APRIL TERM, 1868.

ORDERED, That three months notice be given to the Creditors of JAMES E. "EXCELSIOR."
CONTAINING

AMMONIA - - - - - - -	6 per cent.
SUPER-PHOSPHATE equivalent to Bone Phosphate of Lime -	57 "
POTASH and SODA - - - -	5 "

COMPOSED of 700 pounds of No. 1 Peruvian Guano, and 1,300 pounds of *Soluble* Phosphate of Lime (bones dissolved in acid,) potash and soda, forming the most concentrated, universal and durable fertilizer ever offered to the farmer and planter—combining all the stimulating properties of Peruvian Guano and the ever durable fertilizing properties o Ground Bones—supplying an abundance o Ammonia for any crop, and all soils, and in a perfectly fixed condition—not volatile and passing off with the first crop, as with Peruvian and other ammoniated guanoes, but stimulating the crop to which it is applied, and all succeeding ones, giving to poor, worn out and unproductive soils, new life and vigor, making them, in this respect, equal to the most highly cultivated lands, upon which much time and money have been expended.

We introduced Excelsior in 1858, and challenge the manufacturers and venders of fertilizers, natural or artificial guano, to show results so successful as can be shown from its use. One of our firm superintends in person every minutia of its manufacture. We therefore warrant every bag uniform, and to contain by analysis, the standard of fertilizing properties, giving that protection to the farmer which he does not have in the purchase of any other Guano or fertilizer sold.

Excelsior is in *fine dry powder*, prepared expressly for drilling, and can be applied in any quantity per acre, however small; and it is the opinion of the most prominent and calculating Planters, after Ten years experience in testing it side by side with other popular fertilizers, that an application of 100 pounds per acre o Excelsior is equal to from 200 to 300 pounds o any other fertilizer or guano offered for sale, therefore is fully 100 to 200 per cent. cheaper.

We are daily in receipt, from every quarter, of flattering encomiums from those who used it last spring and summer on cotton, corn and tobacco, and last fall on wheat, and had we the space could publish hundreds of testimonials, many from gentlemen who have continued its use year after year since its introduction.

The best evidence we can offer of the value of our Excelsior as a crop grower and fertilizer is the fact of its being imitated and counterfeited in this and other cities. Some unprincipled manufacturers have actually used our trade mark for the purpose of palming off their worthless compounds.

Farmers should see that every bag bears in *red letters*, the name of J. J. TURNER & CO. under the inspection mark, and thus secure the genuine article.

Copyright secured,

A CERTAIN CURE FOR

Gapes in Chickens and Turkeys,

Will prevent and cure Chicken Cholera, and other Diseases common to Poultry, and will promote an increase of Fat.

Full Directions accompany each package.

Price 25 Cents.

☞ *The Public are cautioned against any similar preparations. Only CLOTWORTHY & CO.'S are genuine.*

The annexed are a few of the certificates we have received in proof of the great value and efficacy of the Poulterers' Friend:

CARROLLTON, Baltimore County, Md., December 16th, 1867.

Messrs. Clotworthy & Co.,—Gentlemen: I have used your "Poulterers' Friend" upon a brood of young chickens that had the gapes, and am happy to say, that by the use of a few doses they were entirely cured. It will certainly cure the gapes when used according to directions. Yours, &c., GEO. HARMAN.

ANNAPOLIS, MD., February 7, 1868.

Messrs. Clotworthy & Co.,—Gents: I have sold all the "Poulterers' Friend" I received from you last August. The poultry in the surrounding country was dying very fast with "Cholera." I recommended your "Poulterers' Friend," and as far as I could learn, it has proved a cure for the disease.

Respectfully, W. R. GOODMAN.

BALTIMORE, February 2d, 1868.

Messrs. Clotworthy & Co.:—My chickens were dying very fast with what my neighbors called "Chicken Cholera." I was induced to try your "Poulterers' Friend," and it worked like a charm. I gave it as directed, and it cured those that were then sick, and I have not seen any symptoms of the disease since.

Yours, &c., B. MECKEN,
Cross and Warner streets.

Jefferson, Frederick Co., Md., July 22, '67.

Messrs. Clotworthy & Co., Baltimore.—*Gent.:* The wonderful cures which have been made by your Poulterer's Friend, cannot fail to interest all who raise poultry. A gentleman of this village has been experimenting on chickens with the gapes. He tried your Poulterer's Friend, according to the directions, and it had the desired effect in removing the worm, effectually relieving the chicken at once. Since then I have had many calls for it, and it has been used extensively with the same result. It is of incalculable value to all who raise Poultry. Respectfully, A. SPENCER.
