COREY.

Still Pond, Md., Aug. 22, 1877.
Mr. Hickman—DEAR SIR:—I am fully convinced from two years experience with the I. P. Thomas Raw Bone Super Phosphate that it has never been surpassed by anything I have ever used. I shall use it this season again. Respectfully,
GEO. W. DAVIS.

Chestertown, Md., Aug. 20, 1877.
Mr. Hickman—Dear Sir: The I. P. Thomas Raw Bone Super-phosphate has given me heavy crops of wheat and has proven an excellent fertilizer for grass also. I am satisfied I have never used a better or more reliable article. I shall want more of it this season.
Resp'y, S. LECATES.

Rock Hall, Md., Aug. 21, 1877.
Mr. Hickman—Dear Sir: The I. P. Thomas Fertilizer purchased of you last fall gave fine results, much better than a heavy application of manure. I am highly pleased and will continue the use of it this season. Respectfully,
R. B. WILLSON.

Kent Co. Alms House, Aug. 22, '77.
Mr. Hickman—Dear Sir: I look upon the I. P. Thomas Raw Bone Super-Phosphate as one of the best fertilizers I have ever used. In all my experience I have found nothing to excel it, and desire to use some this season again.
Resp'y, J. COPPER.

Lynch's Md., Aug. 21, 1877.
Mr. Hickman—Dear Sir: The I. P. Thomas Fertilizer, purchased of you for two seasons, has proven an excellent article and gave the most gratifying results. I shall continue its use. Resp'y,
JAMES A. ROSEBERRY.

Rock Hall, Md., Aug. 21, 1877.
Mr. Hickman—Dear Sir: I regard the I. P. Thomas Raw Bone Super-Phosphate, from two years' experience, as one of the best fertilizers I have ever used.
Resp'y, WM. STEVENS.

Chestertown, Md., Aug. 22, 1877.
Mr. Hickman—Dear Sir: I used the I. P. Thomas Raw Bone Super-Phosphate, purchased of you last season, alongside of other popular fertilizers, and have found nothing that surpasses it. It gave excellent satisfaction. I would like to use it this season again. This is the only testimonial I have given to any one for two years. Resp'y, I. H. LEAVERTON.

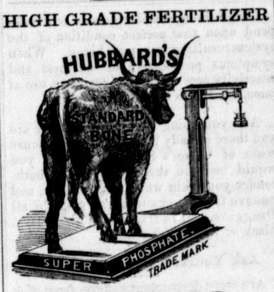
Wheat Seeding!

HIGH GRADE FERTILIZER



STANDARD
Bone Super-Phosphate,
UNEXCELLED
FOR ALL CROPS!

We again offer to the public our *Standard* Phosphate this, our ninth season. It is sold on an increased demand, not only in this State but Delaware, Pennsylvania, N. Jersey and Virginia, and for the last two years it has been extensively used as a *test* side by side of various *higher priced* Phosphates sold in the market, upon Wheat, Corn, and other crops in Kent and Queen Anne's counties, by many of our best farmers, who pronounce it to be equal to any in result, and superior to many, while the price is much less. There are other advantages in favor of the use of our *Standard*, which will be proven on trial.

1st. It is sold at $35 cash per Ton, at the Factory.
2d. It can be easily applied, with safety and profit, upon all crops.
3. It is always guaranteed to be in excellent order for drilling.
4. It is especially adapted to the growth of each and every crop.
5. The Base of the *Standard* is pure animal Bone, of which we invite inspection.
6. Animal Bone is a permanent improver of the soil.
7. Chemistry has enabled us to demonstrate with a degree of certainty that our soils lack principally *Nitrogen, Potash* and Phosphoric-acid, they being the three substances most essential for the profitable growing of crops and the Farmer to buy. Hence

We ask but ONE TRIAL

to convince all of the valuable properties contained in our Phosphate as a CROP PRODUCER, and we pledge ourselves to keep it up to its well known HIGH STANDARD, believing that our success depends entirely upon the QUALITY of our Fertilizer. We refer below to the names of a few Farmers who used our Phosphate on their wheat last Fall, which yielded an abundant Harvest:

EXCELSIOR

ANALYSIS.

Ammonia	6.20
Soluble Bone Phosphate of Lime	25.50
Undecomposed Bone Phosphate of Lime	6.20
Sulphate of Potash	2.88

The most concentrated, universal and durable fertilizer ever offered to the farmer—combining all the stimulating qualities of Peruvian Guano, and the ever durable fertilizing properties of Bones. In fine dry powder, prepared expressly for drilling.

After nineteen years experience by the farmers of Maryland and Virginia in the use of "Excelsior," it is their unanimous opinion that an application of 100 pounds of "EXCELSIOR" is equal to from 200 to 300 pounds of any other fertilizer or guano, and, therefore, fully 100 per cent. cheaper.

UNIFORM QUALITY GUARANTEED by the MANUFACTURERS.

Farmers should see that every Bag is branded as above, with the ANALYSIS and OUR NAME in RED LETTERS. All others are counterfeits.
