SATURDAY .... APRIL 10, 1880.

STATE TEMPERANCE CONVENTION.—The Maryland State Temperance Alliance will hold its seventh annual meeting in Baltimore on the 15th and 16th of this month, in the hall of the Young Men's Christian Association. All temperance associations, churches, Sabbath schools, religious and reform associations are entitled to send delegates.

A GRAND charity ball for the benefit of the nursery and Child's Hospital of Baltimore was given Tuesday night at the Academy of Music. The attendance was large, the upholstery, decorations and floral adornments profuse and artistic, the music fine, and the ball, pecuniarily, as in all other respects, a great success, and will net between $5,000 and $6,000.

APPOINTMENTS.—The Legislature having failed to change the law in regard to the Fish Commissioners, Messrs. Furguson and Hughlett were confirmed Monday. The appropriation bill only provides for the payment of one, and the other will have to be paid out of the general fund. On the same day the Senate rejected the nomination of Col. Harry Gilmor, and the Governor appointed Gen. J. Wesley Watkins as adjutant general, and his nomination was confirmed. Mr. E. P. Duval, of Montgomery county, was appointed State Librarian, Sam'l J. Robinson of Baltimore county, weigher of live stock, and Thomas Brown, of Allegany, mine inspector.

IMPORTANT CHURCH COUNCILS. — The General Conference of the Methodist Episcopal Church will be held in Cincinnati, Ohio, in May next, in Pike's Opera House. About 500 delegates, fraternal visitors and General Conference officers will make the official nucleus of the thousands of Methodist visitors expected during the four weeks' session of the Conference, and great preparations are being made for their entertainment.

In the same month also will be held at Pittsburg, Pa., the General Conference of the Methodist Protestant Church of the United States. It will be an important session, but it is not definitely known yet whether a majority vote has been secured of the annual conferences clothing the General session with *conventional* powers. Without such authority the body cannot touch certain important features of the church polity.

BILLS NOT APPROVED—*Governor Hamilton Seeking Advice.*—Dispatches from Washington state that Governor Hamilton was in that city on Wednesday and consulted with Senator Whyte, Speaker Randall and others with regard to the constitutionality of the approval of bills after the adjournment of the legislature. The provision of the constitution referred to was taken from the constitution of the United States, and reads as follows:

Sec. 17, art. 2: "To guard against hasty or partial legislation, &c., * * * *. If any bill shall not be returned by the Governor within six days (Sunday excepted) after it shall have been presented to him, the same shall be a law, the same as if he signed it; unless the General Assembly shall, by adjournment, prevent its return, in which case it shall not be a law."

The provision in the constitution of the United States is identical with this, and the practice and precedents of Congress are the opposite of that at Annapolis. It has been the practice at Annapolis, where a great number of bills are rushed through at the close of the session, to sign them in a batch after the adjournment of the legislature, but it is held in Washington that an act of Congress, to become a law, must be signed while Congress is in session. A large number of bills remained at the adjournment of the Legislature unsigned by the Governor, and the question now raised is whether they can be rendered effective without an extra session. The Baltimore *Sun's* Washington correspondent says:

Governor Hamilton, when here yesterday, said it was a point that, of course, must be inquired into. He said there was an unusual number of bills passed by the Legislature which had not yet been signed, and which made the matter more serious. He left here for Hagerstown, but expected to be in Annapolis again on Thursday, when he is to meet the committee on engrossed bills. It is quite probable that Gov. Hamilton will follow the example of his predecessors in office and sign the bills left over, but if he should conclude not to do so it will inevitably create the necessity for an extra session of the Legislature. As to the great mass of the bills unsigned, it is not likely that any issue will be made in the event of the Governor adhering to custom and precedent, but it is known that parties interested in some of the measures lately acted on by the Legislature will, if the Governor signs them, join issue and appeal to the courts.

