Ladies Wanted!

To Look This Line Over

Over 1000 Yards of Fine Embroidery just arrived. The order was placed for this lot of Embroidery May 1, 1906, since that time the market has advanced 25 per cent. "AS WE BUY WE SELL."

Also, in the same lot, bought at the same time, 896 yards Fine Valencinnes Lace.

Over 500 Yards Torchon Lace from 1 to 2½ inches wide. This lot is put up in six-yard pieces, just what you want.

All of these and lots of other things away below the market price you will find at

PIERCE & BOLTON

GALENA MARYLAND

There Is NO Guess Work About It

TRADE MARK

WILBUR W. HUBBARD'S FERTILIZERS

MUST HAVE

Superior quality and absolute Uniformity and Purity. This spring makes their 6th season in business and their trade has increased each year in spite of competition, their sales for the past year having been larger than ever before. Can the sales of an inferior article constantly increase all these years?

Our fertilizers are not better than all others, but they have been, and we are willing for you to try them in competition with any goods on the market.

WE PRESUME

you are now thinking about Asparagus, Corn, Potatoes, Peach Trees and top-dressing your hay. Well we have the goods to apply and at all right prices.

BUT FOR TOMATOES

Everybody knows that our Peerless is the goods to use on them, for it has quality and is made of the very best materials known to the trade and one ingredient we use in it is the only phospate that contains this article outside of France where it has been used so successfully in tomato and truck fertilizer.

Mr. Jas. F. David of Smyrna says he grew with it last year the finest tomatoes he ever saw grow he picked a basket that weighed 1½ lbs. each. He grew onions that measured 13 inches in circumference. He grew corn some stalks 13½ feet high and ears 14 inches long. The late Captain Emory grew on one occasion 17 tons per acre. Mr. Zac T. Gilbert grew 19 tons to the acre. Mr. G. W. Collins has bought as high as 50 tons per year, and his men grew from 12 to 15 tons per acre. We have sold already in Anne Arundel county, the lower counties and New Jersey, hundreds of tons. Messrs. Baker and Morgan have bought as high as twelve hundred dollars worth; Captain Dashiel says he would have it if he had to give $50.00 per ton for same. Mr. Joseph Downey says when he was canning that he could actually tell the difference in tomatoes grown with Peerless when brought to his cannery. Mr. Numsen says he knows that tomatoes grown with our goods are fine. Mr. Frank Moore, who runs Assaw Bains & Co's cannery, says the best tomatoes brought there are from Peerless. Mr. Loose, a customer of his, says a ton of Peerless grew him $96.00 worth more tomatoes than another goods costing $7.00 less per ton. Mr. Money says it is certainly good. We could go on, but with a testimonial will close.

Unsolicited some time ago Mr. J. W. Elburn & Son came in our office and said: "I believe your Peerless to be the best tomato goods I ever saw. You remember what an advocate I was of it when I lived out at the mill. Well, wherever I have lived since, on the Western Shore or elsewhere, I would have it, and last year I put some of this same goods on some onions grown from the seed, and they were as fine as Burmudas. Many measured 4 inches in diameter, and I grew over 600 bushels per acre, or at rates of 1162 baskets. I used it on strawberries and picked 800 quarts per acre."

35 DEGREES BELOW ZERO.

BLIND RIVER, ONTARIO, CANADA, March 5, 1907.

EDITORS KENT NEWS:

We are having a stormy old March up here so far. The first three days were a regular blizzard and the thermometer went down to 35 degrees below zero several mornings. About 14 inches of snow fell. People here are harvesting ice and it is about four feet thick and clear as a crystal. I guess you have the good old Springtime down in dear old Kent. Both lumber mills are getting ready for a heavy run this season. I am having the best of health. Hope old Kent is rid of the small-pox by now. You would not believe what a disappointment it is when I miss my paper, the KENT NEWS. I only missed it four times last year and it would seem like a month before my next would come.—Yours

OWEN M. BOONE.

LANKFORD LOCALS.

Mr. Charlie Allen a prominent young man of Pomona, has been spending a few days with his sister Mrs. Leager.

Mr. Richard Groves spent Friday and Saturday in Baltimore.

Mr. John Stoops has been visiting his sister Mrs. Hyland on College avenue, Chestertown.

Our merchant T. W. Trew has a large trade in the butcher business running two wagons twice a week.

Our blacksmith, Mr. Leager, is getting up a patent to help the farmers, we wish him success.

Mrs. P. W. Stoops has been sick for the past week and is not much improved at this writing.

We have heard that one of our residents will soon announce the marriage of her daughter to a prominent young lawyer of Baltimore.

Mrs. Chas. Hague has started her incubator raising early chickens.

Miss Lizzie Trew has returned to her position in Baltimore.

Mrs. Wm. Dahl, of Baltimore, is visiting her daughter, Mrs. J. D. Gale.

MR. I. FREEMAN RASIN DEAD.

Mr. Isaac Freeman Rasin, the leader of the Democratic party in Baltimore, died Saturday morning at 1.15 o'clock. He had been sinking since early in the evening, and all hope was abandoned several hours before his death.

Mr. Rasin has been confined to his bed at his home, on the southeast corner of Chase and Calvert streets, since February 23.

Mr. Rasin was 74 years old and was one of the best-known politicians in the city and State. The primary cause of death was apoplexy, though paralysis was the direct cause.

FACTS ABOUT MR. RASIN.

Reputed wealth, $500,000.

Born at Castle Cary, in Kent county, Md., March 11, 1833.

