Our Neighbor Mars.

WHAT WILL NOT AGAIN DELIGHT THE ASTRONOMERS UNTIL 1892.

Mars is now a superb object seen thro' the telescope; we had on Tuesday evening a view of the ruddy planet through the fine instrument of the Roger Williams Observatory. A fiery ball of glowing red seemed suddenly to spring into existence as the planet entered the field of vision. In size it approached that of the full moon when high up in the heavens, and such was the brightness and fierceness of its rays that we involuntarily sought to shade our eyes from the glare. At first we saw nothing but a brilliant, flame-colored disk, its circumference aglow with prismatic hues caused by chromatic aberration, without a trace of zones of snow or the strange markings that practiced eyes discover on the Martian globe. As we observed more carefully, the ice-bound circles came as plainly into view as the well known features of the man in the moon in our own luminary, and we enjoyed a peep at the Martian poles, the southern polar cap being much larger than the northern, for it is summer in the northern hemisphere, and the ice zone around the pole has partly disappeared under the influence of the sun's heat. A still more careful scrutiny revealed the presence of dusky spots on the beaming disk. These indicate the land, which is of a reddish hue when the planets' atmosphere is clear. The lighter parts, of a greenish hue, mark the contour of the seas and oceans.

Thus with our own eyes we saw land, water and ice on the surface of our Martian neighbor, and had a view of its ruddy disk, which, after a few weeks have passed, will not be equalled in size and brilliancy until 1892. Though Jupiter, with its brilliant belts and sparkling moons, is a grander telescopic object, and Saturn, with its wondrous ring system and numerous moons, exceeds in beauty every sight in the celestial picture gallery, yet we obtain a better view, and on a larger scale, of Mars than of any other object in the heavens, except the moon. It is probably the only planet whose real surface is ever visible; for Venus, though the most splendid of all planets to the naked eye, is, on account of its great lustre, unsatisfactory for telescopic observation, and Jupiter and Saturn are surrounded by cloud envelopes of immense extent that hide the solid portions from the eyes.—*Providence Journal.*

MADAME BONAPARTE, of Baltimore, is in her ninety-third year. She still exercises a personal supervision over her large estate, estimated at more than a million dollars. In the event of the death of the Prince Imperial, her grandson, Col. Bonaparte, would be in the line of succession for the French crown, should the old dynasty be restored. Stranger events have transpired in the ups and downs of French politics. Madame Bonaparte believes she will live to be a "centennialist," and does not despair of seeing her grandson on the French throne.—*Balto. Gazette.*

MOTHERS will grow weary and sigh over the responsibility that Baby places upon them, but they have the high privilege of shaping a character for usefulness. The exercise of patience and the preservation of Baby's health by the proper use of Dr. Bull's Baby Syrup will give them great present comfort and prospective happiness. 25 cents per bottle.

SNOW IN SUMMER.—The Wytheville (Va.) *Enterprise* says: "A gentleman living in this place was in company with a gentleman of Bland county last Thursday on Walker's Mountain, in the county named, when a sight most unusual was seen by them. In the valley below a heavy rain was falling, while on the top of the mountain where they stood snow fell thick and fast, collecting on the ground, but dissolving quickly."

A GOOD domestic Sulphur bath can be instantly prepared by taking a cake of Glenn's Sulphur Soap into the bath tub. Such an expedient will, to use a slang phrase, "knock the spots off" any victim of cutaneous blemishes. Sold by all druggists 25 cents. Hill's Hair & Whisker Dye, black or brown, 50 cts. sep22-4t.

Ask Yourself these Questions.