A JUDGE GOES TO JAIL—*A New Trial Refused Judge Wright, and Sentence Imposed.*—In the District Criminal Court at Washington, on Saturday, Judge John W. Wright, convicted of an assault under an indictment for a deadly assault on the Hon. Columbus Delano, ex-Secretary of the Interior, on October 12th, 1877, the motion for a new trial was argued. The Court overruled the motion, as also a motion of arrest of judgment, and Judge James imposed the sentence, saying that if it were not for the defendant's physical condition, the imprisonment would be much greater, but, in view of that fact, he would make the imprisonment 30 days in jail with a fine of $1,000. Subsequently application was made to Chief Justice Cartter for a writ of habeas corpus, but Judge Cartter advised that he go to jail first, and make application to the General Term on Monday. Judge Wright, on receiving this announcement, in company with a deputy marshal, entered his own carriage, and was driven to jail. Much sympathy is felt for him in consequence of his advanced aged and broken health, and from the fact that in the attack he made upon the ex-Secretary, who is a much younger man, he seems to have acted under the impulse of a strong sense of personal wrong from what he believed to be vindictive persecution by Mr. Delano.

THE handiest man recently heard of is Mr. George E. Woodward, who delivered a lecture in Boston, when he wrote letter in French with his left hand, and a business letter in English with his right hand at the same time.

LEGISLATIVE DIRECTORY.—Hon. George Colton gets out as usual at the adjournment of the Legislature an extra of the *Maryland Republican*, beautifully printed in blue and gold, and giving short sketches of each of the members. Of the Kent delegation it contains the following:

HON. WILLIAM T. HEPBRON.

This gentleman holds deservedly a high place in the esteem of his constituents and his associates in the Senate. His cultivation of mind and sterling character are apparent in everything he does, and adorn his walk and conversation. He was born near his present residence, in Kent county, Md., March 8, 1832. At the age of twelve he was left an orphan, and to gain an education and livelihood in the best way he could. He took up his studies where his common school experience left off, and learned his books and the trade of blacksmithing together. At twenty-one he had succeeded admirably in both. He is now, however, a large landed proprietor and an extensive peach-grower. He is a democrat, and has held the offices of Constable, County Commissioner and Judge of the Orphans' Court. In 1875 he was elected State Senator, re-elected in 1879, and is now serving the first session of the new term. His large legislative experience makes him one of the most useful, as well as acive, men in the Senate. He is a member of the Committee on Agriculture and Labor, Printing, Chesapeake Bay and its Tributaries, Public Institutions and Article 3, Section 24, of the Constitution. He is warmly attached to his county and its interests, a regard which is heightened by interesting family traditions dating back to its earliest settlement by his ancestors, and by his possession of land contained in the original grant to a pioneer of whom he is a lineal descendant.

HON. WM. H. FORD, HON. THOS. A. HULME.

Kent county is well represented in the House of Delegates. Hon. William H. Ford is a gentleman of the best type and an unswerving, conscientious democrat. Particularly interested in the affairs of his own people, he is, however, not forgetful of giving due attention to the larger interests of the State. He lives by tilling the soil, and knows well the needs of those whose success is the basis of all prosperity. His present position is the first he has held; he fills it ably and acceptably on the floor and as a Committeeman on Inspections, Roads and Highways, and Library. He was born in Kent county, Delaware, November 8th, 1843, and liberally educated at Millington, Md. He is a true man.

Hon. Thomas A. Hulme is a middle aged gentleman, of good physique and easy manners. He watches closely the business of the House and takes special care of his county's interests. Mr. Hulme, if he lives, will rise to still higher distinction in his county, where he enjoys the entire confidence and respect of his people. He has also been useful on the Committees on Corporations, Printing, Chesapeake Bay and its Tributaries, and as chairman on Immigration.

AN ANNUAL SAVING OF $50,000.—Maryland has a bonded debt, known as the "Defense Loan," amounting to $3,326,750 66, on which the State pays 6 per cent interest. The bonds will be due in 1883, and the present Legislature has authorized a refunding of the debt in 4½ per cent. bonds. This measure will save the State $49,901 25 annually, and may be put down to the credit of the Legislature as one good act of the session. No difficulty is apprehended in the refunding.

