WHAT A NEW JERSEY EDITOR SAYS

M. T. Lynch, Editor of the Phillipsburg, N. J. Daily Post, writes: "I have used many kinds of medicines for coughs and colds in my family but never anything so good as Foley's Honey and Tar. I cannot say too much in praise of it." For sale by all druggists.

"VEHICLES THAT STAND UP."

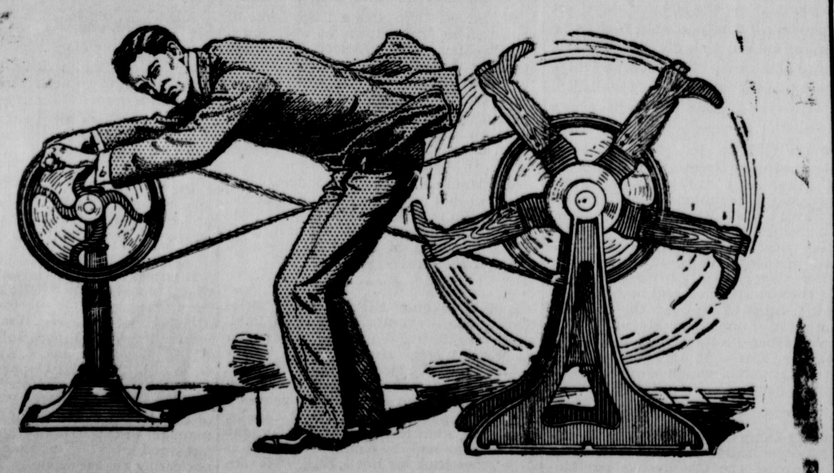
Cortland Vehicles do "Stand up." That's a strong claim—but true. True, because, they're made on honest principles from honest materials. That's why they have "stood up" for 35 years. If you could only see for yourself the care practiced in every department of the great factory at Cortland, N. Y., you would be convinced.

CORTLAND WAGON COMPANY VEHICLES

are started right and sold right—through reliable dealers on easy terms. We offer them in 140 styles and you will find just the vehicle you want—for looks, for comfort, for service. The price-range is made to accommodate your pocketbook. Before you get tangled up in a pretty-picture-catalogue deal look at the Cortland Wagon Company's Vehicles. They hold their own with any you have ever seen at similar prices. Make us prove it—and right soon—too. We also carry other standard lines, all particularly adapted to this section.

HAGUE, HACKETT & TURNER,

STILL POND, ... MARYLAND



This man bought a supply of tobacco without acquainting himself with the distinctive taste of SCHNAPPS Tobacco, which has the cheering qualities that gratify his desire to chew, and at less expense than cheap tobacco.

SCHNAPPS has been advertised in this paper so that every chewer has had an opportunity to get acquainted with the facts and know that drugs are not used to produce the cheering quality found in the famous Piedmont country flue-cured tobaccos, and that SCHNAPPS is what he ought to chew. Still there are chewers who accept other and cheaper tobaccos that do not give the same pleasure.

Some day they'll get a taste of the real *Schnapps*—they'll realize what enjoyment they've missed by not getting SCHNAPPS long ago—then they'll feel like kicking themselves.

SCHNAPPS is sold everywhere in 5 cent cuts, and 10 and 15 cent plugs. Be sure you get the genuine.

Sit Up Straight, Ladies.

The American woman's custom of crossing her legs in public has brought forth a scathing criticism from Dr. Joseff Garzourka, a noted Austrian surgeon from Budapest, who is stopping in this city on his tour of the world. The practice in private is equally deplorable, according to the Austrian, who condemns knee-crossing as unhealthful and tending to nervousness.

"In no country on the Continent," the specialist asserted, "can young women be seen sitting in public with one leg crossed over the other in such fashion as I have seen over here. I heard that the American women are highly nervous, and I can well believe it.

"In Hungary the women sit up straight, erect: they do not lean up against things; they do not like rocking chairs. The American women seem to like nothing but easy lounging chairs, and they slouch down in them with their legs crossed in such a manner as to bring too much pressure on the spine, and too much pressure on the spine is very bad for the nerves.

THE secret for burning ashes with coal has been tried by several Middletown people, and the majority of them consider the remarkable discovery a decided success. Messrs. S. E. Lewis and Leon de Valinger have undoubtedly given the discovery a thorough test, and are convinced that the coal ashes which our people usually have carted away, have considerable value as a fuel. Mr. de-Valinger is confident that he can keep a constant fire for a period of 24 hours at a cost not exceeding four cents.

No advertisement should promise more than the advertiser can perform. A mistake all too common in many stores is to advertise in a way that is intended to bring people to the store, with the purpose of selling them something other than the article advertised. This plan may be followed with more or less success for a time but it is bad business policy and one that is sure to lessen public confidence in a store that follows it. A sale that results in the loss of a customer is always an unprofitable transaction to the seller, and this is the result sooner or later when a store fails to keep its advertised promises.

CASTORIA.
Bears the Signature of Chas. H. Fletcher. The Kind You Have Always Bought

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as attested by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a *free* copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.
