Kent News.

SATURDAY MORNING.....Aug. 18, 1883

Re-opening of Rock Hall Church.

Messrs. Editors:—Having read in a letter from Rock Hall in your last week's issue a note in reference to our church repairs and re-opening, which was all right as far as it went and for which we feel deeply thankful to the writer, I propose to forward to you for this week's issue, what I prepared—but I feared too late in the week—for the last. The re-opening of our church on August 5th was quite a success. The church was filled to its utmost capacity, the congregation of the M. P. Church with their pastor, Rev. T. O. Crouse, had on the previous Sabbath concluded to let their church remain closed and to attend ours and help us, and help us they did liberally. Rev. Enoch Stubbs preached in the morning from Mark, 9 chapter, 23 verse, "Jesus said unto him, if thou canst believe, all things are possible to him that believeth." The subject of course was faith, which he discussed so thoroughly and presented so clearly and eloquently, and to the perfect delight of all the congregation, that in the evening when he announced his text from 2nd Cor. 13 chap., 13 verse, "And now abideth faith and hope," that we naturally concluded that he had already exhausted the subject. But Brother Stubbs was equal to the task and able to, and did bring out things if possible newer, better and more to the delight of the congregation than in the morning. The children's meeting in the afternoon was lagely attended, the principal speaker being Rev. James Kendall of the local ranks, a whole souled Sunday school man, who came to help us out of his purse and to try to get others to do the same; others were present from Pomona circuit to assist in our finances. The subject of the lecture on Monday evening was, "The Morning Star of the Reformation." It was able, well-delivered, and appreciated by the audience. The collections reached $247 in cash and subscriptions, which, with what had been collected and subscribed, will leave us but little in debt. The church has been replastered overhead, frescoed, repainted, windows papered with imitation of stained glass, chairs for the pulpit, new chandelier, and brackets and lamps for the pulpit have been purchased, and by the engineering of the ladies of the Mite society the church has been nicely recarpeted, and is as attractive as most of the best churches on the peninsula. For church repairs and paying off parsonage debt over $500 have been raised in cash since April, right thro' the hardest time of the year to raise money, which we think speaks well for what has been one of the weak charges of our conference. We are now looking to the spiritual upbuilding and enlarging of the church, trusting Him who has thus far blessed our efforts and given the increase.

Aug. 13, 1883. PASTOR.

DORSEY SPEAKS AGAIN.

An Authentic Interview—Fresh Chapters of Political History.

A representative of the New York *Sun* recently visited ex-Senator Stephen W. Dorsey at his home in New Mexico, and the result is the publication of an authentic interview occupying over four columns of that paper. In this interview ex-Senator Dorsey asserts:

First.—That Sherman was betrayed at Chicago; that the pretended surprise of Garfield's nomination was a sham, and that it was the result of a prearranged plan.

Second.—That jealousies and ambition appeared at the very beginning of the canvass, and showed themselves in the organization of the national committee.

Third.—That it was at the earnest request of Garfield, Gov. Foster and Gen. Arthur that he accepted the place of secretary of the national committee.

Fourth.—That the rich bankers of New York were so distrustful that they refused to contribute a cent until a peculiar organization, known as a finance committee, composed of these bankers, was formed.

Fifth.—He intimates that Garfield, Arthur and all of the republican leaders relied upon money to win the battles, and admits that a very large sum was raised and disbursed by these bankers. It was purely a money campaign.

Sixth.—He asserts positively that Garfield bought the New York stalwarts' support by a promise to appoint Levi P. Morton Secretary of the Treasury.

Seventh.—He reiterates the charge that the pockets of the New York Bankers were reached through a promise of Garfield's to allow a syndicate of them to refund the government bonds.