A CONFIDING VIRGINIA PLANTER.—Another complaint was made Monday against Timothy and Mary Worton, the gypsies who were arrested in Brooklyn last week on the charge of swindling William Preston, of Princeton, Ind., out of $2,000. David S. Trout, of Fairview Roanoake county, Va., alleges that the Wortons cheated him out of $10,000 in May, 1877. Mr. Trout, who is about 60 years of age, owns a plantation in Virginia. He says that in February, 1878, he received postal cards signed "Mr. Worton," stating that there was a silver mine on his plantation. Later Mrs. Worton called on him and said that there was a charm upon the silver mine, which could not be removed without the presence of a package containing $10,000. Mr. Trout procured the money, and she wrapped the bills in brown paper and prayed over them. This performance was repeated several times. Finally she went away and Mr. Trout found that she had taken the bills and left pieces of paper in their place.—*N. Y. Tribune.*

MORE "HAZING" AT WEST POINT.—Gen. Schofield's efforts to break up the brutal and cowardly practice of hazing at West Point appear to have been only partly successful. Cadet Johnson C. Whitaker, who is a colored youth, and one of the class which will graduate and be commissioned in June, 1880 was most outrageously treated Monday night by three or four masked men, supposed to be cadets, who invaded his room in the barracks while he was in bed, bound him hand and foot, beat heat him severely and "marked" him, as they said, by cutting off the lobe of one of his ears. The affair is being investigated.

ANOTHER BRUTAL PRIZE FIGHT.—The neighborhood of Philadelphia was disgraced Sunday by a brutal prize fight between Jno. Callahan and Martin McGuire, which will probably result fatally to the latter. The details are of the most revolting character. McGuire was so severely punished that both eyes were closed and he was hardly able to stand. He staggered and fell upon the breast of his antagonist, who, holding him off, struck him two terrible blows in the temple, which will probably cause his death.

"ONE of the most useful, influential and honest men of Maryland," says the Salisbury *Times* (rep.) of Hon. George Colton (dem.) Here is a chance for an Eastern Shore boom; for here the lion and the lamb are about to take the first millennial nap.

PRICES ADVANCED.—On account of the recent heavy advance in printing paper the New York *World* finds it necessary to raise its price from three to four cents per copy. For the same reason the Wilmington (Del.) *Every Evening* has raised its price from one to two cents.

Nogee's
Norristown, Pa., Schuylkill LIME,

Manufactured Expressly for

B. F. FLEMING, Chestertown, Md.,

Delivered to all rail Road Stations or Boat Landings on the Peninsula south of Wilmington, Del.

MOGEE'S SCHUYLKILL QUICK LIME is claimed to slake MORE TO THE BUSHEL, LESS CORE, WILL ACT QUICKER and LAST LONGER *than ANY LIME used on the Peninsula.*

We respectfully refer to the following testimonials and names of persons who have used Mogee's Schuylkill Lime:

MR. B. F. FLEMING:—We used 3,000 bushels Mogee's lime last year. It acts well and paid handsomely on corn. JAMES L. BECK. } Beck's Wharf. WALTER H. BECK. }

This year 1880 have rented from Major Hynson the Huntingfield farm; will use 5,000 bushels Mogee's Lime. Your Captains give good measure and deal fair. JAMES L. BECK.

MR. B. F. FLEMING:—I have used Mogee's Lime for the past 2 years on corn. It acts well; keep the corn green and largely increases the yield. It slakes fully double, contains no core and is as near genuine Lime as any I ever used. GEO. H. SNITCHER.

MR. B. F. FLEMING:—I have used 2,600 bushels of Mogee's Slaked Lime on Mrs. A. M. Hughes's farm; it has given excellent satisfaction. STEPHEN CONSTABLE.

MR. B. F. FLEMING:—I used three car loads of Mogee's Schuylkill Lime on Corn last Spring. It acted fully *double*. There was not a half bushel of core in the whole. It kept the corn green, and I believe it is the best lime I ever used. I shall use it on corn this Spring. PURNELL JEFFERSON, Chestertown P. O., Kent co., Md.

MR. B. F. FLEMING—Dear Sir: I used about 6,000 bushels of Mogee's Quick Lime last year. It gave me good satisfaction. ISAAC PARSONS, *Hanesville, Kent co., Md.*

MR. B. F. FLEMING:—We have used several different kinds of Lime. The 1000 bushels of Mogee's Schuylkill lime we tried on corn last spring slaked better, contained less core and coal, acted quicker, and gave the best satisfaction of any lime we have evered. Send us 2,000 bushels of the same lime this Spring. GEO. R. REED and S. A. REED.

MR. B. F. FLEMING:—I have used several thousand bushels of lime since I have been living at Mr. Wm. Vannort's farm; I used two cars of Mogee's Schuylkill lime last Spring. It slaked more than two bushels for one, and there was no core at all. I believe it the best lime I ever used, and expect to use more of it this Spring. J. E. NEWCOMB.

