FARMERS' DEPARTMENT.

"He who by the plow would thrive,
Himself must either hold or drive."

The Farmer Feedeth All.

My lord rides through the palace gate,
My lady sweeps along in state,
The sage thinks long on many a thing,
And the maiden muses on marrying;
The sailor ploughs the foaming sea,
The hunter kills the good red deer,
And the soldier wars without a tear;
But to fall to each what e'er befall,
The farmer he must feed them all.

Smith hammereth cherry red the sword,
Priest preacheth pure the holy word,
Dame Alice worketh braiding well,
Clerk Richard tales of love can tell,
The tap wife sells her foaming beer,
Dan Fisher fisheth in the mere,
And courtesies ruffle, strut and shine,
While pages bring the Gascan wine,
Man builds his castles far and high.

Where'er river runneth by,
Great cities rise in every land,
Great churches show the builder's hand,
Great arches, mountains and towers,
Fair palaces and pleasing bowers;
Great work is done, be it here or there,
And well men worketh everywhere,
But work or rest, what e'er befall
The farmer he must feed them all.

SUMMER FALLOWING.

Ground that is intended for a crop of wheat should be ploughed in June. As soon as the corn is planted, a first ploughing should be given, unless a crop of clover is to be turned under, when it may be deferred until the clover is in full bloom. A fallow, whether bare or with a green crop, has for one of its purposes the destruction of weeds. As many weeds ripen early, they should be destroyed in time. After once ploughing, if the ground is well harrowed and pulverized, and the weeds kept down, a second ploughing may be deferred until the sod is well rotted, when it may be crossed and again harrowed. This constant stirring of the soil will effectually kill out the weeds and clean the land. The exposure to the sun and air will develop food, available for the coming crop. The more the soil is turned and intermixed, the more perfectly will this be accomplished. The labor is well bestowed, for not only will the wheat crop be improved, but the grass will take better on such well prepared soil, and good grass means good grain to follow.

As a rotation of crops has become an established principle of good farming, it is necessary to start well. The rotation well commenced will proceed well throughout. If there should not be time to prepare thoroughly a whole field, concentrate all the time and labor, as well as manure on such a part as may be, and what is done, do well. It is by such means that farmers in Great Britain are enabled to pay yearly rentals of twenty-five to forty dollars per acre, and live well besides.—More than half the farms of that country are under twenty acres, and the country has the appearance of a garden. Fields are cleared of weeds by fallows, lime is applied regularly, crops are hoed by hand, even wheat is thus cleaned. Weeds are pulled by gangs of children, nothing is left to deprive the grain or roots of the necessary food, and enormous crops are the result. While the cost of labor prevents much of this with us, it does not prevent us from cultivating our land thoroughly. By decreasing the extent of the land worked, we may increase the average crop. Weeds are unprofitable and must be killed out. The summer is the only time for this work, the plow and harrow the needed tools, and constant working the method.—*Hearth and Home.*

Corn in Hills and in Drills.

At the Michigan Agricultural College, in 1868, two plots of land were set apart, substantially equal in character of soil, each measuring forty-eight rods in length by two in width. The ground was plowed May 5, and manure was spread evenly and worked in by cultivator and harrow. Yellow Dent corn was planted May 1, in rows four feet apart; one of the plots being planted in hills, the other in drills. The plots were cultivated and hoed June 15, and again July 7, the plants being thinned so as to leave the same number of stalks on each plot, including an equal distribution of plants throughout the subdivisions of the plots. As nearly as possible, each of the two plots received the same amount of labor in cultivation. The stalks were cut at the bottom September 17, and stocked in good order. Three weeks afterward the corn was husked and weighed. The stalks were then again carefully stocked, and were hauled and weighed, in good condition, October 12. The corn on the portion planted in hills was rather better in quality than on that planted in drills. But the drilled portion produced 74⅛ bushels of shelled corn and three tons of stalks to the acre, against 65½ bushels of corn and 2⅔ tons of stalks per acre produced by the portion in hills.

"STAY AT HOME."—The Salisbury (Md.) Advertiser, referring to certain remarks, as to the folly of young men emigrating from Maryland to distant States, says:

"Several parties who have gone West during the past year in search of employment, have written to their friends in Maryland that it is almost an utter impossibility to obtain work of any kind.—They estimate that for every situation there are upon an average twelve to fourteen applicants—even the most humble and menial situations are eagerly sought by needy young men, and the wages received will scarcely afford an humble support. Two young men of a neighboring town went to Kansas several weeks since determined to work at anything they could get into. They arrived there with only a few dollars in their possession and sought employment, but could not obtain it. When last heard from they had trudged through mud and sand for a hundred miles, seeking for work—they were out of money, heartsore, footsore and almost in despair. Truly, then, it is bad policy for our young men to leave home expecting to prosper and grow rich in the West. It is better to remain here, enjoy our comforts and toil patiently for small gains than go to a strange country and rough it, with no certainty of becoming prosperous."

