ROCK HALL ITEMS.

Last Sunday morning's congregation at the M. E. Church was rather below the average, but the sermon was one of Parson Burr's best, delivered in a happy vein and was well received by his hearers. The subject was Salvation, and the text, Isa. 12: 3. 'Therefore with joy shall ye draw water out of the wells of salvation." At night Mr. Burr preached to the graduating class of our public school from the text "Son, go work today in my vineyard," Mat. 21: 28. Among the pointed remarks of the reverend gentleman were the following: "There is a divine call to work." "Idleness puts one out of harmony with God." "The Lord honored labor by His own example." "The Divine time to labor is today. The great commencement is here when we must graduate into a higher call to labor. There is no such thing as an unproductive life." No one can be a fullfledged christian who fails to cultivate the head as well as the heart." "Divine labor is both destructive and constructive." "Fields must be cleared of briars, bushes, &c. in order that proper cultivation of crops may be had." The great Baltimore fire and the work of the burnt district commission was used as an illustration. The church was crowded with appreciative listeners, among whom were grouped whole families of Jews and various denominational creeds, which made the services the more pleasing. The graduates were Misses Edna Durding, Girtie Kramer, Edna Judefind and Mr. Wilmot Crosby.

About the only man or firm that is doing a practical business operation here is G. E. Leary & Son. They are so busy at their factory these days that they hardly have time to think. Last week the schooner Mary S. Ewing landed at the factory 225,000 shingles, the schooners Plain and Wave each discharged large cargoes of popular logs, again on Monday these vessels landed logs and again on Thursday two more cargoes were landed by them. These logs are procured up the Gunpowder river and will be converted into baskets. The bugeye L. F. Petty on Monday landed a cargo of lumber. Building lime enough to spread over not a very small farm, was received by the firm on Monday by steamer. Basket making began on Monday with a force of 17 nailers, about 3300 baskets were made. They have about 60,000 baskets already sold and they are sending out daily large lots of material.

Death has made sad the home of Mr. and Mrs. George Coleman, by removing therefrom their infant child. The funeral conducted by Rev. Mr. Burr took place Sunday afternoon.

Clayton Rochester, at Grey's Inn, was presented a monstrosity by his wife the past week, it is a baby with a double hare lip and armless.

The Knights of Pythias are brightening up the store room under their hall by the application of a fresh coat of paint.

Postmaster Downey is placing the Post Office on a "20th century" plan, by the rearrangement of the fixtures, &c. and it makes a decided improvement. The "cosy corner" for loungers is a thing of the past. Mr. Downey is also erecting a commodious room on the north side of his store for the use of Mr. Lewis in his butchering operations. Mr. Lewis has been doing an extensive business in this section, and an up-to-date butcher shop has become a necessity, hence the new building.

The Board of Stewards of the M. E. Church, for the purpose of replenishing them for the amount of outlay in purchasing supplies, will hold a festival on the church lawn this Saturday evening, a royal enjoyment is promised.

Children's Day exercises will be held here tomorrow evening, a fine program will be rendered.

Mr. Thos. Colyer is making improvements to his property tenanted by Mr. Thos. Wheat, by putting up a substantial board fence along the front line, and repairing the dwelling, preparatory to applying a coat of whitewash.

Mr. L. A. Durding went to Baltimore on Tuesday to be treated for indigestion. He is on the improve we learn.

The Odd Fellows will hold a memorial service in their Hall on next Wednesday evening in memory of their brethren who have died within the past year. They also propose holding a social in the near future on the shore of the bay.

Why is it that Ayer's Hair Vigor does so many remarkable things? Because it is a hair food. It feeds the hair, puts new life into it. The hair

cannot keep from growing. And gradually all the dark, rich color of early life comes back to gray hair.

"When I first used Ayer's Hair Vigor my hair was about all gray. But now it is a nice rich black, and as thick as I could wish." —MRS. SUSAN KLOPFENSTIEN, Tuscumbia, Ala.

BASEBALL AT BETTERTON.

The Betterton Baseball team opened its season of 1905 on their home ground with the hitherto invincible Kennedyville team and scored a victory. The opening address of Dr. R. H. P. Ellis of Baltimore, who presided as scorer master was received by the one thousand and spectators who witnessed the game with great applause and cheers. The subject (Athletics) was well delivered going back to the times of Rome and bringing them up to the present generation. He pointed out how well sports of all kinds have met with encouragements from the vast multitude of nations and especially the United States. How well, socially and physically they have continued to advance. And in concluding he said in part: Young men the best and noblest of all athletics is fairness and magnanimity of conduct. My best wishes are with the Betterton boys, but may the best team win, and tossing a silver sealed ball to the field said "play ball." The game was closely contested throughout and except for the first inning would have been an interesting game. Wheeler, Crew and Tutzler for Betterton, Smith and Scotten for Kennedyville led in batting. Tutzler struck out 9 and Smith struck out men. Score, Kennedyville 9, and Betterton 10; battery, Kennedyville Smith and Lee, battery, Betterton Tutzler and Owens; umpire Owens and Pennington time of game 1 hour 55 minutes.
