JOHN BARTLEY, CHESTERTOWN, MD

THE BEST SOCIETY.

Preaching to a congregation that crowded the Union Methodist Episcopal Church, Philadelphia, last Sunday, the Rev. Dr. James M. Buckley, editor of the Christian *Advocate*, declared that the best society of the country was to be found, not among the wealthy class, but in the churches. Doctor Buckley preached the morning sermon at the dedicatory services of the recently installed $55000 organ. More than 50 years ago he was a member of the Sunday school in Union Church. He dwelt upon the benefits of church membership and declared that if God issued a decree for men to worship Him every Sabbath it was for the improvement of the human race rather than for His own deification. He said that 60,000 persons in this country were, directly or indirectly, influenced by the moral teachings of the Christians churches. Speaking of the effect upon "society," Doctor Buckley made it understood that "good society," in the social acceptation of the term, was not "good society" as he viewed it. At present society is having an unpleasant time in the courts all aver the country," he said. "Can there be such a thing as good society made up of bad individuals? This is no more possible than it is to make toothsome things out of brickdust My ideal of good society is a community in which the majority of the people love good, pure and beautiful things. "I do not say that all of the best society of the country is in the Church. "In many churches," Doctor Buckley said, "you will find that wealthy members are not the most conspicious and the most honored in the congregation. In other congregations wealthy men and women are honored, not because of their wealth, but because their Christian characters entitle them to distinction."

Commenting upon the social side of church life, the speaker touched upon match-making in congregations. "I have heard people say that girls are attracted to church entertainments to meet the boys," said Dr. Buckley, "but let me say that I would rather have a girl of mine meet the young man she is to marry in a church than in the theatre."

FOUND A NOTE; GOT A WIFE.

The Coming Marriage Of A Young Couple Recalls A Remarkable Incident—The Groom-Elect Resides At Conowingo.

Announcement of the marriage of Mr. Rowland S. McVeigh, of Conowingo, and Miss Mary S. Erb, of Sunbury, Pa., has been made. The couple made their acquaintance in a peculiar way. About a year ago, while surveying along the shores of the Susquehanna River, McVeigh observed a flask, containing a note floating down the stream, and in securing it slipped on a rock and broke the socket of his right hip. He kept a firm grip on the bottle, however, and his comrades, hearing his cries, came to his aid and removed him to his home.

The paper in the bottle bore the name of Miss Erb, and, according to the date had been in the water about six months.

McVeigh's condition became such that he was removed to a hospital at Baltimore for treatment, where it was found necessary to insert a silver nail into the hipbone and drive it into the socket. Upon his return home he began a correspondence with Miss Erb that ripened in to love, and the engagement recently was announced. A short time ago McVeigh felt the silver nail working loose, and through a lump that on his hip, could plainly feel its head. Last week, while engaged in his occupation, he slipped on a rock and in falling struck his hip, driving the pin back to its original position.

HUBBARD BUILDING.

TO BUY WATER WORKS

An act to provide for the purchase of water works for the town of Chestertown in Kent County, Maryland, and to authorize the appointment and election of a Water Board for conducting, carrying on and maintaining same and to issue bonds to pay therefor, and to levy an annual tax for the payment of such bonds and interest thereon.

Section 1. Be it enacted by the General Assembly of Maryland, That the Commissioners of Chestertown be and they are hereby authorized and empowered to issue bonds in the name of Commissioners of Chestertown to an amount not exceeding thirty thousand dollars in sums not less than one hundred dollars nor more than one thousand dollars, to be signed by the Commissioners of Chestertown under the corporate seal of the said Commissioners, to be designated as "Chestertown Water Bonds" bearing interest at a rate not exceeding five per cent. per annum, payable semi-annually on the first day of July and on the first day of January of each year, which bonds shall be exempt from all county and municipal taxation, and the due or overdue coupons for interest shall be received by the Commissioners of Chestertown in payment of town taxes, said bonds shall be payable in sums of one thousand dollars in each of the years beginning with the first day of July 1913 and each year thereafter until fully paid, said bonds to be numbered consecutively and to be redeemed in the order in which they are numbered.

Section 2. And be it enacted, That said Commissioners of Chestertown are authorized and directed to adver be at least once a week for four successive weeks in three newspapers published in Kent County for sealed proposals for the negotiation of said bonds, and on a certain day to be named in said advertisement, said Commissioners of Chestertown shall in the presence of such persons as may be interested in said bid, open all bids received and award the bonds to the highest bidder, provided no bid less than par shall be accepted.

