THE ADVENTIST SACRIFICE—*Letter from Mrs. Freeman.*—Mrs. Hattie Freeman, wife of Chas. R. Freeman, of Pocasset, Mass., who recently killed his little girl under the insane belief that he was glorifying God, has written a letter to her sisters describing the fatal fanaticism which led to the slaying of the child. She claims that they were devoted to their child; that her husband was one of the best husbands and fathers, and that "his whole aim, for more than a year, not neglecting other duties, was to win souls and seek himself eternal life." Finally, Mrs. Freeman says, her husband felt that God required him to have the faith of Abraham and offer up his child as a sacrifice, but he felt it would only be a trial of faith, and neither thought God would suffer the child to be touched. After the child was killed she says they felt that it was God's plan to take her so as to raise her from the dead, and thus show His mighty power and love. "But," says Mrs. Freeman, "the time has so far passed, and we are here. God knows we are innocent of any crime. Charlie still thinks God is going to manifest His power and glory and himself be justified in the eyes of the world. God grant it may be so! Oh, you cannot know my sorrow! It almost breaks my heart. My dear, dear Edie! Charlie is innocent—oh, he is—of any crime, but I am afraid it was mistaken faith in God."

NOVEL SPORT—*A Dog Mile Dash and a Cat Race.*—At Boothby Hill, the handsome residence of S. N. Hyde, in Harford county, near Perrymanville, on the line of the Philadelphia, Wilmington and Baltimore railroad, an entertainment was given on Monday to a number of Gentlemen from Baltimore and the adjacent country, under the auspices of the "Boothby Hill Jockey Club." The day was spent in visiting a neighboring fishing shore, racing thoroughbred dogs and discussing a substantial dinner. For a mile dash for all ages of thoroughbred dogs the following beagles were entered and started: Bushwacker, black and tan; Bramble Bush, light and tan; Pocahontas, large spotted: Pollywog, small spotted. A muskrat skin was singed and dragged over a mile course, fencing intervening, &c., ending at the point of starting, where a flag was placed. Pools were sold on first dog making the circuit. Bramble Bush won. A cat race was then given by starting a cat three-quarters of a mile in front of the house, thirty yards in advance of the same dogs. It was a tight race, Bramble Bush winning again by passing a given line ahead of his competitors, and treeing the cat in the house yard.—*Balto. Sun.*

A WIFE'S COW NOT LIABLE TO DISTRAINT.—A case of some interest in regard to marital rights of the wife were decided in Baltimore county on Tuesday. Samuel Pinkerton had rented John P. Shock a piece of property, and for rent due distrained on a cow belonging to Mrs. Shock who replevied the animal. The question was whether the cow, which was found on the property in question, was the subject of distress under the principle that everything found on leased premises (with a few exceptions) is liable for rent; or whether under the constitution and laws of Maryland protecting a wife's property from the debts of the husband, the cow was exempted from distress. The magistrate decided that the animal was not liable to distress, and gave judgment in Mrs. Shock's favor for the property replevied. In this case there was no joint written agreement entered into between the landlord on the one part, and the husband and wife as tenant on the other, for the lease of the premises.

Garrett comes next—worth $1,200,000 in Baltimore and Ohio stock and real estate. Thomas C. Jenkins, is worth $1,000,000 in stocks and manufactures. Wm. J. Waters, $800,000, railroad bonds, trade and pictures. Wm. J. Albert, $750,000, in real estate and government bonds. Jno. S. Gittings, $3,000,000, mostly in real estate. Thomas Swann, $600,000, real estate, railroad and government bonds. Galloway Cheston, $500,000, in bank stock, government bonds and trade. Andrew Gregg, $800,000, real estate, railroad bonds, and bank stock. Edmunds Law Rogers, $600,000, in railroad bonds, bank stock and real estate.

Our Town Commissioners Again.

Messrs. Editors:—It devolves upon ourself a duty again to make a defense for our present Board of Town Commissioners, an official body upon which the strongest and most serious reflections have been thrown, and against which many insinuations of a very unpleasant and provoking nature have been boldly made touching their official and individual qualifications and responsibility. Persons should not allow their prejudices and denunciations to get the better of their wisdom and good judgment, for, bear well in mind, that although we may have committed a few official blunders and wrongs (this is not intended to be construed into an admission.) None of us mankind generally are infallible. Now, to "A Citizen's" letter—we would not be justifiable in saying, or rather admitting that the usual election for town commissioners is a sham or comedy of an election and a burlesque, since we are imitating and patterning after such lofty precedents so much in vogue now and superceding all other forms and usages—*we do not mean this as any reflection whatever upon a partisan Electoral Commission of eight by seven.*

