The Corn King Manure Spreaders will be there.

Also, the New Superior Grain Drill.

Read what a farmer you know says about them.

Worton, Md., Nov. 15, '07.
Davis & Sattisfield, Chestertown, Md.:
Gentlemen:—I am pleased to say that the Superior Fertilizer Finger Feed Grain Drill I brought of you this fall, and which you said was returned to you by Mr. Walter B. Strong on account of bunching wheat in the fall of 1906, has given me perfect satisfaction. You told me that the "Y" spout was the only cause of bunching wheat, and that the company had made another style which you had put on this drill. I have found that you were right, as my wheat is distributed as evenly as it is possible for a machine to distribute it. I consider myself fortunate in this purchase.
Yours very truly,
JOHN F. DODSON.

Will tell you next week what Mr. Harry P. Skipper says about them.

Perseverance

A steady accumulation of small savings deposited as they are saved in a safe and sound institution like this, where they will draw interest, will in a few years amount to a total of surprising magnitude.

At first the amount may seem small, and determined perseverance may be necessary to overcome discouragement; but after a year or two the accumulations will begin to be a stimulus to further saving, and you will find that with an increasing principal comes an increased interest.

FAIRFIELD'S STOCK FOOD
GREATEST KNOWN BLOOD PURIFIER. SEPARATE PREPARATION FOR EACH KIND OF ANIMAL. : : : : : :

GENTLEMEN:
You certainly have a wonderful preparation for poultry. I have tried to raise ducks for 14 years without success; they would all die at the feathering age. But this year I was induced to try your Poultry Tonic, and when my decklings got giddy I fed the tonic and raised all but one duck that hatched out.
CORNELIUS C. BROWN.
We guarantee all goods to be as represented and allow a liberal trial of thirty days—ample time in which to give them a thorough trial. If not satisfied by that time, the goods may be returned and money will be refunded. No charge made for a reasonable amount of tonics used in the trial.

WHISKEY AND A WOMAN CAUSE OF MURDER!

Having been drinking and because "Rags" Harvey paid too much attention to a certain colored woman, Henry Grinnell, Herbert Brookins, Ed. Johnson and Elic Bailey concocted a plan to get "Rags" out of the way. Last Saturday night near Sharp's wharf, Rock Hall, "Rags" was struck over the head, his throat cut and body tied to a boat and carried out in Rock Hall harbor and sunk. Constable Jack Scoone, of Rock Hall, arrested Grinnell and lodged him in Chestertown jail on Monday. Brookins, Johnson and Bailey were jailed on Thursday.

The body of "Rags" Harvey was found floating in the creek near Sharp's wharf on Sunday morning. An examination disclosed unmistakable evidence that the man had been killed and thrown into the water. His head was battered and his throat cut. A pool of blood and other marks of a struggle were plainly visible on Sharp's wharf. Both men were employed on Capt. Middleton's vessel.

A hearing was held before Justice Wilkins and the four negro men held for the October Grand Jury.

Grinnell has told several stories about the affair and says it was all over a woman and that he had been drinking that night.

State's Attorney Beck and Officers Hadaway, Lockerman and Scoone are sifting the affair thoroughly.

EPIDEMIC OF TYPHOID.

One Person Dead And Seven Others Sick —Thought Eating Ice The Cause.

Eating ice cut from Lloyd's Creek near Still Pond is thought to be the cause of an epidemic of typhoid fever among prominent people around Turner's Creek. Mrs. Bulah Anthony is dead and her seven-year old son and her sister are very low with typhoid now.

Mr. Harry Price is very ill with the fever as is also a colored boy and another at Mr. Price's.

The ice house of Mr. Anthony was filled with ice from Lloyd's Creek which drains from a cannery near Still Pond and it is thought this may account for the cases. Dr. Geo. Jones is also ill with typhoid, but he developed his case at Galena. The physicians are doing their utmost to relieve the sufferers and it is hoped no more deaths will result, although information yesterday afternoon from Mr. Price was that he was very low.

DON'T forget the fair next week. Take something and go yourself.

THERE are *twenty* applicants for positions as teachers in Kent county schools.

THE first two sleighs of the season were on the streets of Chestertown Wednesday. The thermometer at the time was in the nineties.

AUTOMOBILES are numerous in Kent now. Mr. and Mrs. W. H. Bryan, of Roland Park, were the guests this week of Chestertown friends in a large touring car. A number of autos have passed through this section and report the roads very good.

THE young men of Chestertown gave an enjoyable dance in Stam's Hall Tuesday night. Prof. Blanc, of Baltimore, furnished the music.

CHESTER RIVER is swarming with gasoline launches now. There have been quite a number of visiting yachts at Chestertown lately. Messrs. William and Tobe Mann, of Baltimore, are in Chestertown harbor with a beauty "Knockabout" sailing yacht.

THE Lecture in Stam's Hall on Monday evening, September 7, by Dr. Thos. H. Lewis will be a treat.
