CIGARETTES and cigarette papers are barred absolutely from the State of Indiana after June 1, 1905. They cannot be manufactured or sold—they can't be smoked.

THOS. W. SKIRVEN was a quiet, unassuming citizen but carried a powerful influence in the large circle in which he moved. His six noble boys reflect the excellent character of a fond father and loving mother. Kent County has lost another good citizen.

THE widow of Grand Duke Sergius is to provide dinners for forty days for 45,000 poor people of Moscow, in memory of her husband. Will the Moscow people accept her hospitality? If this widow had spent this money earlier the Duke would have been living today. It is better to give a cent towards making the living happier than to spend dollars in their memory after their death.

Editor Ruby Dead.

William H. Ruby, editor of the Maryland Journal, Towson, died on Sunday.

Mr. Ruby was the oldest editor in the State and belonged to the old school of newspaper proprietors. He was an unflinching, uncompromising Democrat and came of a race of Democrats, and from his early youth was a sturdy and enthusiastic advocate and supporter of that organization. At the breaking out of the war between the States he joined the force which burned the railroad bridges to stay the advance of the Northern troops and was outspoken in his sympathy for the people of the South.

He established the Maryland Journal at Towson January 1, 1865, as an uncompromising Democratic paper. The establishment of a Democratic journal at such a time was fraught with peril and required nerve, as well as ability, for its successful maintenance. Mr. Ruby was fully equal to the undertaking and had continued the paper ever since.

During President Cleveland's second term Mr. Ruby was Commissioner of Immigration at the port of Baltimore.

Mr. Ruby was for 40 years a Mason and an Odd Fellow for 52 years.

How Young Are You?

How old are you? If over forty, your best years have passed; if sixty, you ought to be put out of the way as a useless encumbrance. This is Dr. Osler's idea, although at fifty-six he is about to assume a most important professorship in Oxford University.

Well, Dr. Osler is a great man in medicine, but, gentle reader, on this particular subject your judgment is as good as his—doubtless better.

For proofs you needn't go to history, but just take the men of your acquaintance. How many business and professional men do you know whose powers have ripened and whose greatest force has been felt after forty? You will find the majority in such a class.

And are all men old fogies after sixty? Don't count on it. The ables, lawyers, doctors and preachers are apt to be above the half century mark. Some men are old at 40, while others are young at 60.

Capt. Andrew Woodall is over 80, but where is there a man in Kent under 40 who can compete with him in farming?

Mr. T. W. Eliason is over 60, but where is there a man in Kent under 40 who is a better financier or more practical business man?

F. H. Harper and J. K. Aldridge are over 60, but where are there better merchants in Kent?

Chief Judge Pearce is above the limit, but is there a man under 40 who can take his place?

And thus we might go all over Kent county. Where is the man under 40 that can manage a steamboat line like "young" Capt. W. C. Eliason?

Pay no attention to Dr. Osler's very thoughtless remark.

Forty, as a matter of fact, is the age to begin, not the age at which to end.

At forty a man begins to realize that life is real, that knowledge is the only thing worth while.

The man of forty should begin his real life, his real study, his real thinking and his real work.

If he has done anything before that and got a good start, so much the better. But let no man think himself mature at forty or past the age of work and achievement.

Prices Soaring—The hotel prices in Washington for the inauguration are nearing the point of highway robbery. One hotel demanded $70 a day for an ordinary room and bath and forced the applicant to take it for seven days and to put up a certified check for the full amount. All of the hotels, with one exception, are making applicants take rooms for a full week at enormous prices. Carriage rates for next Saturday evening—the night of the inaugural ball—are $35 for the evening. To get a horse for four hours to ride in the inaugural parade from $25 to $50 is being demanded. The price of groceries has gone up 25 to 50 per cent. About the only things one can get at regular rates are whiskey and cigars.

WILL NOT ACCEPT IT.

The Kent Board Decides Not to Accept State Aid For Roads.