Eighth.—He asserts with great positiveness that a bargain was made between Garfield's representatives and Jay Gould and C. P. Huntington, by which Garfield promised to secure the appointment of Stanley Matthews as associate justice of the Supreme Court, and the two capitalists promised one hundred thousand dollars to the republican campaign fund. He asserts that this money was paid, was brought to him in Indiana by Mr. T. C. Platt, and that he caused more than half of it to be sent to Ohio to be used by Gov. Foster in the campaign there.

Ninth.—He asserts that more than $400,000 was taken to Indiana by a prominent New York banker whom he names. That this was used there to carry the day.

Tenth.—He asserts that Garfield was most eager to have as much money raised as possible, so eager that he made the blunder of writing the Hubbell letter, against his (Dorsey's) advice.

Eleventh.—He asserts that the vast fund raised, between one and two million dollars, was a corruption fund.

Twelfth.—He tells the story of the curious intrigues that led to the putting of James and McVeagh in Garfield's cabinet, and asserts that it was Garfield's intention to remove them.

Thirteenth.—He asserts that Garfield was bulldozed by Blaine and a prominent New York editor into violating his promises to Conkling, and into appointing Robertson collector of the port of New York, without first having notified the New York Senators that such was his intention. But this bulldozing took the shape of a threat to publish the details of the Stanley Matthews scandal unless Robertson's appointment was made.

A BROAD-GAUGE MAN.—In an interview with Senator Hampton, of South Carolina, last week, he was asked if McDonald would be a strong candidate for the presidency, and answered:

"Our people like Mr. McDonald very well. He has many friends in the South and his position upon many National questions suits our people, but he is by no means our strongest candidate."

"Who is?"

"Senator Bayard of Delaware. He has a strong hold upon the affections of our people and would be the strongest candidate with us that could be nominated. He defended the South with great power when she needed friends, and, besides that, he is sound upon all National questions that are the foundation of our prosperity. I believe he would be the strongest candidate for the Democracy, North as well as South. He has ever been consistent and true upon financial questions, and he represents a conservative idea upon the tariff issue. He is a broad-guage man throughout, and would bring brains, dignity and the highest character to the Presidential office. I believe he could poll a larger vote than any man we could nominate."

HOW GARFIELD WAS ELECTED.—Ex-Senator Dorsey, in an interview with a reporter of the Chicago *Herald* a short time ago, said: "There are 1,600 townships in the State of Indiana, and in each of these townships we had three good, honest, square Republicans to canvass the whole vote. * * * Each one of these men, nearly 5,000 in number, reported what they could do and how much it would take to influence people to a change of thought. We paid $20 to some and as high as $75 to others, but we took care that the three men from every township should know just what each got. There was no chance for 'nigging.' There, that's all there was in carrying Indiana in October. They talk of fine work in Indiana. It wasn't a patch to that of New York, where our chief implements were hot work, sharp trade, quiet bargains and a golden stream from Stevenson's bank."

THE New York *Sun* has a double-leaded editorial evidently intended as a boom for the presidential aspirations of the Hon. W. S. Holman, of Indiana, who is known in Congress as the "great objector." The *Sun* says truly that in all the trusts confided to Mr. Holman's keeping "he has been loyal and unselfish," something which can be truthfully said of but few public men in these times.

DIAMOND STATE SUPER-PHOSPHATE AND DIAMOND STATE SOLUABLE BONE are probably the most popular fertilizers manufactured for wheat. In quality, mechanical and drilling condition, they cannot be surpassed.

BALTIMORE MARKET.—The Baltimore papers of Friday quote as follows:

WHEAT—Longberry $1 19@1 21; Fultz $1 17@1 18 for fair to good. CORN—White, prime 63@65; yellow, 63@65 OATS, Maryland, 38.

EMMIT HOUSE, Emmitsburg, Md.

GOOD BOARD and fresh mountain air, attractive scenery, delightful country drives, Accommodations first-class, the house having been recently repainted inside and out. Carriages to and from the depot.

Circulars at C. F. Stam's Drug Store. For information about the House or country, Chas. H. Baker, Esq. W. K. SUTTON, Proprietor.

