The Kent News.

SATURDAY - - - - - - OCT. 13, 1877

A HOPEFUL OUTLOOK FOR AMERICAN PRODUCTS.—Mr. Lewis J. Jennings, formerly editor of the New York *Times*, and now the London correspondent of the New York *World*, in a letter recently sent from the British metropolis to that journal, referring to the commercial and industrial effects of the war between Russia and Turkey, says:

"The longer the war lasts the more certainly must the United States become the great emporium of the world. Of course, such an advantage is merely temporary, and it would not do to depend too much upon it. Still a temporary advantage is not to be despised in hard times. Grain, iron, even coal, will yet be required in vast quantities. Where is it to come from in Europe? Iron we could supply, but as for grain and coal, we have not enough to 'go round' at home. Everybody sees all that, and if it had not been for the recent strikes and riots American railroad stocks and bonds would have had a great rise in the markets here."

PRESIDENT HAYES said in a late speech that the principal opposition to his conservative policy comes from conservative republicans. "You take," said he, "the old original abolition element of the party, the men of the Oberlin school, and wherever you may find them they are united in support of my Southern policy." This is a strange shifting about of elements, though it indicates that the honest men of the party are not in favor of keeping up sectional strife for political purposes. How about Wendell Phillips, however?

"A FRIEND in need is a friend indeed." Such a friend is Dr. Bull's Cough Syrup, which should be in every family; it only costs 25 cents a bottle and may save many a doctor bill.

IN China marriages between persons of the same surname are forbidden. One Sin cannot marry another Sin.

A GOOD domestic Sulphur bath can be instantly prepared by taking a cake of Glenn's Sulphur Soap into the bath tub. Such an expedient will, to use a slang phrase, "knock the spots off" any victim of cutaneous blemishes. Sold by all druggists 25 cents. Hill's Hair & Whisker Dye, black or brown, 50 cts. sep22-4t.

How it is Done.

The first object in life with the American people is to "get rich"; the second, how to regain good health. The first can be obtained by energy, honesty and saving; the second, (good health,) by using GREEN'S AUGUST FLOWERS. Should you be a despondent sufferer from any of the effects of Dyspepsia, Liver Complaint, Indigestion, &c., such as Sick Headache, Palpitation of the Heart, Sour Stomach Habitual Costiveness, Dizziness of the Head, Nervous Prostration, Low Spirits, &c., you need not suffer another day. Two doses of AUGUST FLOWER will relieve you at once. Sample bottles 10 cents. Regular size 75 cents. Positively sold by all first-class Druggists in the U. S.

REINS, Round and Flat,
and Everything that is generally kept in Harness Shops, Cheaper than can be purchased elsewhere.
REPAIRING done very cheap.
WM. W. COPPER.
May 12, 1877—y.

TO THE FARMERS
OF
KENT and QUEEN ANNE'S!
CHESTERTOWN, Aug. 1, 1877.
We would respectfully submit to your consideration the
LISTER PHOSPHATE,
Manufactured by LISTER BROS., the largest manufacturers of Phosphates and dealers in Bone in the United States, with certificates from Farmers and others who used it last fall.

CERTIFICATES OF FARMERS:

CHESTERTOWN, August 12, 1877.
Messrs. Hines & Co.—Gentlemen: After experiments with various Standard Fertilizers, I have arrived at the conclusion to purchase Lister Bros. Phosphate for my entire fall seeding, having derived more advantage from the use of it than any I have heretofore applied to my crops. Very truly yours, GEORGE W. T. PERKINS.

CHESTERTOWN, August 13, 1877.
Messrs. Hines & Co.—Gentlemen: In answer to your inquiry touching Lister's Standard Phosphate, which I and my tenants have purchased of you for several years, we have used it exclusively on Wheat and it has never failed to give satisfaction. Before we ventured its use extensively it was carefully tested in comparison with actual results derived from a judicious application of the most approved Fertilizers sold in this market. We shall use Lister's almost exclusively next fall; at least Twenty-five Tons. Yours, &c., R. HYNSON.

CHESTERTOWN, August 13th, 1877.
Messrs. Hines & Co.—At your request I will state that I have used Lister's Standard Phosphate for the past two years upon wheat on my farm in Kent county, and that I consider it the best Fertilizer I know at the price at which you sell it. It is always in good drilling order, stimulates the growth of the plant and gives heavy grain. My tenant informs me that it has improved the clover also. I expect to continue its use. Yours respectfully, J. A. PEARCE.

KENNEDYVILLE, KENT CO., MD., Aug. 15, 1877.
Messrs. Hines & Co.—Gents: Having some experience in the use of Patent Manures for the last fourteen years and using many different kinds, none that I have ever used has given me the same satisfaction as that of Lister's. I believe it to be as good as any in market and much better than some that claim a higher reputation. Yours, respectfully, JAMES P. CAROTHERS.

