Correspondence of the Kent News.

Messrs. Editors:

The evening of the 23d ult. was signalized by two weddings in this vicinity. Mr. Samuel Bennett led the lovely Miss Gresham, daughter of the late esteemed Thomas Gresham, to the Hymeneal altar, and John Levin Gale took the charming Annie Judefind as a bride! The ceremony in the latter case was performed in the presence of an elite assembly by Rev. J. W. Gray at Wesley Chapel. Mr. Bennett was inducted into the matrimonial fraternity by Rev. D. C Ridgway. A long and happy career to both couples! May they be "as willows planted by the water courses!"

A daring and cowardly assault was made on the evening of the 22d ult. on Capt. Wm. Whalen, a worthy and peaceable citizen, in the vicinity of Rock Hall Cross Roads. As he was proceeding in the direction of Shreck's store, and nearly opposite the dwelling of Abram Taylor, the dastardly assailant rushed from his concealment behind a tree and dealt a blow at the head of his victim, prostrating him to the earth and inflicting a serious wound. The unfortunate man was taken up by Mr. Geo. E. Leary and conducted to a place of safety. It is supposed that the blow was designed for some one of the members of the lodge of Good Templars, which held a session that evening; the darkness being almost palpable, persons were altogether undistinguishable. The assailant was seen to run, and had on a white coat and slouched hat.

The Lodge of G. T. at Rock Hall is in a flourishing condition, now numbering considerably over one hundred members, although but six months have elapsed since its institution. So far no charge has been preferred against any member. On Christmas eve the Lodge held a public experience meeting, which was well attended and made interesting by the detail of the experience of several members, among them by our German brother, Jacob Kirschbaum, familiarly known as "Jacob the butcher." Jacob has undergone pretty severe discipline in the tyrant's service, and a little better use of the English tongue would enable him to do much good. Rev. Bro. Gray made a neat and appropriate address, replete with good advice touching the proper celebration of the Christmas festivities, and Bro. Thompson made a telling statistical speech. As to other speeches, space will not allow me to characterize them properly, and I hope the omission will not be deemed invidious. Laurel Wreath Lodge in Piney Neck were to have held a similar meeting on Christmas night, but rain setting in just before the appointed hour, I was prevented from attending, and can give no account thereof.

The attention of our farmers should be, and is just now, directed to the legion of useless curs that infest the land. A little over a week ago they made a raid upon a large flock of sheep in the field of Morgan Brown and destroyed four; a second venture a few nights afterwards resulted in the destruction of nine more of the flock. Properly speaking, there were two flocks, Mr. Pere Gears being a loser to some extent, and a part of the loss falling on William Stevens, Esq. On a subsequent night they broke into the flock of Mr. James Lamb, killing two and wounding many others. In the case last mentioned the sheep were folded in the yard with horned cattle, and in the second visitation to Mr. Brown the sheep were shut up in his yard, and two were killed at his door step. Thus there would seem to be no security for this kind of property, valuable as it is, save in the extermination of their canine enemies. Mr. Brown succeeded in killing one and wounding three others.

Where is "Comet?" Where "Little Will?" Have they mutually annihilated each other after the manner of the feline heroes of Kilkenny? Or is the latter so absorbed in the proceedings of the Farmers' Club that he must need make a truce with his eccentric antagonist? Or has the "*comet*" disappeared before the blaze of the dazzling sun? Oh! Will, how could you? Well, well, I too may learn a lesson of caution, and therefore hasten to acknowledge the implied compliment paid me, and at the same time give assurance of my desire not to provoke hostilities. My experience amply proves that

"Countless dangers do environ
The man that meddles with cold iron;"
And though it be a pen of steel,
The wound it makes is hard to heal.

The last couplet, though Hudibrastic-ish, is not Butler's.

P. S.—Santa Claus is a reality; he brought me a pair of new spectacles, and now I can see sharper than ever.

Yours, SIMON SHARP.

