msa_sc2901_scm1622-0872 copyright Maryland State Archives

Great Bank Robbery in Baltimore.

Decidedly the most bold, daring, well planned, well executed and successful bank robbery that has ever been perpetrated in Baltimore, or perhaps in the United States, was accomplished in Baltimore between the hours intervening from the close of business on Saturday and daylight of Monday morning, at the Third National Bank, which is located on the east side of South street near Second street. The adjoining building, the old banking house of Gittings & Co., was let on the first of June to a party known as "Stabler & Co.," who, it is universally believed, are the guilty ones in the daring robbery. The vault and safes of the bank was reached by cutting through the wall from the inside of the Gittings' building, and the work had no doubt been in progress almost from the time the building was let.

The vault of the bank, which the burglars finally invaded, was constructed in the ordinary manner, but not very substantially. It was constructed of hard burnt brick laid in strong cement, with a casing of boiler iron half inch in thickness. This structure was built close up to the bank wall on the north side, which made, with the wall of Gittings & Co's. building in which the robbers had located themselves, a combined wall of thirty-nine inches in thickness.

The tools used by the burglars in their labors upon the walls, iron sheathing of the vault and the Miller safe are of the finest steel, and exhibit a wonderful nicety of workmanship, each tool evidently having been constructed under the personal supervision of an experienced burglar.—A nest of files, evidently never having been used, ranged in size from the eighth of an inch in thickness to the regular triangular shaped implement. At the Marshal's office on Monday one of the smaller files was brought to bear upon a bar of iron one and a-half inch in thickness, and in half a minute's time the bar was cut into the depth of three-quarers of an inch. Then there were augers, without handles, a powerful brace of peculiar workmanship, several ingenious tools for enlarging holes in iron, three short pieces of rubber tubing, at the end of one piece was a small silver-plated perforated cap, and which on being unscrewed was found to be filled with raw cotton. This tubing was something new to the detectives, they being unable to assign it to any duty within the range of a burglar's exploits.

The actual loss of the bank in cash and securities is as follows:

Greenbacks and National bank notes	$57,000
Bonds, Railroad and Governments	13,000
Total loss of the bank	$70,000

It was supposed at first to be much more than this, but some bonds that were thought to have been stolen were found later in the day among the mass of papers strewn about the vault. The cash stolen was a portion of the reserve fund of the bank. Fortunately about $130,000 of the bank's reserve was in New York in the hands of the Union National Bank, the redeeming agent of the Third National, and thus escaped.

The surplus and undivided profits of the bank amount to $88,000, which more than covers the present loss of the institution, so that its soundness is not in the slightest degree impaired by this disaster.

In this, as in all other banks, the custom has prevailed of extending to depositors the accommodation of placing their private boxes containing bonds and other valuable securities and papers in the bank vault for safe-keeping. Of course the bank assumed no responsibility for the safe custody of such deposits, and the losses fall entirely upon the owners. The numerous tin boxes placed in the vault in this way received full attention from the robbers. They were passed through the opening into their office, where the money they found was duly cleaned out.—Some of these receptacles contained large amounts in Railroad, Government and other bonds, and the amount of negotiable securities thus lost will not fall short of $150,000, and may go much higher. Some reports, indeed, represent the money value of the bonds thus lost at not less than $500,000, but this is no doubt a greatly exaggerated view of the matter.

The detectives promptly took the matter in hand, but as the perpetrators most probably left the city before the robbery was discovered, there would seem to be but little hope of success in arresting them or recovering the property. It is to be hoped, however, they may be successful.

News comes to us that Mace and O'Baldwin, the pugilists, whose projected fight on the 15th instant was promptly checked by the vigilance of the Maryland authorities, have left New York for parts unknown, with the supposed design of fighting it out on the Canada line, if they meet with no further interference from the officers of the law. In a day or two it is probable we shall hear of the respective pummeling which these precious worthies propose giving each other, and the only regret we have upon the subject is the impossibility of punishing in some summary way the motley crowd of spectators who will doubtless rush to witness the brutal and demoralizing exhibition.

