THE FALL OF THE FEMALE BLONDIN.—The London Shipping and Mercantile Gazette says:

On Tuesday evening an intensely exciting scene was witnessed at Bolton.—The "Female Blondin" had been announced for an out door performance. She was to walk along a rope fixed from the third story of the Old Coronation Mills to the top of the circus, the height of the rope being about sixty feet, and the distance some eighty feet. She sauntered along it for a few feet with a light and easy step, but at about fifteen feet from where she started there was a large ugly knot on the rope several inches long.—She essayed to cross it and then turned back. In a moment, however, she resumed her perilous journey, amid the breathless anxiety of thousands who stood sixty feet beneath her. She approached the knot cautiously, crossed it, but just as her last foot was leaving it she stumbled. At once she threw her pole to the crowd below and with a desperate effort she grasped the rope. She is a strong muscular women, and exerted herself greatly to regain a position on the rope, but hung suspended by the hands. The wildest excitement prevailed amongst the spectators. There were loud cries of "lower the rope" which was done, but only a very few feet. With more than it can be told, a great number of men massed themselves together at the place over which she hung by the rope, and begged her to let go and fall She did so and was caught by them, and although the distance she fell was almost fifty feet, she sustained no injury beyond the fright and a shake.

TRAVELING COMMITTEES.—The popular impression that Congress has adjourned seems to be a mistake. It has only divided itself up into traveling committees to visit different parts of the country upon various pretexts. There are about half a dozen of these itinerent squads organized for robbing the treasury by their pleasure excursions during the approaching summer.—Gen. Schenck and his committee are going to make a tour across the continent on the Pacific Railroad, under the pretense of inspecting custom-houses, and have drawn the modest sum of $10,000 to pay the expenses of the trip. Gen. Banks and his committee are going to cruise about among the West Indies, to ascertain if Cuba is worth gobbling up by the United States. We would suggest to this doughty ex-warrior the propriety of taking his committee up the Shenandoah Valley, upon their return from the cruise, and show them the various points of interest with which he is familiar; and as there are no *Stonewalls* now in that section to impede his progress, he need be in no particular *hurry* to return. Mr. Bingham's committee, accompanied by Mrs. Surratt's ghost, have drawn $3,000 to defray their expenses through the cotton States, whither they go under the pretense that they must investigate Judge Busteed's doings down there. Gen. Paine and his party draw $5,000 to take them to New Orleans.—Gen. Garfield $2,000 to pay the expenses of his committee in New York, and Mr. Lynch's committee a like sum for an excursion along the New England coast.

This is a taste of the economy promised by the Grant administration. How do you like the picture, tax-payers?

THE Western wing of the radical party is thoroughly demoralized, and in some quarters the mutineers not only hold the situation, but issue orders to the main body of the army. The leaders of this division declare that General Grant has killed the Radical party, and indulge in grim jokes over the defunct. In this condition of affairs, the Chicago *Republican*, which urges decency at least until "dust to dust, ashes to ashes" is pronounced over the body, lectures its party friends in the following strain: "Even the jackals and very buzzards and scavengers of the party camp, not only scent the rising gale of popular dissatisfaction, but are preparing to veer round and take advantage of the unexpected change of sentiment. The very men who, a short time since, claimed to be friends of the President *par excellence*, are now wagging their tongues against him in the streets and public barrooms, and pronounce him a political failure, and his nomination a party blunder."

SUICIDE BY POISONING.—The Dover *Delawarean* is reliably informed of the death by poison of Mrs. Miller, wife of Rev. E. Miller, at Laurel, Del., on the 13th inst. She sent her little grandson, Willie Hopper, to the drug store for six cents' worth of strychnine. It being her custom to obtain her medicines at that store, the druggist filled the order, wrapped it carefully, and cautioned Willie against opening it. He took it to his grandma, who swallowed it in his presence. Willie being aware of the poisonous character of the article, ran immediately for physicians, but when they reached the house she was dead. It is said that she has recently suffered from fits of temporary insanity.

