"Roundabout" near "The Merryland Spring"

Originally granted, March the 25th. 1758. to Uriah Bradshaw. Beginning at a bound Poplar Tree in the fork of a branch (See note on page 19) the beginning boundary also of "Dansbury Hills" and "Shanks's Venture" and running thence (with the lines of "Shanks's Venture" reversed, the Seven next following courses and Distances Towit) 1. N. 54° W. 94 pes. 2. N. 46° W. 37 pes. 3. N. 58° W. 28 pes. 4. West 52 pes. 5. N. 26° E. 107 pes. 6. N. 16° E. 38 pes. 7. S. 36° E. 76 pes. 8. North 32 pes. 9. N. 27° W. 96 pes. 10. S. 64° W. 28 pes. 11. South, 47 pes. 12. S. 33° W. 110 pes. 13. S. 16° W. 40 pes. 14. S. 38° W. 14 pes. (to a marked white Oak by the West side of "Shippy's road, near the head wattens of the branch running by the beginning boundary) 15. E. S. E. 223 pes. (to a pile of stones near the foot of a hill, by the South side of S. branch, 100 yds. or so from the beginning boundary) 16. S. 10° E. 47 pes. (to a Stone, by a Young Cedar Tree, by the West side of the "Merryland Spring" road, on the North side of an old private road running, from S. "Merryland Spring" road, between "St. Oswalds" and "Roundabout" or the Southern portion thereof, towards the head of "The briery branch" and "the Pincushion" it being very near, and in the fork of S. roads, and on the East side of "The Merryland Spring" branch, and formerly called "Shanks's boundary") 17. W. S. W. 174 pes. 18. S. 56° E. 56 pes. 19. N. 56° E. 152 pes. 20. N. 12° E. 44 pes. thence, by a straight line to the beginning containing 130 Acres. more or less. Copd. from the original Patent.

Note. The 15th. 16th. and 17th. Courses of "Roundabout" bind upon "St. Oswalds" The 16th course is one of the entire lines of the latter tract. but the 17th course does not extend to the end of the corresponding line of "St. Oswalds" which is in "The Buck pond" (See page 15. "Hampstead"). and it is probable that the 15th course of "Roundabout" commences in the E. S. E. line of "St. Oswalds" instead of the beginning thereof.

The South Western extremity of "Roundabout" or rather, the Southern part of "Roundabout" lies adjacent to "Buck Park Resurveyed" and the corresponding courses of both S. tracts very nearly coincide, Towit the 18th. and 19th. of the former with the 11th. & 10th. of the latter tract.

"Roundabout Resurveyed" See Plat. Page 22.

Copd. from the original Patent.

Note. Both of the above Resurveys were made about the same date, and yet the corresponding lines, towit the 29th. of the former and the 10th. of the latter, do not coincide by 4 Degs. In the year 1842 or thereabout, I Survd. "Buck Park Resurv." to the 13th course with an allowance, of 1½ Degs. to the right. The 9th. line ended precisely in the 29th. of "Roundabout Resurv." or the 19th. of "Roundabout" where a Stone and post were then set, and from there, the parties compromised upon the line of "Buck Park Resurv." The Slipe between the two tracts was afterwards Surv. under Com. War. but abandoned.

The 1st. course of "Buck Park" resurv." ends at a White Oak, on a bank, near a branch. The 2. 3. and 4th courses run up and near S. branch, the 5th reaches a Chestnut Stump, near the top of a hill, the 6th. barely crosses the branch below the old mill site. the 7th crosses an old road. the 8th stops at a red Oak Stump, by a small Holly, at the end of the S. by W. (5th) line of "Twitnum" or "Twittenham"