We find the following later dispatch in the city papers of Thursday:

The Prize Fighters—*In the Ring and no Fight.*—Collier's Valley, West Virginia, August 21.—Two hundred roughs, with Mace and O'Baldwin, arrived here, near the State line between Pennsylvania and Virginia. The ring was pitched at 6 P. M. Mace was the first to enter and won the toss for corners, and occupied the northwest corner. After an hour's deliberation the men could not agree upon a referee, and no fight took place, to the great dissatisfaction of the crowd. The pugilists went to Steubenville, to meet tomorrow.

Fatal Accident to a Young Bridal Couple.—We learned of a fatal accident that occurred at the Hawk's Nest last week, and which resulted in the death of a young couple named Anron, who were on their bridal tour from the East. They had come to view the beauties of this lovely place, and on going too near the edge of the cliff, they both lost their footing and were precipitated below, killing them instantly.

On coming to their assistance their bodies and faces were mangled so fearfully as to be unrecognizable. The lady fell on her head, mashing it into atoms, breaking her breast into a jelly. The gentleman's brains were knocked out and his body broken to pieces. Their friends have been telegraphed for, who are supposed to be at Buffalo, N. Y.—*Charleston (W. Va.) Courier.*

The Enterprising Firm of Hines & Burchinal, Chestertown, are selling "Turner's Excelsior," "Whitelock & Co.'s Phosphate," "Pacific Guano," "Moro Phillips' Eureka," "Excellenzia" and "Horner's Pure Ground Bone," and will deliver them either on Chester or Sassafras river. o19.

J. M. Parr & Son's circular states, that there were received at the port of Baltimore, from June 26th to August 10th inclusive, in 1871,

Wheat	629,500 bus.
The same time in 1872.	293,500 "
Decrease,	336,000 "

The range of prices for same terms, taking choice amber as the standard, was as follows:

	1871.	1872.
June 26	$1.75—1.80	$1.75—1.95
July 1	1.55—1.75	1.60—1.75
" 10	1.50—1.60	1.65—1.70
" 15	1.50—1.55	1.75—1.80
" 20	1.50—1.55	1.65—1.70
Aug. 1	1.55—1.60	1.65—1.70
" 10	1.45—1.50	1.75—1.80

In 1871 during same terms 100,000 bushels old wheat came forward; this year there is very little old wheat in the market.

Four young men, two of them very recently from Wilmington, Del., were arraigned before United States Commissioner Rogers in Baltimore on Tuesday, for uttering counterfeit money, having obtained through the mother of one of them change for a spurious $50 United States Treasury note. The transaction was an innocent one on the part of the old lady, who was importuned by her son, and did not suspect the character of the note.—The four youngsters went to jail, and will hear further from the United States authorities at the next term of Court.

A Rhinoceros on the Rampage.—A rhinoceros belonging to a circus escaped at Monroe, Illinois, on the 16th instant, killing two men, knocking down the tent poles and seats, causing several dislocations of arms of spectators, and capsizing the cages of other animals. It was finally captured, after doing three thousand dollars worth of damage.

Wheat Seeding.—The U. S. Commissioner of Agriculture in his 1870 report says, "J. J. Turner & Co.'s Excelsior, made in Baltimore, is used to a greater extent (in Maryland and Virginia) than all other Fertilizers combined, and has retained the good opinion of farmers longer than any other fertilizer.

"Applied at the rate of 150 pounds per acre, it hastens the ripening of Wheat about 5 days and benefits the succeeding crop of clover 30 per cent."

A Perilous Season.