CHIEF JUSTICE CHASE has decided that the small notes issued by the city of Richmond, during the war, cannot be redeemed. Although the Legislature which authorized their issue was a *de facto* Legislature, and had the power to grant such authority, the notes were not used for any legal purpose, but, on the contrary, for the subversion of the Government, and consequently not entitled to redemption.

EMIGRATION TO AFRICA.—The secretary of the American Colonization Society, writing to the Philadelphia Ledger in reference to the statement that the number of colored emigrants to Africa has fallen off since the war, asserts that this diminution is merely temporary, and has occurred only in the year 1868. He gives the number of emigrants colonized by the society in 1865 at 527, in 1866 at 621, in 1867 at 638, and in 1868 at 451, making a total of 2,232 colonized in the four years since the war.

A NEW revolving rifle gun, capable of being fired five hundred times a minute, is on exhibition in San Francisco.

BRIGHAM YOUNG charges the billiard and bar rooms of Salt Lake a license of three hundred dollars per month.

HESTER VAUGHAN, who, about one year ago, was convicted of child murder and sentenced to be hung, has been pardoned by Governor Geary, of Pennsylvania.

A MEXICAN claim for $185,000 against that government sold in New York the other day for $19.

SHERIFF'S SALE.

BY virtue of a writ of fieri facias, issued out of the Circuit Court for Kent county, and to me directed, at the suit of George Vickers, against the goods and chattels, lands and tenements of William T. Urie, I have seized and taken in execution all the right, title, claim and interest of the said William T. Urie, of, in and to all that

LOT OF GROUND

in the village of Millington, Kent county, on the corner of Sassafras and Cypress streets, with the BRICK HOTEL and all other BUILDINGS AND IMPROVEMENTS THEREON.

And I hereby give notice, that on

WEDNESDAY, the 9th of June, 1869,

on the porch of the said Brick Hotel, in Millington, at 11 o'clock, A. M, I will sell the said property for cash, to pay said writ, interest and cost due and to become due thereon.

JOS. E. GILPIN, Sheriff.

Sheriff's Office, May 15, 1869—ts.

THE "PERSICATOR," OR PEACH MANURE.

SOLUBLE PHOSPHATE OF POTASH.

THE exterminator of RUST, SPORES and INSECTS that infest Corn and Wheat. The 'Top-dressing'' for Grass and Clover.

For Tobacco and Corn it affords the most concentrated form of Soluble Phosphates and Potash, the food which forms the mineral part of the plant, so well known to all intelligent planters, furnishing the very elements that are removed with every crop, and are deficient in cultivated soils, both in Europe and America, and in all farm manures.

CHEAPER THAN WOOD ASHES, Supplying the peculiar elements of the Peach.

ORCHARDS manured with the 'Persicator' bore last year abundantly amid hundreds of thousands of trees in the same neighborhood, not thus manured, that did not yield a single Peach. DISEASED TREES, with yellow leaves, under the influence of the 'Persicator,' produced a dark green foliage in a few weeks.

CORN stands 'to a hill,'' even in the midst of other hills, injured by the insect, that were not manured by it.

No LIME should be applied to land without its co-operation, as its influence is largely increased as lime, and, when slacked with it, other advantages result in the economical use of the POTASH

For sale by WM. CRICHTON & SON, Agents, and Patentees, Bowly's wharf, Baltimore, Md.

m15 1m.

Rust and Smut in Wheat & Oats

THE CAUSTIC POTASH PHOSPHATE CALLED "PERSICATOR."

A fine, dusty powder, sown as plaster, it reaches every plant and destroys the spores of these pests—Rust, Smut and Insects everywhere.

One bushel will save an acre of wheat, and pay seven-fold as a permanent manure thereafter.

☞ Try only one barrel, leaving the rest of the field unmanured by the Persicator for comparison.

Price $3 per barrel, for trial only.

Send for a Circular to

SELECT ACADEMY,

CHESTERTOWN.

Principal, J. W. MACBETH, A. M.

