SPOT CORN is worth 58½ cents.

S. V. REEVE, of Haddenfield, tried to smoke out some bees and burned his barn and other buildings. He says he burned $500 worth of honey!

THE Anti-ring party in Philadelphia has nominated a strong city ticket and expect to win. The Democrats are working in harmony with the new organization.

HON. WM. J. OGDEN, who was nominated last Monday for the State Senate in Baltimore, is well-known in Kent. He married his wife here. He struck out for himself upon a platform of his own making—municipal ownership and a revised system of taxation—and he swept the district. His opponent and backers were dumbfounded as it was thought he could be easily beaten. Mr. Ogden is a man of ability, a fine speaker, and we hope he will be triumphantly elected even in that normally Republican district.

THE School Commissioners of Kent county have a serious and knotty problem to solve in providing room for new scholars. The Chestertown and Millington schools are over-crowded and better accommodations must be provided. Chestertown has now 280 scholars and desks cannot be supplied, while the same condition exists at Millington. Rock Hall has 240 on the roll. The school board will meet next Tuesday and endeavor to relieve the congested condition of affairs.

IN OUR advertising columns will be found the official notice of registration, which will be on October 3 and October 10; the third day, October 17, being for revision of the lists only.

Registration is one of the most important features of our elective system, and all Democrats should bear in mind that October 3 and 10 are the only dates on which new voters can be registered or transfer obtained by those who have changed their residence from one precinct or district to another. Let every man be on the lookout and see that this important work is attended to promptly on the morning of October 3. Do not wait for the second day—attend to it early and avoid the possibility of overlooking it.

THE revelations made last week in the insurance investigations have caused quite a sensation. It is not improbable that the admissions made under oath by George W. Perkins on Friday, concerning the contributions aggregating nearly $150,000, made to the national Republican campaign funds on the joint authority of John A. McCall and himself, acting for the New York Life Insurance Company, may be made the basis of civil suits by the Attorney-General of the State to force restitution to the policy holders of the sums so contributed. And the latter should win.

"Was President Roosevelt aware that nearly $50,000 of the money belonging to widows and orphans in the New York Life Insurance Company was contributed to the funds for his election?" This question was asked of the President's secretary.

"What if he did?" answered the secretary.

"Only that President Roosevelt made certain definite statements in reply to Judge Alton B Parker's charges that the President's campaign funds were contributed by certain corporations."

"I do not see how the New York Life's subscription to the campaign fund in any way contradicts Mr. Roosevelt's statement," said the President's secretary with a wave of the hand, signifying that the interview was at an end.

THE following committee has been named to aid in the campaign for the adoption of the suffrage amendment, with Ex-Gov. Elihu E. Jackson as chairman:

Ex-Gov. Frank Brown, Ex-Gov. John Walter Smith, Gen. L. Victor Baughman, Frank A. Fust, S. S. Field, Congressman J. F. C. Talbott, James R. Wheeler, Henry Keidel, Col. Buchanan Schley, Hon. Joshua W. Miles, W. Mitchell Diggs, W. Cook Sanderson, Henry Clark, Gen. Lloyd L. Jackson, Edward J. Chaisty, John J. Hoffman, James R. Wheeler, Oliver L. Rhodes.

"It ought not to be a party question," said Ex-Governor Jackson in speaking of the Poe disfranchising amendment. "I am sorry to see that the Republicans are making a party question of it. The white people should all stand together to eliminate the black vote. In my county I think every Democrat will support the measure.

"The adoption of the amendment will not make Maryland permanently Democratic, as some claim. There will be more independent voting with the black vote eliminated than there is now."

Rural Mail Boxes To Be Numbered.—For public convenience and to facilitate a more accurate handling of mail by rural free delivery carriers, it has been decided that each rural mail box in use on a rural route shall be designated by number and the delivery by rural carriers of ordinary mail matter of all classes addressed to such boxes by number alone is authorized so long as improper and unlawful business is not conducted thereby. A section of the order as received by Postmaster Thomas reads as follows: "No nonweatherproof or otherwise unfit receptacles for mail shall be numbered. All such must be replaced with regulation 'approved' boxes by the owners, or no numbers will be assigned."

J. Charles Linthicum.

The most interesting contest in the Baltimore City primaries last Monday was that in the third district between J. Charles Linthicum and Isaac Lobe Straus. The former won by 257 majority. Such a mixup of factions was never before known in the city. The city organization, the Crescent Club, John J. Mahon, and that powerful newspaper, The Sun, were all claimed to be doing their best for Straus, while Gorman and other State leaders were for Linthicum. Mr. Linthicum was a member of the last House of Delegates and made a splendid record. Our representative at the same time, Mr. Gibbs, gives Mr. Linthicum a very high character. He says he is a straight, square man and a Democrat of unquestioned integrity.

QUEEN ANNE'S ROAD MEETING.

The good roads meeting adjourned from August 29 was called to order in the Centreville Court-house Tuesday afternoon by Mr. J. Lewis Rhodes, president of the Board of County Commissioners. Mr. Rhodes stated that he was ready to hear arguments in favor of or against the proposition of Queen Annes county accepting state aid in the building of macadam highways, and that the Board of County Commissioners was willing to carry out the directions of the taxpayers of the county upon this subject.

Mr. Decoursey W. Thom, of the Fifth district, and Mr. W. Irving Walker, of the Seventh district, were the only champions of the good roads proposition. They claimed that the county should avail themselves of the opportunity, as they had to pay a tax to the fund, and that by accepting the amount proportioned Queen Anne we would be more than benefitted. The subject elicited considerable discussion and nearly all other taxpayers in the meeting strenuously opposed the movement. When the question was put the proposition to accept state aid was lost by a large majority. While the residents of Queen Annes county deemed it too expensive to macadamize the roads, they would gladly avail themselves of the opportunity to accept state aid in the building of sand clay or gravel roads, which, it is estimated, would cost about $500 a mile, as the material is at hand and sufficient quantities, and it is thought that this proposition will be laid before the State Highway Commission.