COLORED POPULATION.—The census returns show a noteworthy change in the distribution of the colored population among the Southern States. Compared with 1860, the following percentages of increase and decrease are exhibited; Increase—Florida 50 per cent., Texas 25 per cent., Arkansas 12 per cent., Georgia 12 per cent. Decrease—Kentucky 7 per cent., Virginia 8 per cent., West Virginia 15 per cent., Louisiana 19 per cent. Thus it appears that the colored population have been drawn off from Virginia and Kentucky to the more profitable employment in the cotton region.—Equally they seem to flee from the hard and trying labor of sugar harvesting in Louisiana.

FATTENING PIGS.—An Ohio hog grower says that the following treatment will make the biggest hog out of a pig in twelve months. Take two parts of barley, two of corn, and one of oats. Grind them together; then cook and feed cold. He says it is the cheapest food, and that any pig of good improved breed can be made to gain a pound a day until a year old.—*Prarie Farmer.*

Oct. 24. Opposite the Voshell House.

Kent County Commissioners' Notice.

THE Commissioners of Kent county will meet at their office in Chestertown, on
TUESDAY, the 28th day of March inst.,
at 10 o'clock, A. M., and will continue to meet at the same place and hour
EVERY TUESDAY,
Until the Twenty-third day of May next.
All persons who have sold or transferred any assessable property since the general valuation and assessment of 1870, are particularly requested to attend at an early day and have their tax accounts adjusted.
After Tuesday, the 23d day of May next, no alterations in the assessment will be made during the present year.
All persons having ACCOUNTS AGAINST THE COUNTY are requested to bring in the same on or before
TUESDAY, the 23rd day of May next,
otherwise they will not get into this year's levy. All accounts presented to the Court will be required to be under oath.
All new applications for Pensions must be in writing, stating the residence, condition and circumstances of the applicant, and signed by two or more persons having a knowledge o the facts therein set forth.
JOHN RUSSELL,
Clerk to Commissioners for Kent Co.
March 11, 1871—tlm.

Farmers Look to Your Interest

BLACKSMITHING AND WHEELWRIGHTING.

THE undersigned takes this method of informing his friends and the public generally, that I am still conducting both branches of the above business at KENNEDYVILLE. I keep on hand good material, and have in my employ first class workmen, thus enabling me to give satisfaction to all. I have now on hand the
Smyrna & Newark Plough Castings
such as Concave, Wiley and Heckendorn.
Also, on hand a splendid lot of
STEEL CULTIVATOR TEETH.
Ploughs, Cultivators, Harrows, &c.,
made to order and kept on hand. I shall also put up to order CARTS, WAGONS, DEARBORNS, &c., and special attention paid to all kinds of REPAIRING, at reduced prices.
Come one, come all, and see for yourselves. Thanking the public for past patronage, I hope to merit a continuance of the same.
TILGHMAN SHAFER,
March 4—tf. Kennedyville.

BLACKSMITH AND Wheelwright Shops.

THE subscriber hereby notifies his friends and the public generally, that he has opened the Shops near the Foundry, in Chestertown, where he is prepared to execute all orders for NEW WORK or REPAIRS with neatness and dispatch, and at low prices.
HORSE-SHOEING.
Having employed a first class horse-shoer, I will give particular attention to this branch of the business, and guarantee satisfaction.
WHEAT CRADLES made to order, or repaired, and Reaper and Mower Knives ground and repaired at short notice and fair prices.
I respectfully request a share of the public patronage.
JAMES LAMB.
March 4, 1871—tf.

Galena Machine Shops

PLOWS, CASTINGS, &c., &c.

WM. A. HYLAND & CO., respectfully inform Farmers generally that they keep on hand, and are prepared to make to order all kinds of
AGRICULTURAL MACHINERY,
Such as HORSE POWERS and THRESHERS, CORN SHELLERS, PLOWS, HARROWS, CULTIVATORS, and Cultivator Teeth, best steel plate, at $3 per sett. They have now on hand about 20 tons of CASTINGS of very superior quality, and will be sold cheaper than they can be bought elsewhere. Our Castings need no recommendation as their reputation has been fully established by persons who have used them.
We are also prepared to attach DROPPERS to any kind of Reapers.
Thankful for the liberal patronage which has been extended to us in the past, we solicit a continuance of the same, feeling satisfied of our ability to give general satisfaction.
WM. A. HYLAND & CO.,

Clear and Harmless as Water!

NATTANS' CRYSTAL DISCOVERY
FOR THE HAIR!

A PERFECTLY clear preparation in one bottle, as easily applied as water, for restoring to gray hair its natural color and youthful appearance, to eradicate and prevent dandruff, to promote the growth of the hair and stop its falling. It is perfectly harmless and entirely free from any poisonous substance and will therefore take the place of all the dirty and unpleasant preparations now in use. In everything in which the articles now in use are objectionable, CRYSTAL DISCOVERY is perfect. It is warranted to contain neither Sugar of Lead, Sulphur, Litharage, or Nitrate of Silver. Bear this in mind when you want anything for your hair.
Clear and clean as water, it does not soil the scalp or clothes, is agreeably perfumed, and makes one of the best dressings for the hair in use. It restores the color of the hair more perfect and uniformly than any other preparation, and always does so in from 3 to 10 days. Virtually feeding the roots of the hair with all the nourishing qualities necessary to its growth and healthy condition, it restores the decayed and induces a new growth of the hair more positively than anything else. The application of this wonderful discovery also induces a pleasant and cooling effect on the scalp and gives the hair a glossy appearance.
☞ We call especial attention to the fact that a limited number of trial bottles will be given away gratuitously to those desiring to try it. You will notice that in pursuing this course our aim is to convince by the actual merits of the article. ARTHUR NATTANS, Inventor and Proprietor, Washington, D. C., to whom all orders must be addressed.