Glorious and delightful as the Summer weather is, its tropical heat is a severe trial to the vital powers. Even the strongest are sometimes prostrated by its effects. The common phrase applied to this condition of the body is "general debility." Now, general debility arises from, and includes a variety of ailments. The liver is more or less affected, the bowels are either constipated or too much relaxed, the stomach but half performs the work of digestion, the appetite is poor and the spirits depressed. This is what is called general debility. It is a general disarrangement of all the physical functions, and requires as a remedy a medicine that will regulate them all. Hostetter's Stomach Bitters is specially adapted to this purpose. Its general operation is not confined to a single organ. If the liver is affected, it restores its tone. If the stomach is torpid, it regenerates it. If the nerves are tremulous and weak, it braces and reinforces them. If the mind, which ever sympathizes with the body, is gloomy and despondent, it relieves the difficulty, and soon brings the whole mechanism of the body into harmony with the laws of health.

There is no civilized nation off the Western Hemisphere in which the utility of Hostetter's Stomach Bitters as a tonic, corrective, and antibilious medicine, is not known and appreciated. Throughout the Tropics it is considered, both by the people and the profession, the standard specific. While it is a medicine for all seasons and all climates, it is especially suited to the complaints generated by the weather, being the purest and best vegetable stimulant in the world.

Beware of the Bitters made of acrid and dangerous materials, which unscrupulous parties are endeavoring to foist upon the people. Their name is legion, and the public has no guarantee that they are not poisonous. Adhere to the tried remedy, Hostetter's Bitters, sold only in glass, and never in kegs or barrels.

WESLEYAN FEMALE COLLEGE,
WILMINGTON, DELAWARE.
The Fall Session will begin Sept. 11th, 1872. Catalogues sent on application to

To Farmers!
PACIFIC GUANO COMPANY'S
Soluble Pacific Guano!
The attention of Farmers and other consumers of Fertilizers is invited to this Guano, as worthy of their especial notice. Its use for several years in Maryland, Virginia and other Southern States for all crops, has given it a standard character for excellence unequalled by any other.
It possesses all the QUICKNESS of Peruvian Guano, with PERMANENT QUALITIES not found in that article. 250 lbs. of this Guano are found more than equal to 300 lbs of the best Super Phosphates.
It RIPENS the crop from five to seven days earlier than the Phosphates, which feat alone gives it incalculable advantages.

The Great Fertilizer.
WHANN'S RAW BONE SUPER PHOSPHATE.
Farmers who are about purchasing Fertilizers for seeding their WHEAT should by all means use WHANN'S RAW BONE SUPER PHOSPHATE, which, for the past ten years, has met with unexampled success on this important crop.
Wheat grown with Whann's Phosphate has a large well filled head, stiff straw, and is far less liable to smut and rust than when grown with stable or other manures.
Whann's Raw Bone Super Phosphate is a COMPLETE MANURE, containing all the elements needed by growing plants. It is rich in SOLUBLE PHOSPHATES and AMMONIA, and while it possesses the prompt and active properties of *Peruvian Guano*, it has the more durable qualities of *Pure Dissolved Bones* from which it is made.
FARMERS
Who have not yet used WHANN'S RAW BONE SUPER PHOSPHATE,
would do well to try it on this year's crop.—That it has no superior in the market is attested by thousands who have used it.
Pamphlets giving full directions, with testimonials, mailed free on application.
WALTON, WHANN & CO., Manufacturers.
For sale by
T. W. ELIASON, Jr., Chestertown, Md.
Aug. 17—3m.

To Wheat Growers!
"EXCELSIOR."
1872. 1872.

Composed of 800 lbs. of No. 1 Peruvian Guano, and 1200 pounds of Soluble Phosphate of Lime, (bones dissolved in sulphuric acid,) Potash and Soda,

Forming the most concentrated, universal and durable fertilizer ever offered to the farmers—combining all the stimulating qualities of Peruvian Guano, and the ever durable fertilizing properties of Bones,—in fine dry powder, prepared expressly for drilling, and can be applied in any quantity, however small, per acre; and it is the opinion of many close calculating farmers, after THIRTEEN years experience in testing it side by side with other popular fertilizers, that an application of 100 pounds of Excelsior is equal to from 200 to 300 pounds of any other fertilizer or guano offered for sale, therefore is fully 100 to 200 per cent. cheaper.

