Fredk Town June 11th 1812

Dear Sir

Enclosed I send you a list of the members composing the First Frederick Troop of cavalry under my command, who have tendered their services as a part of the quota of Cavalry required of you by the president of the United States; it is the wish of myself & the members to be received entire, & that officers now in the troop may be commissioned for that purpose. Two of the subalterns are yet without Commissions I would therefore thank your excellency to have commissions issued for Nicholas Brengle as Second Lieutenant & Michael Burney as Cornet of this troop.

Your Obt. Servt.

Daniel Hauer Junr.

To his Excellency

Robert Bowie Esqr.
