A BLOODY RECORD—*Stephen D. Richards Confesses Having Murdered Nine Persons.*—A special dispatch from Steubenville, Ohio, says Stephen D. Richards, who has been placed in jail at that place charged with the murder of the Harelson family of Kearney, Neb., has made a full confession acknowledging the commission of nine murders within the last three years. The first murder was committed near Sand Hills, Neb. He had an altercation with a man unknown to him and shot him through the head. The next was that of Mrs. Harelson and three children in October last. He met Mrs. Harelson in jail, she having been arrested on a charge of aiding her husband to escape justice. When she was released Richards visited her, staying two weeks, when he concluded to murder her and take charge of her farm, which he had preempted. He broke her jaw and smashed in the back of her head with a smoothing iron and then killed her two oldest children with the same instrument, and seizing her infant he dashed its head against the floor. He then gave out that Mrs. Harelson had gone to Texas to join her fugitive husband, but suspicion having been aroused search was made and the bodies found under a straw stack. Richards fled. Before the Harelson murder Richards was assisting a Swede named Peter Anderson in putting up a building. Anderson told some neighbors he believed Richards had poisoned him. The neighbors called the next day, but Anderson could not be found. Richards was in possession of Anderson's horses and wagon, and while the neighbors were searching the house he made his escape. Richards admits he killed Anderson with a hammer. He states he committed two other murders, but refuses to give the names of the victims.

AN INTERNATIONAL FISH SHOW.—In a letter to the New York *World* Mr. Robt. B. Roosevelt says he has received a communication from the German Fishery Verein announcing their intention to have an international exhibition of the products of the sea and inland fisheries and the implements of fishing and fish culture. Mr. Roosevelt says: "In view of the large productions of fish in this country and the growing export trade it is important that persons interested in canning, drying and preserving fish should take advantage of the opportunity to exhibit their productions and enlarge their business connections. The export of American oysters to England," Mr. Roosevelt further says, "has become extensive and profitable, although in its infancy, and might be readily extended to Germany, if not to all Europe, and when once the taste of our bivalves is established it will tax our resources and furnish a good profit to supply the demand."

ACCORDING to the Cambridge *News*, the bay vessels, which at one time carried on such a tremendous trade between the lumber and grain ports of the Eastern Shore and lower Delaware and cities of Philadelphia and Baltimore, are rapidly wearing out. Many have been lost in recent gales, and the shipyards are idle. The vessels are not being replaced, and the old sailor has turned oysterman.

THE venerable Archbishop Purcell, of Cincinnati, announced in the Cathedral in that city on Sunday that he had written to the Pope asking to be relieved on account of the infirmities of old age. He was born at Mallow, county Cork, Ireland, February 26, 1800.

THE Washington correspondent of the Louisville *Courier-Journal* asserts that Mr. Blaine is working very hard to have General Grant put on the army retired list in order that the General may thus get the reputation of being what the correspondent calls 'a laid-aside public man.'

NEAR Havre de Grace one day recently, Mr. Barnes, of Cecil county, killed 196 ducks. Another killed 185, and so on, until some 4,000 were killed during the day, and many more would have been killed had not the wind been too high.

NEW YORK has had the Secretary of State uninterruptedly since March 4, 1861; has also the Vice-Presidency at the present time, and has had the democratic nominee for Presidency for the last three terms in succession.

MR. C. R. HOGAN, proprietor of the Maltby House, Baltimore, has been presented a handsome and costly gold-headed ebony cane by the clerks and others connected with the establishment.

A $4,000 fire swept away the hay house and three hundred tons of hay belonging to J. Tome & Co., of Port Deposit. The property was partly insured in the Cecil County Company.

THE Taylor Manufacturing Company, of Westminster, Md., which will recommence operations in a few days, will have orders for 35 engines to begin with.

A. R. EATON, of Talbot county, last week killed on the wing a grey eagle measuring 7 feet 1 inch from tip to tip.

Various Causes—

Advancing years, care, sickness, disappointment, and hereditary predisposition—all operate to turn the hair gray, and either of them inclines it to shed prematurely. AYER'S HAIR VIGOR will restore faded or gray, light and red hair to a rich brown or deep black, as may be desired. It softens and cleanses the scalp, giving it a healthy action, and removes and cures dandruff and humors. By its use falling hair is checked, and a new growth will be produced in all cases where the follicles are not destroyed or glands decayed. Its effects are beautifully shown on brashy, weak, or sickly hair, to which a few applications will produce the gloss and freshness of youth. Harmless and sure in its operation, it is incomparable as a dressing, and is especially valued for the soft lustre and richness of tone it imparts. It contains neither oil nor dye, and will not soil or color white cambric; yet it lasts long on the hair, and keeps it fresh and vigorous.