THE GEORGIA INIQUITY.—Georgia was readmitted into the Union under the Reconstruction acts of Congress, after having complied with all the requirements of Congress. The members of Congress from that State were admitted to seats in the House, and the Senators would have been admitted to their seats had they been "Carpet-Baggers." Now it is ascertained that the XV amendment cannot be carried except by the vote of Georgia, and that State is remanded to the mercies of the military and Gov. Bullock, in order to force her to accept the odious measure. Congress has just as much right to interfere thus in the affairs of Massachusetts as it has with the State of Georgia, and it is setting a dangerous precedent by the passage of this monstrous bill. Hereafter it will only require a plausible pretext for Congress to interfere and overthrow any State government. This legislation virtually wipes out every vestige of State Rights, so far as the present Congress is capable of doing so. It is a gross political insult to every State in the Union and should be denounced as it deserves to be. There is nothing so monstrous that has yet taken place in connection with the reconstruction business. The reconstruction laws were all based on the theory that the Southern States were out of the Union, but this law appertains to a State in the Union, and is therefore the more dangerous. Every State is now at the mercy of Congress and the political exigencies of the Radical party. Will the people—will the States—permit such legislation to pass without branding it as unconstitutional and infamous? It is astonishing with how much quietude the country accepts such legislation.

THE republican candidate for Governor of Texas is elected by 740 majority.

PAY UP.

The following article, which we find in an exchange, is applicable to every community, and is especially commended to our readers:

If we had an almanac that predicted for us the social and business meteorology of life, we should, under the head of January first, see—"About this time look for many bills." It is settling time. All sorts of bills are coming in. Those who have bills that they consider perfectly good have kept them back from presentation till this period; those who have bills that they consider decidedly bad make at this time a strenuous effort to realize them. Many a man at the first of January finds that he owes more than he thought he did, and many others find that they have less to pay with than they expected. The money question of the year has to be faced, and the problem of making both ends meet solved. To those who cannot pay, who have been improvident or spendthrift, there is nothing to be said except to advise them to do so no more—advice by the way, which they are not likely to heed, and which is therefore scarcely worth giving. But to those who can, we say "Pay up." Put your money in circulation, look over your accounts, collect your own bills, and endeavor to commence the year with a clean balance sheet. Especially pay your small debts—those you owe to your doctor, your tailor, your shoemaker, and your tradesmen generally. Great injustice and great harm are often thoughtlessly done by those who are abundantly able to pay, by the neglect of their small accounts. The very insignificance of the amount in their estimation tends to make them careless about it. They know they intend to pay, and know that they can pay, and therefore put it off. But what is a small matter to them is a large one to the creditor. "Many mickles make a muckle." The personal and family bills that we make are generally small ones, but their aggregate, owed by a line of customers, is often the sole capital of the tradesman.—You have been a good purchaser, he knows you are safe to pay, wants a continuance of your custom and does not like to press you. But he wants his money badly. He owes bills that must be paid if his credit is to be maintained. Therefore, pay up. The prompt payment within this month of all the small bills, owing by those who are able to pay, would put an amoun of money into circulatir that in its turn, running into all the channels af trade, would relieve embarrassments, revivify business, and give tone and confidence to the commercial aspect of the opening year. Besides, if you pay, somebody else may find that money coming to them, and be able to pay you. So there is justice as well as selfishness in paying up.

MURDER IN CECIL COUNTY MD.—A most atrocious murder was committed at the head of Back Creek, at the old Back Creek Mills, on Tuesday night the 28th ultimo. The name of the murdered man was Alexander Russum, and the parties perpetrating the murder were George Harris and Ben Thompson, alias "Ben Bolt," who was tried at Elkton a few years ago for the murder of his step-father, but was acquitted. The facts in relation to the murder, as near as we can gather them, are these:

Russom, the murdered man, was in the house of John Lucas, on the opposite side of the road from Harris's groggery, when Harris went over and told Russom to come out, which he did. When Russom came out Harris abused him, calling him ill names. Russom replied in the same manner—threats of violence passing between them. Russom told Harris that he was in the public road, and that he (Harris) had no right to molest him.—Harris, however, again advanced from his store—where he had gone after calling Russom out—to him, and when in the act of striking, it is alleged by witnesses that the flash of a pistol was seen, supposed to have been fired by Russom, who immediately ran, pursued by Harris, who fired three shots after him, accompanied by his accomplice, Ben Bolt, who had up to this time not interfered, but who had kept near Harris.

After retreating about one hundred yards, Russom was overtaken by Harris and Bolt, when the former commenced beating him with his fists, while Bolt, using a long sheath-knife, stabbed Russom to the heart, who fell and expired instantly.