Wheat Seeding for 1883.

Office of T. R. HUBBARD & SON,

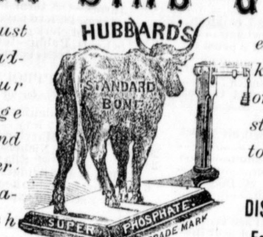
MANUFACTURERS OF

HUBBARD'S STANDARD & EXTANT BONE SUPER-PHOSPHATES

AND SOLE PROPRIETORS AND IMPORTERS OF

OCEAN BIRD GUANO.

We have just completed in addition to our Factory Large Warehouse and Wharf, rendering us full capacity, which enables us to keep constantly on hand and in stock in addition to our manuf'd Phosphates



DISSOLVED BONE & Fertilizing Supplies.

It is not surprising that Our Goods have been so noted as well for their Superior condition for drilling, as for general Excellence, as Every Ton is made from Bone dissolved ahead in the self-same way by the best machinery in use, to the inspection of which all farmers and the public generally are most cordially invited.

We give below names of reference of a few of our many patrons who have used our Goods with full satisfaction:

Luther Handy, Lucas Aldrich, Abe Crawford, T. A. Jacobs, Hyland P. Smith, Geo. R. Stephens, Stonewall Johnson, W. Archibald, Jr., Edw. B. Pennington, J. Cordray Loud, L. R. Shewell, John Brice, C. O. Cacy, Wm. G. Trew, George R. Beck, Phillip E. Trew, Hiram Brown, John Gale, Wm. L. Bowers, Col. R. C. Johnson, W. E. Sanders, James R. Jones.

For further reference see circulars of certificates which will be mailed to all parties upon application.

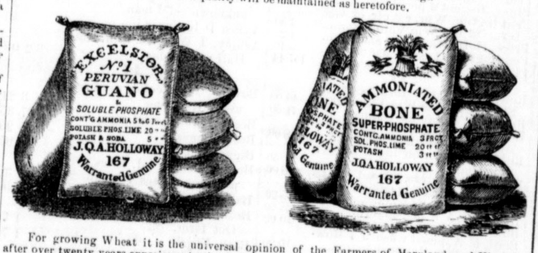
Aug. 18, 1883—12t. T. R. HUBBARD & SON, Chestertown, Md.

TO WHEAT GROWERS.

The undersigned, PIONEER in the Manufacture of Fertilizers in this City, and ORIGINATOR in 1858 of the Formulas and Processes of manufacture of

"EXCELSIOR" and AMMONIATED PHOSPHATE,

So well and favorably known by the Agricultural public, relying upon his experience and personal reputation hitherto acquired for the uniform excellence of these Fertilizers, as manufactured by him, continues to offer them to the Farmers and Planters of Maryland and Virginia, with the assurance that the high standard quality will be maintained as heretofore.



For growing Wheat it is the universal opinion of the Farmers of Maryland and Virginia, after over twenty years experience in the use of these FERTILIZERS, that an application of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore fully 50 per cent. cheaper.

With my present advantages and superior facilities for manufacturing, I challenge competition with any Fertilizer sold in the United States, in Quality, Mechanical Condition and Price.

By strictly adhering to my Original Formuals, using only the most concentrated materials, and superintending in person their manufacture—as for past TWENTY YEARS,

Uniform Quality is Guaranteed.

Farmers, to secure the ONLY GENUINE EXCELSIOR and PHOSPHATE, should see that every bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.

J. Q. A. HOLLOWAY,

107 McElderry's Wharf, Baltimore, Md.

Aug. 18-6t.

T. W. ELIASON, JR'S,

STANDARD BRANDS OF FERTILIZERS.

No. 1 Ammo. Super Phosphate of Lime & Potash

CHESTER COMPOUND.

Prompt, Permanent and Reliable. Always in Fine Dry Condition.

