COMMUNISM IN THIS COUNTRY.—The head-quarters of the international has been removed to this country since the strike, and established in Chicago. This week's *Nation* says:

"The socialists have been showing signs of renewed activity by holding a congress of the international at Ghent, in Belgium, consisting of about forty delegates, representing branches in all parts of Europe and in the United States. The discussions seem to have been attended with considerable difficulty, owing to the want of a common language, but in one way or another all were made acquainted with what was going on. The executive committee and the head-quarters of the association are in Chicago, it appears, and a long communication from the committee, containing an account of the late strike here and its cause, was read by the secretary. It wound up by saying that 'great changes are proceeding in public opinion here,' and that 'it is evident to all that the false republic cannot last much longer in its present form,' and that 'unless the socialistic movement shall reform it, a monarchy, or rather an oligarchy, will be established in a few years'—which brings it very near. The platform adopted by the congress was the old one, with which the world is tolerably familiar, and which may be said in general terms to consist in the overthrow of all existing institutions. The fundamental plank is, however, the abolition of private property, and the 'appropriation' of land, machinery, implements, capital, and all, by the State or 'commune.'"

STANDING OF THE BASE-BALL CLUBS.—The professional base-ball season is at an end, and in the regular United States championship arena the Bostons take a leading position by so large a majority of victories as to leave them in undisputed possession of the field—61 victories out of 90 games. Louisville comes next, with a record of 43 victories out of 79 games, and Chicago stands third on the list, with 41 victories out of 84 games, Hartford, being fourth, with 37 out of 67, and St. Louis fifth, with 35 out of 78. The Stars, of Syracuse, lead the clubs outside of the five league clubs, they being ahead of Indianapolis and Cincinnati, with 30 victories out of 54 games. Last on the list in won games comes the Lowell nine, they having won 11 games out of 18, or nearly as good an average as the Bostons. They defeated every league club in one or more games except the weakest—the Cincinnatis—the Lowells standing even with the Bostons in won games—4 to 4.

THE DEPARTMENT OF STATE has received a report from our minister of the Hague, in which it is shown, as an illustration of the carefulness and steadiness of the Dutch, that there has not been a bank failure in Holland in forty years, and that the paper money in the banks during that time has been equal to gold. There is no such thing as the failure of a fire insurance company in Holland, and, while the rate of insurance does not exceed one-half of one per cent., the companies are flourishing. First-class railroad fare is only one cent per mile, and yet the roads pay good dividends. Pilfering officials are rarely heard of. No free passes are granted. Dishonesty of any kind or failure in business means public dishonor. Four millions of people live within 20,000 square miles, and all appear happy and contented. The secret of their prosperity is that all live within their income and all stick to industry and honesty.

AMERICAN BULLETS.—The cartridge manufactory at Bridgeport, Conn., is supplying material for both the Russian and Turkish armies, and American bullets are hurled promiscuously from both sides. The Bridgeport company manufactures from six to seven hundred thousand cartridges per day. They have supplied forty millions to Russia, seventy millions to Turkey, and have just received an order of eighty millions from the Italian Government. Two tons of powder are used each day, and other materials in like proportions. An inspecting officer for Russia and Turkey were recently alike engaged side by side in superintending the production of the cartridges for their respective governments.

GENERAL CASSIUS M. CLAY has a pretty little estate of 2,200 acres in Kentucky, in the centre of which stands a stately mansion. He has a splendid library and many excellent paintings. In this home Gen. Clay is spending his old age with his adopted son, an intelligent young Russian, for his companion. The old abolitionist now holds the most gloomy opinions as to the condition and prospects of the colored race. He says that of those freed by him many years ago none turned out well. He adds that the colored people are rapidly decreasing in numbers and must finally become extinct.

AN INGENIOUS LAWYER.—In Frederick County (Md.) Court Tuesday a lawyer secured a short imprisonment for his client in a very ingenious manner. The fellow was up for stealing last winter a $5 bill from his room-mate, and the evidence must have been pretty conclusive, as it does not appear from the *Times's* report that any defense was made. The lawyer contended that, taking gold as a standard, the note was worth less than $5, hence the thief was guilty of petty larceny only. The jury brought in a verdict accordingly, and the prisoner goes to the county jail instead of the penitentiary.

SENATOR BAYARD said the other day that the whole drift of public opinion is against party scheming. Yes, against the party scheming that culminated last winter in shameless fraud and political felony. The man must indeed be blind who does not see that the people remember with hot indignation the theft of their highest office, and that they intend to have a reckoning with the thieves. If this is what the Delaware Senator meant, he showed the perception of a statesman.—*N. Y. Sun.*

MOTHERS, why do you let your children suffer with the croup, coughs and colds, when *Leary's Compound Syrup of Wild Cherry and Tar* will cure them? An excellent soothing syrup.

How it is Done.