After consultation with friends, Harris and Bolt went to Chesapeake City and gave themselves up to Justice Chrisfield, who committed the parties to jail to await the action of the next grand jury.—*Whig*

THE FAMILY OF THE LATE EDWIN M. STANTON.—Measures have already been inaugurated, says the Washington *Star*, to place the family of the late Edwin M. Stanton in a comfortable pecuniary position, as Mr. Stanton left no property but the house occupied by his family, on K street. Three of his children are under fourteen years of age, and consequently are yet to be educated. A meeting of several of his personal friends was held on Monday evening, at the residence of Hon. Samuel Hooper, at which it was determined to place the sum of $100,000 to the credit of Mr. Stanton's family by New Year's Day. President Grant has subscribed $1,000 for this object. So long as the late Secretary lived he steadily refused to permit his friends to do any act of this kind, but they now feel themselves at liberty to care for his family.

NOT a white man can get the authority to sell liquor in Washington without he pledges himself that negroes shall drink at his bar if they choose, and make use of his premises as they may deem fit and proper. So far as drinking saloons are concerned, this step towards practical amalgamation does not perhaps approach the highest point of importance, but as an example of the extent to which the principle will ultimately be carried, if its advocates can retain the power, it is valuable and noteworthy.

CIRCULARS IN NEWSPAPERS.—Copies of newspapers inclosing printed circulars have been passing through the postoffice for some time past. Several publishers have requested the Postoffice Department to decide what rate of postage should be paid on them, and the decision has been rendered that both the paper and circular are chargeable, under the law, with letter postage.

THE Republican State Central Committee, at their meeting in Baltimore last week, adopted the following among other resolutions:

Resolved, That this Committee, recognizing the importance of a thorough organization of the Republican party of the State, requests the members from each county to present the names of one or more colored Republicans, who shall consult with the County Committee in all measures looking to the organization and consolidation of all Republicans, without regard to race or color.

CHURCH HILL.—We have more than once had occasion to compliment this village upon its spirit and enterprise. A new population seems to have taken possession, or at least the lead in matters there, and a town which two years ago was a terror to all the county and a large part of the State is now the leading town in the county in point of spirit and go-aheadativeness. The Church Hill of to-day is not the Church Hill of two or three years ago. Instead of rowdyism and ribaldry, we find her people sober honest and industrious, striving to build up the town and county and enrich themselves. The many stores, work shops, offices and dwellings there, and the new buildings constantly in course of erection, speak for the town and its people. To say Church Hill is a credit to Queen Anne's would not be saying enough, and to say that Queen Anne's is proud of such a town, is simply saying a truth. We hope she may continue to prosper and improve.—*Cent. Observer.*

A YOUNG WOMAN BECOMES A RAVING MANIAC THROUGH FRIGHT.—A gentleman from Sparta, Tennessee, gives us the particulars of a sad affair which occurred in that part of the country last week. At one of those periodical masqueradings for which the rural districts are celebrated, the subject of ghosts and spiritual visitations was discussed at great length, and with all that exaggeration and high coloring usually attached to any theme in which the supernatural plays a part. When the party broke up one of the young men of the neighborhood conceived the idea of frightening two of the ladies, who had some distance to go along a lonely road with their brother. Wrapping himself in a sheet from head to foot, he took a short path and emerged upon the trio from a copse of bushes just as they came up.—As the figure in white became visible, moving slowly towards them, the trio set up the most horrible shrieks, and fled down the path in the utmost terror. One of the ladies swooned and fell to the ground, while the other reached the house with reason unseated a raving maniac.—*Nashville Banner.*

HEAVY EARTHQUAKE.—The heaviest earthquake ever experienced in the Pacific states, occurred about six o'clock on the evening of the 26th ult. The shock was felt with more or less severity, at Sacramento, Marysville, Grass Valley, Nevada City, Iowa Hill, Stockton, Chicago, Truckee, and other neighboring towns.

At Virginia City, Nevada, walls were thrown down, door-bells rung, and clocks stopped. The consternation was general. At Reno the shock was preceeded by a low rumbling, which lasted nearly two minutes, alarming the inhabitants. The express train bound west was detained about an hour between Wadsworth and Reno, by large rocks and earth thrown on the track by the earthqnake.

MARYLAND AGRICULTURAL COLLEGE.—The board of Trustees of the Maryland Agricultural College elected Capt. Alfred Herbert, by a unanimous vote, to the chair of Agricultural Chemistry and Natural Sciences in that institution. Capt. Herbert is a native of Prince George's county, Md., graduated at West Point with distinction, and served in the artillery branch of the service in the Florida war, where he was brevetted for good conduct and gallantry on several occasions. Since his retirement from the army he has been at the head of military and scientific schools in South Carolina, and also engaged in civil engineering.

