The Kent News.

SATURDAY - - - - AUG. 30, 1879.

POWERS OF POLICE JUSTICES.—In the Circuit Court of Baltimore county Judge Yellott has made a very clear and emphatic decision in regard to the powers of justices of the peace in criminal causes. Counsel for one Mollie Johnson, who was committed to the House of Correction for twelve months by Justice Johns, of Baltimore city, May 27, invoked the habeas corpus, and Judge Yellott has ordered her discharge. The prisoner was committed for being habitually drunk and disorderly; it is said she was frequently in jail and gave a grest deal of trouble. Judge Yellott in his decision, says:

"The petitioner, Molly Johnson, having been tried, convicted and sentenced to the House of Correction by a justice of the peace, has applied for a writ of habeas corpus. She has been illegally imprisoned and must be discharged from custody. Justices of the peace in Maryland cannot, by act of Assembly, be empowered to sit as judges in criminal causes. They never have had that power, at least not since the people of Maryland adopted a written constitution as the organic law of the State. Latrobe has very properly remarked, when treating of the criminal jurisdiction of a justice of the peace, that 'his power is confined to causing the apprehension and commitment of those who are charged or suspected of crime or misdemeanor, in order that they may be tried according to the law of the land before a higher authority.' That higher authority is now the Circuit Court for a county or the Criminal Court of Baltimore city. Any act of Assembly which undertakes to confer on justices of the peace in criminal causes judicial powers appertaining to the higher courts of original jurisdiction in the State is clearly in conflict with article 21 of the Declaration of Rights, which reads as follows: 'That in all criminal prosecutions every man hath a right to be informed of the accusation against him; to have a copy of the indictment or charge in due time (if required) to prepare for his defense; to be allowed counsel; to be confronted with the witnesses against him; to have process for his witnesses; to examine the witnesses for and against him on oath, and to a speedy trial by an impartial jury, without whose unanimous consent he ought not to be found guilty.' The rights thus secured to the people of Maryland have been termed sacred, and indeed it is impossible to perceive how, without them, civil liberty could exist. Any one of the valuable privileges above enumerated can be voluntarily waived by the party accused, but he cannot be compelled to relinquish a single right bestowed upon him by the constitution of his State. He is entitled to a speedy trial by an impartial jury, without whose unanimous consent he ought not to be found guilty.'

A trial before a justice of the peace is in contravention of rights guaranteed by the organic law of the State, and the proceedings are therefore null and void.

MR. HENRY M. DIXON, of Zazoo City, Mississippi, who was a short time since coerced into withdrawing from the canvass as an independent candidate for Sheriff of Yazoo county by threats of assassination, was killed Wednesday week in a street encounter with James Barksdale. The killing appears to have been unprovoked. Mr. Dixog wai an ex-Confederate and prominent democrat, but lately had taken an independent position in politics. He was a violent man, however, and had the reputation of being dangerous.

SENATOR WADE HAMPTON is reported by the Richmond (Va.) *State* as saying to an interviewer that Thurman or Bayard will be the next democratic nominee for the presidency. Hampton's choice was thus announced: "I prefer Bayard; I prefer him as a man. I like his principles." The Senator thought that Sherman rather than Grant would be the next nominee.

THE cultivation of the fig in the Western Michigan fruit region has proved to be a success. Specimens have been received in Chicago from a Michigan nursery, including a branch four and three-fourths inches in length, bearing seven ripe figs. The crop of the tree from which this branch was taken is estimated at two bushels.

THAT was a plucky thing of Senator John P. Stockton's son Richard the other day at Long Branch. A banker named Clapp was drowning in the "sea puss," a current well known along the beach, when young Stockton plunged in, and after a hard struggle with the surf and the drowning man, gallantly succeeded in rescuing him.

ACCORDING to M. Labouchere, the most extraordinary feat at billiards on record has just been performed at Moscow by a young Japanese, who won in twelve hours a game of 5,000, in the course of which he once scored 1,800 caramboles in succession.

ACCORDING to the Boston *Herald* the wife of Senator Cameron is one of the belles at Saratoga. The *Herald* says: "She is young, handsome, rich, happy and bright. Life seems full of pleasant things for her, and she diffuses happiness on all around her."

SENATOR VOORHEES has talked the political situation over with a reporter at West Baden Springs, Ind. Voorhees wants Hendricks nominated by the democrats for President in 1880, and Gen. Hancock second on the ticket. He thinks Sherman will be the republican candidate.

