TRADE

WILBUR W. HUBBARD'S FERTILIZERS

MUST HAVE

Superior quality and absolute Uniformity and Purity. This spring makes their 64th season in business and their trade has increased each year in spite of competition, their sales for the past year having been larger than ever before. Can the sales of an inferior article constantly increase all these years?

Our fertilizers are not better than all others, but they have been, and we are willing for you to try them in competition with any goods on the market.

WE PRESUME

you are now thinking about Asparagus, Corn, Potatoes, Peach Trees and top dressing your hay. Well we have the goods to apply and at all right prices.

BUT FOR TOMATOES

Everybody knows that our Peerless is the goods to use on them, for it has quality and is made of the very best materials known to the trade and one ingredient we use in it is the only phospate that contains this article outside of France where it has been used so successfully in tomato and truck fertilizer.

Mr. Jas. F. David of Smyrna says he grew with it last year the finest tomatoes he ever saw grow he picked a basket that weighed 1½ lbs. each. He grew onions that measured 13 inches in circumference. He grew corn some stalks 15½ feet high and ears 14 inches long. The late Captain Emory grew on one occasion 17 tons per acre. Mr. Zac T. Gilbert grew 19 tons to the acre. Mr. G. W. Collins has bought as high as 50 tons per year, and his men grew from 12 to 15 tons per acre. We have sold already in Anne Arundel county, the lower counties and New Jersey, hundreds of tons. Messrs. Baker and Morgan have bought as high as twelve hundred dollars worth; Captain Dashiel says he would have it if he had to give $50.00 per ton for same. Mr. Joseph Downey says when he was canning that he could actually tell the difference in tomatoes grown with Peerless when brought to his cannery. Mr. Numsen says he knows that tomatoes grown with our goods are fine. Mr. Frank Moore, who runs Assaw Bains & Co's cannery, says the best tomatoes brought there are from Peerless. Mr. Loose, a customer of his, says a ton of Peerless grew him $96.00 worth more tomatoes than another goods costing $7.00 less per ton. Mr. Money says it is certainly good. We could go on, but with a testimonial will close.

Unsolicited some time ago Mr. J. W. Elburn & Son came in our office and said: "I believe your Peerless to be the best tomato goods I ever saw. You remember what an advocate I was of it when I lived out at the mill. Well, wherever I have lived since, on the Western Shore or elsewhere, I would have it, and last year I put some of this same goods on some onions grown from the seed, and they were as fine as Burmudas. Many measured 4 inches in diameter, and I grew over 600 bushels per acre, or at rates of 1162 baskets. I used it on strawberries and picked 8000 quarts per acre."

An Interesting Letter.

Dillon, Mont., March 23, 1907.

WM. B. USILTON'S SONS—Dear Friends—I assure you I have taken an interest in what the KENT NEWS has told me, and I have not yet lost my liking for Chestertown and her people.

Things—many things—in the West are quite different from what they are in the South. We lack the steady strong conservative element. Everything here seems to be on the rush. Even the U. S. Supreme Court a short time ago decided upon a case affecting the Normal College, here, several months ahead of the time when the case would naturally be acted upon by them. When they decided that the bond issue was not legal in its terms, the legislature a few days after, appropriated $81,000 and more, for an addition to the College main building, and the bill passed both branches of the legislature without a single dissenting vote. That was only a few days ago, and yet they hope to have the building ready for use next September. It strikes me that this is almost too much of a rush. But then I was born and brought up in the East.

Work here is strenuous. In addition to my regular work (the same branches I had at Washington College, only I do not teach Mathematics here) I have been instructor at several institutes, in this way having spoken in Butte, Helena, and other cities. In fact I have spoken in public, by special invitation, more than sixty times since I came out here last August. My next Teachers' Institute work is at Glendive, next month. It gives one something of an idea of the State when he thinks of the fact that Glendive is more than 500 miles from Dillon. It is a splendid opportunity for me to become acquainted with the Rocky Mountain scenery, at of course no expense to me. In fact I am expected to make even more than my expenses. Salaries here are quite good, I receive $600 more a year than I received in Chestertown.

I enclose a couple of cuts of local buildings, and of the town. You see Dillon is not a very large place, and yet we not only have a good public school with its eight grades in a building by itself, but we also have a good high school with its four grades, in what we think is a good looking building for its own use exclusively.

But I did not intend to weary you with such a long letter. My apologies go with the length. I remain,

Most cordially,

ROBERT CLARK,

Dillon, Mont.

FEEL RUN DOWN.

Many people do in Spring. Perhaps it is the reaction from the Winter manner of living. But, whatever the cause, it is an unpleasant condition, unfitting its victims for the activities of life—the proper enjoyment of life itself, in fact. A simple, altogether unobjectionable remedy, well caculated, according to physicians, to restore the lost tone and vitality to the run-down system, is composed of ¼ oz. Fluid Extract of Buchu, 1 oz. Bulso Mixture, ¼ oz. Fluid Extract Gentian Compound and 15 ozs. water. These ingredients are obtainable at small expense at any good drug store and may be combined by the pharmacist or at home as desired, The dose is one tablespoonful three times a day, before meals. The preparation is said to be one of the best Spring tonics known to medical men.—X

S. SCOTT BECK, WILLIAM W. BECK, } Attorneys.

Order of Publication.