THIS SCHOOL having reached fifty pupils in its first quarter of eleven weeks, the Principal heartily thanks his patrons. Having prepared youths for the Sophomore Class at Yale, for instance a son of Mr. Higgins, of St. Georges, Del., he hopes that other young men preparing for the better Colleges will be put under his tuition. Having conducted a class of teachers at Denton, who aimed at the highest grade certificates, he invites such as mean to make teaching their profession, to study with him. Already he has pupils in Book Keeping, Latin, Greek, French, Algebra, Natural Philosophy and German. Special attention to the plain English branches. From 8 to 9 morning, his rooms open to pupils noble enough to come then to prepare their lessons, when he will be present to aid them. A weekly report sent to such parents as desire that indispensible check on young people. Prizes given every month. Mrs. M. teaches Primary branch. Patronage in the rural districts sought. School kept open till end of July Second quarter begins May 17th. Terms very moderate. m15-3t.

THE GREAT VEGETABLE

BLOOD PURIFIER.

COMPOUND FLUID EXTRACT OF THE

IRIS VERSICOLOR

OR

BLUE FLAG.

The most powerful, safe and reliable remedial agent discovered for the healing of man. The wonderful properties of the Iris Versicolor, hitherto unknown or undeveloped, has been brought within the control of science, and is now taking its stand as principal among the blessings of medicine.

AS AN ALTERATIVE,

it acts directly upon the blood, cleansing and purifying the vital current of all the humors and taints which disease or malarious influences have planted there, and eradicating and neutralizing the effects of mercury or other poisons which may have been taken into the system. For this reason it is infallible as a remedy for SCROFULA, ERUPTIONS OF THE SKIN, INCIPIENT CONSUMPTION, DROPSY, &c., and will cure the most virulent and obstinate cases of

RHEUMATISM AND GOUT.

It is an unfailing preventative and cure for NEURALGIA, SICK HEADACHE and NERVOUS AFFECTIONS, and in

DISEASES OF WOMEN

it has no equal. Its action upon the *Liver* and *Kidneys* is prompt, salutary and effective, and it is this property which renders it one of the safest and most reliable

DIURETIC REMEDIES

known in the practice of medicine. Its excellent and skillful combination with other ingredients imparts to it

TONIC QUALITIES

of the highest order—not temporarily stimulating, but permanently invigorating the digestive organs, and rendering it a most valuable curative agent in cases of

Dyspepsia and General Debility.

By taking IRISIN the blood—which permeates all the tissues and is the life and nutrition thereof—is purified, rendering the whole system perfectly healthy.

REMEMBER.—This medicine is no offshoot of quackery, but the regular formula of a distinguished practitioner now a resident of Baltimore city, and so high does it stand in the favor and esteem of the intelligent and scientific that it has been adopted by physicians in their practice, and is daily being prescribed and recommended by the most eminent of the profession throughout the country. The better it becomes known the more highly is it praised and the more extensively is it used.

IRISIN,

Formula of

TURKHEIMER & CATLIN,

Popular Clothiers.

MEN & BOYS'

CLOTHING.

WHY

THE GREAT MASS OF PEOPLE WILL BUY THEIR CLOTHING AT

TURKHEIMER & CATLIN'S:

First:

Because we have just returned from the Eastern market, where we have selected with UNUSUAL CARE a

SPLENDID STOCK OF

MEN'S, BOYS' AND YOUTH'S

CLOTHING,

Which we purchased FOR CASH, and which we shall offer to our patrons at

LOWER PRICES

than we have EVER BEEN ABLE TO SELL THEM since the beginning of the War.

Second:

Because we have selected in Philadelphia a Splendid assortment of

CASSIMERES, CLOTHS & LINENS,

Which we are having MADE UP EXPRESSLY TO OUR ORDER, and which we shall Guarantee *in every respect to be EQUAL to CUSTOM WORK.*

Third:

Because our experience has enabled us to cater to the Tastes *of* our Patrons *better than any other establishment in the Town, or even in the State.*

WE PROPOSE TO GIVE OUR CUSTOMERS ALL THESE

ADVANTAGES:

OUR GOODS SHALL BE

CHEAPEST!

