JAMES H. EDES,
Register Fifth Election District.

Exuberant Health

Is a blessing vouchsafed to few. Even those who have been favored by nature with strong constitutions and vigorous frames are apt to neglect the precautions necessary to preserve these precious endowments. Indeed, as a rule, the more healthy and robust a man is, the more liberties he is inclined to take with his own physique. It is some consolation to the naturally weak and feeble to know that they can be so invigorated and built up, by a proper use of the means which science has placed at their disposal, as to have a much better chance of long life, and exemptions from disease and pain, than the most athletic of their fellows who are foolish enough to suppose themselves invulnerable, and act accordingly.

It is not too much to say that more than half the people of the civilized world need an occasional tonic, to enable them to support the strain upon their bodies and minds which the fast life of this restless age occasions. In fact, a pure, wholesome, unexciting tonic is the grand desideratum of the busy millions, and they have the article in Hostetter's Stomach Bitters. It is a staminal medicine, i. e. it imparts permanent strength to weak systems and invigorates delicate constitutions. Its reputation and its sales have steadily increased.—Competitive preparations have been introduced *ad libitum*, and, as far as the public is concerned, *ad nauseum*, in the hope of rivaling it; but they have all either perished in the attempt, or been left far in the rear. It has been the great medical success of the present century, and it is quite certain that no proprietary medicine in this country is as widely known, or as generally used.

Ten lightning presses, running incessantly (Sundays excepted,) the whole year through, barely supply the demand for the Illustrated Almanac, in which the nature and uses of the preparation are set forth, the circulation now being over eight millions a year.

To Our Friends

TO FARMERS.

PACIFIC GUANO COMPANY'S
Soluble Pacific Guano!

THE attention of Farmers and other consumers of Fertilizers is invited to this Guano, as worthy of their especial notice. Its use for several years in Maryland, Virginia and other Southern States, for all crops, has given it a standard character for excellence unequalled by any other. It possesses all the quickness of Peruvian Guano with permanent qualities not found in that article. 250 lbs. of this Guano are found more than equal to 300 lbs. of the best Super-phosphates. It *ripens* the crop from *five to seven days* earlier than the *phosphates*, which feat alone gives it incalculable advantages. For Sale by

JOHN S. REESE & CO.,
General Agents for Pacific Guano Co.,
a26-2m. 10 South St., Baltimore, Md.

Hines & Burchinal, Agts., Chestertown.

PURE FERTILIZERS.

ALL Fertilizers sold by us are guaranteed pure and as represented, and as most of them are prepared at our own works, and under our own directions, the farmer and planter may rely upon their purity. The market is full of fertilizers and all highly recommended, but each must in time stand or fall, according to its merit. It is for our interest to protect the interest of the farmer, and realizing this we offer and recommend the following, viz:

The Andrew Coe Super-Phosphate,

Manufactured only by E. WHITMAN & SONS, from Ground Bone, Potash, Peruvian Guano, and Sulphuric Acid. Is the most reliable Phosphate in the market. Price $52 in Sacks, of 160 lbs. each.

Missouri Bone Meal—Its Superior as impossibility. Analysis July 14, 1871: Ammonia 4.38, Bone Phosphate of lime 49.51, which is the highest analysis yielded by pure bone. The largest particles are smaller than clover seed. Price $45 per ton in sacks of 160 lbs. each.

New Jersey GROUND BONE Price $40. We have sold hundreds of tons of this Bone, and it has invariably given satisfaction. ☞ Peruvian Guano, S. C. Bone (fine ground or dissolved,) Plaster, Sulphuric Acid and all kinds of fertilizer materials always on hand, and for sale at lowest market prices.

E. WHITMAN & SONS,
145 & 147 W. Pratt St., Baltimore, Md.

Also, manufacturers and dealers in all kinds of Agricultural Implements and Machinery, Field and Garden Seeds. ag26-4t.

Planters', Farmers' & Gardners' Friend!

For Cotton try it! For Tobacco try it!
For CORN, try it! For Oats, try it!

For Vegetables, Fruits and Flowers, no better Fertilizer is known at the present day.

A Natural manure! no adulteration!—made from privy deposit, or night soil. Free from smell, pleasant to handle. Each cart-load when taken from the well deodorized.

Report of the best practical agriculturists and chemists of Europe and America:

Soil without any manure has produced three times the quantity of seed sown: has yielded, with a slight application of the proper manures, from

Decayed Veg. Matter	5 times its own seed
Stable Manure	7 1-5 " "
Pigeon "	8 1-6 " "
Horse "	9 11-100 " "
Guano "	10 1-7 " "
Fluid Stercus, night soil	12 11-100 " "
Solid " or Poudrette	14 11-100 " "

One ton of Poudrette is equal to one ton of Guano, at one quarter its cost.

You ask. What are the advantages of using Poudrette? 1. It produces the largest crops. 2 It enriches your land. 3. It acts quickly on the seed sown, *and continues to show itself in the soil for years.* 4. For fruits and vegetables, applied as per directions in pamphlet, it cannot be surpassed by any fertilizer of the present day.

The price of Poudrette is $22 PER TON, put up in bags, and delivered at any railroad depots or steamboat landings in the city. All orders addressed to