Are you a despondent sufferer from Sick Headache, Habitual Costiveness, Palpitation of the Heart? Have you Dizziness of the Head? Is your Nervous System depressed? Does your Blood circulate badly? Have you a Cough? Low Spirits? Coming up of the food after eating? &c., &c. All these and much more are the direct results of Dyspepsia, Liver Complaint and Indigestion. GREEN'S AUGUST FLOWER is now acknowledged by all druggists to be a positive cure. 2,400,000 bottles were given away in the U. S. through Druggists to the people as a trial. Two doses will satisfy any person of its wonderful quality in curing all forms of Indigestion. Sample bottle 10 cts. Regular size 75 cts. Sold positive by all first class Druggists in U. S.

S. M. REYNOLDS,

MIDDLETOWN, DEL.

To the Citizens of KENT COUNTY, Md.

Having completed our additions to our already large Store, we now invite you to examine the LARGEST STOCK of all kinds of goods suitable for the season *to be found in any house on the Peninsula.*

To undertake to mention the different articles that we now have in stock would occupy too much space and tire the patience of the reader, and we will only mention a few of our leading specialties.

Our FIRST FLOOR (a room 24 by 60 feet deep, and well lighted) is now filled with a Handsome display of

Dress Goods, Notions
Hosiery, Gloves,
TRIMMINGS,

FUR, WOOL AND STRAW

HATS,

CLOTHS, Cassimers and Linens,

LADIES', MISSES' and CHILDREN'S SHOES.

This department is under the superintendance of Mr. R. C. JONES, who has had fifteen years' experience in the Best Stores in the State, and will use his best endeavors to accommodate all his old and new friends that may call on him.

On our Second Floor we have laid in a very large stock of

Clothing, Carpets, Oil Cloths

MEN AND BOYS'

Heavy Boots and Shoes,

Domestic Dry Goods

By the Piece,

under the charge of Mr. R. T. Nowland, of Kent county, Md., who will always be glad to meet all of his friends and customers whether they wish to purchase or not.

Our New Addition, a room 20 feet by 36 feet deep, with a Basement same size, is filled with a very large assortment of

Fine Family Groceries

PROVISIONS,
HOUSEKEEPING ARTICLES,
Hardware, Cutlery and Queensware,

which we sell at a very slight advance over cost for cash.

☞ ORDERS BY MAIL promptly filled and samples sent on application by mail or otherwise.

NOTE.—On all purchases to the amount of Ten Dollars or upwards we will pay the freight to any point on the Delaware Railroad. je30-6m.

ORDER OF PUBLICATION.

Gustavus A. Benson and Sanford P. Campbell, trading under the firm of Benson, Campbell & Co.,
versus
Alex. Maxwell, Wilhelmina Maxwell.

Bill on the Equity side of the Circuit Court for Kent co., Aug. 28, 1877.

THE object of the bill in this case is to set aside a Deed from Andrew Woodall and wife to the said Wilhelmina Maxwell, wife of the said Alexander Maxwell, for a house and lot of land in the town of Millington, in Kent county, adjoining the town property owned by the late Sam'l G. Osborn, deceased, bearing date October 31, 1368, and recorded among the land records of Kent county, and to have the same sold to pay the complainant and others, creditors of said Alex. Maxwell.