These Fertilizers are pronounced by many of the best Farmers in the county as being the BEST ON THE MARKET, and increasing popularity is evidence of their SUPERIOR MERITS. They are offered on reasonable and accommodating terms. Delivered at any landing in Kent or Queen Anne's counties. Also for sale

Dissolved Bone Phosphate and Alkaline Salts,
Dissolved South Carolina and Kainit.
Dissolved South Carolina Plaster. DISSOLVED ANIMAL BONES.

Early orders solicited and promptly filled.

aug11-s. T. W. ELIASON, JR.

An Excellent Yield is Sure to Follow the Use

—OF—

"RELIANCE"

A PURE BONE PHOSPHATE,

MANUFACTURED BY

HARRISON & SPRY,

CRUMPTON, QUEEN ANNE'S CO., MD.

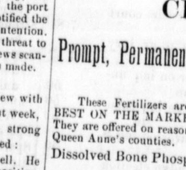
This phosphate is what it is claimed to be a PURE ANIMAL BONE PHOSPHATE, and has proved to be one of the best wheat and grass producing Phosphates ever used in this section. Its basis being composed of pure animal Bone, the farmer not only reaps the benefit of one crop, but the fertilizer is a permanent land improver. While we do not claim it to be superior to all others, we do say, as past experience proves, it is inferior to none.

A TRIAL WILL CONVINCE YOU.

The following well known Farmers have used the Reliance, to whom we refer:

S. W. Aldridge, C. H. B. Spry, B. F. Davis, Chas. England, J. W. Jarman, John McFee, W. E. Sanders, L. T. Anderson, J. F. Whittington, J. E. Hurlock, Noble Pennington, W. B. Ford, Sam'l Coppage, J. J. Hurlock, B. E. Benton, James Spry, W. T. Miller,

Price per Ton $33—delivered on Kent Co. R. R., or at any wharf on Chester or Sassafras rivers. aug11-s.



The Stephen Walker

Basket Factory,

PEACH BOXES

Having contracted for the above amount of PEACH BOXES would say to

PEACH GROWERS

that I am now prepared to take their orders for Boxes in SHOOKS delivered at any of the wharves on Chester river, Bay Shore, or at any of the stations on Kent R. R., at prices that defy competition, where a first-class box is desired.

I have the following sizes:

4-4 or Regular Peach Box.
3-4 or Pear Box.
1-2 bushel (a new size) for early or late fruit. Also,

Peach Baskets,

for orchard use or shipping. Those desiring any of the above, by ordering at once and taking them direct from car or vessel, will get them much lower. My Factory will be well stocked during the fruit season with all the different sizes of Boxes and Baskets. The Boxes can be had

IN SHOOKS or MADE UP.

Also, Extra Tops and Slats.

This material is from the factory of the Messrs. Williams, of Salisbury, and guaranteed to be first class, seasoned and bright, just such as I sold 200,000 of last season *without a complaint.*

For prices, &c., call on or address

R. S. EMORY, CHESTERTOWN,

Or Mr. THOMAS, who will always be found at the Factory this season. je16-2m.

CONCAVE Plow Shares and Castings.

WE have several tons of the best make of Castings, which we bought at an uncommonly low figure, and which we are prepared to sell at correspondingly low prices. No rough or lumpy places upon our Castings. Have all been ground upon Emory stone.

CHAPMAN & LAMBERT, aug4-tf, Chestertown, Md.

FRUIT CANS! FRUIT CANS!! Our own make. Guaranteed best quality Tin and not leak. HINES & CLEMENTS.

BORDLEY BROS.'

Promised Clothing Advertisement.

We are now selling off our ENTIRE CLOTHING STOCK FAR BELOW COST!

PREPARATORY TO ENLARGING OUR STORE.