Section 3. And be it enacted, That the said sum of thirty thousand dollars or so much thereof as may be necessary for this purpose shall by the said Commissioners of Chestertown be used and applied exclusively to the purchase of the entire property, rights and franchises of the Chestertown Water Company, and to additions and improvements of same, provided the said Commissioners of Chestertown can purchase the entire property of the Chestertown Water Company at the sum of twenty four thousand dollars ($24,000.00).

Section 4. And be it enacted, That after repairs maintenance and running expenses are paid out of the Water rents from said water works purchased, the money and net revenue received therefrom shall be applied to the payment of the interest on said bonds as said interest may mature, and all surplus revenue from said water works purchased accruing prior to the date when said bonds shall be redeemable as hereinbefore provided, shall constitute a sinking fund, to be applied by the Commissioners of Chestertown to the redemption of said bonds when redeemable, and should said water rents or revenues be insufficient in any year to pay the interest on said bonds and one thirtieth part of the principal as it matures, then the Commissioners of Chestertown are hereby authorized and directed to levy and collect annually a tax upon the taxable property in Chestertown for a sum as will, with the net water rents or revenues for water works provide for the payment of the interest on said bonds as the same matures, and one thirtieth part of the principal of said bonded debt then outstanding, so the whole of said bonds and interest may be provided for and paid in the time hereinbefore limited.

Section 5. And be it enacted, That at the regular election for Commissioners of Chestertown, there shall be submitted to the qualified voters of Chestertown, the question whether the said water works shall be purchased and at such election the ballots cast upon that question shall have the words "For Water Works" or "Against Water Works" thereon, and if the majority of the votes cast upon said question shall be "For Water Works" then the Commissioners of Chestertown, or a majority of them, shall proceed to execute the powers vested in them by this Act, and purchase said water works; but if the majority of votes cast shall be "Against Water Works" then they shall not execute such powers nor purchase said water works.

Section 6. And be it enacted, that the Commissioners of Chestertown, if the vote taken as aforesaid shall be in favor of issuing of bonds for the purchase of water works, shall be and they are hereby authorized and empowered to negotiate, sell or dispose of said bonds or as many thereof as they shall deem proper, and with the proceeds thereof to purchase said Water Works and improve same and the Commissioners of Chestertown are furthermore fully authorized to pass all necessary ordinances with penalties for their violation for the proper security and protection of said water works.

Section 7. And be it enacted, that after the purchase of the property of the Chestertown Water Company, by the Commissioners of Chestertown, the said Commissioners of Chestertown shall appoint a Water Board consisting of three persons each of whom shall have the same qualifications as those required of a Commissioner of Chestertown, who shall hold office until the fourth Monday in April 1909 and until their successors are elected and qualified at which time the duly qualified voters of Chestertown, entitled to vote for the Commissioners thereof, shall be entitled to vote for a Water Board which shall consist of three persons with the qualifications above named, and who shall hold office for three years, and which said Water Board shall in like manner be elected at the expiration of each three years thereafter at the regular election of a Commissioner of Chestertown, and who shall qualify in the same manner as do the Commissioners of Chestertown; and said Water Board shall hold at least four quarterly public meetings in each year.

Section 8. And be it enacted, That the said Water Board shall have charge of the said Water Works so purchased and shall operate same with authority to employ and pay such superintendent, engineers, workmen, laborers and employes as may be necessary to carry on and maintain the same, and supply said town and the inhabitants thereof with water, and shall have authority to purchase material and supplies necessary to operate same; and to make repairs, extensions and additions thereto as necessity may require for fire protection and domestic use; and to fix, charge and collect water rates or water rents for the use of said water; and to adopt and provide rules and regulations therefor, and for the proper protection of said works and water supply.

Section 9. And be it enacted, That this Act shall take effect from the date of its passage.

MY LADY'S GARDEN.

BY NELLIE LOUISE HOWES.

Away down in Maryland,
Somewhere near the Eastern Shore,
Lies My Lady's garden,
Spangled with blossoms galore.

The bluebells tinkle softly,
The daisies wake from their rest;
The white roses blush all pink
Like the glow in the west
When My Lady walks a-near.

Gracefully the hollyhocks
And asters flutter and sway,
The nasturtiums reach up
With soft tendrils on the day
That My Lady walks a-near.

The poppies and peonies
Just bob in gay-hearted glee,
While the tiger-lilies flame
Into color as they see
That My Lady walks a-near.

The sunflowers' golden lashes
Widen over their brown eyes;
The magnolia wafts its scent
And with the crimson rambler vies
When My Lady Walks a-near.

But, oh! the honeysuckle,
Such profusion, and so sweet!
Twining one round with love,
Like the Maryland folk you meet,
For my dearest Lady Beth!

AFTER TWENTY-NINE YEARS.