WASHINGTON, D.C., Aug. 5, 1870.
Mr. Arthur Nattans:
Dear Sir—I do not hesitate to say that your Crystal Discovery deserves to supercede all other preparations claiming to restore the growth and color of the hair. I have used it a week now, and my hair has already returned to its natural color, and has ceased falling almost entirely. I cheerfully recommend it.
Respectfully,
fe11y. MRS. ANNIE MORRAIN.

ap8y. BALTIMORE, MD.

A NEW ERA IN BELTING.
PAGE'S PATENT
Tanned Leather Belt.

Tanned in Oil and by the same process as Lace Leather, by PAGE BROS., inventors and manufacturers of the celebrated Page's Lace Leather.
These Belts are perfectly soft, and hug the pulley like pure rubber, thus giving 25 per ct. more driving power than any other belt.
They also have eighty per ct. more strength than the best oak-tanned belts.
They have been placed on pullies running 9,000 turns per minute, and in places where all other belts have failed, have given entire satisfaction, outwearing every other belt 50 per ct.
The fact that they are driving out of the market in the East, very fast, the other kinds of belt, is sufficient testimony.
All the large Eastern Factories now use them.
The following are a few of the many testimonials we have received:
Messrs. Charles E. Inloes & Co.:
GENTS:—We have been using Page's Patent Belt in our factories for over a year, and believe it to be the best and cheapest belt made.
Best, because it is stronger and more durable than oak-tanned; and cheapest, because its adhesive qualities give it so much more driving power. Very respectfully,
R. H. THOMPSON,
Sup't Union Mfg. Co. of Maryland, Ellicott's Mills.
Messrs. Charles E. Inloes & Co.:
GENTS:—The fourteen-inch Page's Patent Belt, bought from you, has been in daily use ever since, and gives perfect satisfaction, and you are at liberty to use our name in endorsing the qualities you claim for it, in every respect, as we believe it to be the best Belt made, and shall adopt it altogether in our mills. Very truly,
W. W. TUNIS & BRO.,
Oakland Steam Saw Mills,
Talbot Co., Maryland.
The following are a few of the parties now using it in Baltimore:

R. Sinclair & Co.,	Murrill & Keiser,
W. E. Hooper & Sons,	W. Wilkens & Co.,
Magne & Chipman,	J. W. Butler & Co.,
Liberty Mining Co.,	Johnson & Waters,
P. S. Chappell,	L. M. Beebe & Bro.

Congressional Globe Printing Office, Washington.
The Laps are all short, and besides, the usual copper rivets and glue are fastened by two rows of pegs guaranteed not to come out, which is a great advantage.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.
Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of mankind, it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a protection against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.
Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach the case, under the *Cherry Pectoral* they subside and disappear.
Singers and Public Speakers find great protection from it.
Asthma is always relieved and often wholly cured by it.
Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.
So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.
As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it is now no longer a question of the number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.
Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.
For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.
For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.
Prepared by DR. J. C. AYER & CO., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.
PRICE, $1.00 PER BOTTLE.
Sold by C.F. STAM & BRO, Chestertown, J. P. IRELAND, Galena, and all Druggists and dealers in Medicine everywhere. WM. H. BROWN & BRO., Baltimore, wholesale agents.

COUGHS, SORE THROAT, ETC.

No Medicine or Treatment can excel the Powerful Curative Power of
DR. SIMMS' WHITE PULMONIC BALSAM.
It cures with a rapidity unequalled by any other remedy offered for Throat and Lung diseases. It is recommended by over 2,000 persons in Wilmington, and hundreds in Philadelphia, Baltimore and other cities and communities throughout the country. Mr. Pennington, of Wilmington, Illinois, writes that there is not (with a few exceptions) a family in that city who will be without it if possible to procure it. Such is its popularity wherever it is known—and this popularity arises rom the fact that it universally cures all who use it. There is no case of *Coughs, Colds, Sore Throat, Asthma, Bronchitis, Croup, Blood Spitting, Hoarseness,* and even *Pulmonary Consumption,* where the system is not broken down with the wear of the disease, or pretended medicine, or inexperienced advice, that this Balsam will not cure if carefully used, according to directions. We guarantee it all we represent it to be, and invite a trial from the afflicted everywhere. Price, 50 cents, medium size, and $1 for large size bottles. Prepared only by
J. B SAPPINGTON.
Store on Cross St., opposite George E. Lambert's Coach Factory. nov5-y.