We most positively mean just what we say. We know how absurd it is to advertise a sale like this, unless you mean it. We do mean it, and will most positively prove it to every customer. We have on hand a balance of about $2,500 or $3,000 worth of Spring and Summer Clothing, and rather than carry it over until next season we have marked every garment down so remarkably low as will certainly make it go. There are plenty of people who still want Summer Clothing and now is certainly your chance. It is impossible to quote the price on one-tenth of our stock in the small space allotted us. You will have to examine them at the Store to find out how

Surprisingly Low we are Selling these Goods!

Below we quote the price of a few goods in order that you may form some idea of how we are selling them:

Indigo Blue Middlesex Flannel $10.00. These Suits sell everywhere at $14.00. We only have a few more of them left. A dozen different kinds of Solid Wool Suits for only $10.00, which formerly sold for $15.00. This is really below wholesale cost. We have a good working suit which cost $5.00 and retailed for $6.50 which we are now selling for only $5.00. Solid Wool Suits in a great many varieties for 6 and 7 dollars. We are selling our Finest, Light, Col'd, Solid, Wool Pants for only $4.00, some of the pants cost $5 and $6. We have also, Wool pants which we are selling as low down as $1.50. We are selling a fine Solid Wool Suit for Boy's (13 to 17 years old) for only $6.00 which cost $8.00 and we sold for $10.00. Single pants in endless variety from 37½ cts. to $4.00. These pants cost from 75 cts. to $6 and $7. Summer Coats at 25 cents, formerly retailed for 50 cts. We are selling the balance of our STRAW HATS at any thing you see proper to give for them.

We have the finest line of White and Fancy Colored Vests which we are selling for only 50 cents. We know full well that it is a very hard matter to believe this advertisement, but to prove it to you all we ask is an inspection of our Stock and you will certainly be convinced that every word advertised is strictly true. We have a few cheap Men's Suits, which in order to get rid of we are selling for only $2.50 (whole suits).

We have about 200 CHILDREN'S SUITS LEFT,

(knee pants) which we are closing at $1.00, $1.25 and $2.00. These suits cost just double the money. As soon as you have finished reading this, just make up your mind to come in the store and ask us to quote prices, if we don't surprise you with unheard of low Prices we will make you a present of the finest Suit we have in stock.

Respectfully, &c.,

BORDLEY BROS.

August 4, 1883.

NOW IS THE TIME

—TO—

Invest Your Money PROFITABLY.

A. FRIEDMAN,

UNDER "KENT NEWS" OFFICE,

Is Making SWEEPING REDUCTIONS.

The entire stock of Men's, Youths', Boys' and Children's Clothing, Hats, Caps, and Furnishing Goods will be sold at a great reduction. We are determined to sell off

FOR THE NEXT THIRTY DAYS

our entire stock of Spring and Summer Clothing, in order to make room for Fall Stock. Prices as were never offered before, in order not to carry any Summer Goods over for next season. Persons in want of the above goods will never have an opportunity again to buy at such low prices, for Thirty Days only, as Goods must be sold in order to make room for Fall Stock. WE MEAN BUSINESS, AND GUARANTEE GRAND BARGAINS TO EVERY BUYER OR NO SALE.

We buy all our Goods for the cash and this enables us to undersell any one who is compelled to buy Clothing on long credit or commission. Call early and save 25 per cent on every thing you buy at the Reliable Star Clothing House, Chestertown, Maryland, under the "Kent News" office.

Aug. 4, 1883. Respectfully, A. FRIEDMAN.

SPECIAL NOTICE!

We have reduced our stock of LAWNS from 12½c. to 10c.

aug11-4t. J. B. BURCHINAL.

Some Reasons Why!

IN THE MILLING BUSINESS!

Why has **SPICER** been successful in the Milling business? We answer?

1st.

Because he is a jolly old fellow, and has a good word for everybody.

2d.

He is a millwright and keeps his mill in first-class order, without going to Baltimore for a millwright.

3d.

