Mr. Joseph Lands

Annapolis

Capt. Wm Barber.

Balt.r Oct.r 8th 1808

Sir

Capt. Barber informs me he delivered the staves safe & that you wanted a grind stone, wd. now send you by the Packet; suppose the coopers have got to work staves are very difficult to get here and would recommend your sending a Vessell. for a load as the most certain way of getting them will be to send, my Uncle said you would do so, I mention this that you may not depend on more from me —

Your obt.

Wm. Maynadier