CHESTERTOWN, August 11, 1877.
Messrs. Hines & Co.—I beg to state in regard to Lister's Phosphate that I purchased of you last fall, that I used it alongside of I. P. Thomas' Standard Phosphate, and I am satisfied Lister's is a superior article, and I shall use it this fall. DAVID F. MILLS.

Experiment of JOHN BRICE in 1876-7.
Seeded Three Four-acre Plots in '76—1½ Bushels Wheat per Acre, and 200 lbs. Phosphate per acre. A careful threshing showed the following results:
FOUR ACRES—With 200 lbs. Turner's Excelsior per Acre. Threshed 120 Bushels Wheat, weighing 65 lbs. per bushel, bag inclusive.
FOUR ACRES—With 200 lbs. I. P. Thomas' Phosphate per acre. Threshed 127 Bush. Wheat, weighing 65 lbs. per bushel, bag inclusive.
FOUR ACRES—With 200 lbs. Lister's Standard Phosphate per acre. Threshed 128½ Bushels weighing 66 lbs. per bushel, bag inclusive.
The above is correct. JOHN BRICE.

NEAR CHESTERTOWN, March 17, 1877.
Messrs. Hines & Co.—Gents: In reply to your inquiry about the Eclipse Fertilizer that we purchased of you last spring to go on corn, we tried it by the side of one of the corn fertilizers, and we tried one acre of each and tried the same amount of fertilizer on both acres, and where we measured the corn yours gave us one-fourth more per acre than the other fertilizer.
THOMAS H. LAMBERT and WILLIAM FORD.

NEAR CHESTERTOWN, July 17, 1877.
Messrs. Hines & Co.—Gents: You ask me for a certificate for your Phosphate, and in reply would say that I furnished Lister's Phosphate that I bought of you, and my landlord furnished Turner's Excelsior, which I used by the side of yours, and the Lister beat it about 10 to 15 per cent., and I shall use Lister's this fall. Yours, &c., JOSEPH SHRIVER.

NEAR CHESTERTOWN, July 28, 1877.
Messrs. Hines & Co.—Dear Sirs: I have used the Whitelock and other Phosphates, and find that the Lister is equally as good as the Whitelock or any other that I have used, and also came through the winter better. Yours truly, V. HENDRICKSON.

NEAR ROLPH'S WHARF, Queen Anne's Co., April 29, 1877.
Messrs. Hines & Co.—Gentlemen: In answer to inquiry concerning Lister & Bros. Super Phosphate, I will say that I applied the ton purchased of you on my wheat last fall, and at this date am much pleased with its action. I used it by the side of two other first-class fertilizers, and am satisfied that Lister's is fully equal to either of them. I regard it as an article of real merit. Respectfully, GEORGE W. SMITH.

CHESTERTOWN, July 31, 1877.
DEAR SIRS: I used last fall on my wheat two tons of Lister's Phosphate and two tons of Whitelock & Co. I find that Lister's suits my land better, and shall use more this fall. Yours truly, C. C. BROWN.

NEAR CHESTERVILLE, July 27, 1877.
Messrs. Hines & Co.—Dear Sirs: The 1½ tons of Lister Phosphate purchased of you last fall I find to be an excellent article, and drills much better than I expected. I shall use more of it this coming Fall. Yours, truly, R. J. LUSBY.

BOXLEY FARM, July 16th, 1877.
Messrs. Hines & Co.—Dear Sirs: We used the Lister Phosphate bought of you along side of Turner's Excelsior, and found it to be equally as good both in length of staw and yield of wheat. Yours, Truly, W. H. COLEMAN and R. HYNSON.

NEAR CHESTERTOWN, July 10, 1877.
Messrs. Hines & Co.—Sirs: I used last fall three kinds of Phosphates, all considered first-class Phosphates and sowed side by side. Of the three I think Lister's Bone Phosphate the best. It gave me more wheat and better grass, and I shall use it this Fall. Yours, truly, E. J. WATSON.

CHESTERTOWN, July, 1877.
Messrs. Hines & Co.: The ton of Lister's Phosphate that you induced me to use last Fall has proven to be a superior article. It did better than Turner's Excelsior that I used principally. My grass looks considerably better where I sowed Lister's. Respectfully, I. R. LEAVERTON.

QUAKER NECK, June 8, 1877.
Messrs. Hines & Co.—The Lister Bros. Phosphate I purchased of you last fall is making Wheat look very well. I used two tons, and believe if I had used four it would have doubled what it is now. I did not put it over 150 lbs. to the acre, and one field only 130 lbs., and it is fine wheat. In sowing wheat last fall I had not enough Phosphate by about two bags, so I finished without it. The difference is from twelve to sixteen inches in height and double the size in the heads. This field was in corn last year, and I used the Lister Eclipse on the corn—a handful to two and three hills—and where the Phosphate was not sowed last fall. There is a large bunch of wheat in every hill, made by the Eclipse used on the corn, it having over doubled the crop of corn. Yours, respectfully, A. J. CRUIKSHANK.