"For twenty-nine years I have been at intervals a great sufferer from rheumatism," writes James Hyde, of Beebe, Ark. "During that time I used gallons of various kinds of liniments and oils, but got very little relief. The attacks were so bad that I was often confined to my bed helpless for weeks and months at a time.

"Not long ago, while suffering from a severe attack, a sample bpttle of Sloan's Liniment was sent to me for trial. My surprise was great when I found that it gave me instant relief, and I immediately ordered two large bottles. I have used about a half of one fifty cent bottle, and feel so well that I want everybody afflicted as I was to know what Sloan's Liniment has done for me, and I shall always have a feeling of gratitude for the man who sent me the sample bottle.

HEAVY GAME SEIZURE.

It Is Possible To Fine Holders Of It $340,000—In The Lot Are 15,020 Lapwing Plover, 2,472 Golden Plover And 8 Ruffed Grouse.

If there are not enough hot birds in connection with cold bottles on Broadway in the near future the disappointed diners will know that four Jersey gamewardens are responsible for the deficit.

The wardens, who have no sympathy for New York's appetite for game, went into the warehouse of the Merchants' Refrigerating Company, in Jersey City, Friday and seized more than 17,000 birds said to be held out of season. If the fine of $20 a bird is imposed the State will collect $34,000.

The birds were in 219 boxes, and consisted of 15,020 lapwing plover, 2,472 golden plover and 8 ruffed grouse. These are said to have been stored by three New York concerns.

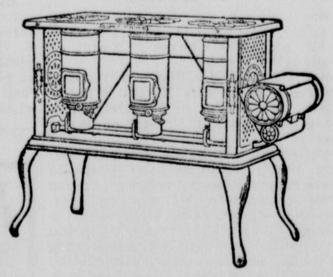
The wardens who made the seizure are Herbert Dand, Frederick Hall, James Bellingham and Edward Shorter, all of Newark, evidence on which the siezure was made, and reported to Fish and Game Commissioner Simeon H. Rollison who instructed Wardens Bellingham and Shorter to assist them. The four men went to work in the refrigerating company's vault last Tuesday, and for three days they were kept busy in a temperature of 10° below zero.

When the boxes were opened and it was found, as the wardens thought, that the contents were birds that were being held in violation of the game laws of 1896 and 1902, photographs were taken of the different speices and retained as evidence. It has not yet been learned whether the game seized was shot in New Jersey or not. There were a large number of boxes that were not seized because they contained birds that are not found in New Jersey. The three kinds seized are found in that State.

Commissioner Rollison confirmed the details of the seizure as given, and said he had made a report of it to Attorney General McCarter at Newark. The attorney-General, it is expected, will not take action in the matter.

Mr. Rollison said that one of the New-York firms whose birds were seized got into a similar difficulty with the New Jersey authorities a few years ago and that it had to pay a fine of $2,000 and costs of court.

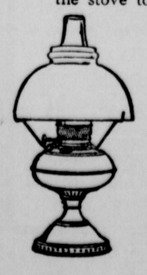
Put This Stove in Your Kitchen



It is wonderfully convenient to do kitchen work on a stove that's ready at the instant wanted, and out of the way the moment you're done. Such a stove is the New Perfection Wick Blue Flame Oil Cook-Stove. By using it you avoid the continuous overpowering heat of a coal fire and cook with comfort, even in dog-days. The

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

is so constructed that it cannot add perceptibly to the heat of a room; the flame being directed up a retaining chimney to the stove top where it is needed for cooking. You can see that a stove sending out heat in but *one* direction would be preferable on a hot day to a stove radiating heat in *all* directions. The "New Perfection" keeps a kitchen uniformly comfortable. Three sizes, fully warranted. If not with your dealer, write our nearest agency.



The Rayo Lamp is the ideal lamp for family use—safe, convenient, economical and a great light giver. If not with your dealer, write our nearest agency.

If You Have Waited for Extraordinary Bargains The Time Has Come

It is as easy to change custom as to control trade. With the passing of Christmas, wearing apparel seems to have lost its value. We know not why this should be, for winter weather has hardly begun, and the SUIT or COAT bought now may be worn for months to come, but after Christmas Bargains are expected, and to be equal to expectations we have reduced all

Our Winter Goods, Men's and Boys' Clothing, Ladies and Children's Coats, Ladies Skirts and all Winter Goods, Hats for Men and Boys, Dress Goods, Linens, Shoes for all, Hosiery, Underwear, Gloves, Handkerchiefs, Furniture, Carpets and Mattings.

We are sure prices can't be lower for GOODS of same quality.

Remember it is a little more quality for a little less money.

Wishing One and All a Happy New Year.

Thanking you for past patronage and soliciting same in the future, I remain, Respectfully yours,

H. H. Beneman, Millington, Md.