He is not only a millwright but enjoys the reputation of being a first-class miller.

4th.

In his mill you can always find flour meal, chops and all kinds of feed for sale at the very lowest prices that the market will allow it to be sold for.

5th.

He has but one price for the rich and poor. His prices are the same to all.

6th and Last,

Though not least, he is very careful how he uses the toll-dish, as all his customers will say.

To the ladies of Kent county who delight in good flour, we wish to say that we have at last succeeded in getting Radcliffe Mill, at Chestertown, in first-class order, and today we are making better flour than ever before. We keep the best millers that money can get. None but first-class millers handle our wheat mill. Gentlemen we will willingly take back and pay cash for any bad flour we may make from good wheat. We are very thankful for all past favors, and as we have the mill in first-class order and are making first-class flour and meal, with plenty of water that will run us day and night, we hope to secure a full share of public patronage.

SPICER & BACON.

June 16, 1883—3m.

LEGAL NOTICES.

Ratification Notice.

John W. Duyer, Rich'd Hynson & others, *versus* Joseph L. Duyer and others.

In the Circuit Court for Kent County, in Equity.

ORDERED, that the sale of certain portions of the real estate of the late John Duyer, made and reported by RICHARD HYNSON, trustee to make said sales, be ratified and confirmed, unless cause to the contrary thereof be shown on or before the 4th day of October, next; Provided, a copy of this order be inserted in some newspaper printed and published in Kent county, Maryland, once in each of three successive weeks before the 4th day of September next.

The report states the amount of sales to be $17,734.23.

SAMUEL BECK, Clerk.

PEACH TREES FOR SALE.

THOSE wishing to plant ORCHARDS the coming Fall or Spring of 1884, would do well to give their orders early as possible. My list contains all of the best canning and shipping varieties. I hope to please all in quality of trees, which shall be graded in the future. Will be pleased to show any one interested through the Nursery, which is about two miles from Chestertown.

Will be in town on Tuesday and Saturday of each week. List of varieties wanted and orders by mail promptly attended to.

ROB'T G. NICHOLSON, May 26—tf. Chestertown, Md.

MACHINE OIL,

CASTOR OIL, LARD OIL, West Va. Golden Machine Oil, at je16. TOULSON'S Drug Store.

We Desire to Call the Thoughtful Attention of Farmers

TO THE SUPERIOR MERITS OF

ORCHILLA GUANO

AS A FERTILIZER FOR

WHEAT AND GRASS.

The advantages resulting from its use are not only an increased yield, but the permanent improvement of the soil from the abundant growth of grass which is sure to follow.

"ORCHILLA" is no new thing. For eighteen years it has been undergoing trial,—and well has it stood the test. At first, its progress to favour was naturally slow; but merit will, sooner or later, have its reward, and now its sales every year are largely increased over those of the preceding year, and the friends of its early days are its best friends now.

It has been used extensively in Maryland, Pennsylvania and Virginia, and from its abundant success everywhere, we are justified in recommending it to you as being well adapted to your soils. No fertilizer for your use has had such unvarying success and continued popularity. Some of the largest and best farmers in these three States use it almost exclusively

It is Successful, because it is Nature's own provision for her exhausted fields.

It is Low Priced, because we have none of the expense of manufacturers, and, without regard to its high commercial value, we base its price solely upon its actual cost to import.

We refer you below to some of the farmers who have used it, and ask you to enquire of them as to its merits.

WOOLDRIDGE, TRAVERS & CO., Importers,

64 BUCHANAN'S WHARF, Baltimore.

JESSE HUFFINGTON, Allen P. O., Wicomico Co., Md., says: "I have been using Orchilla Guano for a number of years. I have tried it carefully on my own land, and have seen its results on my neighbors' lands also, and I assure you I cannot say enough in its praise. From the condition my land is now, I am free to say that I consider, if I had given away the first crop I raised from Orchilla, I would have been well repaid by the improvement to my land, and the crops I get now. If I could get any fertilizer in the market at the same price as Orchilla I would far rather take Orchilla, because I have proved to my satisfaction that it is not only good for one crop, but it is a permanent improver of the soil, and will insure fine grass for years to come. I don't care how poor the land is, I believe Orchilla will bring it up. There will be twice as much sold in this neighborhood this fall as was last."