Educated at Washington College, Chestertown.

His youth spent as clerk in a dry goods store in Baltimore.

In 1862 he established a dry goods store of his own on Charles street, Baltimore.

At the opening of the Civil War he sympathized with the South.

He took an active interest in Democratic politics, and in 1867 he was elected clerk of the Court of Common Pleas of Baltimore, and gave up his dry goods business.

His interest in politics continued and he was re-elected to office in 1873.

At the end of this term of six years he was again elected in 1879 and declined a re-election in 1885.

In 1886 President Grover Cleveland appointed him naval officer of the port of Baltimore.

In 1892 he was delegate at large for Maryland at the Democratic National Convention, which met in Chicago, and supported Mr. Cleveland.

Later he was appointed state insurance commissioner by the Board of Public Works and resigned after holding the office for three years. This was the last office held by him.

In Hunt For Child.

Legislature Appropriates $2,000 to Run Down Kidnappers of The Marvin Boy.

Men left their homes, shops and business places Tuesday to voluntarily join a posse in search of the four-year-old child of Dr. H. W. Marvin, who arrived from Sioux Falls, Iowa, to his new home at Kitt's Hammock, near Dover, Del., about a week ago. The new-comer was reported to be wealthy and being advanced in years, proposed to live a quiet, retired life and engage in horse breeding and farming. Monday morning about 10 o'clock, Horace N., his little four-year-old son, was playing around the straw stacks near the house with one of the other children, who returned to the house to get warm. Within fifteen minutes the child disappeared and has since been as completely lost as if swallowed up by the earth. After an hour's search by the family a general alarm was given and everyone began searching for the child, without finding him. The state detectives have been on the case for four days and no one has found a single clue as to the bright little fellow's whereabouts. The general supposition now seems to be that the child has been kidnapped.

Dr. Marvin, the father of the child, who has offered $20,000 reward, is becoming more and more disheartened of the loss of his babe, as he fears he will never see him again. No other theory than that of kidnapping is entertained by the father, who says every foot of ground on the farm has been traversed and he is satisfied beyond a doubt that the child is being held for ransom. Unless something is heard of the boy soon the doctor says he will probably sell his farm and return to his native state.

Even the State Legislature has joined in the work of running down the supposed abductors of the child, and has passed a bill authorizing the Governor to investigate the case and punish the perpetrators of the crime, if caught, and appropriating $2,000 to defray the expenses of the investigation.

WOMEN IN HOSPITALS

Experiences of Mrs. Rockwood and Miss Tierney

MISS MARGARET TIERNEY MRS. CHAS. A. ROCKWOOD

A large proportion of the operations performed in our hospitals are upon women and girls for some organic trouble.

Why should this be the case?

Because they have neglected themselves, as every one of these patients in the hospital beds had plenty of warning in those dragging sensations, pains at left or right of abdomen, backaches, nervous exhaustion, inflammation, ulceration, displacements, and other organic weaknesses.

All of these symptoms are indications of an unhealthy condition of the female system and if not heeded the penalty has to be paid by a dangerous operation. When these symptoms manifest themselves, do not drag along until you are obliged to go to the hospital and submit to an operation—but remember that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has saved hundreds of women from surgical operations.

Lydia E. Pinkham's Vegetable Compound has cured more cases of feminine ills than any other one remedy. Such letters as the following are constantly being received by Mrs. Pinkham to prove our claims.

Mrs. C. A. Rockwood, teacher of Parliamentary Law, of 58 Free St., Fredonia, N. Y., writes:

"For years I suffered with female trouble. It was decided that an operation was necessary, and although I submitted to a serious operation my sufferings continued, until Lydia E. Pinkham's Vegetable Compound was recommended and it proved a marvelous remedy, so quickly did it restore my health. I cannot thank you sufficiently for the good it has done me."

Miss Margaret Tierney, of No. 328 W. 25th Street, New York, writes:

Dear Mrs. Pinkham:—

"When only eighteen years of age our physician decided that an operation was necessary to permit of my womanly organs performing their natural functions. My mother objected and being urged by a relative to try Lydia E. Pinkham's Vegetable Compound did so. I soon improved in health, the proper conditions were established and I am well and strong, thanks to Lydia E. Pinkham's Vegetable Compound."

No other remedy has such unqualified endorsement as Lydia E. Pinkham's Vegetable Compound. No other remedy in the world has such a record of cures of female ills.

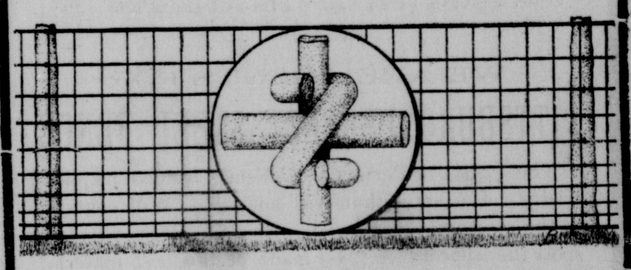
Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. From the symptoms given, the trouble may be located and the quickest and surest way of recovery advised. Out of her vast volume of experience in treating female ills Mrs. Pinkham probably has the very knowledge that may help your case. Her advice is free and always helpful.

Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills.

HELLO! "MR. LANDLORD"

Don't you need some fencing this year? If so, buy the "SQUARE DEAL," the best galvanized, strongest and best wire fence on the market.



We have recently gotten in a carload and would be pleased to show it to you and name a price on it.

Place your orders and get it at last year's prices.