FOR SALE BY ALL DEALERS. 3

Oliver Cromwell, one of England's most illustrious sons, died from Intermittent Fever, and this distressing disease was at that time the means by which some of the greatest persons perished.

Since the discovery of *Quinine* and its employment in the treatment of Fever and Ague the fatality has been reduced to a very low point.

Arsenic was also employed with some success, but these remedies are injurious to the constitution of the patient, so much so that scientific men have been for years endeavoring to discover a remedy that did not possess the *injurious* qualities of Quinine or Arsenic. Many remedies have been put forth claiming to possess no injurious materials, but have only proved to be impositions and frauds. This useful and humane discovery has at last been made in the form of BRITTON'S AGUE PILLS. These pills do not contain Quinine or Arsenic in any form, yet are capable of neutralizing the malarial poison in the system, and effect a cure without subjecting the patient to the unpleasant and hurtful effects of Quinine and Arsenic. BRITTON'S PILLS may be taken under any circumstances without the slightest danger to the patient. Where the directions are followed a cure is certain. Price 25c. For sale by all dealers. F. M. Treatment for Consumptives.

The *Medical Record* contains the details of a treatment for consumptives that, so far, has been very promising in its results: The theory of cure is to clear the lungs by a mechanical effort, chiefly by manipulating the muscles of the throat, so as to cause more forcible breathing; second, to establish perfect digestion; third, to promote a process of healing the tubercles, so they shall become chalky or calcified masses; fourth, to compel the patients to take plenty of fresh air, sunlight and out-door exercise. To secure perfect digestion, a special diet is ordered in evesy case, and the food is changed as the power of assimilating it improves.

To promote the calcifying of the tubercles, the ralts of lime, which are found in most vegetable and animal food, must be supplied in a soluble condition; the theory is that too much heat in ordinary cooking destroys the natural combination of these salts with albumen and renders them insoluble toa weak digestion. Outdoor exercise is regarded as so important that the patients are instructed to go out in rain, snow, dampness, or even night air or dew, the habit thus acquired neutralizing the danger of catching cold from such exposure. Only strong head winds and extreme hot weather need be guarded against. The patients sleep with the windows open, summer and winter.

A Minneapolis physician, whose cinchona recipe for the cure of drunkards recently attracted attention, recommends this highly carbonaceous mixture in the treatment of consumption: One-half pound finely cut up beefsteak (fresh); one dram pulverized charcoal; four ounces pulverized sugar; four ounces rye whiskey; one pint boiling water. Mix all together, let it stand in a cool plaae over night, and give from one to two teaspoonfuls, liquid and meat, before each meal. The value of this method of supplying a sufficiency of carbon in a form that may be readily appropriated is obvious.

A BOLD ROBBER.—Therefore stop that bad cough or cold, which is robbing you of your rest; and perhaps it will rob you of your life. Now the great Detective and Rescuer is *Leary's Compound Syrup of Wild Cherry and Tar.* Sold by all dealers in medicine at 35 cts. d21-2t.

THE immense hornes of the South African cattle are made to twist spirally, and in fanciful curves, by being scraped on one side or the other while they are growing. Each owner can tell the oxen which belong to this 'Span' in this way by the acquire shape of their naturally regular horns.

CLOTHING

A FEARFUL MARK-DOWN IN PRICES!

An Immense Sale of

WINTER SUITS

And OVER-COATS

A Mark-down of 25 per cent in a single Week!

OVER-COATS that formerly sold for $20 I am now selling for $16.
Those formerly sold at $16 now sold at $12
" " " " $12 " $10
" " " " $10 " $8
In fact am selling an Overcoat as low as **$3!**

SUIT GOODS marked down in same proportion.

Youth's, Boys' and Children's Suits.

I am now carrying a larger stock Youth's, Boys and Children's Suits than ever before. In fact it is double the largest stock on the Eastern Shore of Maryland, and at prices lower than ever, ranging from $2.50 per suit up. Persons intending to make Christmas presents of Boys' Suits would do well to call and examine my stock before purchasing elsewhere.

The celebrated Men's all-wool $10 suit can be found *only* at T. S. BORDLEY'S.

My stock of UNDERWEAR is complete in every particular. Undershirts from 25c. to $3.50. Fine Linen-bosom Shirts from 75c. (1 ply) to $2.25 (3 ply.)