We are persuaded to ask and are desirous to know what "A Citizen" considers a responsible and efficient board of commissioners, for we have gone beyond experience and authorities and have met with no comfort of mind and success of curiosity. The actual salary of the Bailiff, who is also collector, supervisor, market master and scales-weigher, is $400, enough and not too much in our judgment—*good living for a poor person with a family of wife and four or five children.* Who would object to it in the same position? We ought to feel truly thankful that the town was not visited last winter by a *long thaw*, which some would undoubtedly have said was attributable to the very uncleanly condition of the town. It is to be desired that during the session of our next Legislature this subject may be agitated by that body and that such alterations may be made in the charter of the town as will confer upon all its citizens of lawful age and residence an inalienable right of a voice in municipal affairs, in which event *Returning Boards* in the elections for city fathers to foster our venerable town would become a thing of the past, and the sanitary condition of the town and the health and lives of its citizens would be materially enhanced and promoted thereby. It would be advisable for the town commissioners to adopt a rule in the near future to have published the names of all persons fined for keeping unclean premises—hog-pens and other offensive places—to the end that the wants of those persons having so much curiosity might be supplied. *Au revoir.* VINDICATOR.

THE undersigned, agents, offer to the Farmers of Kent county on the most reasonable terms, the

BUCKEYE

Mower, Reaper, Harvester,

AND SELF BINDER,

SWEEPSTAKES THRESHER,

And Canton Monitor Engine.

In the new Buckeye are combined all the features of the most perfect Mowing Machine that has yet been devised or constructed. In simplicity of mechanism, ease of management, and lightness of draught, it stands unrivaled.

It is all of iron and steel except the tongue. It is light and durable, requiring less repairs than any other mower, and cannot fail to give the farmer satisfaction in either tangled or standing grass. It has all the good qualities which give the Buckeye the precedence over other machines, including

The front cut, securing safety to the driver. The lifting lever to raise the cutter-bar over obstructions without stopping the machine for an instant.

No side draft and no weight on horses necks. Is the only machine using steel-faced concave guards, making a perfect shear cut, and is the only machine that folds the finger-bar clear over the frame and out of the driver's way.

The celebrated Miller's Table Rake REAPER, and the Buckeye Dropper are easily attached to this machine, making the neatest, strongest and most complete light machine in the world.

Also,

Thomas' Celebrated Horse Rakes.

THE

"COMPETITOR" REAPER,

MANUFACTURED BY

WM. A. HYLAND & Co.

Galena, Kent Co., Md.

The COMPETITOR REAPER, invented by us, has been thoroughly tested in past seasons. There are many reasons why it should be preferred above all others by the Farmers of Kent. It is sold as cheap as any other; the parts can always be had at home; it took the FIRST PREMIUM at Middletown and Kent Co. Fairs, and it is, we believe, the best in the market. Among the numerous testimonials received are the following:

Georgetown, Kent co., Md., April 19, 1879.

Messrs. W. A. Hyland & Co.

Gentlemen:—The Competitor Reaper I purchased of you last season gave me entire satisfaction. Mr. Morris Davis, who carries on the farm for me, says that he can cut from 25 to 30 acres per day, and believes the Reaper to be a reliable machine, working well in all its parts; runs very light to the horses and is easily managed. I recommend the Reaper to any farmers wanting a new and good Reaper.

Yours, resp'y, A. WOODALL.

Masseys, Md., Sept. 10, 1877.

Messrs. W. A. Hyland & Co.—Gentlemen:—The Competitor Reaper I purchased of you last June did its work to perfection, not causing one moment's detention in cutting my entire crop of wheat. In my opinion it has no equal for durability, simplicity of construction, ease of draught, &c. The matter is I would have no other. Yours, very resp'y,

RICHARD C. JOHNSON.

Masseys, Md., Sept. 15, 1878.

W. A. Hyland & Co.—Dear Sirs:—I have used several Reapers and consider yours the best. DR. C. H. B. MASSEY.

Masseys, Md., April 19, 1879.

Messrs. W. A. Hyland & Co.

Gentlemen:—The Competitor Reaper I bought of you last year gave me perfect satisfaction. I have used the following named reapers and believe yours excels each and all of them: The Hussey, Pennington, Jersey Blue, Wood & Champion. I purpose buying another "Competitor" Reaper from you next year to use on a farm that I lately purchased. I cheerfully recommend your Reaper as a reliable and easily managed machine.

Yours, SAM'L HURLOCK.

Galena, Kent co., Md., April 15, 79.

Messrs. Wm. A. Hyland & Co.