MR. JAMES GORDON BENNETT gave a grand dinner at Newport, Monday, in honor of his guest, Duke of Beaufort. Among those present were Senator Pendleton, of Ohio, and Congressman Morton, of New York.

HON. JOHN C. TENECYK, an ex-Senator of the United States, died Sunday night at his residence, in Mt. Holly, N. J., aged 65 years.

THE new steamship Arazona recently made a trip from Liverpool to New York in seven and a half days, which is about the best time on record.

Baltimore Grain Market.

[Corrected from Baltimore papers of yesterday.]

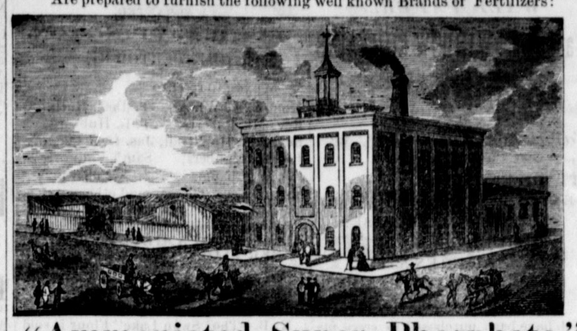
dec 14. J. B. SAPPINGTON.

THE MARYLAND
Fertilizing and Manufacturing Co.

Are prepared to furnish the following well known Brands of Fertilizers:



"Ammoniated Super Phosphate."
A Complete Manure for ALL CROPS, adapted to Lands that require a full development of the Crop, both Straw and Grain.

"Alkaline Super Phosphate."
An article very rich in SOLUBLE PHOSPHATE OF LIME and the ALKALIES.

"Dissolved Phosphate."
A High Grade SUPER PHOSPHATE OF LIME.

The ALKALINE and DISSOLVED PHOSPHATES have special reference to the growth and developement of the Grain, and are intended for lands that produce a sufficient growth of Straw, but small crops of Grain. They have been used for several years by some of the best farmers of Maryland and Virginia, alongside the highest grades of Amoniated Phosphates, and in some sections have almost superceded them.
The Fine Mechanical condition of our FERTILIZERS is such, that they Drill readily, and we recommend the use of the Drill as being the most profitable way of applying Fertilizers.
We refer to the following persons who used the above goods last season:
J. Henry Porter, Sam'l Coppage, Noble Pennington, S. W. Aldridge, Geo. S. Biddle, Levi Fiddis, Garrett Foxwell, Wm. A. Wood. and others.
☞ All orders should be left at once with
THOS. W. WICKES,
Sole Agent for Kent County,
Aug. 30—s. CHESTERTOWN, MD.

No. 1 AMMONIATED
SUPER-PHOSPHATE OF LIME
AND POTASH,
Manufactured for T. W. ELIASON, JR.,
Containing DRIED BLOOD OR ANIMAL MATTER, DISSOLVED ANIMAL BONE, ACID PHOSPHATE and SALTS OF POTASH AND SODA.

Prepared under the supervision of one of the best Fertilizer manufacturers in the State, and GUARNTEED *not to contain a single pound of adulterating material to the ton, containing no Sand or Earth* to cheapen it, but on the contrary every article used in its manufacture is a *fertilizer* of itself.

I Claim for the above Goods:

1st. That it is Well made, being manufactured by the latest improved machinery and methods; it is thoroughly mixed and all the ingredients are well incorporated with each other.

2nd. That it contains a much larger per centage of Bone Phosphate than any other compound on the market at the same price.

3rd. That a much larger proportion of this Bone Phosphate is available for the use of the growing crop.

4th. That it contains a larger percentage of Ammonia.

5th. That it is a much more valuable goods for the price asked for it than any heretofore sold in this county.

☞ *The above goods was largely used last Fall* in this County by many of our best Farmers, giving excellent results,—in many instances giving a larger yield of wheat than the most expensive goods—in one case as high as FORTY-TWO BUSHELS TO THE ACRE.

$33 Per Ton, and int., on crop term.

Give it a fair trial and I believe you will be satisfied.
Aug. 16-t. T. W. ELIASON, JR.

THE POPPLEIN
SILICATED PHOSPHATE COMPANY
MANUFACTURERS OF THE
Only Complete Mineral Fertilizer!
☞ No Refuse Organic Matter. ☜

Contains every mineral ingredient removed from the soil by cropping. Does not burn the plant. Feeds and does not exhaust the land. Contains one-third more bulk than any other fertilizer. Is fine, light, dry, and drills beautifully, no clogging and no time lost in cleaning the drill. It is entirely free from odor and can be handled without offence.