The Bill states that the said Alexander Maxwell was justly indebted to the complainants in the sum of $457.91, and to secure the payment thereof he did, on the 25th day of May, 1868, execute and deliver to the complainants his promissory note for the payment of the same one day after the date thereof; that the said note having matured and being unpaid, and the said Alexander Maxwell having removed into another State, they caused a foreign attachment to be issued out of the Circuit Court of Kent county and the sheriff laid the same on a house and lots of land in the town of Millington, in Kent county, as the property of the said Alexander Maxwell; that on the 18th of January, 1869, the Circuit Court of Kent county by their judgment condemned the said lands and tenements for the sum of $490.26, with interest from the date of said judgment and $27.20; that afterwards a writ of fieri facias was issued on the said judgment and placed in the hands of the Sheriff of Kent county, who levied upon said lands and tenements as the property of said Alexander Maxwell; that the said Alexander Maxwell, with his wife and family, removed to the State of Delaware and took with them all his household furniture, and still reside in said State of Delaware; that after the said judgment was entered and execution levied as aforesaid, the complainants discovered that the said lands and tenements had been conveyed by deed by Andrew Woodall and wife, on the 21st of October, 1868, to Wilhelmina Maxwell, the wife of the said Alexander Maxwell, instead of to the said Alexander Maxwell; that the said Alexander Maxwell purchased the said lands and tenements from the said Andrew Woodall for about the sum of $1,700 and paid the said Andrew Woodall the full price of the said property, but intending to defraud the complainants and other persons to whom he was justly indebted, he procured the said Andrew Woodall to convey the said lands and tenements to the said Wilhelmina Maxwell, who did not pay any part of the purchase money and who had no means out of which she could have paid for the same, nor any part of the purchase money, and that the deed was made to hinder, delay and defraud the complainants and other creditors of the said Alexander Maxwell; that the said Maxwell and wife are non-residents of the State of Maryland and have no other property out of which the debts due complainants and others can be made: The Bill therefore prays that the said deed may be vacated and annulled and the property mentioned be sold under the order of the Court, to satisfy the complainants and others, creditors of said Alexander Maxwell, and that an order of publication may be passed, directing the substance and object of the said Bill to be published in some newspaper, notifying the said Alexander Maxwell and Wilhelmina Maxwell to appear in this Court at some day to be named in said order, to answer the said Bill and abide the judgment of the Court.

It is therefore adjudged and ordered this 28th day of August, 1877, that a copy of this order, containing the substance and object of the said Bill of Complaint as aforesaid, be published in the *Kent News*, a newspaper printed and published in Kent county aforesaid, once a week for four successive weeks prior to the 30th day of September next, notifying and warning the said Alex. Maxwell and Wilhelmina Maxwell to be and appear on the Equity side of the Circuit Court of Kent county on or before the 1st day of January next, to answer the allegations of the said Bill and to stand and abide the judgment of the said Court, and show cause, if any they have, why a Decree should not pass as prayed.

Order of Publication.

RICHARD BOYER,
versus
THOS. JONES AND WIFE et. al.

In the Circuit Court for Kent county, in Equity. July Term, 1877.

THE object of the bill filed in the above entitled case is to procure a Decree for the sale of certain Real Estate and its appurtenances lying and situate in Chestertown, Kent county, Maryland, which is particularly described in said Bill.

The Bill states that a certain Jack Salter, late of Kent county, dec'd, was in his life time seized and possessed of a certain lot or part of a lot of land in Chestertown, and known on the plot of said town as part of lot No. 44, and being so thereof seized and possessed some time in the year 18—, departed this life intestate, leaving certain persons in said Bill named his only children and heirs at law.

The Bill further states that Mary Salter, one of the children and heirs at law as aforesaid, intermarried with a certain Richard Boyer, both of whom are since deceased, leaving children; Eliza Boyer, who has intermarried with a certain Isaiah Jones, of Baltimore city; Emily Boyer, who has intermarried with a certain Step Sprittle, of Baltimore city; Chas. Boyer and the orator in said Bill, Rich'd Boyer; Lizzie Ann Salter intermarried with a certain Thomas Jones, of Kent county; Betsy Salter intermarried with a certain George Brown, who has since departed this life; Caroline Salter died unmarried, leaving an illegitimate child; Charles Salter, who is a non-resident of the State of Maryland. All the above named persons are above the age of 21 years.

The Bill further shows that the said Jack Salter during his life time made advancements to his daughters Lizzie Ann and Betsey, though he never gave to either of them any equitable title thereto; that after his demise, by mutual consent of all parties interested, the balance of his real estate was seized and possessed by his two other daughters, Mary and Caroline, as tenants in common; that the said Mary and Caroline are since deceased, leaving the aforementioned children and heirs at law, who are seized and possessed in right of their deceased parents as tenants in common.