The first object in life with the American people is to "get rich"; the second, how to regain good health. The first can be obtained by energy, honesty and saving; the second, (good health,) by using GREEN'S AUGUST FLOWERS. Should you be a despondent sufferer from any of the effects of Dyspepsia, Liver Complaint, Indigestion, &c., such as Sick Headache, Palpitation of the Heart, Sour Stomach Habitual Costiveness, Dizziness of the Head, Nervous Prostration, Low Spirits, &c., you need not suffer another day. Two doses of AUGUST FLOWER will relieve you at once. Sample bottles 10 cents. Regular size 75 cents. Positively sold by all first-class Druggists in the U. S.

Two countrymen, just in by the Boston and Maine Railway, strolled up New Washington street until they arrived at an eating-house situated next door to a carpet warehouse. In the window of the latter was a large sign reading:

"Extra sup'ers 95 cents a yard."

The first rustic halted and hailing his companion, said:

"Jim, here's the place we want; extra suppers."

His more cautious companion, after reading the sign, and also attributing it to the eating-house, replied:

"Hol'on, Bill! look at the price—ninety-five cents a yard! That's some new fangled way of cheatin' a feller in vittles. I hain't goin' to pay ninety-five cents for an extra supper measured out by the yard," and they pursued their course up town, keeping a sharp lookout for snares and pitfalls.—*Boston Com. Bulletin.*

WITHIN a few mile of the fortunate town of Evansville, Ind., are a three-legged dog, a pet hog with no eyes, a man who is about to marry his daughter-in-law's sister, two other men who have wed each other's daughters, a young may who has espoused the mother of his deceased wife, and several variations of the Enoch Arden type.

NED GAULSBY, colored, has been arrested for burglary at Atlanta, and on looking up his record it was found that he owed the State some service—156 years of it, in fact, having four times escaped from jail, namely, when sentenced to a ninety-nine year's term for murder and three terms of twenty years each for a homicide and two burglaries.

HERE is a conundrum which we do not remember to have seen in print: Why is a pig looking out of a second-story window like the moon? Because he looks round. If anybody triumphantly retorts that the moon does not always look round, you can reply that the pig doesn't either.—*Lowell Courier.*

WITH a cake of Glenn's Sulphur Soap and a commodious bath-tub, the victim of chronic cutaneous eruptions can improvise a sulphur bath, which no professed bathing establishment can supply. Sold at Druggists. Hill's Hair and Whisker Dye, black or brown, 50 cts. o27-4t.

VISITOR—"Isn't it terrible to think that the vessel yonder may dash on the rocks, and every soul on board perish?" Old Salt—"Yes, but isn't it more terrible to think that maybe the crew's working themselves to death, and perhaps there's not a bit of tobacco aboard the craft?"

AN ounce of preventative is better than a pound of cure. A dose of Dr. Bull's Baby Syrup will assist your Baby in teething, and prevent it from being attacked by Cholera Infantum, Colic, or other diseases Babies suffer with. 25 cts.

THE Whiskey Bell Punch has proved so successful in Virginia that Louisiana and Arkansas are thinking of adopting it.

GALENA MACHINE SHOPS!

Wm. A. Hyland & Co.

WE beg leave to call the attention of the Farmers of Kent and the adjoining counties to our new

COMPETITOR REAPER,

and the many IMPROVEMENTS we have made this year. Our Self-Oiling PITMAN BOX, which will run two hours without stopping to oil; also, case hardened Journals, which we think is a great advantage, preventing the wearing of the Journals, a trouble that all other machines have to contend with. We are now using a Guard with concaved centre, which will PREVENT CHOKING and always present a Sharp Cutting Edge, a thing that must present itself to the farmer at once. Also, a Knife with Steel Back, thereby adding Strength, Lightness and Elasticity; and our PATENT STEEL WIRE DROP, that overcomes all objections to a Dropper, working as well in light as heavy grain, a thing that has been long needed and found at last by us.

We make the Reapers of two sizes, for two and four horses. The four-horse Reaper cuts a Swath of six feet, and will cut from twenty-five to thirty acres of grain per day, and will not work the horses as hard as ordinary farm work. The five foot machine is intended for two horses, and is handled very easily. Farmers, call and see, or write to us and learn what we have for sale.

They are the proprietors of a Corn Sheller with Fan attachment, which with their one and two horse power, will shell and clean seventy-five bushels in one hour, of which fact good reference can be given.

THE WONDER OF THE AGE!

Mallet's Improved Patent WASHING MACHINE!

WORKS by pressure of AIR AND WATER POWER, works by itself, no labor required like other washing machines, no rubbing necessary, and it saves four times its cost yearly in time and expense. Clothes will wear twice as long by not rubbing them on a Wash Board or forcing them through wooden machines, which are equally destructive.

☞ The subscriber having purchased the right in the above Machine for Kent and Queen Anne's counties, is prepared to sell them at low prices, according to size. Persons are referred to Mr. DANIEL E. JEWELL, near Worton Station, who is prepared to furnish all necessary information. RICHARD COLEMAN.