NEAR CHESTERTOWN, July 16, 1877.
Messrs. Hines & Co.—In answering your inquiry in regard to Phosphate bought of you last fall, I am glad to state that I found Lister's Standard Phosphate the best of four kinds. I used Dissolved Bone and Peruvian Guano mixed, I. P. Thomas', Hubbard's and Lister's Standard Phosphate, and am satisfied Lister's is superior, taking net cost in consideration. I also used it on my own place, and got over 30 bushels to the acre. WILLIAM FORD.

NEAR ST. PAUL'S CHURCH, July 14, 1877.
Messrs. Hines & Co.—Gentlemen: I used your Fertilizer (Lister's) on my wheat alongside of I. P. Thomas' brag Phosphate, and am fully convinced to my own satisfaction that it is superior, and does not cost as much by several dollars per ton. Yours, truly, J. C. WHEATLEY.

CHESTERTOWN, July 31, 1877.
Messrs. Hines & Co.—Gentlemen: I used last fall several kinds of Phosphates on my wheat crop, but I think the Lister Bone Phosphate was the best, and I shall use it this fall. Yours, T. S. WILMER.

In good Drilling order, and for sale by
HINES & CO.,
Next door to the Bank, CHESTERTOWN, MD.

Wheat Seeding!
HIGH GRADE FERTILIZER

STANDARD
Bone Super-Phosphate,
UNEXCELLED
FOR ALL CROPS!
We again offer to the public our *Standard* Phosphate this, our ninth season. It is sold on an increased demand, not only in this State but Delaware, Pennsylvania, N. Jersey and Virginia, and for the last two years it has been extensively used as a *test* side by side of various *higher priced* Phosphates sold in the market, upon Wheat, Corn, and other crops in Kent and Queen Anne's counties, by many of our best farmers, who pronounce it to be equal to any in result, and superior to many, while the price is much less. There are other advantages in favor of the use of our *Standard*, which will be proven on trial.
1st. It is sold at $35 cash per Ton, at the Factory.
2d. It can be easily applied, with safety and profit, upon all crops.
3. It is always guaranteed to be in excellent order for drilling.
4. It is especially adapted to the growth of each and every crop.
5. The Base of the *Standard* is pure animal Bone, of which we invite inspection.
6. Animal Bone is a permanent improver of the soil.
7. Chemistry has enabled us to demonstrate with a degree of certainty that our soils lack principally *Nitrogen, Potash* and Phosphoric-acid, they being the three substances most essential for the profitable growing of crops and the Farmer to buy. Hence
We ask but ONE TRIAL
to convince all of the valuable properties contained in our Phosphate as a CROP PRODUCER, and we pledge ourselves to keep it up to its well known HIGH STANDARD, believing that our success depends entirely upon the QUALITY of our Fertilizer. We refer below to the names of a few Farmers who used our Phosphate on their wheat last Fall, which yielded an abundant Harvest:

Thos. C. Parsons,	Wm. W. Stephens,
Thomas Baker,	Chas. H. R. Merick,
Isaac Cordray,	Thos. J. Tucker,
Comegys Cosden,	Jas. P. Carothers,
Stephen Lechtes,	Edward Plummer,
Owen Connolly,	Jesse Morris,
James H. Baker,	John W. Loud,

HORNER'S
CONCENTRATED
SUPERPHOSPHATE
FOR ALL CROPS.
It is made of the best and most concentrated materials, possesses all the virtues of PERUVIAN GUANO and BONE DUST combined, and is well adapted to Wheat, Corn, Oats, &c., producing abundant crops where all others fail. Having a large percentage of Soluble and Precipitated Phosphoric Acid and Ammonia, it is without doubt the richest Commercial Fertilizer in the country.
HORNER'S
BONE-DUST
Made only of Slaughter-House Bones, contains a larger percentage of AMMONIA and BONE PHOSPHATE LIME than any other brand in the market.
WE OFFER
ONE THOUSAND DOLLARS
For the Detection of any Impurity in our manufacture of Bone.
We do not steam or bake our Bones, or otherwise treat them so as to destroy the animal matter, which is rich in Ammonia.
The Best Article in the Market!
HORNER'S
SUPERPHOSPHATE LIME
OR DISSOLVED BONE,
MADE OF PURE SLAUGHTER-HOUSE BONES AND CONCENTRATED ANIMAL MATTER.
It is richer in SOLUBLE PHOSPHORIC ACID and AMMONIA than any similar article in the market.
Samples and Prices sent on application.