For WHEAT.

This Fertilizer will grow more Wheat to the acre, under same circumstances than any other. The grain will be larger, plumper, heavier, and will bring more money in the market or at the mill. The roots will be longer, stronger and more numerous, thus affording protection against winter killing. The straw will be stiffer and stronger and will not lodge under ordinary storms or on bottom lands as with other fertilizers.

For GRASS it has No Equal!

The good effects of the application will be evident for years. Plants grown with this fertilizer will resist any ordinary drought, remaining green and vigorous when others are parched. Grass lands, on which this article alone has been used, will be free from weeds. A liberal application of this Fertilizer will increase the productive capacity of the land, as it contains no stimulants, but is entirely solid plant food. The ingredients are available Phosphoric Acid, Silicic Acid, Potash, Soda and Magnesia, which are in the form best adapted to the needs of the plant, and far superior in condition to any other fertilizer.
After the fertilizer is removed, the bags can be used to hold anything without damage.
Packed in good strong bags of 200 lbs. each.

It has been used the past season by some of our most intelligent Farmers,
and in a number of cases tests were made with other leading Fertilizers, where the Wheat was cut and threshed separately and the result was decidedly in favor of the Popplein in each case.

S. H. BLACKISTON, Agent,
Aug. 23, 1879—s. CLERK'S OFFICE.

Tolchester Beach! Season of 1879.

Having completed our IMPROVEMENTS we are now prepared to entertain our friends and all others from Kent, and adjoining counties, in the way of Meals, Refreshments, Amusements, Bathing, and even to taking your PICTURE—

1st.—A Large Dining Hall and Restaurant has been erected near the Bay, capable of seating 150 people at one time. Extending around the two sides of this building is a wide veranda, where a cool breeze can always be enjoyed.

2nd.—In the TOLCHESTER HOUSE a convenient *Reception Room* has been remodeled and newly furnished, for the free use of the public.
A fine Stieff Piano is also here for the benefit of our guests.
Adjoining this is a room for ladies only, with their children and nurses.

3rd.—A Large Building for Ten Pin Alleys, Shuffle Board and Shooting Gallery is about completed. Four good Alleys have been laid.

4th.—We cannot speak too highly of the BATHING and its beneficial results. Thousands enjoyed the SALT WATER bathing last season. More houses and more suits have been added to supply the great demand already this season.

5th.—Stables and Sheds have also been erected, to care for and feed the horses of our Kent County friends & guests—a trustworthy man is in charge.

THE STEAMER
"Pilot Boy"
Makes TWO TRIPS DAILY (except Sunday,) leaving Baltimore at 8,15 a m, and 2.30 p m. Returning leaves Tolchester 10.15 a m, and 6.00 p m.

1879. WHEAT SEEDING! 1879.
Attention, FARMERS!

The undersigned PIONEER in the manufacture of FERTILIZERS in this city, and engaged, since 1858, first as a member of the firm of J. J. & F. TURNER, BY WHOM the formulas and processes of manufacture of
"Excelsior" and "Ammoniated Phosphate,"
Were *originated*, and since 1864 a member of the late firm of J. J. TURNER & CO., (dissolved 19th March, 1878,) relying upon his experience and personal reputation, hitherto acquired in the uniform excellence of these Fertilizers as manufactured *by him*, offers them *in his own name* to the agricultural public.
Having secured the *Works of the old firm*, 111 McElderry's Wharf, with the complete machinery, *specially constructed for their uniform manipulation*, he will continue the manufacture of
Excelsior and Ammoniated Phosphate
On his own account, with his office adjoining the works, where he will be pleased to see his friends and patrons, assuring them that the Fertilizers manufactured BY HIM shall be of the *same uniform and high standard quality* as sold by the *old firms* since their introduction.
J. Q. A. HOLLOWAY,
ORIGINATOR and MANUFACTURER of

The above are the most concentrated FERTILIZERS ever offered to the Farmer—combining all the stimulating qualities of Peruvian Guano and the ever durable fertilizing properties of Bones, in fine, dry powder, prepared expressly for drilling and can be applied in any quantity, however small, per acre. It is the opinion of many close-calculating Farmers, after TWENTY-ONE YEARS' experience in testing it side by side with other popular fertilizers, that an application of 100 lbs. of "EXCELSIOR" is equal to 200 lbs. of any other fertilizer or guano, and therefore fully 100 per cent. cheaper.
With my present advantages and superior facilities for manufacturing, I challenge competition with *any Fertilizer sold in the United States* in Quality, Mechanical Condition and Price.
By strictly adhering to my Original Formulas, using only the most concentrated materials, and *superintending in person their manufacture—as for the past twenty years—*
Uniform Quality is Guaranteed.
☞ Farmers to secure the ONLY GENUINE EXCELSIOR AND PHOSPHATE prepared according to *my original formulas* established in 1858, should see that every Bag is branded as above, with the *Analysis* and *my name in Red Letters.*
J. Q. A. HOLLOWAY,
Originator and Manufacturer,
107 McElderry's Wharf, Baltimore, Md.

