WOMAN SUFFRAGE.

Senator Wilson has introduced in the Senate a bill to give suffrage to women *of all colors* in the District of Columbia. Of all spots in the Union the District of Columbia has been the one most favored, or cursed, as different people may view the boon, by the intermeddling, sentimental, prurient legislation of Congress. First, the abolitionists, long years ago, waxed hot over the existence of negro slavery in the district, and Henry Clay, in order to curry favor with the North, introduced among his celebrated compromise resolutions of 1850, one forbidding the trade in slaves within that District. Emancipation was first proclaimed in the same District, and the owners of slaves were first robbed of their property on a small scale there, by way of a foretaste of the more gigantic, wholesale robbery, which was so soon to follow everywhere throughout the States in which slavery prevailed.—Next in order came universal suffrage in that favored garden of Puritan liberty—the District of Columbia. Negroes were supreme in Washington; their barbarian processions and wild orgies have since rendered the capital of the United States one of the most abominable places of sojourn to respectable travelers, and all persons whose business or duty takes them to Washington.

And now this Natick Cobbler says that women shall be clothed with all the political powers of men, and that the District of Columbia shall be the seed ground in which this exotic growth of political heresy and madness shall be first practically developed, and from its results we outside barbarians of the several States of the Union will be admonished of the necessity of the establishment of this new phase of political ethics within our own borders.

Well, gentlemen of the Radical Junta, proceed with your charming schemes and prove your fitness to establish the new regime of humanity, equality and universal fraternity. The poor District of Columbia is given over to the Goths and Vandals of New England, and we will await the result of their beautiful experiments, of which this last development of woman suffrage is, perhaps, the most notable and suggestive. Negro suffrage, with all its hideous consequences, is not so revolting as this, for with that we could still get on and preserve our own family circles from contamination and deseration. But once throw the fire-brand of political strife into the family circle, and good-bye to the peace and happiness of society, the good order of the community, the nurture of the young, and their education in the principles by which alone they can hope to grow up in the ways of wisdom and virtue. Society will be degraded when women become politicians.

POPULATION OF THE UNITED STATES.—The Balt. *Sun* says: We have received from Hon. Alx. Delmar the annual report, dated November 18, 1868, of the bureau of statistics to the Secretary of the Treasury. We find in it interesting statements both of our population and foreign commerce, besides many other valuable facts. It gives the following as the results of the census of the population of the United States which was obtained by the bureau during the year 1867, in accordance with the practice instituted in the year 1866. The results have been obtained by means of inquiries instituted through the internal revenue organization, the jurisdiction of whose numerous officers covers the entire area of the country. The population for 1867 is put down as follows:

Six New England States, 3,480,397 whites, 30,701 colored—3,511,098 total; five Middle States, 9,072,647 whites, 352,469 colored—9,425,116 total; thirteen Southern States, 6,764,928 whites, 3,884,532 colored—10,649,460 total; thirteen Western and Pacific States, 12,356,081 whites, 311,493 colored—12,667,574 total; nine Territories, 435,774 whites, 54,176 colored—489,950 total. Total United States, 32,109,827 whites, colored, 4,633,371—total, 36,743,198.

The total population, white and black, of the Southern States has increased from 10,259,017 in 1860 to 10,649,460 in 1867 The white population has increased in the South since 1860 395,948, so that the numerical losses of the war in that section are more than compensated. Whilst, however, this is a slight gain, notwithstanding the losses of the war, it will be sufficient, in order to estimate what a check to her progress in population the South has received. to remember that the actual gain of the whole population in the fifteen slaveholding States from 1850 to 1860 was 2,627,000.

IMPORTANT LEGAL DECISION ON A RELIGIOUS QUESTION.—We find in the Chicago Local News the report of a decision by Judge Lawrence, of the Supreme Court of Illinois, that is of considerable importance. A majority of the members of the Presbyterian Church in Bloomington voted to connect themselves with the New School body. The minority brought the matter into court, with two questions to be determined. First, whether the majority were competent to make this change in the relations of the church. Second, whether the right to vote upon such a question should not be confined to members of the church and denied to those who are simply members of the corporate society.—The Circuit Court, before which the case was first tried, decided that the act of the majority was legal, because "it was not perverting the church property to the teaching of new doctrines, but connecting itself with another branch of substantially the same church." Upon the second question the decision was that "the right to vote should not be confined to church members, but upon a question affecting the property of the congregation, the right of persons not members of the church who have largely contributed to the erection of the church and the support of its minister to a voice cannot reasonably be questioned." This decision of the Circuit Court was sustained by Judge Lawrence.

YOU ALL
HAVE HEARD OF
HOOFLAND'S GERMAN BITTERS,
AND
HOOFLAND'S GERMAN TONIC,
Prepared by Dr. C. M. Jackson, Philadelphia. Their introduction into this country from Germany occurred in
1833:
THEY CURED YOUR
FATHERS AND MOTHERS,
And will cure you and your children. They are entirely different from the many preparations now offered by the country called Bitters or Tonics. They are no tavern preparation, or anything like one; but good, honest, reliable medicines. They are
The greatest known remedies for
Liver Complaint.
DYSPEPSIA,
Nervous Debility,
JAUNDICE,
Diseases of the Kidneys.
ERUPTIONS OF THE SKIN,
and all Diseases arising from a Disordered Liver, Stomach, or
IMPURITY OF THE BLOOD.
Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fullness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.
All these indicate disease of the Liver or Digestive Organs, combined with impure blood.

Hoofland's German Bitters
is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

Hoofland's German Tonic
is a combination of all the ingredients of the Bitters, with PURE *Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in cases where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The* TONIC *is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.*

DEBILITY.
There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tings from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated weak, and nervous invalid, to a full-faced, stout, and vigorous person.
Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.
These Remedies are the best
Blood Purifiers
ever known, and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order; keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no disease will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything you must try these preparations.

FROM HON. GEO. W. WOODWARD,
Chief Justice of the Supreme Court of Pennsylvania.
PHILADELPHIA, March 16, 1867.
I find "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action, in the system.
Yours truly,
GEO. W. WOODWARD.

FROM HON. JAMES THOMPSON,
Judge of the Supreme Court of Pennsylvania.
PHILADELPHIA, April 28, 1866.
I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia, I can certify this from my experience of it. Yours, with respect,
JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,
Pastor of the Tenth Baptist Church, Philadelphia.
DR. JACKSON—DEAR SIR:—*I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,*
J. H. KENNARD,
Eighth, below Coates street.

CAUTION.