Because for a given amount of money our patrons can get

MORE and BETTER CLOTHING

At TURKHEIMER & CO.'S

THAN ELSEWHERE IN THIS TOWN

MOST RELIABLE!

We make no Misrepresentations as to PRICE or MATERIALS. The people are told

"The truth—the Whole truth—and nothing but the Truth" at

Turkheimer & Catlin's.

MOST POPULAR!

People go there because their friends and neighbors, who are shrewd people, go there. They know that TURKHEIMER & CO.'S could not maintain its

Immense, and Acknowledged and increasing POPULARITY

unless it really did Better than other houses.

To these Standing Attractions

We have also added a Complete Assortment of the LATEST NOVELTIES in

GENTS' FURNISHING GOODS.

We have also a BEAUTIFUL ASSORTMENT of the newest shapes of

HATS AND CAPS.

☞ *All we ask of you is to come in and look at our Goods before you purchase.*

Turkheimer & Catlin.

IMPORTANT TO FARMERS.

Super Phosphates.

THE MARYLAND

Fertilizing and Manufacturing Co.,

Incorporated January, 1867.

DIRECTORS:

WM. G. HARRISON, WILLIAM MUMBEY,
LAWRENCE SANGSTON, RICHARD J. BAKER,
ROBERT TURNER, WILLIAM TREGO.

WILLIAM TREGO, *Manufact'g Chemist.*
LAWRENCE SANGSTON, *Pres't.*

This Company, incorporated by the Legislature of Maryland for the Manufacture and Sale of Fertilizers, are now prepared to furnish the agricultural community with their products.

Deriving their supply of material from the richest of the recently discovered deposits of Bone Phosphates in South Carolina, they have established, and will inflexibly maintain, a higher standard of Fertilizing value than any similar productions hitherto in the market.

While the material they use contains 60 per cent. of Bone Phosphate of Lime, it is guaranteed to contain a larger percentage of *Soluble Phosphate* than any heretofore used.

Fine Ground Bone Phosphates,

Price $30 per Ton in Bags.

Containing by the average of the Analysis of Professors Piggot, Leibig and Poplein, 60.20 per cent. of Bone Phosphate of Lime.

The unusual per centage of *Soluble* Phosphate will make this form very desirable to Farmers who prefer to use it in its natural state, or to manipulate for themselves.

ALKALINE SUPER PHOSPHATE

Price $50 per Ton in Bags.

This Preparation has special reference to the growth and development of the Seed or Grain, and is intended for the soils that produce large crops of Straw, and small crops of Grain.

Ammoniated Super Phosphate,

Price $55 per Ton in Bags.

Adapted to Lands that require a full development of the crop, both Straw and Grain.

The superiority of the South Carolina Phosphate is fully demonstrated by the fact that most of the leading Manufacturers of Artificial Fertilizers are now using, or making arrangements to use it, as the Phosphatic base of their Preparations, and large quantities are being shipped to Europe.

The various preparations of the Maryland Fertilizing and Manufacturing Company are made under the personal supervision of a Manufacturing Chemist of thirty Years' experience, and are confidently recommended to the Agricultural Community.

LAWRENCE SANGSTON, PRES'T,
ap3-1N1. Office, 58 Exchange Place.

FOR CORN OR WHEAT.

MAPES' NITROGENIZED

SUPER-PHOSPHATE,

COMPOSED OF ONLY

BONES AND BIRD GUANO, dissolved in sulphuric acid, and fermented with Fish Guano (containing 12 per cent. of Ammonia), all being reduced by fermentation and sulphuric acid to a FINE POWDER.

Contains no insoluble mineral Phosphates, but is all available to the crop.

In every instance reported, Mapes' Super-Phosphate has produced as early, vigorous growth, and more permanent effects, than Peruvian Guano. Like Barn Yard Manure, when used on seeded down land, produces after the grain luxuriant crops of grass.