MANHOOD;
How LOST, How RESTORED.
Just published a new edition of DR. CULVERWELL'S Celebrated Essay on the radical cure (without medicine,) of Spermatorrhœa or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental & Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy & Fits, induced by Self-indulgence or Sexual extravagance.
Price, in a sealed envelope, only six cts.
The celebrated author, in this admirable essay demonstrates from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain & effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.
☞ This Lecture should be in the hands of every youth and every man in the land.

Fo the FIFTH Election District:
AT B. B. ADKINSON'S STORE, AT EDESVILLE.

The attention of those interested is called to the following provisions of the Act of 1876:

The fifth section provides that the officers of Registration shall, before striking from said list of qualified voters and from said books of registration the name of any registered person, diligently inquire and accurately ascertain that said registered person does not possess, or before the election next ensuing will not possess, the requisite qualifications to entitle him to be registered as a qualified voter in such precinct or election district, or that such person is disqualified under the provisions of the second and third Sections of the first Article of the Constitution; and if it shall appear that said registered person does not possess or will not possess said qualifications, and that he is so disqualified, then said officer shall strike the name of such person from said list of qualified voters and said books of registration, but if it shall appear otherwise then such officer shall not strike the name of such person from said books of registration and from said list of qualified voters; and before registering as a qualified voter any person who has applied to said Officers of Registration to be registered as a qualified voter, said officer shall diligently inquire and accurately ascertain that such person possesses or will possess before the election next ensuing the requisite qualifications to entitle him to be registered as a qualified voter, and that he is not disqualified under the provisions of the second and third sections of the first Article of the Constitution; and if it shall appear that said person so applying possesses or will possess before said day of election said qualifications, and is not so disqualified, then said officers of registration shall register the name of such person as a qualified voter; but they shall not register the name of any person who does not or will not possess said qualifications or is so disqualified; and when any person applying, as aforesaid, for registration, shall have been previously registered within this State, the officer of registration to whom such application is made, before registering such person shall demand and receive from him a certificate of his previous legal registration, and such certificate of previous registration shall be cancelled by the officer who shall register such person anew.

The thirteenth section provides that no person shall be entitled to be or remain registered in any precinct or election district, unless he shall have been a resident of the State for one year, and of the city of Baltimore, or the county in which registration is claimed, for six months next preceding the next ensuing election, at which such registration would be evidence of the right of the person so registered to vote; and in case any county or city shall be so divided as to form portions of different electoral districts for the election of representatives in Congress, delegates or other officers, then to entitle a person to be or remain registered in any particular section or part of such county or city, he must have been a resident of that part or section of the electoral district in which he claims to be or is registered for six months next preceding the next election, at which such registration would be evidence of the right of the person so registered to vote; and the residence necessary to entitle any person to be or remain so registered, shall be an actual bona fide residence within the precinct or district within which such person may claim to reside and to be registered, and such actual bona fide residence shall be established upon the oath or affirmation of competent evidence to the satisfaction of the register to whom the application is made, and to the satisfaction of the judge or judges to whom any appeal is made under the provisions of this Act; and the neglect or refusal of any person deeming himself aggrieved by the refusal of any officer of registration to register his name, or by the striking off of his name from the list of qualified voters, to appeal by petition from such action, as provided for in this act, shall be deemed and taken to be conclusive evidence that the said person was rightfully refused registration, or that the name of such person was rightfully stricken from the list of qualified voters of such precinct or election district.

The law further provides, that whilst discharging the duties imposed by the several sections of this act, said officers of registration shall have and exercise the powers of a Justice of the Peace for the preservation of order around the place of registration, and may compel the presence of witnesses for the purpose of obtaining any information necessary to an intelligent discharge of the duties of their office; they shall have power to issue summonses, attachments and commitments, to any constable or sheriff, who shall serve such process as if issued by a Judge of a Court or a Justice of the Peace.

☞ *Voters desiring to be transferred* from one district to another, or from one county to another, can only be transferred on certificate from the officer of registration where last registered.