I also keep on hand the finest assortment of JEWELRY for Gents' wear that can be found in town, embracing solid gold and heavily plated Studs, Sleeve Buttons, Scarf Rings, Pins, &c.

Just received a new stock of

HATS and CAPS,

which I am selling as low as the lowest. A genuine Fur Hat for $1.50; such was never known before in this town.

Full line of GLOVES of almost every style and finish astonishingly low.

My stock now amounts to about

$6,000.00,

and all new. I am constantly receiving new goods of latest styles. People are prone to advertise more than they can perform, but if you call upon me I will convince you that I am performing to the letter just what I advertise.

I have on hand 300 ODD COATS, which I bought at a wonderful sacrifice and am selling at *your own price*,

Thanking the people for favoring me in the past, and promising to work for their interest as well as my own in the future,

I remain, respectfully, &c.,
THOS. S. BORDLEY.

N. B.—One thousand samples are now on exhibition for ordered goods, embracing the finest English, French and Domestic Samples for Suits and Over-Coats, which I am making for $15 to $60 per suit. Will guarantee a fit in every particular or positively no sale.

RICHARD BOYER,
vs.
THOMAS JONES, ET AL.

In the Circuit Court for Kent County, in Equity, July Term, 1878.

THE OBJECT of the Bills filed in the above cause is to procure a Decree for the sale of certain real estate and its appurtenances lying and situate in Chestertown, Maryland, which is particularly described in said Bill.

The Bill states that a certain Jack Salter, late of Kent county, deceased, was in his life time seized and possessed of a certain lot or part of a lot of land in Chestertown, and known on the plot of said town as part of lot No. 44, and being so thereof seized and possessed, sometime in the year 18— departed this life intestate, leaving certain persons in said bill named his only children and heirs at law.

The Bill further states that Mary Salter, one of the children and heirs at law as aforesaid, intermarried with a certain Richard Boyer, both of whom are since deceased, leaving children Eliza Boyer, Emily Boyer, Charles Boyer and the orator in said bill. Lizzie Ann Salter intermarried with a certain Thomas Jones, of Kent County; Betsy Salter intermarried with a certain George Brown, who has since departed this life; Caroline Salter died unmarried leaving an illegitimate child Charles Salter, who is a non-resident of the State of Maryland. All said persons are above the age of twenty-one years. The bill further states that the said Jack Salter, during his life time made advances to each of his daughters, Lizzie Ann and Betsy, though he never gave to either of them any equitable title thereto, they have remained in possession thereof ever since. The balance of his real estate at the time of the death of the father was jointly seized and possessed by the other two daughters, Mary and Caroline as tenants in common, who are since deceased, leaving the aforementioned children and heirs at law, who are seized and possessed in right of their deceased parents as tenants in common.

The supplemental Bill states that since the original bill in this case was filed Lizzie Ann Jones hath departed this life, leaving the following children and heirs at law: Samuel Salter, James Salter alias James Bowser, William Salter, Rebecca Salter, Margaret Salter and Lizzie Salter, who now intermarried with Robert M. Woolford.

The supplemental Bill further states that the said late Jack Salter at the time of his death left surviving him another daughter, Rebecca, who intermarried with a certain —— Randolph, who has since deceased; and that the said Charles Salter, Samuel Salter, James Salter alias James Bowser, and Rebecca Randolph are now residents residing beyond the limits of the State of Maryland.

The bill further shows that the real estate is not susceptible of division among the parties entitled without great loss and injury to the parties interested. That it would be for the interest of all parties to have the same sold and the proceeds thereof divided among them according to their several just proportions.

It is thereupon adjudged and ordered, that the complainant, by causing a copy of this order to be inserted in some newspaper printed and published in Kent Co. once in each of four successive weeks before the 7th day of January next, give notice to the said absent defendants, Chas. Salter, Samuel Salter, James Salter alias James Bowser, and Rebecca Randolph, of the object and substance of this bill, and warn them to appear in this Court in person or by solicitor on or before the 7th day of April next, to answer the premises and show cause why a Decree ought not to pass as prayed.

Manhood: How Lost, How Restored!

Just published, a new edition of *Dr. Culverwell's Celebrated Essay* on the radical cure (without medicine) of Spermatorrhœa or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc., also, Consumption, Epilepsy and Fits, induced by self-indulgence, sexual extravagance, &c.

Price, in a sealed envelope, only 6c.

The celebrated author, in this admirable Essay, clearly demonstrates, from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.

This Lecture should be in the hands of every youth and every man in the land.

Sent under seal, in a plain envelope, to any address, post-paid, on receipt of six cents, or two postage stamps.
