Maryland Co.'s Phosphates.

THE MARYLAND
Fertilizing and Manufacturing Company
ARE PREPARED TO FURNISH THE FOLLOWING WELL-KNOWN BRANDS OF FERTILIZERS:
Alkaline Super-Phosphate
—AND—
LINDEN PHOSPHATE.

The ALKALINE and LINDEN PHOSPHATES have special reference to the growth and development of the Grain, and are intended for lands that produce a sufficient growth of Straw, but small crops of Grain. They have been used for several years by some of the best farmers of Maryland and Virginia, alongside the highest grades of Ammoniated Phosphates, and in some sections have almost superseded them.

The Fine Mechanical condition of our FERTILIZERS is such that they Drill readily, and we recommend the use of the Drill as being the most profitable way of applying Fertilizers.

The steadily increasing demand for above goods in the neighborhoods where it has been used, attests its success as an unexcelled Wheat Fertilizer.

One evidence of the value of our Fertilizers is that all the parties named below who used our goods last year, have increased their orders for this year. These names are genuine, and we refer farmers to the parties themselves:

Capt. E. B. Woodall,	E. F. C. Perkins,	Richard Smyth,
Charles England,	S. J. Roseberry,	T. J. Vickers,
T. F. Hurlock,	W. O. Shallcross,	J. W. Howard,
E. S. Clothier,	Robert Kimble,	J. T. Kelley,
J. T. Dixon,	F. Rash,	F. D. Lamb,
Wm. H. Whitely,	G. W. Jones,	Amos Lynch,

Many others too numerous to mention.

All orders should be left at once with
THOMAS W. WICKES,
Sole Agent for Kent County,
Aug. 20, 1881—3m. CHESTERTOWN, MD.

Notice to Farmers!

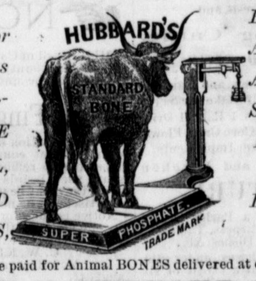
HUBBARD'S
Standard Bone Super-Phosphate.
A Leading Fertilizer for all Crops.
Manufactured of Pure Dissolved Bones, Nitrogen, Potosh, and Peruvian Guano
Rendering it one of the most concentrated and valuable manures ever sold on the market.

WE ARE THE FIRST manufacturers of Super-Phosphate on the Eastern Shore of Maryland, thereby being an old and established firm. We greatly thank our many friends and patrons for their past valued favors, and we hope by strict care and attention to business to merit a continuance of same. It is not surprising that our goods have been so noted, as well for their superior condition for drilling as for general excellence; as every ton is made in the self-same way by the best machinery in use, to the *inspection of which all Farmers and the public generally are most cordially invited.*

We have for sale at our works of our own manufacture, PURE BONE MEAL, Pure GROUND RAW BONES,



Pure Dissolved Animal BONE. Also, Dissolved South Carolina PHOSPHATE. KAINIT AND FERTILIZING SUPPLIES.

Highest price paid for Animal BONES delivered at our Factory.

T. W. ELIASON, JR'S
STANDARD FERTILIZERS.
No. 1 Ammoniated Super Phosphate
OF LIME AND POTASH,
Composed of Dissolved Animal Bones, Dried Blood or Animal Matter, Acid Phosphate and Salts of Potash and Soda.

THE STEADILY INCREASING DEMAND for the above goods in the neighborhoods where it has been used attest its success as an unexcelled Wheat Fertilizer.

The sales of it last year considerably more than doubled those of the preceding year in the same localities, and to-day in these localities it stands as high in the esteem of the Farmers who have used it as does any goods on the market.

I take pleasure in referring those who have never used it to the following well known gentlemen who have tested it:

Undertaking Revolutionized!
NO PACKING OF BODIES IN ICE.
THE DEAD PRESERVED by Cold Air.
I HAVE just received direct from the manufacturers and patentees one of the VERY LATEST IMPROVED PATENT ICE CASKETS, for preserving the dead. By the use of *this* Casket a corpse can be dressed ready for burial and placed in it and kept for several days or weeks if necessary, perfectly natural, with no odor arising at all. The ice does not come in contact with or touch the body. When in use this preserver has the appearance of a handsome burial casket. I have been in correspondence with all the leading patentees and selected this one because I believe it to be the BEST in use, as it is the *very latest improved.*