The Bill further shows that the said Real Estate is not susceptible of division amongst the parties entitled without great loss and injury to the parties interested. That it would be for the interest of all the parties to have the same sold and the proceeds thereof divided among them according to their several just proportions, and that the said Charles Salter resides out of the State of Maryland.

It is thereupon adjudged and ordered that the complainant by causing a copy of this order to be inserted in some newspaper printed in Kent county once in each of four successive weeks before the 1st day of October next, give notice to the said absent defendant of the object and substance of this Bill, and warn him to appear in this court in person or by solicitor on or before the 1st day of December next, to answer the premises and show cause, if any they have, why a Decree ought not to pass as prayed.

RATIFICATION NOTICE.

C. C. Harper, Trustee,
versus
Jno. W. Hollyday.

In the Circuit Court for Kent county, in Equity, August 28, 1877.

ORDERED, that the sale of the Real Estate mentioned in the proceedings in the above cause, made and reported by JAMES A. PEARCE, Trustee, be ratified and confirmed, unless cause to the contrary thereof be shown on or before the 1st day of November next,—Provided, a copy of this order be inserted in some newspaper printed in Kent county, once in each of three successive weeks before the 1st day of October next.

The report states the amount of sales to be $7,623.00.

TO THE FARMERS

—OF—

KENT and QUEEN ANNE'S!

CHESTERTOWN, Aug. 1, 1877.

We would respectfully submit to your consideration the

☞ LISTER PHOSPHATE,

Manufactured by LISTER BROS., the largest manufacturers of Phosphates and dealers in Bone in the United States, with certificates from Farmers and others who used it last fall.

CERTIFICATES OF FARMERS:

CHESTERTOWN, August 12, 1877.

Messrs. Hines & Co.—Gentlemen: After experiments with various Standard Fertilizers, I have arrived at the conclusion to purchase Lister Bros. Phosphate for my entire fall seeding, having derived more advantage from the use of it than any I have heretofore applied to my crops. Very truly yours,

GEORGE W. T. PERKINS.

CHESTERTOWN, August 13, 1877.

Messrs. Hines & Co.—Gentlemen: In answer to your inquiry touching Lister's Standard Phosphate, which I and my tenants have purchased of you for several years, we have used it exclusively on Wheat and it has never failed to give satisfaction. Before we ventured its use extensively it was carefully tested in comparison with actual results derived from a judicious application of the most approved Fertilizers sold in this market. We shall use Lister's almost exclusively next fall; at least Twenty-five Tons. Yours, &c., R. HYNSON.

CHESTERTOWN, August 13th, 1877.

Messrs. Hines & Co.—At your request I will state that I have used Lister's Standard Phosphate for the past two years upon wheat on my farm in Kent county, and that I consider it the best Fertilizer I know at the price at which you sell it. It is always in good drilling order, stimulates the growth of the plant and gives heavy grain. My tenant informs me that it has improved the clover also. I expect to continue its use. Yours respectfully, J. A. PEARCE.

KENNEDYVILLE, KENT CO., MD., Aug. 15, 1877.

Messrs. Hines & Co.—Gents: Having some experience in the use of Patent Manures for the last fourteen years and using many different kinds, none that I have ever used has given me the same satisfaction as that of Lister's. I believe it to be as good as any in market and much better than some that claim a higher reputation.

Yours, respectfully, JAMES P. CAROTHERS.

CHESTERTOWN, August 11, 1877.

Messrs. Hines & Co.—I beg to state in regard to Lister's Phosphate that I purchased of you last fall, that I used it alongside of I. P. Thomas' Standard Phosphate, and I am satisfied Lister's is a superior article, and I shall use it this fall.

DAVID F. MILLS.

Experiment of JOHN BRICE in 1876-7.

Seeded Three Four-acre Plots in '76—1½ Bushels Wheat per Acre, and 200 lbs. Phosphate per acre. A careful threshing showed the following results:

FOUR ACRES—With 200 lbs. Turner's Excelsior per Acre. Threshed 120 Bushels Wheat, weighing 65 lbs. per bushel, bag inclusive.