Look out for imitations and counterfeits. The popularity of Excelsior has induced *unscrupulous* parties in this and other cities to copy our trade mark, and resort to other dishonorable means to sell their *worthless* compounds.

Farmers should see that every Bag is branded as above, with ANALYSIS and OUR NAME in RED LETTERS. All others are counterfeits.

Price $60 per Ton.

Trustee's Public Sale OF No. 1 Real Estate IN KENT CO., MARYLAND.
BY VIRTUE of a Decree of the Circuit Court for Kent County, in Chancery, as Trustee the undersigned will offer at PUBLIC SALE on
Wednesday, the 28th of August, 1872
AT TWELVE O'CLOCK, M.,
At the Voshell House, in Chestertown, THE REAL ESTATE OF THE LATE JOHN M. HUDSON.
This Estate was formerly known as
THE FREEMAN FARM.
It lies near the Trappe, in the Fifth Election District of Kent county, Maryland. The location is most eligible, being in the centre of a healthy, thrifty and enterprising neighborhood; convenient to Churches, Schools, Mills, &c.; not over five miles from Chestertown, within two miles of the steamboat wharf of Mr. H. Beck, on the North East branch of Langford's Bay, and not over two and a-half miles from Vickers' Station, on the Kent County Railroad.
The whole estate contains
About 488¼ ACRES
and is divided by the public road crossing from the Bell Air road to the Trappe; which throws about twenty-eight acres on the East side, and about 460¼ acres on the West side of the cross road. All the land on the East side is in
PEACH TREES—about 2800,
a healthy and thrifty orchard of a good marketable variety of fruit; except about an acre at the Trappe, which must soon become valuable as a building lot, the Trappe being now a village of considerable business with many indications of a rapid growth. The land on the West side is divided into Two Farms, one called the Front, and the other the Back farm; both well fenced.
THE FRONT FARM
Contains 300 Acres
by recent survey; Twenty acres in Wood and the balance arable.
It is one of the most fertile and productive farms in the neighborhood, and has few, if any, rivals in the County.
The Improvements ARE A **FRAME DWELLING**
And usual OUT-BUILDINGS, all in fair order.
A Young and Thrifty Peach Orchard
OF 5,000 TREES,
ABOUT FIVE YEARS OLD.
A Healthy and Thriving PEAR ORCHARD of Twelve Hundred Trees,
And an Apple Orchard of about 75 Trees.
The fruits of these orchards are of the most approved and saleable varieties.
THE BACK FARM
Contains 160 Acres,
AND ONE ROOD,
all arable except six or eight acres, which are in VALUABLE WOOD. The soil is naturally good, and is susceptible of a high state of improvement. It has been limed and produces well.
THE IMPROVEMENTS are a **FRAME DWELLING,**
And OUT-BUILDINGS in good order.
These lands are occupied by Messrs. Brice and Sutton, who will take pleasure in showing them to any one who may desire to purchase. As to quality of soil and location, these farms will bear a favorable comparison with the very best in the county; being well adapted to all cereals, fruits and vegetables; and have the advantages of a daily communication with Baltimore by steamer and with Philadelphia and New York by rail.
The estate will be offered as a whole, and also in three parcels, designated by the Nos. 1, 2 and 3. No. 1 is the Front Farm, No. 2 the Back Farm, and No. 3 is the Peach Orchard and Building Lot on the east side of the road.
THE TERMS OF SALE,
as prescribed by the decree, are as follows, viz: One-fourth part of the purchase money to be paid in cash on the day of sale or on the ratification of said sale by the Circuit Court for Kent county, at the option of the Trustee, and the residue in two equal instalments of one and two years from the day of sale, with interest thereon from said day—the credit payments to be secured by the bond of the purchaser, with security to be approved by the Trustee.
RICHARD HYNSON, Trustee.
By the direction of the Decree of the Circuit Court for Kent county, in Chancery, for the sale of the real estate of John M. Hudson, late of Kent county, deceased, the Trustee to sell said property hereby notifies the Creditors of the said John M. Hudson, deceased, to file their claims, with the vouchers thereof, with the Clerk of said Court within four months from the day of the sale of said property.
RICHARD HYNSON, Trustee.
Chestertown, Aug. 3, 1872—ts.

