To the Bishop of the Catholic Church
Very Rev Father
Sir

My husband was discharged from the U.S. Army sick and he only lived about three years after he was discharged about three months before his death he was taken to a Hospital near St. Alphonsus Church and he was Buried from St. Alphonsus on the 18 Jany 1868 in St Alphonsus Cemetery It is important in a Business affair that I obtain a copy from the Records of this Hospital I do not think it was a Catholic institution but the Pastor of St Alphonsus Church prepared him for death I think the Hospital was supported by Wealthy Ladies for discharged Soldiers The information I desire as to the name of the Hospital and the possible whereabouts of the Records that I may be able to prove the cause of his death Is the Priest alive that was Pastor in 1868 Please address me care of