WM. C. SATTERFIELD Greensboro', Caroline Co., Md., August 1, 1882, says: "I have been using Orchilla Guano for fifteen years largely. I have frequently tried other fertilizers, but fell back on Orchilla. I believe it *is good, permanent improver of poor lands.*"

JOHN PRICE, Cordova Talbot Co., Md., writes, June 18, 1883: "After several years' trial of Orchilla Guano, I like it so well that *I do not want anything better.*"

GEO. C. GRAHAM Trappe, Talbot Co., Md., writes, June 20, 1883: "I gave Orchilla Guano trial last fall by the side of two other brands of high grade standard fertilizer and I am best *pleased with the Orchilla.*"

H. H. PRICE, Longwood, Talbot Co., Md., writes, June 21, 1883: "I have used Orchilla Guano for several years, and have tested it by the side of high-priced fertilizers, and I *decidedly give the preference to* Orchilla."

W. SPRY SHERMAN, Vienna, Dorchester Co., Md. writes, July 16, 1883: "Most of the best farmers and heaviest wheat growers of this district—such gentlemen as JAMES MITCHELL RIED, ALFRED H. MERRICK, WM. H. TURPIN and others, have used Orchilla Guano for years, *and still use it almost exclusively.* In fact, some of our large wheat growers, who for years declined to use it, are now using it *exclusively* for wheat and corn, and say that it is the BEST fertilizer in the market for clover and grass. The sales this year will be much larger than ever before."

THOMAS H. TRAVERS, Taylor's Island, Dorchester Co., Md., writes, June 11, 1883: "I used on my wheat last fall 2½ tons of Orchilla Guano, at the rate of 250 pounds to the acre. It covered over one of my fields, and a part only of the other. My regret now is that I did not buy enough to complete my seeding entire, as it would have paid me 100 per cent. on its cost. I am positively certain that I have *more than double* the quantity of wheat on the fertilized ground that there is on the unfertilized; some of my neighbors say there is three times as much. The young clover from the Orchilla is all that the most exacting farmer could desire. This is the second year I have used Orchilla, and it has given me the same gratifying result each year, growing me more wheat and clover than any other fertilizer I have ever used—Peruvian Guano not excepted. I do not hesitate to say that I believe it is unsurpassed as a grain and grass producer. I shall continue to use it as long as I conduct a farm—if it can be had, believing that with it, and the use of clover seed alone, the highest state of fertility may be reached."

ROBINSON BARNES, Taylor's Island, Dorchester Co., Md., writes, June 25, 1883: "I purchased a ton of Orchilla Guano last fall, which I applied to my wheat at the rate of 150 pounds to the acre. It has given me great satisfaction. It has produced *more than three times as much wheat* as where no fertilizer was put in the same field. The grain is fine and plump, and the heads are the largest I have ever grown. This is my first use of Orchilla, and I want no better manure. I will use it this fall in increased quantity."

JESSE W. DOWNS, Dayton, Howard Co., Md., writes, June 16, 1883: "I have used Orchilla Guano for the past four seasons on wheat, rye, corn and potatoes, and find it equal to any high-priced fertilizer that I have used in the past ten years. On good land it makes fine crops at once, and on thin land, I have watched its action carefully, and can say with truthfulness that it is a sure and permanent improver of the soil. It certainly makes 'poor lands rich.' I am only sorry I did not get hold of it long ago. All who have used it in this neighborhood speak well of it, and will use it again this fall."

WM. HEPBRON, Lynch's, Kent County, Md., } Agents.