The Kent County Commissioners on Tuesday decided that while recognizing the benefits to be derived from good roads, that the present financial condition of the county and the extremely high tax rate of the past two years make it inexpedient to accept the provisions of the Shoemaker State Road Act. They say to provide for an additional and not absolutely necessary expense of $5525.36 to the county would cause an increase in the tax rate of the county of more than 7c on the one hundred dollars.

There is a great difference of opinion among tax payers as to the wisdom of this expenditure and as the appropriation from the State will be available for next year, it will give opportunity to discuss the matter more fully.

A CARD ON RUBEROID ROOFING

It has come to our knowledge that dealers of other brands of flexible Roofing, many of them ending with the syllable roid so as to confuse or deceive people with the name of Ruberoid, such as Paroid, Fabroid, Seasoid and Shamsoid (which later name is) truly a correct one, as it is a sham in comparison with Ruberoid and applies equally true to all the other oids on the market. We, the undersigned, hereby challenge the wearing quality of their oids with the wearing quality of RUBEROID. We guarantee that half-ply Ruberoid Roofing will outwear any other brand of one ply "Old" Roofing that one ply Ruberoid Roofing will outwear any other brand of old, two ply Roofings and so on. REMEMBER—There is only one Ruberoid Brand Roofing on the market.

Hubbard's Fertilizers!

TRADE MARK

After a successful experience of 60 seasons in the manufacture of Fertilizers, we confidently refer you to our record, and earnestly solicit your patronage, and the fact we do more business all the time certainly ought to convince the most skeptical that our goods have superior quality and absolute uniformity and purity.

Are you going to grow Potatoes? Well, we manufacture a Special Potato goods that has been used in New Jersey for 20 years in competition with Mapes' and goods that cost $10.00 more per ton. This goods runs 10 per cent. Potash, and there is no better made, and one man from New Jersey has his orders in already for over 60 tons. Try it.

To Top Dress Your Hay this month. We have a cheap goods for this that works wonders.

There Are Your Peach Trees that should be helped, and you should use our FRUIT GROWER. We have told you before of its merits, and so can those who have used it. Just think, two cents per tree to dress them.

Asparagus—Are you going to do anything to it this spring? If so, we have a specially made goods for this purpose. Such men as James Bell, H. H. Klinefeter, C. H. Crew, John P. Nicholson and scores of others can tell you what it has done for them. It has Nitrate and fish as the source of ammonia, and runs high in Potash and Phosphoric Acid.

For Corn, use our Special CORN PHOSPHATE. Corn is a good price. You fertilize your wheat, why not your corn? it will pay. Mr. Ham. Crew says our Corn Phosphate beats them all. We sell hundreds of farmers this goods every year. Mr. I. R. Leaverton used last year several hundred dollars worth with the greatest success and buys again this year.

FOR TOMATOES

Well, you have heard of our PEERLESS TOMATO goods. It is a wonder. We confidently believe that we sell more Tomato goods than any concern in the country. Don't mean we sell more Phosphate, but more Tomato Fertilizer. Mr. C. R. Atkinson says Numsen claimed best tomatoes brought to his cannery was grown with this goods. He paid him $287.00 from 4 acres. Mr. D. F. Louse says one ton of this goods alongside an $18.00 brought him $96.00 more. Smith, Rouse and Webster, the large canners of Belair, heard of its merits, and bought of us.

We sold Baker & Morgan on one occasion $1200.00. We have several $1,000 customers in Delaware. Mr. J. R. Leager says he got 13 tons to the acre. Mr. Benj. Moore says he got nearly 13 tons, and that you could stand off a hundred yards and see the difference. Mr. G. W. Collins has bought as high as 50 tons per year, says his men on the choice farms got from 12 to 16 tons per acre. Mr. W. T. Money, unsolicited, said to us some time ago: I would like to know how Peerless is made, for I honestly think it is the best Phosphate I ever saw.

Now if you want to sow OATS, or top dress your STRAWBERRIES, plant SWEET POTATOES or need a goods for TRUCK or want anything in the FERTILIZER line please call on or correspond with us before making your purchase.