FOUR ACRES—With 200 lbs. I. P. Thomas' Phosphate per acre. Threshed 127 Bush. Wheat, weighing 65 lbs. per bushel, bag inclusive.

FOUR ACRES—With 200 lbs. Lister's Standard Phosphate per acre. Threshed 128½ Bushels, weighing 66 lbs. per bushel, bag inclusive.

The above is correct. JOHN BRICE.

NEAR CHESTERTOWN, March 17, 1877.

Messrs. Hines & Co.—Gents: In reply to your inquiry about the Eclipse Fertilizer that we purchased of you last spring to go on corn, we tried it by the side of one of the corn fertilizers, and we tried one acre of each and tried the same amount of fertilizer on both acres, and where we measured the corn yours gave us one-fourth more per acre than the other fertilizer.

THOMAS H. LAMBERT and WILLIAM FORD.

NEAR CHESTERTOWN, July 17, 1877.

Messrs. Hines & Co.—Gents: You ask me for a certificate for your Phosphate, and in reply would say that I furnished Lister's Phosphate that I bought of you, and my landlord furnished Turner's Excelsior, which I used by the side of yours, and the Lister beat it about 10 to 15 per cent., and I shall use Lister's this fall.

Yours, &c., JOSEPH SHRIVER.

NEAR CHESTERTOWN, July 28, 1877.

Messrs. Hines & Co.—Dear Sirs: I have used the Whitelock and other Phosphates, and find that the Lister is equally as good as the Whitelock or any other that I have used, and also came through the winter better.

Yours truly, V. HENDRICKSON.

NEAR ROLPH'S WHARF, Queen Anne's Co., April 29, 1877.

Messrs. Hines & Co.—Gentlemen: In answer to inquiry concerning Lister & Bros. Super Phosphate, I will say that I applied the ton purchased of you on my wheat last fall, and at this date am much pleased with its action. I used it by the side of two other first-class fertilizers, and am satisfied that Lister's is fully equal to either of them. I regard it as an article of real merit.

Respectfully, GEORGE W. SMITH.

CHESTERTOWN, July 31, 1877.

DEAR SIRS: I used last fall on my wheat two tons of Lister's Phosphate and two tons of Whitelock & Co. I find that Lister's suits my land better, and shall use more this fall. Yours truly, C. C. BROWN.

NEAR CHESTERVILLE, July 27, 1877.

Messrs. Hines & Co.—Dear Sirs: The 1½ tons of Lister Phosphate purchased of you last fall I find to be an excellent article, and drills much better than I expected. I shall use more of it this coming Fall. Yours, truly, R. J. LUSBY.

BOXLEY FARM, July 16th, 1877.

Messrs. Hines & Co.—Dear Sirs: We used the Lister Phosphate bought of you along side of Turner's Excelsior, and found it to be equally as good both in length of staw and yield of wheat.

Yours, Truly, W. H. COLEMAN and R. HYNSON.

NEAR CHESTERTOWN, July 10, 1877.

Messrs. Hines & Co.—Sirs: I used last fall three kinds of Phosphates, all considered first-class Phosphates and sowed side by side. Of the three I think Lister's Bone Phosphate the best. It gave me more wheat and better grass, and I shall use it this Fall. Yours, truly, E. J. WATSON.

CHESTERTOWN, July, 18.7.

Messrs. Hines & Co.: The ton of Lister's Phosphate that you induced me to use last Fall has proven to be a superior article. It did better than Turner's Excelsior that I used principally. My grass looks considerably better where I sowed Lister's.

Respectfully, I. R. LEAVERTON.

QUAKER NECK, June 8, 1877.