NOTICE To Parents, Guardians, and Others.
BALTIMORE FEMALE COLLEGE.
Notice is hereby given, that the Orphans' Court of Kent county will, on
TUESDAY, the 27th of August, 1872,
proceed to designate or elect one pupil from Kent county, to be sent to the BALTIMORE FEMALE COLLEGE, under the law passed by the Legislature of Maryland, and who will be "admitted to all the instructions given in the College; and to the privileges of the normal class, with all necessary books, without any charge whatever," except for board.
Parents and others disposed to avail themselves of this notice, are requested to make written applications, stating the name and age of the young lady applying.
Written testimonials of moral character and intellectual capacity will be required.
The Court will also expect some guarantee that the pupil will remain at the Institution sufficiently long to complete the usual course of study.
All applications to be filed with the Register of Wills on or before the day above named.
By order of the Orphans' Court,
E. CROUCH, Register of Wills for Kent Co.
July 27, 1872—4t.

TAX NOTICE.
The TAXES for the year 1872 for the Fifth Election District, are now due, and I am prepared to receive them. Prompt attention to this matter upon the part of Tax-Payers will save them expense and myself much trouble. For the convenience of tax-payers I will be at Grey's Inn Wharf every Monday morning; at Edesville every Monday afternoon; in Chestertown on Tuesdays, at Rees' Corner on Wednesdays.
MORGAN BROWN, Collector.
N. B.—All persons indebted to me for taxes for 1871, are hereby notified that unless the same are paid by the first day of September, 1872, I shall be compelled to collect them by the shortest legal process.
jy27-tf. MORGAN BROWN, Coll'r.

NOTICE TO TAX-PAYERS
OF THE SECOND DISTRICT.
Tax-payers of the Second District are notified that their taxes for the present year (1872) are now due, and I am prepared to receive them. I shall in a few days begin to send accounts to parties, with the legal notice to pay within thirty days, and in all cases, at the expiration of that time, will proceed to collect the same. The stringent enactment of the last General Assembly renders this course necessary. C. W. WARREN, Coll. 2nd Dist.
Aug. 3—tf.

COLLECTOR'S NOTICE.
Tax-payers of the Third Election District are notified that their taxes for 1872 are due, and demanded. The collector will shortly begin to serve parties with their accounts and the legal notice to pay. In all cases where the legal notice is given, he will proceed, at the expiration thereof, to collect by law. The last Act of Assembly renders this course necessary. The collector will be found every SATURDAY AFTERNOON at Wm. V. Lucas' store, Smithville, from 2 to 6 o'clock, P. M.
WILLIAM HEPBRON, Collector of Taxes for Third District.
July 27, 1872—tf.

COLLECTOR'S NOTICE.
The subscriber gives notice to the Tax-payers of the Fourth Election District, that their taxes are now due, and their accounts made out. He will at once commence to deliver them, in all cases bearing the legal notice. After thirty days he will proceed to collect the same, so that he may be prepared to comply with the stringent enactment of the last General Assembly.
CHAS. H. DAVIS, Collector of Taxes for 4th Dist.
July 20, 1872—tf.

LAST NOTICE.
All persons still indebted to me for taxes for either 1870 or 1871, are hereby notified that unless the same are paid by the first day of September next, I shall in every case proceed to collect by the shortest legal process.—This notice is final and may be so understood by all interested.

COUNTRY PRODUCE of all kinds taken in exchange for goods, or at a fair cash price.
GEO. T. MOORE,
my4-y* WM. H. BEACHAM.

ORDER OF PUBLICATION.

