SUITS AGAINST PENNSYLVANIA RAILROAD

Two cases have been brought before Justice Robert W. Calder, of this town, against the Pennsylvania Railroad. Mr. James D. Jamar, of Worton Station shipped several hogs last spring and only three of them reached the commission merchant, Mr. Emory Sudler, in Philadelphia. It seems that on that day the railroad company sold several hogs which were not marked, and it is presumed Mr. Jamar's hogs, were these which were sold by the railroad company. Demand was made by him upon the company for the value of the lost hogs, but after several months of effort he failed to secure a settlement. The matter was placed in the hands of his attorney, and suit instituted as above.

Mr. C. M. Willis and Wm. T. Clark, of Lynch's, this county, shipped to Stevens Bros., Baltimore, a carload of wheat in July. It took this car some days to reach Baltimore when ordinarily it ought to reach there in two days. While the car of wheat was thus delayed the market fell, a portion of the cargo was greatly damaged, and Mr. Clark and Mr. Willis' efforts to secure settlement with the railroad failed. They claimed that they were entitled on the part of the railroad, after it received their grain, to deliver same within a reasonable time in Baltimore Marion deK. Smith, Esq., represents the railroad company.

A LEVEL HEADED YOUNG LADY.

Miss Lizzie Truitt, who lives with her parents on the farm of James F. Boyles near town, caught a fox Monday evening about five o'clock. Miss Truitt was out feeding the chickens when the fox came out of the wheat field and approached the pailing fence, on the opposite side which was Miss Truitt. She kicked at the fox and it grabbed at her foot. She continued kicking and the fox continued trying to catch her foot, all the while moving along the fence until they reached a part of the fence on which was resting a part of an old chicken coop. When the fox was directly under the coop, Miss Truitt kicked at him and when he made a grab at her foot, she let down the coop on him and with a stick held it on him until Mr. Boyles, who was standing nearby, came and put the fox in a bag. Mr. Boyles presented the fox to Mr. Kennedy, of Baltimore, who was the guest of Capt. Daniel Friel.—Queenstown News.

New Methodist Hymnal in Use.—The new Methodist hymn book, over which there has been so much discussion for the last five years, went into general use in the Methodist Episcopal Churches throughout the United States last Sunday. It contains more than eight hundred old and new hymns. Most of them were written by John Wesley, with Isaac Watts next and a considerable number of Fanny Crosby, the blind authoress. A new departure has been made by selecting hymns written by authors who were never known as religious writters. Among them are Sir Walter Scott, John Hay and Richard Watson Gulder, Rudyard Kipling's "Recessionall" also appears in the book. The last Methodist hymn booke were compiled in 1878. For some years there has been much discussion over the words "Washed in the Blood of the Lamb" and other similar phrases. The setting of hymns to popular tunes was also objected to, but the negroes of the South, who are mostly Methodists, insisted on having the old Southern tunes that were before the war. In 1900 Leslie M. Shaw, then Governor of Iowa, was one of the original three who signed a petition for a new hymnal, and in March 1902, a committee of eleven delegates was appointed. The committee had to consider three points—what old hymns should be stricken out, new ones to be selected and old ones to be revised. Two musical editors were added to the committee to assist in the argument over the tunes.

AN exchange tells a story of a farmer who has made a discovery which is of vast importance to his fellow farmers during a dry season. He has found that by planting onions and potatoes in the same field in alternate rows, the onions become so strong that they bring tears to the eyes of the potatoes in such vast volumes that the roots of the potatoes is kept moist and a big crop raised in spite of the drought. The same farmer has a scheme for raising custard pies by crossing egg plant with the milkweed.

Last Niagara Falls Excursion for the Season via Pennsylvania Railroad.

The last popular Pennsylvania Railroad ten-day excursion to Niagara Falls from Philadelphia and adjacent territory will be run on October 13 via the beautiful Delaware Valley Route. On this date a special train will leave Broad Street Station, Philadelphia at 8.07 A. M., North Philadelphia at 8.10 A. M., North Philadelphia, 8.20 A. M., Bristol, 8.45 A. M., Trenton, 8.59 A. M., Lambertville, 9.26 A. M., Frenchtown, 9.45 A. M. Phillipsburg, 10.14 A. M. Manunka Chunk, 10.44 A.M., and arrive Niagara Falls at 8.00 P.M.