Messrs. Hines & Co.—The Lister Bros. Phosphate I purchased of you last fall is making Wheat look very well. I used two tons, and believe if I had used four it would have doubled what it is now. I did not put it over 150 lbs. to the acre, and one field only 130 lbs., and it is fine wheat. In sowing wheat last fall I had not enough Phosphate by about two bags, so I finished without it. The difference is from twelve to sixteen inches in height and double the size in the heads. This field was in corn last year, and I used the Lister Eclipse on the corn—a handful to two and three hills—and where the Phosphate was not sowed last fall. There is a large bunch of wheat in every hill, made by the Eclipse used on the corn, it having over doubled the crop of corn. Yours, respectfully, A. J. CRUIKSHANK.

NEAR CHESTERTOWN, July 16, 1877.

Messrs. Hines & Co.—In answering your inquiry in regard to Phosphate bought of you last fall, I am glad to state that I found Lister's Standard Phosphate the best of four kinds. I used Dissolved Bone and Peruvian Guano mixed, I. P. Thomas', Hubbard's and Lister's Standard Phosphate, and am satisfied Lister's is superior, taking net cost in consideration. I also used it on my own place, and got over 30 bushels to the acre. WILLIAM FORD.

NEAR ST. PAUL'S CHURCH, July 14, 1877.

Messrs. Hines & Co.—Gentlemen: I used your Fertilizer (Lister's) on my wheat alongside of I. P. Thomas' brag Phosphate, and am fully convinced to my own satisfaction that it is superior, and does not cost as much by several dollars per ton.

Yours, truly, J. C. WHEATLEY.

CHESTERTOWN, July 31, 1877.

Messrs. Hines & Co.—Gentlemen: I used last fall several kinds of Phosphates on my wheat crop, but I think the Lister Bone Phosphate was the best, and I shall use it this fall. Yours, T. S. WILMER.

BOOTS, SHOES

And HATS.

HENRY ALLNUTT

192 West Pratt St.

HAVING been for a number of years engaged in the business with John F. Moffett & Co., and lately with E. S. Allnutt & Co., Wholesale Dealers, I beg leave to inform my friends that I have leased the old stand formerly occupied by

J. F. MOFFETT & CO.,

192 WEST PRATT STREET,

Where I will conduct the

WHOLESALE and RETAIL

HAT & SHOE BUSINESS.

With my experience in the Wholesale and Retail business for the past NINE YEARS, I feel sure of being able to make purchases as low as any house in the city.

I shall keep on hand the best Eastern and City made work, also take measures and make to order all kinds of Custom work.

☞ One price to all, and all goods guaranteed as represented.

HENRY ALLNUTT,

No. 192 West Pratt St., BALTIMORE, 3 doors above Maltby House.

Feb. 17, 1877—y.

Read and Remember!

☞ To the Farmers and Horse Jockies of Kent and Adjoining Counties.

I WOULD have you to know that I am Still on Burchinal's Corner, in the

Harness Business,

and am selling Goods in my Line Cheaper than Ever.

To the Horse Jockeys I would say that I have the man to work for me that formerly worked at Middletown, and made the Harness that were exhibited and took the First Premium at the Delaware State Fair. Many who looked at them said they could not be beat, and I am prepared to make the same kind, as I have the man to put them up.

☞ LIGHT TROTTING HARNESS made to order.

TRACK HARNESS and anything that can be made in a Harness Shop, made in the Latest Styles, and of the Best Moffett Leather.

I have COLLARS,
BRIDLES,
MARTINGALES,
HORSE BOOTS,
REINS, Round and Flat,

and Everything that is generally kept in Harness Shops, Cheaper than can be purchased elsewhere.

☞ REPAIRING done very cheap.

WM. W. COPPER.

HORNER'S

CONCENTRATED

SUPERPHOSPHATE
FOR ALL CROPS.

It is made of the best and most concentrated materials, possesses all the virtues of PERUVIAN GUANO and BONE DUST combined, and is well adapted to Wheat, Corn, Oats, &c., producing abundant crops where all others fail. Having a large percentage of Soluble and Precipitated **Phosphoric Acid and Ammonia**, it is without doubt **the richest Commercial Fertilizer in the country.**

HORNER'S
BONE-DUST

Made only of Slaughter-House Bones, contains a larger percentage of AMMONIA and BONE PHOSPHATE LIME than any other brand in the market.