BOOTS, SHOES And HATS.
HENRY ALLNUTT
192 West Pratt St.
HAVING been for a number of years engaged in the business with John F. Moffett & Co., and lately with E. S. Allnutt & Co., Wholesale Dealers, I beg leave to inform my friends that I have leased the old stand formerly occupied by
J. F. MOFFETT & CO.,
192 WEST PRATT STREET,
Where I will conduct the
WHOLESALE and RETAIL
HAT & SHOE BUSINESS.
With my experience in the Wholesale and Retail business for the past NINE YEARS, I feel sure of being able to make purchases as low as any house in the city.
I shall keep on hand the best Eastern and City made work, also take measures and make to order all kinds of Custom work.
One price to all, and all goods guaranteed as represented.
HENRY ALLNUTT,
No. 192 West Pratt St., BALTIMORE,
3 doors above Maltby House.

ESTABLISHED 1850.
BALTIMORE LOCK HOSPITAL
TO ALL SUFFERERS A
SPEEDY & PERMANENT CURE
DR. CLEGG may be consulted either personally or by letter, upon all those diseases usually termed confidential, which tend to embitter life and shorten its duration. Including
NERVOUS DEBILITY,
Causing Indigestion, Pains in the Back and Loins, Neuralgia, Fainting Fits, Nervousness, Defective Memory, Weakness, Pimples on the face and body, Aversion to Society, Confusion of Ideas, Consumption, Nervous Headache, Rheumatism, Palpitation of the Heart, Brooding or Melancholy, Dimness of Sight, &c., Brought on by
YOUTHFUL INDISCRETION,
totally unfitting the victim for either Marriage or Business.
DR. CLEGG'S treatment embraces 25 years' experience in the above diseases, which enables him to effect a cure, when all other remedies have failed, without the use of Mercury or Mineral in any form, the Doctor's treatment being PURELY VEGETABLE.
Let no false delicacy prevent those suffering from any of the above diseases, making an early application for often a few days of neglect bring years of suffering.
Patients boarded at the hospital if required.
OFFICE:
89 and 91 S. High St., Baltimore.
DR. CLEGG GUARANTEES that no case placed under his treatment shall leave his care till restored to sound and vigorous health.
Now ready, a pamphlet on Nervous Debility and all Diseases of a private Nature, free by post for two three cent stamps.
N. B.—Patients living at any distance can be successfully treated by sending symptoms of their disease. The doctor will forward free from observation a printed list of questions, which enable the patients to give a minute description of their case, which is all he requires to effect a sound cure. Office hours from 8 in the morning till 10 at night. Sundays till 12 noon.
All Letters directed DR. CLEGG, Lock Hospital, Baltimore, Maryland, will receive prompt attention. oc28.

GLENN'S
SULPHUR SOAP.
A STERLING REMEDY FOR DISEASES AND INJURIES OF THE SKIN; A HEALTHFUL BEAUTIFIER OF THE COMPLEXION; A RELIABLE MEANS OF PREVENTING AND RELIEVING RHEUMATISM AND GOUT, AND AN UNEQUALED DISINFECTANT, DEODORIZER AND COUNTER-IRRITANT.
Glenn's Sulphur Soap, besides eradicating local diseases of the skin, banishes defects of the complexion, and imparts to it gratifying clearness and smoothness.
Sulphur Baths are celebrated for curing eruptions and other diseases of the skin, as well as Rheumatism and Gout. *Glenn's Sulphur Soap* produces the same effects at a most trifling expense. This admirable specific also speedily heals *sores, bruises, scalds, burns, sprains* and *cuts*. It removes dandruff and prevents the hair from falling out and turning gray.
Clothing and linen used in the sick room is disinfected, and diseases communicable by contact with the person, prevented by it.
The Medical Fraternity sanction its use.
Prices—25 and 50 Cents per Cake; per Box (3 Cakes), 60c. and $1.20.
N. B.—Buy the large cakes and thereby economize.
Sold by all Druggists.
"HILL'S HAIR AND WHISKER DYE,"
Black or Brown, 50 Cents.
C. N. CRITTENTON, Prop'r, 7 Sixth Av., N.Y.

THE WONDER OF THE AGE!
Mallet's Improved Patent
WASHING MACHINE!
WORKS by pressure of AIR AND WATER POWER, works by itself, no labor required like other washing machines, no rubbing necessary, and it saves four times its cost yearly in time and expense. Clothes will wear twice as long by not rubbing them on a Wash Board or forcing them through wooden machines, which are equally destructive.
The subscriber having purchased the right in the above Machine for Kent and Queen Anne's counties, is prepared to sell them at low prices, according to size. Persons are referred to Mr. DANIEL E. JEWELL, near Worton Station, who is prepared to furnish all necessary information. RICHARD COLEMAN.
Aug. 25, 1877—tf.