JAMES E. WATKINS AND WIFE
vs.
WM. T. MANN AND OTHERS.
On the Equity Side of the Circuit Court for Kent County, June 28, 1872.

The object of this bill to procure a decree for the sale of certain real estate in Kent County, Maryland, of which Joseph Mann, late of Kent county, died seized and possessed.

The bill states that the said Joseph Mann in his life-time was seized of certain real estate in Kent county, consisting of a house and lot in the town of Millington, and also of a tract or parcel of land at Mann's Corner, in said county, containing about one hundred acres, and being so seized thereof, died in the year eighteen hundred and seventy, leaving a will in proper form and duly executed, devising all of his property to his heirs at law. That James E. Watkins and Mary S. Watkins his wife, William T. Mann, William T. Elbern, Georgeanna Elbern, William Palmer, Margaret Palmer, Samuel Mann and Rebecca Mann constitute the heirs at law of the said Joseph Mann.

The bill further states that it will be to the advantage of all the parties interested to sell said lands and distribute the proceeds among the heirs as entitled by law; and that the said William Palmer, Margaret Palmer, Samuel Mann and Rebecca Mann do not reside in the State of Maryland.

IT IS THEREUPON ADJUDGED AND ORDERED, that the complainants, by causing a copy of this order to be inserted in some newspaper published in Kent county once a week for one month prior to the eleventh day of September next, give notice to the said absent defendants of the object and substance of this bill, and warn them to appear in this Court in person or by solicitor on or before the twenty-ninth day of October next to answer the premises, and shew cause, if any they have, why a decree ought not to pass as prayed.

JESSE K. HINES, Clerk.

TO THE PUBLIC.
The subscriber most respectfully informs the public that he has made arrangements with Dr. Thos. H. Whaland to carry on his
MILL
near Chestertown, for the present year.
His long experience in the business and his reputation as a Miller warrants him in the belief that he can give universal satisfaction.—As soon as practicable he intends to keep on hand a good supply of
CORN MEAL, WHEAT FLOUR of all Grades,
HORSE FEED, &c., &c.,
which he is determined to sell at reduced prices.
He only wants to make the regular toll, and will be compelled to sell for Cash only as his capital is small and he does not intend to keep books.
He will use all means to make the Mill a public convenience as well as a source of profit. A trial is all he asks.
Most respectfully,
SAMUEL A. ANTHONY.

A LECTURE TO YOUNG MEN.
Just Published in a sealed envelope—price 6 cts
A LECTURE
on the nature, treatment & *radical cure* of Spermatorhoea, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Incapacity, Impediments to Marriage, etc.; also, Consumption, Epilepsy and Fits, induced by Self-Abuse, &c.—By ROBERT J. CULVERWELL, M.D., author of the 'Green Book,' &c.
The world-renowned author, in this admirable essay, clearly proves from his own experience, that the sad and alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife; pointing out a mode of cure at once simple, certain and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately and radically.
THIS LECTURE WILL PROVE A BOON TO THOUSANDS AND THOUSANDS.
Sent, under seal, in a plain envelope, to any address, postpaid on receipt of six cents, or two post stamps.
Also, Dr. Culverwell's "Marriage Guide," price 25 cents. Address the Publishers,
CHAS. J. C. KLINE & CO., 127 Bowery, New York, Post Office Box 4,586.

ROSADALIS
The GREAT SOUTHERN remedy for the cure of Scrofula, Scrofulous Taint, Rheumatism, White Swelling, Gout, Goitre, Consumption, Bronchitis, Nervous Debility and all diseases arising from an impure condition of the Blood.
The merits of this valuable preparation are so well known that a passing notice is but necessary to remind the readers of this journal of the necessity of always having a bottle of this medicine among their stock of family necessities.
Certificates can be presented from many leading Physicians, Ministers, and heads of families throughout the South, endorsing in the highest terms *The Fluid Extract of Rosadalis.*
Dr. R. Witson Carr of Baltimore says "he has used it in cases of Scrofula and other diseases with much satisfa