WE OFFER

ONE THOUSAND DOLLARS

For the Detection of any Impurity in our manufacture of Bone.

We do not steam or bake our Bones, or otherwise treat them so as to destroy the animal matter, which is rich in Ammonia.

The Best Article in the Market!

HORNER'S
SUPERPHOSPHATE LIME

OR DISSOLVED BONE,

MADE OF PURE SLAUGHTER-HOUSE BONES AND CONCENTRATED ANIMAL MATTER.

It is richer in SOLUBLE PHOSPHORIC ACID and AMMONIA than any similar article in the market.

Samples and Prices sent on application.

BALTIMORE LOCK HOSPITAL

TO ALL SUFFERERS A

SPEEDY & PERMANENT CURE

DR. CLEGG may be consulted either personally or by letter, upon all those diseases usually termed confidential, which tend to embitter life and shorten its duration. Including

NERVOUS DEBILITY,

Causing Indigestion, Pains in the Back and Loins, Neuralgia, Fainting Fits, Nervousness, Defective Memory, Weakness, Pimples on the face and body, Aversion to Society, Confusion of Ideas, Consumption, Nervous Headache, Rheumatism, Palpitation of the Heart, Brooding or Melancholy, Dimness of Sight, &c., Brought on by

YOUTHFUL INDISCRETION,

totally unfitting the victim for either Marriage or Business.

DR. CLEGG'S treatment embraces 25 years' experience in the above diseases, which enables him to effect a cure, when all other remedies have failed, without the use of Mercury or Mineral in any form, the Doctor's treatment being PURELY VEGETABLE.

Let no false delicacy prevent those suffering from any of the above diseases, making an early application for often a few days of neglect bring years of suffering.

Patients boarded at the hospital if required.

OFFICE:

89 and 91 S. High St., Baltimore.

DR. CLEGG GUARANTEES that no case placed under his treatment shall leave his care till restored to sound and vigorous health.

Now ready, a pamphlet on Nervous Debility and all Diseases of a private Nature, free by post for two three cent stamps.

N. B.—Patients living at any distance can be successfully treated by sending symptoms of their disease. The doctor will forward free from observation a printed list of questions, which enable the patients to give a minute description of their case, which is all he requires to effect a sound cure. Office hours from 8 in the morning till 10 at night. Sundays till 12 noon.

All Letters directed DR. CLEGG, Lock Hospital, Baltimore, Maryland, will receive prompt attention. oc28.

GLENN'S SULPHUR SOAP.

A STERLING REMEDY FOR DISEASES AND INJURIES OF THE SKIN; A HEALTHFUL BEAUTIFIER OF THE COMPLEXION; A RELIABLE MEANS OF PREVENTING AND RELIEVING RHEUMATISM AND GOUT, AND AN UNEQUALED DISINFECTANT, DEODORIZER AND COUNTER-IRRITANT.

Glenn's Sulphur Soap, besides eradicating local diseases of the skin, banishes defects of the complexion, and imparts to it gratifying clearness and smoothness.

Sulphur Baths are celebrated for curing eruptions and other diseases of the skin, as well as Rheumatism and Gout. ***Glenn's Sulphur Soap*** produces the same effects at a most trifling expense. This admirable specific also speedily heals *sores, bruises, scalds, burns, sprains* and *cuts.* It removes dandruff and prevents the hair from falling out and turning gray.

Clothing and linen used in the sick room is disinfected, and diseases communicable by contact with the person, prevented by it.

The Medical Fraternity sanction its use.

Prices—25 and 50 Cents per Cake; per Box (3 Cakes), 60c. and $1.20.

N. B.—Buy the large cakes and thereby economize.
Sold by all Druggists.