A. W. Emory, John L. Smith,
versus
Hester Pipes, William Henry Pipes, Carrie Pipes, Samuel G. Pipes, Julie Pipes.

In the Circuit Court for Kent County, in Equity. No. 1613.

The object of this Bill is to procure a decree for the sale of the real estate of Henry Pipes, deceased.

The Bill of complaint of A. W. Emory and John L. Smith, by Wm. W. Beck and S. Scott Beck, their solicitors, respectfully shows,

That Henry Pipes was in his life time indebted unto your orator, A. W. Emory, in the full and just sum of twenty eight dollars and thirty-five cents, with interest thereon from the 2nd day of March, 1901, upon a balance due on open account which account is filed herewith and marked Plaintiffs Exhibit No. 1.

That the estate of Henry Pipes is indebted unto your orator, John L. Smith, in the full and just sum of twenty dollars with interest thereon from the 16th day of October, 1899.

Upon a balance due on open account for the burial of said Henry Pipes which account is filed herewith and marked Plaintiff Exhibit No. 2.

That the said Henry Pipes being so indebted unto your orators as aforesaid and also unto divers other persons, and having Real Estate of some value, but no personal estate sufficient to pay his debts, departed this life in the year 1899, leaving a widow, Hester Pipes, who lives in Millington, Kent county, and the following children survive him as heirs at law:—William Henry Pipes, who married Carrie Pipes, both of whom are non-residents of this State and reside in the city of Wilmington, State of Delaware, and Samuel G. Pipes, who married Julie Pipes, both of whom are non-residents of this State, and reside in the city of Philadelphia, State of Pennsylvania—

And that the said Henry Pipes left a last will and testament which was probated in the Orphan's Court of Kent County aforesaid on the 30th day January, 1906—

A copy of which is filed herewith and marked Plaintiffs Exhibit No. 3—

And your orators are informed and believe that the said Henry Pipes left a small and insufficient personal estate for the payment of his debts, and that letters of administration have never been granted on his estate, and your orators are advised that in order to pay their claims and the other debts due from the said Henry Pipes, it is necessary for the said real estate to be sold, which said real estate is in the First Election District of Kent county aforesaid, on the left side of the public road leading from Millington to Smyrna, Delaware, and adjoining the property of Samuel Hines and others, containing two acres of land, more or less, which property was conveyed to the said Henry Pipes by Isaac M. Jones, administrator of Thomas McLaughlin, by deed dated the 18th day of October, 1873, and recorded in Liber J. K. H. No. 12, folio 427, etc., and there is nothing else out of which your orators can secure the payment of their claims.

To the end therefore, that the said real estate of the said Henry Pipes, deceased, be sold for the payment of your orators' claims, and the other debts which may be due from the said Henry Pipes, and that your orators may have such other and further relief as their case may require.—

It is thereupon this 9th day of April, 1907, ordered by the Circuit Court in Equity that the complainants, A. W. Emory and John L. Smith by causing a copy of this order to be inserted in some newspaper printed and published in Kent county, Maryland, once in each of four successive weeks before the 13th day of May next, give notice to the said non-residents defendants, Wm. Henry Pipes and Carrie Pipes, his wife, Samuel G. Pipes and Julie Pipes, his wife, of the object and substance of this bill, and warning them to appear in this Court in person or by solicitor on or before the 30th day of May, next, to show cause, if any they have, why a decree ought not to be passed as prayed.

THE CHANGE OF LIFE

Sensible Advice to Women from Mrs. Henry Lee, Mrs. Fred Certia and Mrs. Pinkham.

MRS HENRY LEE MRS. FRED CERTIA

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition or she is predisposed to apoplexy or congestion of any organ, the tendency is at this period likely to become active and with a host of nervous irritations make life a burden. At this time also cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, melancholia, dread of impending evil, palpitation of the heart, irregularities, constipation and dizziness are promptly heeded by intelligent women who are approaching the period of life when this great change may be expected.

Mrs. Fred Certia, 1014 So. Lafayette Street, So. Bend, Ind., writes:

Dear Mrs. Pinkham:—

"Lydia E. Pinkham's Vegetable Compound is the ideal medicine for women who are passing through Change of Life. For several months I suffered from hot flashes, extreme nervousness, headache and sleeplessness. I had no appetite and could not sleep. I had made up my mind there was no help for me until I began to use Lydia E. Pinkham's Vegetable Compound, my bad symptoms ceased, and it brought me safely through the danger period, built up my system and I am in excellent health. I consider Lydia E. Pinkham's Vegetable Compound unsurpassed for women during this trying period of life."

Mrs. Henry Lee, 60 Winter Street, New Haven, Conn., writes:

Dear Mrs. Pinkham:—

"After suffering untold misery for three years during Change of Life I heard of Lydia E. Pinkham's Vegetable Compound. I wrote you of my condition, and began to take Lydia E. Pinkham's Vegetable Compound and followed your advice, and to-day I am well and happy. I can now walk anywhere and work as well as anyone, and for years previous I had tried but could not get around without help. I consider your medicine a sovereign balm for suffering women."

Women passing through this critical period should rely upon Lydia E. Pinkham's Vegetable Compound. If there is anything about your case you don't understand write to Mrs. Pinkham, Lynn, Mass., for advice. It is free and has guided thousands to health.

When a medicine has been successful in restoring to health, actually thousands of women, you cannot well say without trying it, "I do not believe it will help me." It is your duty to yourself and family to try Lydia E. Pinkham's Vegetable Compound.