A QUESTION OF INCOME TAX.—It is generally known that the income tax law expires by limitation this year. The law as it stands requires a return of all incomes for the calendar year up to December 31, and provides that in the next succeeding March and April the tax shall be assessed and collected. No losses sustained before or after the calendar year can be allowed, nor can any income received outside of the calendar year be made amenable to the tax.

THE great amount of time consumed by the ladies in dressing and arranging their hair must make any article which would lessen their labor particularly desirable. Ring's Vegetable Ambrosia leaves the hair in such condition as to render the dressing and arranging a very easy matter. It imparts to it that splendid glossy appearance so much admired, cleanses the scalp from dandruff and all humors, and prevents baldness; promotes its growth and restores gray hair to its original color.

Let Common Sense Decide.

What is the rational mode of procedure in cases of general debility and nervous prostration? Does not reason tell us that judicious stimulation is required. To resort to violent purgation in such a case is as absurd as it would be to bleed a starving man. Yet it is done every day. Yes, this stupid and unphilosophical practice is continued in the teeth of the *great fact* that physical weakness, with all the nervous disturbances that accompany it, is more certainly and rapidly relieved by Hostetter's Stomach Bitters than by any other medicine at present known. It is true that general debility is often attended with torpidity or irregularity of the bowels, and that this symptom must not be overlooked. But while the discharge of the waste matter of the system is expedited or regulated, its *vigor must be recruited*. The Bitters do both. They combine aperient and antibilious properties, with extraordinary tonic power. Even while removing obstructions from the bowels, they tone and invigorate those organs. Through the stomach, upon which the great vegetable specific acts directly, it gives a healthy and permanent impetus to every enfeebled function. Digestion is facilitated, the faltering circulation regulated, the blood reinforced with a new accession of the alimentary principle, the nerves braced, and all the dormant powers of the system roused into healthy action; not spasmodically, as would be the case if a mere stimulent were administered, but for a continuance. It is in this way that such extraordinary changes are wrought in the condition of the feeble, emaciated and nervous invalids by the use of this wonderful corrective, alterative and tonic. Let common sense decide between such a preparation and a prostrating cathartic supplemented by a poisonous astringent like strychnine or quinia.

B. A. FAHNESTOCK'S
VERMIFUGE.
Why is it that so many children die under the age of five years? That a large proportion of children die under that age, has long been a subject of remark, and without a satisfactory cause ascertained, it is certain.
Also, it is known that worms exist in the human system from its earliest infancy; therefore parents, especially mothers, who are more constantly with their children, cannot be too observing of the first *symptoms of worms*, for so surely as they exist, can they be
SAFELY AND CERTAINLY
removed from the most DELICATE INFANT by the timely use of
B. A. FAHNESTOCK'S VERMIFUGE.
IT IS PERFECTLY HARMLESS—contains no Mercury, being a
Purely Vegetable Composition,
And may be administered with the UTMOST SAFETY TO CHILDREN OF ALL AGES.
Worm Confections, made more for the purpose of pleasing the palate than of overcoming the disease, have been manufactured all over the country, but their short lease of life is nearly exhausted, and B. A. Fahnestock's Vermifuge continues to grow in favor daily.

RING'S VEGETABLE AMBROSIA.
This favorite Hair Dressing has been before the public long enough to have been thoroughly tested and its increasing sale and popularity are the best evidences of its superior merit.
As a Restorer of Gray Hair to its original color it has no equal.
For curing humors of the scalp and preventing itching it is wonderfully successful.
For preventing the Hair from falling off it is unfailing.
For restoring Hair to Bald Heads it succeeds beyond Competition, although not always successful. Where the glands or follicles are not destroyed new Hair is sure to grow after using it properly.
As a dressing nothing surpasses it. It imparts to dry, faded, and wiry Hair that beautiful glossy appearance so much admired.
Containing no oil or grease it does not soil the finest linen.
It is compounded upon Scientific principles of the purest ingredients and is entirely harmless.
Being perfumed with the most fragrant Extracts its odor is delightful.
TESTIMONIALS almost without number can be given if necessary but the AMBROSIA is too well known to require it. Use it once and you will never be without it.

