Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Home of Swamp-Root.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp Root, and the address, Binghamton, N. Y. on every bottle.

NEW MEAT MARKET.

We have opened a meat and feed store on High street, opposite the Voshell House, where will be pleased to see the genera public. Orders left with us will receive prompt and careful attention. We have on the farms owned by Mr. James T. Ireland about 40 head of fine beef cattle which will be butchered on the farms and placed on the market as desired.

We want 5,000 pounds of fine pork and all kinds of poultry, for which the highest market price will be paid.

TO FRUIT GROWERS.

MESSRS. EDITORS OF KENT NEWS—Much depends upon the activity of the general fruit grower at this time of the year as to the life of his trees in the future and quality of his fruit this season. The San Jose Scale is generally disseminated throughout the State. Even if you are sure your trees have not this pest among them, it would be money well spent to spray them as a preventative as well as to add vigor to the trees.

Trees infested with the above scale must be treated at least once a year and should be sprayed while the trees are dormant. We find that, with our experiments, the late application in the spring just before the buds open, seems to be the most satisfactory time.

We, therefore, urge every orchardists or person who has a few trees to give them attention and spray them this spring with the lime-sulphur wash, which we find to be the best insecticides for the control of this pest.

The Department stands ready to aid all persons in the State as to giving further instructions in making and applying the spray mixture, both by personal as well as public demonstrations. It also stands ready to enforce the law in direfully neglected cases and we will give our prompt attention to complaints in any vicinity where such cases exist. Get your materials and apparatus ready to commence work at a favorable time. The most convenient method of making the Lime-sulphur wash and a discussion of the other insecticides on the market in this state, are given in bulletin No. 112 published by the Maryland Experiment Station, a copy of which can be had for the asking. Any further information will be gladly given.

I am, very truly yonrs,
THOMAS B. SYMONS,
State Entomologist.

Adversity 32998

RECORD 2.27½.

Brother in blood to Marveline 2.18¾, sire Marvelous 2.23; dam by Myrtleton 9577; grandam by Thorndale Idol 1858. Breed for size, with style, action and speed.

In him are united the two great strains of Nutwood and Red Wilkes, his sire Marvelous 2.23 being a grandson of Nutwood 2.18¾, while his dam, Kitty Constable, is a grand-daughter of Red Wilkes.

His colts in Kent and Queen Anne's counties coming 3 and 4 years old are showing speed and beauty that is bringing to their owners fancy prices. Adversity was foaled May 6th, 1896. He is a solid bay about 16.1 hands high with pure trotting gait and lofty carriage. He took his slow record of 2.27½ at Gentleman's Driving Park July 4th, 1904.

TERMS OF BREEDING.—Adversity will make the stud season from March 20th to June 20th, 1907, at $20 to insure a mare with foal, payable when the mare is ascertained to be with foal, or is disposed of. By the season $10, payable at the end of the season. Single service, $5, payable on demand. When two or more mares, bred to insure, prove with foal, the charge will be $17.50 instead of $20. All who wish it can have the horse sent to their farms by notifying the undersigned.