Excursion tickets, good for return passage on any regular train, exclusive of limited express trains, within ten days, will be sold at $10.00 from Philadelphia and all points on the Delaware Division; $11.25 from Atlantic City; $10.00 from Trenton; $9.75 from Lambertville; $8.00 from Phillisburg; $10.00 from New-Brunswick; and at proportionate rates from other points, including Bordentown, Mt. Holly, Cape May, Salem, Wilmington, West Chester, Forristown, and principal intermediate stations. A stop over will be allowed at Buffalo within the limit of ticket returning

The special train of pullman parlor cars and day coaches will be run through to Niagara Falls. An extra charge will be made for parlor-car seats.

An experienced tourist agent and chaperon will accompany the excursion.

For descriptive pamphlet, time of connecting trains, and further information apply to nearest ticket agent, or address Geo. W. Boyd, General Passenger Agent, Broad Street Station, Philadelphia.

CHESTERTOWN, MD.

WE, FOR THE 60TH SEASON PRESENT

...Our Fertilizers...

TRADE MARK

TO THE FARMERS AND PLANTERS OF KENT and adjoining counties. With pride we say that we are better equipped than ever, this year to give you your money's worth.

Many cannot understand why, after so many years doing business here, that Wilbur W. Hubbard's Fertilizers are more extensively used year after year. But the mystery is solved by a visit to our factory, which is always open for inspection to the public, and those who go down to our works marvel at the pains taken in manufacturing the goods.

First the bone is shoveled in the crusher with a scoop shovel and prepared for the Denmead mill, then it is dissolved, and after getting in good mechanical condition, if making a dissolved bone goods, so many pounds of bone is put in the mixer. The nitrate of soda, fish and high grade potash are added, the whole thoroughly mixed, passed through a phosphate mill and screened and thrown up in bulk, to remain until it is shipped, and then it is bagged in new treated acid proof bags and sent out in splendid shape. We are often asked, "why don't you run the goods when first mixed, right in the bags, and not go to the expense of treating the bags, as do other manufacturers?"

We are often asked if this is not a needless extreme, but we reply—it pays to make the best.

Whilst there is some loss by evaporation by bulking, an additional expense in rebagging and an expense to treat the bags, when we remember that a farmer appreciates a good goods, and in first class mechanical condition it pays to go to extremes as it is impossible to make a first class fertilizer otherwise, and by treating our customers right in their purchases, making the time of payment of the bill to suit them, we have gotten a personal hold upon our trade.

The Fertilizers for 1905 are the best we have ever put out. Each year has its experiences. We learned something in 1904—the users of Wilbur Hubbard's Fertilizers will get the benefit of it. A poor article may sell rapidly for a time if it is pushed energetically, but a record of steady gain over a period of 60 seasons among the same people, can only be achieved by a good, reliable article. You can only judge the future by the past. If you have used Wilbur Hubbard's Fertilizers in the past you may be assured they will give you satisfaction in the future. If you have not tried them, we ask you if a record of Thirty (30) successful years with the farmers of the Middle States is not a sufficient guarantee to justify you in using the goods.

Soliciting your patronage, and thanking all our friends for their substantial support in the past, we remain

Very truly yours,

Wilbur W. Hubbard,

Manufacturer of Standard Bone Fertilizers,

July 15, 1905. CHESTERTOWN, MD.

GRATITUDE

is the sweetest flower that blooms in the human heart, that may be true and it may not, however, I am very gratified to the farmers and public generally for their liberal patronage during the spring trade. I am now ready to serve your wants for the fall work.

JUST RECEIVED A CAR LOAD OF THE

Superior Grain Drills

And DISC HARROWS, on wheels. Also the EVANS DISC HARROWS, none better SPRING TOOTH and SPIKE TOOTH HARROWS. I can furnish you with a Hoe Drill, single or double disc, in any size. I am also agent for the Light Draft Ontario Drill. Come and see it.

Corn Harvesters

If you need a Corn Harvester, don't forget that the McCormick is the best in more ways than one, it is the strongest, lightest, will pick up down corn better and carry more corn than any other Harvester made. It is not necessary to bind the corn to carry it 40 hills before dumping. A large line of repairs on hand, though few needed.

Fertilizers

Piedmont Mt. Airy Guano Co.'s goods are sold by me at very close prices. Some of the best farmers are using these goods with very satisfactory results. I ask a trial.