I have taken a great interest in your Reaper from the time you first put it out, and have followed it through its many improvements. I believe it to be the lightest draft, the most durable and satisfactory in its work of any dropper that I have ever seen. I have one and would not exchange it for any other make.

Yours, respectfully,
CORNELIUS J. SCOTT.

Masseys, Kent county, Md., April 10, 1879.

Messrs. W. A. Hyland & Co:—Gentlemen:—The Reaper I purchased of you last year gave me entire satisfaction; it worked well in every particular, and I cheerfully recommend the Competitor Reaper to those wanting Reapers for the coming harvest, believing it to be a first class and reliable Reaper. Yours, respectfully,

STEPHEN BOYER.

Masseys, Md., April 4, 1879.

Messrs. W. A. Hyland & Co:—Gentlemen:—I am well pleased with the Competitor Reaper I purchased of you. I have used the Reaper two years with great satisfaction, cutting from 20 to 25 acres per day, and believe it to be the best Reaper out, and cheerfully recommend it to farmers needing new machines.

Yours, truly, SAM'L CACY.

Masseys, Md., March 10, 1877

Messrs W. A Hyland & Co:

Gentlemen:—The new Competitor Reaper I purchased of you for the harvest of 1876 gave me the utmost satisfaction in cutting my grain. I cut fifty acres in two days, and I am perfectly satisfied that it is superior to any drop reaper now used.

Very resp'y, yours,
R. H. CORBALEY.

Philadelphia, March 1, 1877.

Messrs. Hyland & Co:—Gents: I used your new Competitor Reaper on my farm near Galena with great satisfaction. For strength and lightness of draught it cannot be excelled. D. MCCAULEY.

Near Galena, Aug. 1, 1877.

Messrs. W. A. Hyland & Co.—Gents: I have used the Competitor Reaper I bought of you for two seasons, and consider it to be the most economical machine ever offered to farmers. There has been no expense incurred by breaking or any part of its works getting out of order; and with two horses it will reap 20 acres of wheat per day; runs very easy and light to the horses, and can be readily managed by any farm hand. Resp'y, yours,

EUGENE GOODING.

Cecilton, Md., April 12, 1879.

Messrs. W. A. Hyland & Co:

Gentlemen:—The Competitor Reaper that I purchased from you last season proved all that it was recommended to do and I believe it to be the best Reaper in use. It is of light draft for four horses and is very easy on their necks. It does its work well. *I cut 126 acres of wheat in 4½ days last season* with less expense than I ever did before.

Yours, resp'y,
JEREMIAH C. PRICE.

Galena, April 20, 1878.

W. A. Hyland & Co:—I bought a Competitor Reaper of you last year and cut my wheat (over one hundred acres) and am well pleased with the working of the machine. It runs very light and does the work well. Resp'y,

SAMUEL TODD.

Near Galena, April 15, 1878.

Messrs. W. A. Hyland & Co:—Gents: I wish to inform you that the Competitor Reaper I bought of you last season worked to perfection, cutting with ease both wet and dry grain; did not loose fifteen minutes time, and I can see no reason why my fellow farmers would go from home to buy a machine when such a good one can be obtained in our own county.

Yours, E. B. WOODALL.

Hanesville, April 22, 1879.

Messrs. Hyland & Co:—The Competitor Reaper I bought of you last harvest did its work well. It runs lighter than any machine I have ever used. I cheerfully recommend it to any one in want of a good, reliable machine.

Yours, LEWIN USILTON.

Galena, April 1, 1879.

Messrs. Hyland & Co:—Gents: The Reaper I purchased of you last year I am very much pleased with. I cut 140 acres without any trouble whatever. I cut 25 acres a day and can cut 30.

Resp'y, H. J. GRAY.

Still Pond, April 15, 1878.

Messrs. W. A. Hyland & Co:—Gentlemen: The Competitor Reaper I bought of you last harvest did its work perfect. We first tried it in a bottom where the wheat was wet and down, and it did the work elegant, not leaving or running over any wheat. We cut in valley, hill-side and hill-top, and it acted perfectin every place. I can cut from 25 to 30 acres per day. It runs very light, and there is no weight of the Reaper on the horse's neck, and it gives me pleasure to say that farmers can buy a first-class machine in their own native county. Very truly, yours,

W. T. HEPBRON.

Church Hill, Q. A. co., April 15, '78.

Messrs. Hyland & Co:—The Competitor Reaper I bought of you last season I consider a first-class machine. It sustained its reputation as a mower as well as reaper; I have used various kinds of machines and I consider this the best machine I ever used, and I can give this certificate without the least hesitation.

Resp'y, JOHN BAXTER.