Send for descriptive pamphlet on culture of Wheat and Corn, to

P. M. MACDONALD,
Cor. McEldery's Wharf and Pratt St.,
ap3 3m. Baltimore.

PATAPSCO

Guano Company

OF

BALTIMORE,

Offer their unrivalled Fertilizer, prepared under the immediate supervision of

DR. G. A. LIEBIG,

to the Farmers of Maryland for the SPRING CROPS.

Those who have heretofore used it will attest its superiority.

Corner Pratt St., Baltimore.
Address H. E. BERRY, Secretary. ap3y.

MORO PHILIPS'

GENUINE IMPROVED

SUPER-PHOSPHATE OF LIME,

(Standard Guaranteed.)

For Sale at Manufacturers' Depots,

No. 27 N. Front Street, Philadelphia,

—AND—

No 95 South Street, Baltimore,

☞ And by Dealers in general throughout the Country.☜

THE SOMBRERO GUANO, of which MORO PHILIPS' PHOSPHATE is, and always has been manufactured, (and of which he has sole control for the United States,) contains *fifty per cent more Bone Phosphate than Raw Bone*, therefore it is more durable. A large per cent. is *Soluble*, and will immediately yield its nourishment.

The *Ammonia* it contains is pure and ready to yield its value—*not* animal matter, capable of yielding its ammonia after decomposition in the soil.

Nothing is spared in its manufacture to render it the most valuable Super-Phosphate and Crop Producer in the market.

Eight years' experience has proved to the farmer that it is *durable* and can always be relied on as *uniform in quality*; and the numerous unsolicited testimonials continually received of its use in competition with other Fertilizers, attests that it has not been excelled.

PRICE: $56 per ton of 2000 pounds. Discount to Dealers. MORO PHILIPS,
Sole Proprietor and Manufacturer.
March 27, 1869—9m.

BOWER'S

COMPLETE MANURE,

MANUFACTURED BY

THEY CURED YOUR

FATHERS AND MOTHERS,

And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern preparation, or anything like one; but good, honest, reliable medicine. They are

The greatest known remedies for

Liver Complaint,

DYSPEPSIA,

Nervous Debility,

JAUNDICE,

Diseases of the Kidneys,

ERUPTIONS OF THE SKIN,

and all Diseases arising from a Disordered Liver, Stomach, or

IMPURITY OF THE BLOOD.

Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.

All these indicate disease of the Liver or Digestive Organs, combined with impure blood.

Hoofland's German Bitters

is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

Hoofland's German Tonic

is a combination of all the ingredients of the Bitters, with pure Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in cases where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY.

There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of the food, enable the stomach to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.

Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.

These Remedies are the best

Blood Purifiers

ever known, and will cure all diseases resulting from bad blood. Keep your blood pure, keep your liver in order; keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no disease will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything you would try these preparations.

FROM HON. GEO. W. WOODWARD,

Chief Justice of the Supreme Court of Pennsylvania.

PHILADELPHIA, March 16, 1867.

I find "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action, in the system.

Yours truly,
GEO. W. WOODWARD.

FROM HON. JAMES THOMPSON,

Judge of the Supreme Court of Pennsylvania.

PHILADELPHIA, April 28, 1866.

I consider "Hoofland's German Bitters" a valuable remedy in cases of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,

JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,

Pastor of the Tenth Baptist Church, Philadelphia.

DR. JACKSON—DEAR SIR:—*I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system and especially for Liver Complaint, it is a safe and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.*

Yours, very respectfully,
J. H. KENNARD,
Eighth, below Coates street.

CAUTION.

Hoofland's German Remedies are counterfeited. The genuine have the signature of C. M. Jackson on the front of the outside wrapper of each bottle, and the name of the article blown in each bottle. All others are counterfeit.

Price of the Bitters, $1 00 per bottle;
Or, a half dozen for $5 00.
Price of the Tonic, $1 50 per bottle;
Or, a half dozen for $7 50.

The tonic is put up in quart bottles.

Recollect that it is Dr. Hoofland's German Remedies that are so universally used and so highly recommended; and do not allow the druggists to induce you to take anything else that he may say is just as good, because he makes a larger profit on the Three Remedies will be sent by express to any locality upon application to the
