9th July 1812

Sir

Agreeably to Orders received from Major Genl. Winder, I now inclose you a Return, in the form directed, of the Quota of Militia required from the Sixth Brigade, specifying the Regt. Company and County in which each individual resides, and the following is a return of the Detachment

Brigade	Majors	Captains	Lieutenants	Ensigns	D. Q. Master	Serg. Major	Qrs. Master	Sergeants	Corporals	Rank & File	Total
Sixth	2	5	5	5	1		1	5	5	362	391

The number of Non Commissioned Officers ordered were more, and the number of privates less, it was suggested by some of the Officers commanding Regiments that it would be better to draft all as privates and then let the Officers appointed to command name their own Non Commissioned Officers, in this I acquiesced and I wish they had all been drafted in that way.

We are called on for a Surgeons Mate, from Tenacity &c, I believe we are without any such Officer, I have sent forward recommendations for two, if either of them should be appointed, I shall then furnish you with the name of the person who is to serve on this tour of Duty — Some little alteration will perhaps be made by substitutes being procured, of this you shall have the necessary information

I did not receive the Returns of the 25th Regt

Return of Detachments &c. from Genl. Hollanors Brigade