MR. B. F. FLEMING:—I have used Mogee's Lime for two years past, and believe it to be the best lime sold. JOSEPH H. PORTER.

MR. B. F. FLEMING:—Before I commenced to use Mogee's Lime I could not raise enough corn and wheat to supply me. I am happy to say that I have been using it for 3 yrs; it slakes well, acts quick on corn and wheat, makes the clover grow, and I believe that where I used Mogee's lime the yield is double for corn, wheat and clover. If any one doubts this Mr. Fleming will give them a free ride to Worton and will convince them. GEO. M. PORTER.

MR. B. F. FLEMING:—I have through the instructions of J. Frank Blair, Esq., of Chester, Pa., used on the "Round Top" farm several thousand bushels of Mogee's Schuylkill Lime, and it gave good satisfaction. I have also used it on my farm near Crumpton, and it acted well. I believe it is the best lime in the market, and expect to use largely this Spring. JOSEPH S. FOWLER, Round Top farm.

Kennard & Co's Sterling Phosphate!

$23.00 CASH. $25.00 TIME.

THE GREAT SUCCESS of our Fertilizer last Spring has encouraged us to enlarge our Factory and adopt new and improved machinery, so that we are prepared to again offer our goods to the farmer, and guarantee a prompt and certain delivery of all orders. We respectfully invite the patronage of all, and are satisfied that a trial will insure the endorsement of those who use the "STERLING."

The following testimonials are a few of those received as to its work last Spring:

Chestertown, Md., Feb. 21st, 1880.

Dear Sirs:—Your Phosphate that I used on my Corn last Spring gave me great satisfaction. I also used your Wheat Phosphate last Fall; it is now looking as well as other Phosphates on the same land at a higher figure. I expect to use your goods next Spring. Yours, truly, COMEGYS BROWN.

Chestertown, Maryland, February, 1880.

KENNARD & CO.:—In reply to your question regarding the action of your Fertilizer, I will just state that I have only tried it on sugar beets. I applied it to my beets last Spring, putting it in the drill before I planted the seed, and notwithstanding the unfavorable circumstances to which the beets were subjected, the yield was far ahead of my most sanguine expectations. Yours, &c., I. C. TAYLOR.

Chestertown, Md., March 5th, 1880.

MESSRS. KENNARD & CO.—Gentlemen: I used your Phosphate last Spring on my Corn; applied it at the rate of one handful to three hills, and where I put it the yield was about twenty-five bushels to the acre; where I did not put any the yield was about ten bushels to the acre. On a portion of the same land I applied barnyard manure, and the result was about twelve bushels to the acre. Where I used your stuff the ear was large, well filled, and I could not find a worm in a hundred ears; the grains were large and close together. Where I did not use the Phosphate a great many ears were wormy and poorly filled. I can cheerfully recommend it, and will use more this spring. Yours, truly, GEORGE W. LONG.

We also keep on hand a full stock of Pure Dissolved and Ground Raw Bone Potash and other Chemicals, which we furnish at prices equal to any offered.

PLOWS! PLOWS! PLOWS!
"Ohio Chilled" & "Gibbs' Imperial"
At KENNARD & CO.'S.

Read the result of the late Plow Contest as shown by the report of the committee to the Kent Co. Agricultual Club, together with the opinion of the plowman, and be convinced as to which is the best Plow in the market:

Synopsis of Report:—"The Ohio Chilled Plow was the lightest and the Advance was the heaviest. The Ohio Chilled was 27.03 lighter to the cubic foot than the Oliver Chilled; 33.57 lighter to the cubic foot than the Roland Chill, and 169.08 lighter to the cubic foot than the Advance."

Chestertown, Md., March 6th, 1880.

J. E. NEWCOMB, Esq.,—Dear Sir: You having been elected by the Judges, as plowman in the late plow contest, held on the farm of Mr. Wm. Morris, Tuesday, the 2nd inst., we would be pleased to have your opinion of the "Ohio Chilled" and "Imperial" Plow, entered by ourselves. Respectfully requesting an early reply, we remain, very truly, Yours, &c., KENNARD & CO.

Worton Station, March 8th, 1880.

