Messrs. O. P. Merryman & Co.,

Gentlemen:—The Raw Bone Phosphate I bought of you last Spring, I applied to Corn by the side of Peruvian Guano in equal quantities, and if there was a difference at all it was in favor of the Phosphate. My Corn crop was excellent. I applied it also upon Oats and Potatoes with the most satisfactory results. I prefer it decidedly to Peruvian Guano from the fact, that whilst the Guano spends itself upon the growing Crop, the effects of the Phosphate can be strongly seen in the crops following. Some that I applied to Potatoes by the side of Fish Manure, made a splendid yield, the Fish turning out an abundant crop of vines, the Phosphate the Potatoes. I have used it this fall upon my Wheat, and at this time it looks as well as I could desire.

GEORGE EDWARDS,
Overseer for Dr. Wm. H. Keener.

12th Dist., Balto. Co., Nov. 11, 1868.
Messrs. O. P. Merryman & Co.,

Gentlemen:—I applied the Raw Bone Phosphate purchased of you last Spring on my Corn side by side with one of the most popular and expensive Fertilizers in the Market, and I could see no difference; yours was fully equal to it. I also applied it to Turnips with perfect success. It gave such entire satisfaction that I used nothing else upon my Wheat this Fall. I sowed the most of it the latter part of September, and at this time it bids fair to make as good crop as I ever produced by the use of Peruvian or any of the expensive Guanos. I have every confidence in it. It is only to be tried to be appreciated. Yours, Respectfully,

JOHN E. WILLIS.

Anne Arundel Co., Md., Nov. 10th, '68.
Messrs. O. P. Merryman & Co.,

Gentlemen:—In answer to your enquiry as to what I think of your Raw Bone Phosphate purchased in July last, allow me to say—I gave it a fair trial on Cabbage by the side of three other Fertilizers of acknowledged merit and found it equal if not better than the other, and at less cost. I am so well satisfied with it, I intend to use it the coming Spring.

Yours, truly, REZIN HAMMOND.

PIANO-FORTES.

WAREROOMS—350 West Balt. St., near Eutaw, BALTIMORE, MD.

THESE instruments have been before the public for nearly thirty years, and upon their excellence alone attained *an unparalleled pre-eminence* which pronounces them unequaled.

Their TONE combines great power, sweetness and fine singing quality, as well as great purity of intonation, and evenness throughout the entire scale.

Their TOUCH is pliant and elastic, and entirely free from the stiffness found in so many Pianos. In WORKMANSHIP they are unexcelled, using none but the very best seasoned material, the large capital employed in our business enabling us to keep continually an immense stock of lumber, etc., on hand.

All our Square Pianos have our new Improved Overstrung scale and the Agraffe Treble.

We would call special attention to our late improvements in Grand Pianos and Square Grands, patented August 16, 1866, which bring the Piano nearer perfection than has yet been attained.