YOU ALL
HAVE HEARD OF
HOOFLAND'S GERMAN BITTERS,
AND
HOOFLAND'S GERMAN TONIC.
Prepared by Dr. C. M. Jackson, Philadelphia. Their introduction into this country from Germany occurred in
1825:
THEY CURED YOUR
FATHERS AND MOTHERS,
And will cure you and your children. They are entirely different from the many preparations now in the country called Bitters or Tonics. They are no tavern preparation, or anything like one; but good, honest, reliable medicines. They are
The greatest known remedies for
Liver Complaint,
DYSPEPSIA,
Nervous Debility,
JAUNDICE,
Diseases of the Kidneys,
ERUPTIONS OF THE SKIN,
and all Diseases arising from a Disordered Liver, Stomach, or
IMPURITY OF THE BLOOD.
Constipation, Flatulence, Inward Piles, Fullness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried or Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a Lying Posture, Dimness of Vision, Dots or Webs before the Sight, Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin and Eyes, Pain in the Side, Back, Chest, Limbs, etc., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of Evil and Great Depression of Spirits.
All these indicate disease of the Liver or Digestive Organs, combined with impure blood.

Hoofland's German Bitters
is entirely vegetable, and contains no liquor. It is a compound of Fluid Extracts. The Roots, Herbs, and Barks from which these extracts are made are gathered in Germany. All the medicinal virtues are extracted from them by a scientific chemist. These extracts are then forwarded to this country to be used expressly for the manufacture of these Bitters. There is no alcoholic substance of any kind used in compounding the Bitters, hence it is the only Bitters that can be used in cases where alcoholic stimulants are not advisable.

Hoofland's German Tonic
is a combination of all the ingredients of the Bitters with rum Santa Cruz Rum, Orange, etc. It is used for the same diseases as the Bitters, in cases where some pure alcoholic stimulus is required. You will bear in mind that these remedies are entirely different from any others advertised for the cure of the diseases named, these being scientific preparations of medicinal extracts, while the others are mere decoctions of rum in some form. The TONIC is decidedly one of the most pleasant and agreeable remedies ever offered to the public. Its taste is exquisite. It is a pleasure to take it, while its life-giving, exhilarating, and medicinal qualities have caused it to be known as the greatest of all tonics.

DEBILITY.
There is no medicine equal to Hoofland's German Bitters or Tonic in cases of Debility. They impart a tone and vigor to the whole system, strengthen the appetite, cause an enjoyment of food, enable the poor dyspeptic to digest it, purify the blood, give a good, sound, healthy complexion, eradicate the yellow tinge from the eye, impart a bloom to the cheeks, and change the patient from a short-breathed, emaciated, weak, and nervous invalid, to a full-faced, stout, and vigorous person.
Weak and Delicate Children are made strong by using the Bitters or Tonic. In fact, they are Family Medicines. They can be administered with perfect safety to a child three months old, the most delicate female, or a man of ninety.
These Remedies are the best
Blood Purifiers
ever known, and will cure all diseases resulting from bad blood. Keep your blood pure; keep your Liver in order; keep your digestive organs in a sound, healthy condition, by the use of these remedies, and no disease will ever assail you. The best men in the country recommend them. If years of honest reputation go for anything you must try these preparations.

FROM HON. GEO. W. WOODWARD,
Chief Justice of the Supreme Court of Pennsylvania.
PHILADELPHIA, March 16, 1867.
I find "Hoofland's German Bitters" is not an intoxicating beverage, but is a good tonic, useful in disorders of the digestive organs, and of great benefit in cases of debility and want of nervous action, in the system.
Yours truly,
GEO. W. WOODWARD.

FROM HON. JAMES THOMPSON,
Judge of the Supreme Court of Pennsylvania.
PHILADELPHIA, April 28, 1866.
I consider "Hoofland's German Bitters" a valuable medicine in case of attacks of Indigestion or Dyspepsia. I can certify this from my experience of it. Yours, with respect,
JAMES THOMPSON.

FROM REV. JOSEPH H. KENNARD, D. D.,
Pastor of the Tenth Baptist Church, Philadelphia.
DR. JACKSON—DEAR SIR:—*I have been frequently requested to connect my name with recommendations of different kinds of medicines, but regarding the practice as out of my appropriate sphere, I have in all cases declined; but with a clear proof in various instances, and particularly in my own family, of the usefulness of Dr. Hoofland's German Bitters, I depart for once from my usual course, to express my full conviction that for general debility of the system and especially for Liver Complaint, it is a valuable and valuable preparation. In some cases it may fail; but usually, I doubt not, it will be very beneficial to those who suffer from the above causes.* Yours, very respectfully,
J. H. KENNARD,
Eighth, below Coates street.
