ROCK HALL NOTES.

Church services on Sunday were largely attended at the M. E., Rev. Mr. Burr preached one of his strongest sermons since his sojourn amongst us, his theme was Spiritual Power. At the R. C. the services were of a most interesting nature. This church is constantly advancing and the secret of its success lies in its social fellowship. The members arrive early and spend a season of good fellowship ere the commencement of the services, and after the close of services there is no haste to depart for home, but quite a while is spent socially the entire congregation exhibiting a family reunion scene. This is as it should be.

Mrs. Warren Burr has been quite sick and under care of a physician.

Mrs. B. H. Coburn is also very ill, necessitating her mother's attendance. She is improving at this writing.

Master Charlie Davis is also sick and is receiving the doctor's attention.

Ben Coburn doesn't intend that Milt Maslin shall produce finer tomatoes than he. He presented us on Wednesday with a fine sample of his crop, the Wealthy variety, weighing 1½ pounds each. He knows that Milt nor Charlie can't produce as fine a sample, and if any one else in the county can he would like them to show up.

The weather this week has been excellent for threshing the wheat crop and the several rigs in this section have been doing some big hustling in threshing out crops. The yield is not what was expected generally, it is fair however.

Mr. Samuel Sewell of the city spent a short vacation at the parental home, Capt. and Mrs. G. T. Sewell.

Mr. Benjamin Larrimore, of Sparrows Point, was the guest of his brother W. R. Larrimore last week.

The Ladies' Aid Society of the M. E. Church held their annual outing on Thursday at Deep Landing.

GALENA GLEANINGS.

Our town is alive just now, several carpenters at work building Mr. Dempsey's dwelling and remodeling his store making it larger. The contractor for building the Galena bank has a strong force of workmen at work making the excavations preparatory to starting the concrete work.

The farmers in the neighborhood are busy, some stacking and others threshing the wheat. Some think the wheat is damaged some by the heavy rains last week.

The Galena bank seems to be doing a flourishing business, they are talking of getting an assistant cashier. At the annual meeting last Monday the following directors were elected: E. Thomas Massey, A. H Malsberger, L. R. Vansant, Henry Parr, Dr. E. A. Scott, A. P. Prettyman, J. F. Wilson, Wills Lusby, Wm. A. Whittaker, L. H. Dreka, John Quinn, J. T. Pennington. After the election the board of directors organized and elected Dr. Scott president, Henry Parr vice-president and A. P. Prettyman secretary.

Kent lodge at its last meeting on the 12th inst. had quite a treat of ice cream and cake galore, after they had partaken of ice cream and cake, it being the fortieth anniversary of Mr. H. Parr's position as secretary of the lodge without a break the members of Kent lodge presented to Bro. Henry Parr through Bro. Tilghman Shafer, a gold headed cane with a suitable inscription on it. Bro. Shafer presented the cane in a few well chosen remarks on the long continued service of the secretary. The secretary accepted the present in a feeling manner returning his thanks for the kindness manifested by his lodge in giving him such a token of their appreciation, the secretary was so filled up that he could hardly utter a word in response to the presentation as it was entirely a surprise to him, but hopes that at some future time he could thank the lodge in a more formal manner.

Report says Mr. Prettyman intends to quit farming and has rented his farms. Mr. Jas Caldwell has rented the Dempsey farm removing from Mr. Jarrell's farm near Lambson's. We understand Mr. Thos. Stradley has rented Mr. Prettyman's home farm.

We just heard that the first shipment of material for the bank is 100 tons of Portland cement.

Last Saturday our base ball boys were idle, Marydel being unable to play. This afternoon the weather permitting, they will be here sure. The outlook is for a close game each team having won one game in the series of three Gartsides the crack pitcher of Chester will pitch for Marydel while Griffith who has done such good work for Millington will be on the rubber. Game starts at 3.15.

Our town people were again startled Wednesday afternoon about 2 o'clock by the cry of Fire! For a while it looked as though the whole western section of Cypress St., was doomed to destruction. Had the wind been in any other direction then there would be no telling where the fire would have ended in all probability it would have been like the fire of last year burnt until there was nothing else to burn. The fire started in the stables of Mr. H. Clay Hendrickson, and had gained considerable headway when discovered by Mr John L. Smith who gave the alarm. Everybody responded to the call and assisted in tearing down the fences and keeping the nearby roofs wet with water. Nothing could be gotten out of the table except a dearborn which was in the carriage house. Mr. Hendrickson's driving horse one he had been using for quite a number of years was burned to death. Just one year ago Wednesday, July 12, 1904, (Tuesday) the cry of fire was heard and it wasn't hushed until the business section and the whole eastern section of the town was is ashes. Causing a loss of one hundred thousand dollars with about ½ insured.

Although the people were dazed by such a heavy loss they faced the situation as only an American can, and started again to regain at least, something of their loss within the year's time. Much work has been done between 35 and 40 buildings completed, one nearly completed and foundation laid for three more contemplating building. The new buildings are up-to-date in every way the streets have been widened and we agree with a visitor who said the other day, you already have a much prettier town than before.

ROCK HALL, MD.

THIS ADVERTISING is a sort of mutual affair, which has a tendency to strengthen the confidence which must exist between the seller and the buyer. Little profits and judicious advertising is the foundation upon which a successful business can be built. We call the KENT NEWS readers attention to our special sale of MEN'S AND BOYS' CLOTHING. A summer suit at reduced prices right in the height of the season is somewhat of an innovation, yet a call for these goods will convince you that they are extra values at our reduced prices. Then our SHOE BUSINESS is a hobby of ours. We try to keep the Shoe to please each and every patron. This necessitates us to carry a very large stock of shoes, and from this stock the most fastidious can be suited.

We carry a full stock of MEN'S HATS, LADIES' AND GENTS' FURNISHINGS, DRY GOODS OF EVERY DESCRIPTION, CARPETS, MATTINGS AND OIL CLOTHS. A nice line of GENERAL MERCHANDISE.

We hope to receive a liberal share of your patronage in the future.

We are yours for business,

M. KRAMER, - ROCK HALL, MD.
