ACTION.

It's not the things you talk about
That give you lasting fame.
Your schemes to benefit the world
And make yourself a name,
The noble plans, so well designed,
That somehow don't go through,
No, these things won't distinguish you—
It's just the things you do.

And if you only sit and talk
About the schemes you've planned,
Why, never will biographies
Of you be in demand.
For people want to see things done,
That's what they want from you.
They don't care much for promises—
It's just the things you do.

So get a wiggle on, my lad,
Don't sit and idly dream
Let action, action be your rule
When you've devised a scheme.
The world will give you credit when
You've made your dreams come true,
But schemes and dreams won't give you fame
It's just the things you do.

DEATH OF WILLIAM A. COCHRAN.

Aged nearly 85, years William A. Cochran departed this life at 5 o'clock on Saturday afternoon at the home of his daughter, Mrs. Richard R. Cochran, near Middletown. Mr. Cochran had been in poor health for several years, nevertheless his death was quite sudden, but few outside his immediate family and relatives being aware of his severe illness. He was noticed by the writer of these lines on our streets but previous to his death. He was born at the old homestead, on the road from Middletown to Odessa, November 24th, 1819, and had lived in this neighborhood all his life, and was one of the pioneer farmers of St. Georges hundred. In 1842 he married Sarah O. Shallcross, a daughter of Jacob and Margaret (Fox) Shallcross, of Frankford, Pa., and was the father of ten children, all of whom are living except one. The children are as follows: Henry S., of Philadelphia; Mrs. Richard R. Cochran, of near Middletown; Mrs. S. M. Paxon, of Middletown. Mrs. John W. McCoy, of Odessa; Miss Laura F. Cochran, of Philadelphia; Mrs. Robert Morgan, of Fairlee; Wm. A., of Middletown; Robert R., of Colorado Springs, Col., Maggie S., deceased, and Mrs. W. T. Connellee, of Middletown. Besides his nine children, Mr. Cochran is survived by 34 grandchildren and 12 great grandchildren. Mrs. Sarah O. Cochran died in 1873, and was buried in Forest Cemetery. Mr. Cochran was one of four brothers, all of whom lived more than four score years, namely: Ex-Governor John P. Cochran, R Thos. and Richard W., the latter dying in July of this year. He was a member of St. Anne's Church of Middletown. He has been a strong Democrat, and at one time was Assessor of Middletown hundred. The funeral took place Thursday afternoon at 2 o'clock, services being held at the home of his daughter, Mrs. Richard R. Cochran, Middletown, interment being in Forest Cemetery. Owing to the absence of the Rev. W. J. Wilkie, rector of St. Anne's Church, the Rev. F. H. Moore, pastor of Forest Presbyterian Church, conducted the services. Six nephews: Frank P. and John P. Cochran, of Galena, Md.; Thomas, Daniel, Julian and Jacob S. Cochran, of Middletown acted as pall-bearers.

SAMUEL T EARLE

Death Of A Prominent Citizen OF Queen Anne's County.

Mr. Samuel T. Earle died at his residence, Melfield, four miles from Centreville, Queen Anne's county, Sunday morning, aged 86 years. He received a stroke of paralysis one week ago, and owing to his advanced age was unable to recover from it. Since 1836 he had resided in the home which he had inherited from his father, Judge Richard T. Earle. The first public office for which he was a candidate was that of County Commissioner, but he failed to be elected. Afterward he was chosen Judge of the Orphans' Court, in which capacity he served for 24 years, when he resigned, not wishing to hold office longer. His first wife was Mary U. Brundridge, of Baltimore. Of this union four children are living, namely, William Brundridge Earle, at Winton, where his father was born; Dr. Sam'l T. Earle, a physician, of Baltimore; Mrs. Mary E. Feddeman and Mrs. E. M. Foreman, of Centreville. The second wife was Rosetta, the sister of the first wife, who died less than a year ago. Outside of his work of farming Mr. Earle's principal enjoyment was hunting. He was an ardent sportsman and an unerring shot. But of late the infirmities of age prevented him from indulging in this sport.

What is the difference between a bee hive and a bad potato? None. One is a bee-holder; a bee-holder is a speck'd 'tatur, and a speck'd 'tatur is a bad potato.

HOW WE CATCH A COLD.

A cold is sometimes contracted while remaining ensative for a while in an uncomfortable room or a cold draft and by falling to sleep under like conditions. But most colds are caught while sleeping too cold at night. Deep sleep causes sluggish circulation which renders the system susceptable to change of temperature. To prevent colds, sleep under plenty of cover. To cure colds use Rydales Elixir, it lessens the severity and shortens the duration of a cold and prevents pneumonia Bronchitis and Consumption.

TO THE TRADE,

After an experience of over 28 years and dilligent study in our business, coupled with the best mechanical devices that could be procured, we now offer you our

Well Known Brands of Fertilizers

and have much pleasure in calling the attention of the intelligent farmer to our unprecedented facilities for supplying the trade this Fall. Never did the agriculturist need more for the money than he does now and notwithstanding the fact that materials have advanced, with our Baltimore connection enabling us to obtain materials at rock bottom prices, we have determined to give you the advantage of it. But the greatest of all is the quality, for we have never heard better results from our goods than this year.

One customer from Dorchester claims to have gotten 53 bushels per acre from our Bone Super.

Another gentleman in Queen Anne's, who bought 104 tons last fall says on one farm he got a fraction over 40 bushels.

Another in Kent 34 bushels or 9 bushels more than from a cheaper goods, he used our Bone Super.

Mr. I. R. Leaverton, a gentleman who used to use Rock Goods says he has found that high grade goods pay him and has placed his order for 45 tons of high grade goods.

Messrs. Wright, McKenney & Lowe, of Centreville, say their men *claim for mechanical condition, for action on crops, for a fertilizer that* alright in every particular, Hubbard's is the goods and they buy again.

Mr. J. T. Anthony says it has always done well for him and that is why he buys again.

Another party who used 40 tons bulk of it, Hubbard's Bone Super, says that anybody could tell the difference and so we could go on but for want of space. We therefore say that when you are ready to buy we would be glad to quote you prices.
