DEATH-BED CONFESSION OF A MURDERESS.—*She Poisons her Husband, Child and Father-in-law.*—The township of Lafayette, Sussex county, New Jersey, is considerably excited at the present time over some revelations made by a woman named White, just previous to her dissolution, which took place last Saturday.—The particulars of her confession are horrible in the extreme, and if true, would indicate that the ferocious spirit of Lucretia Borgia has found another shocking parallel in these latter days. Our correspondent writes us that the woman White, who was a widow fell a victim to consumption.—Being a member of the Methodist Church, she sent for some of her fellow members to attend her in her dying hour, and stated to them that about seven years ago she poisoned her infant child, so that it died. A year or so after she administered poison to her husband's father and he died too. Later still, on the return of her husband from the army, she dealt to him also a fatal potion, and he, too, passed into the spirit land. The miserable woman has borne a good character, as do also her relatives. They are poor people. The only reason assigned for making this dying declaration is that she desired to rid her conscience of this immense load of crime prior to her death. These statements were made to our correspondent by one of the attendants at the death-bed of the self-accused murderess. It is not a little singular that her acknowledged acts have never before leaked out. She was perfectly sane up to the time of her decease. —*Newark Journal.*

THE CARRYING TRADE.—The facilities for freight and travel between Chester river and Baltimore being considered insufficient, it is proposed to bring the subject under the notice of steamboat proprietors, and endeavor to induce some one of them to put on a steam-tug and two or three barges, and that the boat leave at night instead of morning. The merchants of Crumpton, who feel aggrieved by the conduct of the Slaughter Company, are willing to aid such a line as is proposed, by using that mode of conveyance for their merchandise, and others having grain and wood to ship are also strongly in favor of it. Next summer there will be probably two thousand cords of wood to ship from Crumpton alone, while the amount of grain will be largely increased. At other points on the river there is a large trade, and the proposed new line would undoubtedly receive a fair share of it. We understand that the Slaughter Company propose during next season to run the Chester between Baltimore and some of the landings on the lower part of Chester river, making a round trip daily, and that the George Law will sail up as far as Crumpton three times per week.

As this is a matter of importance to the people of Queen Anne's and Kent counties, and may have an important influence on their future welfare, we suggest to our contemporaries in Chestertown and Centreville to ascertain the prevailing opinion in their respective localities, and if they find that the proposal for a new line is favorably received let the matter be agitated, and the end desired will soon be accomplished.—*Crumptonian.*

In referring to the above article, the Centreville *Observer* says:

If the *Crumptonian* will reflect that the Slaughter boats are inadequate for the task of ice-breaking, and that attempts to run the boats through the ice are always attened with danger of loss of life and property, it will see the wisdom of the Company in refusing to risk their boats and the lives of the passengers. The Steamers have fallen short in their revenues so far that Capt. B. S. Ford will be compelled to draw largely from his private means, so he informs us, to pay the expenses of the line. To loose a boat occasionally is no small matter, and would come heavily upon the owners.

"BLIND TOM" OUTDONE.—We listened the other evening to a musical wonder that eclipses Blind Tom. The wonder that we refer to is a negro girl, raised in Hinds County; and, as a pianist, she certainly excels anything that we have listened to. This girl, Emma, is about eighteen years old, is as black as the ace of spades, and does not know a single note, and cannot spell the simplest word. She was a house-servant, and as such was permitted to play upon the piano. She can play any piece, however difficult it may be after hearing it played; and her accuracy and delicacy of touch is really something very remarkable. For the past two years she has been employed as a field hand, and has had no opportunity of playing or listening to others play. Her performance on the piano is astonishing, as well for accuracy, delicacy of touch, and brilliancy of execution. She can play anything she has ever heard with marvellous facility, and seems never to weary of the instrument.

We understand that it is in contemplation to give our citizens an opportunity of hearing this musical wonder, and that afterward she will make a tour through the United States and Europe.—*Vicksburg Times, Dec. 14.*

THE Supreme Court re-assembles early this month, and it is suggested that Jeff. Davis return at once and be surrendered by his bail. He will then be committed to custody, and a writ of *habeas corpus* will then be applied for to the Supreme Court, and the discharge of the prisoner asked for on the ground that the amnesty extended by the President absolves him from all liabilities, and letters have already been sent to him to England urging that he allow his case to be the test, in order to discover the true weight of the President's proclamation.

THE *Courier des Etats Unis*, of New York, an impartial French observer of the course of events in this country, thus expresses the difference between the two political parties. The difference, it says, was not upon slavery, for that is gone, and the two parties still exist. It is, in truth, the strife between the liberties of the several States and governmental centralization; it is, in a word the difference between the Union, established by the Federal Constitution, and the Unity which is the dream of those who want a centralized government and a consolidated nation. The first, "the Union," is the aim of the Democrats; that is to say, those who desire the largest measure of liberty; the second, "unity," is the theory of the Republicans, who wish to take liberty from the States and lodge the greatest possible power in the hands of the administration.

YOU ALL
HAVE HEARD OF
HOOFLAND'S GERMAN BITTERS,
AND
HOOFLAND'S GERMAN TONIC,

Prepared by Dr. C. M. Jackson, Philadelphia. Their introduction into this country from Germany occurred in
1825.
THEY CURED YOUR
FATHERS AND MOTHERS,
And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern preparation, or anything like one; but good, honest, reliable medicines. They are
The greatest known remedies for
Liver Complaint,
DYSPEPSIA,
Nervous Debility,
JAUNDICE,
Diseases of the Kidneys,
ERUPTIONS OF THE SKIN,
and all Diseases arising from a Disordered Liver, Stomach, or
IMPURITY OF THE BLOOD.

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.
All these indicate disease of the Liver or Digestive Organs, combined with impure blood.

Hoofland's German Bitters
is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

Hoofland's German Tonic
is a combination of all the ingredients of the Bitters with PURE Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in cases where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY,

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone to the whole system, strengthen the appetite, cause food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheek, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-fleshed, stout, and energetic person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

These Remedies are the best
Blood Purifiers
ever known, and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order; keep your digestive organs in a sound, healthy condition, by the use of these remedies and no disease will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything you must try these preparations.

FROM HON. GEO. W. WOODWARD,
Chief Justice of the Supreme Court of Pennsylvania.
PHILADELPHIA, March 16, 1867.
I find "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action, in the system.
Yours truly,
GEO. W. WOODWARD.

FROM HON. JAMES THOMPSON,
Judge of the Supreme Court of Pennsylvania.
PHILADELPHIA, April 28, 1866.
I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect, JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,
Pastor of the Tenth Baptist Church, Philadelphia.
DR. JACKSON—DEAR SIR:—*I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes. Yours, very respectfully,*
J. H. KENNARD.
Eighth, below Coates street.