MESSRS. KENNARD & CO.—Gentlemen: In answer to your question of March 6, about the Plows tried at Mr. Wm. Morris', of which I was plowman, I will simply state to you what I said to the Kent Co. Agricultural Club this afternoon, that of all the plows I handled, viz: the Advance, Roland, Oliver Chilled, Ohio Chilled & Gibbs' Imperial, that the Ohio Chilled and Gibbs' Imperial, as sold by you, were the best I have ever handled. I state this in justice to your Plows; not being pleased with them at first, am glad to say I was agreeably disappointed. J. E. NEWCOMB.

Very truly, yours,

We also intend carrying a full line of Agricultural IMPLEMENTS and are satisfied it will be to the purchaser's interest to examine our goods and prices.

Important Notice!

No More SICK HORSES or CATTLE.

The introduction of the

English Condition Powders,

In our American market, exempt from duty, freight, &c., has proved to the thousands who are daily using them that they have been a long felt want.

For the past half century they have grown in public favor and general use in all quarters of the Globe, until their name and fame is world-wide.

There is not an ailment (known in Veterinary practice) of the Horse, Cow, Sheep or Pig, but yield to their miraculous influence.

Their rare balsamic properties are conveyed to every part of the brute creation, and immediate relief is given.

They heal Internal Ulcerations, banish all derangements, and give the stomach proper tone.

No Stock-owner need despair a cure, whilst this *never-failing remedy* can be obtained; and the reputation they bear from all quarters of the *Globe* is fully borne out by the success they have attained—corroborated by testimonials of all classes and countries.

They have cured Thousands of Cases conceded Incurable.

The many ailments of each class of animals and their various forms are too extended to discuss. But we *guarantee* in each case a tenfold remuneration for the small investment that places them within reach of the most humble who often have to rely on their stock for support.

The majority are more directly interested in Horses, and to them we say one trial will convince you that they work wonders; and no matter how doubtful the *case* is, you will invariably be benefitted, & your animals made & kept healthy by their use.

English Condition Powders

are a *certain* and *speedy remedy*, no matter what the disease is, or how complicated. They are not a temporary, but have *invariably* proved to be a *radical cure.*

They *restore health* and *produce flesh, milk and butter.* They aid digestion and assimilation, and thoroughly renovate the system, and will be found invaluable and remunerative to every stock-owner.

TO CONSUMERS.—They are only one-third the price of all others, and are as superior in quality as quantity.

The following TESTIMONIALS speak of their merits:

Baltimore, June 17, 1879.

Mr. P. Warren—Sir: We have been handling your English Condition Powders for some time past, and find that their merits as compared with similar compounds, meet a want seldom (if at all) found in goods of a similar class. With Patrons of Husbandry they are growing into favor rapidly. Signed: H. O. DEVRIES, Ag't Maryland State Grange.

Ashland House, 24th St. & 4th Avenue, *New York City*, Mar. 10, 1879.

I have used the English Condition Powders and can recommend them to the turf profession as being pure and similar to the imported, and would use no other.—For purity and quality they are *unequalled* and invaluable to horsemen.

Signed, HARRY HARTMAN, Late manager Budd Doble's Turf Stock.

Baltimore, Md., Aug. 6, 1879.

P. Warren, Esq.—Sir: The English Condition Powders are conceded by all my patrons to be the *purest, cheapest* and *best* on the market; and have worked wonders where used. I sell five times as many of *them* as all others combined.

THOS. J. STACK, Resp'y, &c., Feed & Grain dealer, 112 Linden ave.

CHAS. T. DILL. WM. T. MILLER.

DILL & MILLER

Having secured the shops on PRINCESS STREET, IN CHESTERTOWN, formerly occupied by Mr. Daniel P. Cox, have formed a copartnership, and are now prepared to fill orders and execute in the most careful and skillful manner all

Blacksmithing & Wheelwright Work

that may be entrusted to them.

Mr. DILL, having perfected himself in all styles of iron and steel work, at the Tasker Iron Works in Delaware, and worked the trade successfully for over three years with Messrs. Chapman & Lambert in Chestertown, will devote his best skill and experience to the interest of those who patronize the firm, and Mr. MILLER having several years' experience in the trade will at all times be found ready to lend his aid to the satisfactory completion of all work given them to do.

An efficient wheelwright has been secured and arrangements made to have all styles of Painting and Trimming done at the shops.

We respectfully ask a share of the trade in our line.

Charges low and reasonable.
